### **SHERIFF'S PREFACE**

This Policy Manual is the ongoing product of changing laws, practices and procedures that are integral to providing guidance and direction to every member of this Agency. Updates are included to incorporate the most contemporary National, State and Local standards and laws that range from critical incidents to reporting requirements. While this Policy Manual is comprehensive, the foremost professional attribute must first include a standard of community service that embodies the tenets of the Law Enforcement Code of Ethics that embrace excellence in our personal and professional lives. Among the Codes are: honesty, integrity, self-restraint and being constantly mindful of the welfare of others.

The Manual provides every employee contemporary technical guidance on critical, but infrequent tasks, as well as offering less experienced employees the opportunity to study policies related to tasks or events not yet encountered. Even veteran employees need to review this Manual to ensure that they are familiar with the most current procedures in an ever changing profession. Every employee is expected to review this Manual and, if further clarification is necessary, to discuss it with their Supervisor. Employees detecting any corrections or amendments should notify their immediate supervisor. The police profession is a noble and honorable calling that requires integrity, honesty, dedication, and a commitment to serve our community. The contents of this Manual will assist you in making proper ethical decisions and will help prepare you for a satisfying and successful career.

### **LAW ENFORCEMENT CODE OF ETHICS**

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

## Supervision Staffing Levels

### **206.1 PURPOSE AND SCOPE**

The purpose of this policy is to establish guidelines to ensure that proper supervision is available to meet the needs of the Office and members throughout all Divisions.

### **206.2 POLICY**

The Saratoga County Sheriff's Office will ensure that proper supervision is available to meet the needs of its members and to achieve the goals of the Office. The needs of its members should be balanced with the needs of the Office for flexibility and discretion in assigning members to meet supervisory needs. While balance is desirable, the paramount concern is to meet the needs of the Office.

### **206.3 MINIMUM SUPERVISION STAFFING LEVELS**

Minimum supervision staffing levels should be established by the Sheriff or the authorized designee for each Division and work group. The supervision staffing levels should support proper supervision, span of control, compliance with any collective bargaining agreement and activity levels to meet the needs of members and the goals of the Office.

## Retiree Concealed Firearms

## **Chapter 3 - General Operations**

# Use of Force

## 300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this Office is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Executive Law § 840).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Conducted Energy Device policies.

### 300.1.1 DEFINITIONS

Definitions related to this policy include:

**Deadly force** - Force reasonably anticipated and intended to create a substantial likelihood of causing death or very serious injury. This includes force that, under the circumstances, is readily capable of causing death or serious physical injury (Executive Law § 840).

**Feasible** - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the member or another person.

**Force** - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

**Imminent** - Ready to take place; impending. Note that imminent does not mean immediate or instantaneous.

**Totality of the circumstances** - All facts and circumstances known to the member at the time, taken as a whole, including the conduct of the member and the subject leading up to the use of force.

## 300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Members are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Members must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Saratoga County Sheriff's Office recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting members with the authority to use reasonable force

---

and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

##### **300.2.1 DUTY TO INTERVENE AND REPORT**

Any member present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent the use of unreasonable force.

Any member who observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances should report these observations to a supervisor as soon as feasible.

##### **300.2.2 PERSPECTIVE**

When observing or reporting force used by a law enforcement officer, each member should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

#### **300.3 USE OF FORCE**

Members shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the member at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable member on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that members are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation a member might encounter, members are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which members reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this Office. Members may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a member to retreat or be exposed to possible physical injury before applying reasonable force.

##### **300.3.1 ALTERNATIVE TACTICS - DE-ESCALATION**

When circumstances reasonably permit, members should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve

communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

#### 300.3.2 USE OF FORCE TO EFFECT AN ARREST

A police officer or a peace officer may use reasonable physical force to effect an arrest, prevent escape of a person from custody, or in defense of self or others from imminent physical force (Penal Law § 35.30).

Force shall not be used by a member to (Executive Law § 840):

- (a) Extract an item from the anus or vagina of a subject without a warrant, except where exigent circumstances are present.
- (b) Coerce a confession from a subject in custody.
- (c) Obtain blood, saliva, urine, or other bodily fluid or cells from an individual for scientific testing in lieu of a court order where required.

#### 300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a member has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to members or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the member at the time.
- (c) Member/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of members available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with member commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the member.
- (l) Potential for injury to members, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the member.
- (n) The risk and reasonably foreseeable consequences of escape.

- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the member or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.
- (r) Any other exigent circumstances.

#### 300.3.4 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Members may only apply those pain compliance techniques for which they have successfully completed Office-approved training. Members utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the member.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the member determines that compliance has been achieved.

#### 300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, members may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, members are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, members should not intentionally use any technique that restricts blood flow to the head, restricts respiration, or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted.

#### 300.3.6 CAROTID CONTROL HOLD

A carotid control hold is a technique designed to control an individual by temporarily restricting blood flow through the application of pressure to the side of the neck and, unlike a chokehold, does not restrict the airway. The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is limited to those circumstances where deadly force is authorized and is subject to the following:

- (a) At all times during the application of the carotid control hold, the response of the individual should be monitored. The carotid control hold should be discontinued when circumstances indicate that the application no longer reasonably appears necessary.
- (b) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until such examination occurs.

- (c) The member shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the individual lost consciousness as a result.
- (d) Any member attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.
- (e) The use or attempted use of the carotid control hold shall be thoroughly documented by the member in any related reports.

#### **300.3.7 STATE RESTRICTIONS ON THE USE OF OTHER RESTRAINTS**

Any application of pressure to the throat, windpipe, neck, or blocking the mouth or nose of a person in a manner that may hinder breathing or reduce intake of air is prohibited unless deadly physical force is authorized (Exec. Law § 840).

This application is subject to the same guidelines and requirements as a carotid control hold.

#### **300.4 DEADLY FORCE APPLICATIONS**

When reasonable, the member shall, prior to the use of deadly force, make efforts to identify themselves as a member and to warn that deadly force may be used, unless the member has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:

- (a) A member may use deadly force to protect themselves or others from what the member reasonably believes is an imminent threat of death or serious bodily injury.
- (b) A member may use deadly force to stop a fleeing subject when the member has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the member reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

However, a member should not use deadly force against a person whose actions are a threat solely to themselves or property.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if a member reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the member or another person. An imminent danger may also exist if the individual is capable of causing serious bodily injury or death without a weapon, and the member believes the individual intends to do so.

#### **300.4.1 MOVING VEHICLES**

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Use of Force*

---

When feasible, members should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

A member should only discharge a firearm at a moving vehicle or its occupants when the member reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the member or others.

### **300.5 REPORTING THE USE OF FORCE**

Any use of force by a member of this Office shall be documented promptly, completely and accurately in a use of force report, depending on the nature of the incident. The member should articulate the factors perceived and why the member believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Office may require the completion of additional report forms, as specified in Office policy, procedure, or law (Executive Law § 840).

Members should use the [SHIELD Suite](#) to complete required use of force reports which will be reviewed by a supervisor.

#### **300.5.1 NOTIFICATIONS TO SUPERVISORS**

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable member to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the conducted energy device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

### **300.6 MEDICAL CONSIDERATIONS**

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Use of Force*

---

Based upon the member's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another member and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling member shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the member reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple members to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Members who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

#### **300.6.1 ADDITIONAL STATE REQUIREMENTS**

A member should take steps to obtain medical attention for a person who reasonably appears to be mentally ill and is behaving in a manner that is likely to result in serious harm to the person or to others.

Members should document requests for medical or mental health treatment as well as efforts to arrange for such treatment.

#### **300.7 SUPERVISOR RESPONSIBILITIES**

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to (Executive Law § 840):

- (a) Obtain the basic facts from the involved members. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible and when a supervisor deems it necessary under the circumstances, separately interview the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:

#### *Use of Force*

---

1. The content of the interview should not be summarized or included in any related criminal charges.
2. The fact that an interview was conducted should be documented in the appropriate report.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
  1. These photographs shall be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports, including any members present at the incident.
- (f) Review and approve all related reports.
  1. Supervisors shall require that members who engaged in the use of force submit the appropriate report.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
  1. If there is an indication of potential civil litigation, the supervisor shall complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.
  1. Disciplinary actions will be consistent with any applicable disciplinary guidelines and collective bargaining agreements.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

#### 300.7.1 LIEUTENANT RESPONSIBILITIES

The shift lieutenant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

#### 300.7.2 REPORTING RESPONSIBILITIES

The shift Lieutenant shall ensure that reports are submitted to the DCJS when a member (Executive Law § 837-t; 9 NYCRR 6058.3):

- (a) Brandishes, uses, or discharges a firearm at or in the direction of another person.
- (b) Uses a carotid control hold or similar restraint that applies pressure to the throat or windpipe of a person in a manner that is reasonably likely to hinder breathing or reduce intake of air.
- (c) Displays, uses, or deploys a chemical agent or control device, including but not limited to oleoresin capsicum (OC), pepper projectiles, tear gas, batons, or kinetic energy projectiles (see the Control Devices Policy).

### **300.8 TRAINING**

Members shall receive annual training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, members should receive periodic training on guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

#### **300.8.1 TRAINING REQUIREMENTS**

Required annual training shall include:

- (a) Legal updates.
- (b) De-escalation tactics, including alternatives to force.
- (c) The duty to intervene.
- (d) The duty to request and/or render medical aid.
- (e) Warning shots (see the Firearms Policy).
- (f) All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).
- (g) Applications of conflict prevention, conflict resolution and negotiation, and any other training required by the Municipal Police Training Council Use of Force Model Policy (Executive Law § 840).

### **300.9 POLICY AVAILABILITY**

This policy shall be readily available to the public upon request and shall be posted on the Office website (Executive Law § 840).

### **300.10 USE OF FORCE ANALYSIS**

At least annually, the Patrol Captain should prepare an analysis report on use of force incidents. The report should be submitted to the Sheriff. The report should not contain the names of members, suspects, or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.

## Use of Force Review Boards

### 301.1 PURPOSE AND SCOPE

This policy establishes a process for the Saratoga County Sheriff's Office to review the use of force by its members.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or the evaluation of the use of force.

### 301.2 POLICY

The Saratoga County Sheriff's Office will objectively evaluate the use of force by its members to ensure that their authority is used appropriately and consistent with training and policy.

### 301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Generally, whenever a member's actions or use of force in an official capacity, or while using Office equipment, results in death or very serious injury to another, that member will be placed in a temporary administrative assignment pending an administrative review. The Sheriff may exercise discretion and choose not to place a member in an administrative assignment.

### 301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another person.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the member was on- or off-duty, excluding training, termination of sick or injured wildlife, or recreational use.

The Sheriff may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Chief Deputy will convene the Use of Force Review Board as necessary. It will be the responsibility of the captain or supervisor of the involved member to notify the Chief Deputy of any incidents requiring board review. The involved member's immediate supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

#### 301.4.1 COMPOSITION OF THE BOARD

The Administrative Services Captain should staff the Use of Force Review Board with five individuals from the following, as appropriate:

- Representatives of each division
- Command staff representative from the involved member's chain of command
- Training Manager

# Saratoga County Sheriff's Office

#### *Use of Force Review Boards*

---

- Nonadministrative supervisor
- A PBA board member
- A law enforcement officer from an outside law enforcement agency, as appropriate
- Office instructor for the type of weapon, device or technique used

The senior ranking command staff representative who is not in the same division as the involved member will serve as chairperson.

#### 301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved member to appear. The involved member will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Sheriff will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the involved member, no more than two designated board members may ask questions of the involved member. Other board members may provide questions to the designated board members.

The review shall be based upon those facts which were reasonably believed or known by the member at the time of the incident, applying any legal requirements, Office policies, procedures and approved training to those facts. Facts later discovered but unknown to the involved member at the time shall neither justify nor call into question a member's decision regarding the use of force.

Any questioning of the involved member conducted by the board will be in accordance with Saratoga County Sheriff's Office disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The member's actions were within Office policy and procedure.
- (b) The member's actions were in violation of Office policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Sheriff.

The Sheriff shall review the recommendation, make a final determination as to whether the member's actions were within policy and procedure, and determine whether any additional actions, investigations or reviews are appropriate. Those findings will be forwarded to either the Undersheriff or Chief Deputy for review and appropriate action. If the Sheriff concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Sheriff.

# Handcuffing and Restraints

## 302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

## 302.2 POLICY

The Saratoga County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and Office training. Restraint devices shall not be used to punish, to display authority or as a show of force.

## 302.3 USE OF RESTRAINTS

Only members who have successfully completed Saratoga County Sheriff's Office approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, members should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or offense leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.
- Prior knowledge of the arrested person.

### 302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of members and others. When deciding whether to remove restraints from a detainee, members should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

### 302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the member has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Handcuffing and Restraints*

---

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, members, or others.

#### **302.3.3 RESTRAINT OF JUVENILES**

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the member has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the member or damage property.

#### **302.3.4 NOTIFICATIONS**

Whenever a member transports a person with the use of restraints other than handcuffs, the member shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the member reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

#### **302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS**

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Office. Members should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, members should not conclude that in order to avoid risk every person should be handcuffed regardless of the circumstances.

Handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, members should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility or other secure area.

#### **302.5 APPLICATION OF SPIT HOODS**

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the member reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Handcuffing and Restraints*

---

Members utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Members should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Members should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

#### **302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES**

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only Office-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

#### **302.7 APPLICATION OF LEG RESTRAINT DEVICES**

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Office shall be used.

In determining whether to use the leg restraint, members should consider:

- (a) Whether the member or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting member while handcuffed, kicking at objects or members).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

##### **302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS**

When applying leg restraints the following guidelines should be followed:

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Handcuffing and Restraints*

---

- (a) If practicable, members should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the member arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by a member while in the leg restraint. The member should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The member should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by emergency medical services, the restrained person should be accompanied by a member when requested by medical personnel. The transporting member should describe to medical personnel any unusual behaviors or other circumstances the member reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

#### **302.8 REQUIRED DOCUMENTATION**

If a person is restrained and released without an arrest, the member shall document the details of the detention and the need for handcuffs or other restraints on a case report. Non-compliant handcuffing shall also require the completion of a use of force report(s).

If a person is arrested, the use of restraints other than, or in addition to, handcuffs shall be documented in the related report. The member should include, as appropriate:

- (a) The factors that led to the decision to use restraints.
- (b) If supervisor notification and approval occurred.
- (c) The types of restraints used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

#### **302.9 TRAINING**

## Control Devices

### 303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

### 303.2 POLICY

In order to control individuals who are violent or who demonstrate the intent to be violent, the Saratoga County Sheriff's Office authorizes members to use control devices in accordance with the guidelines in this policy and the Use of Force Policy. The Sheriff may also authorize other positions or individual Office members to use specific control devices.

### 303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this Office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only those members who have successfully completed Office-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a person who is violent or who demonstrates the intent to be violent and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

### 303.4 RESPONSIBILITIES

#### 303.4.1 CHIEF DEPUTY RESPONSIBILITIES

The Chief Deputy may authorize the use of a control device by selected Office members who may not currently be issued or carrying the control device or those in specialized assignments who have successfully completed the required training.

#### 303.4.2 FIREARMS INSTRUCTOR RESPONSIBILITIES

The Firearms Instructor shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Firearms Instructor or the designated instructor for a particular control device. The inspection shall be documented.

#### 303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Firearms Instructor

for disposition. Documentation shall also be forwarded through the chain of command, when appropriate, explaining the cause of damage.

#### **303.5 BATON GUIDELINES**

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the member reasonably believes the suspect poses an imminent threat of serious bodily injury or death to him/herself or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignments or at the direction of their supervisors.

#### **303.6 CS/CN GUIDELINES**

CS and/or CN may be used for crowd control, crowd dispersal or against barricaded suspects, based on the circumstances. Only the Special Operations Team Commander or the authorized designee may authorize the delivery and use of CS or CN, and only after consulting with the member certified in chemical agent dispersal and evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire and emergency medical services personnel should be alerted or summoned to the scene prior to the deployment of CS or CN to control any fires and to assist in providing medical aid or gas evacuation, if needed.

#### **303.7 OLEORESIN CAPSICUM (OC) GUIDELINES**

As with other control devices, OC spray and pepper projectiles may be considered for use to bring under control an individual or group of individuals who are engaging in, or are about to engage in, violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of Office members or the public.

##### **303.7.1 OC SPRAY**

Uniformed members carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field members may carry OC spray as authorized, in accordance with the needs of their assignments or at the direction of their supervisors.

##### **303.7.2 PEPPER PROJECTILE SYSTEMS**

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the member reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the member or others.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Control Devices*

---

Members encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where an individual has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward an individual, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training or a product demonstration, is exempt from the reporting requirement.

#### **303.7.3 TREATMENT FOR OC EXPOSURE**

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those who complain of further severe effects shall be examined by appropriate medical personnel.

#### **303.8 POST-APPLICATION NOTICE**

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, the owners or available occupants should be provided with notice of the possible presence of residue which could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that cleanup will be at the owner's expense. Information regarding how and when the notice was delivered and the individuals notified should be included in related reports.

#### **303.9 KINETIC ENERGY PROJECTILE GUIDELINES**

This Office is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

##### **303.9.1 DEPLOYMENT AND USE**

Only Office-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Members are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved member determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and members takes priority over the safety of individuals engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.

# Saratoga County Sheriff's Office

#### *Control Devices*

---

- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at members, other Office members and/or other people.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

#### 303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the member should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of members or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other members and individuals that the device is being deployed.

Members should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, members are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the suspect must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the member reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the member or others.

#### 303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Members will inspect shotguns and projectiles at the beginning of each shift to ensure that the shotguns are in proper working order and the projectiles are of the approved type and appear to be free from defects.

When they are not deployed, shotguns will be unloaded and properly and securely stored in Sheriff's Office vehicles. When deploying a kinetic energy projectile shotgun, members shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

# Saratoga County Sheriff's Office

#### *Control Devices*

---

Absent compelling circumstances, members who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second member watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

#### **303.10 TRAINING FOR CONTROL DEVICES**

The Training Manager shall ensure that those members who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the member's training file.
- (c) Members who fail to demonstrate proficiency with the control device or knowledge of the Use of Force Policy will be provided remedial training. If a member cannot demonstrate proficiency with a control device or knowledge of the Use of Force Policy after remedial training, the member will be restricted from carrying the control device and may be subject to discipline.

#### **303.11 REPORTING USE OF CONTROL DEVICES**

Any application of a control device shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

# Conducted Energy Device

## 304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

## 304.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to members and suspects.

## 304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed Office-approved training may be issued and may carry the CED.

The Firearms Instructor should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the Office inventory.

Members shall only use the CED and cartridges/magazines that have been issued by the Office. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed members who have been issued the CED shall wear the device in an approved holster.

Members who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon. Members shall be allowed to carry the CED attached to their issued outer carrier provided it is carried in the issued holster and on the side opposite their duty weapon.

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, members should carry an additional cartridge on their person when carrying the CED.
- (c) Members should not hold a firearm and the CED at the same time.

Non-uniformed members may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

### 304.3.1 USER RESPONSIBILITIES

Members shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the member's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Firearms Instructor for disposition. Members shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

# Saratoga County Sheriff's Office

##### **304.4 VERBAL AND VISUAL WARNINGS**

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of members or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other members and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with a member's lawful orders and it appears both reasonable and feasible under the circumstances, the member may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the member deploying the CED in the related report.

##### **304.5 USE OF THE CED**

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, members should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, a member designated as lethal cover for any member deploying a CED may be considered for officer safety.

###### **304.5.1 APPLICATION OF THE CED**

The CED may be used when the circumstances reasonably perceived by the member at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm members, themselves, or others.

Mere flight from a pursuing member, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

###### **304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS**

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the member, the subject, or others, and the member reasonably believes that the need to control the individual outweighs the potential risk of using the device.

This includes:

#### *Conducted Energy Device*

---

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between members and the subject, thereby giving members time and distance to consider other force options or actions.

#### 304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, members should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

#### 304.5.4 MULTIPLE APPLICATIONS OF THE CED

Once a member has successfully deployed two probes on the subject, the member should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors members may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the member must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

#### 304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Members should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, members shall notify a supervisor any time the CED has been discharged. If

needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

#### **304.5.6 DANGEROUS ANIMALS**

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

#### **304.5.7 OFF-DUTY CONSIDERATIONS**

Members are not authorized to carry Office CEDs while off-duty without permission from the Sheriff or the authorized designee.

When not being carried off-duty, members shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

### **304.6 DOCUMENTATION**

Members shall document all CED discharges in the related arrest/crime reports and the agency use of force report form. Photographs should be taken of any obvious probe impact or drive-stun application sites and submitted with the agency use of force report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a Office-approved process to preserve the data.

#### **304.6.1 REPORTING CED USE**

Any member who utilizes a CED shall promptly complete the agency use of force form as described in the Use of Force policy.

#### **304.6.2 REPORTS**

The member should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

### **304.7 MEDICAL TREATMENT**

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or members trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard,

similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another member and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting member shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

#### **304.8 SUPERVISOR RESPONSIBILITIES**

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Firearms Instructor and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

#### **304.9 TRAINING**

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial Office-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to carrying or using the device again.

# Saratoga County Sheriff's Office

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of a member's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Training Manager. All training and proficiency for CEDs will be documented in the member's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Members who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with members who use the device.

The Training Manager is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

The Training Manager should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (g) De-escalation techniques.
- (h) Restraint techniques that do not impair respiration following the application of the CED.
- (i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.
- (j) Proper tactics and techniques related to multiple applications of CEDs.

## Officer-Involved Shootings and Deaths

### 305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of a member.

In other incidents not covered by this policy, the Sheriff may decide that the investigation will follow the process provided in this policy.

### 305.2 POLICY

The policy of the Saratoga County Sheriff's Office is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

### 305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved members.
- A civil investigation to determine potential liability.

### 305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be requested to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

#### 305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Saratoga County Sheriff's Office would control the investigation if the suspect's crime occurred in Saratoga County.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Sheriff and with concurrence from the other agency.

#### 305.4.2 CRIMINAL INVESTIGATIONS OF OFFICER ACTIONS

In incidents involving a death, the criminal investigation into the involved member's conduct during the incident will be conducted by the New York State Office of the Attorney General Office

# Saratoga County Sheriff's Office

---

of Special Investigation. If the Office of Special Investigation does not assert jurisdiction, or in cases not involving a death, the criminal investigation will be handled according to the Criminal Investigation section from this policy when a member of this Office is involved.

#### **305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION**

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

#### **305.4.4 COORDINATION WITH THE OFFICE OF SPECIAL INVESTIGATION**

Since there is the potential for overlap between investigations into alleged criminal conduct of involved members and alleged criminal conduct involving suspects, and in situations where a suspect is seriously injured and death remains a possibility, the Captain is responsible for coordinating with the Office of Special Investigation before proceeding with the criminal investigation.

#### **305.5 INVESTIGATION PROCESS**

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

##### **305.5.1 UNINVOLVED MEMBER RESPONSIBILITIES**

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved SCSO member will be the member-in-charge and will assume the responsibilities of a supervisor until properly relieved. This member should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Office or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

##### **305.5.2 SUPERVISOR RESPONSIBILITIES**

Upon arrival at the scene, the first uninvolved SCSO supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
  - 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any SCSO member to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
  2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Captain and the Communication Center. If feasible, sensitive information should be communicated over secure networks.
- (d) Take command of and secure the incident scene with additional SCSO members until properly relieved by another supervisor or other assigned personnel or investigator.
- (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
1. Each involved SCSO member should be given an administrative order not to discuss the incident with other involved officers or SCSO members pending further direction from a supervisor.
  2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other members.

#### 305.5.3 LIEUTENANT RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Captain shall be responsible for coordinating all aspects of the incident until he/she is relieved by a person of equal or higher rank.

All outside inquiries about the incident shall be directed to the Captain.

#### 305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Sheriff
- Command staff
- Outside agency investigators (if appropriate)
- Psychological/peer support personnel
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
- The Office of Special Investigation

#### 305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal or union representation will be accommodated.

# Saratoga County Sheriff's Office

#### *Officer-Involved Shootings and Deaths*

1. Involved SCSO members shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-SCSO officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Office to each involved SCSO member upon request of that member. A licensed psychotherapist may also be provided to any other affected SCSO members, upon request.
  1. Interviews with a licensed psychotherapist will be considered privileged.
  2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, the involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
  3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications between the involved member and a peer support member is addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved SCSO member shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Lieutenant to make schedule adjustments to accommodate such leave.

#### **305.6 CRIMINAL INVESTIGATION**

The prosecuting office with jurisdiction over the incident is responsible for the criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, investigative personnel from this Office may be assigned to partner with investigators from outside agencies or the prosecuting office with jurisdiction over the incident to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) SCSO supervisors and Office of Professional Standards personnel should not participate directly in any voluntary interview of SCSO members. This will not prohibit

---

such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, he/she shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally, or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

#### 305.6.1 REPORTS BY INVOLVED SCSO MEMBERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this Office shall retain the authority to require involved SCSO members to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved SCSO member may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved SCSO member of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

#### 305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
  - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

Federal authority may not shield a member from arrest and prosecution in such locally restricted areas.

Active police officers from other states are subject to all requirements set forth in 18 USC § 926B.

## Vehicle Pursuits

### 307.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved members, the public and fleeing suspects.

#### 307.1.1 DEFINITIONS

Definitions related to this policy include:

**Blocking or vehicle intercept** - A slow-speed coordinated maneuver where two or more pursuing vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop. The goal is containment and preventing a pursuit. Blocking is not a moving or stationary road block.

**Boxing-in** - A tactic designed to stop a suspect's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Ramming** - The deliberate act of contacting a suspect's vehicle with another law enforcement vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

**Terminate** - To discontinue a pursuit or stop chasing fleeing vehicles.

**Trail** - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

**Vehicle pursuit** - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly or driving in a legal manner but willfully failing to yield to a member's emergency signal to stop.

### 307.2 POLICY

It is the policy of this Office to weigh the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

### 307.3 MEMBER RESPONSIBILITIES

Vehicle pursuits should only be conducted using authorized Sheriff's Office emergency vehicles that are equipped with emergency lighting and sirens.

Members shall drive with reasonable care for the safety of all persons and property. However, members may, when in pursuit of a suspect and provided there is no unreasonable risk to persons and property (Vehicle and Traffic Law § 1104):

- (a) Stop, stand or park in violation of the rules of the road.
- (b) Proceed past a steady red signal, a flashing red signal or a stop sign, but only after slowing down as may be necessary for safe operation.

- (c) Exceed the maximum speed limits so long as life and property are not endangered.
- (d) Disregard regulations governing direction of movement or turning in specified directions

#### 307.3.1 WHEN TO INITIATE A PURSUIT

Members are authorized to initiate a pursuit when it is reasonable to believe that a suspect, who has been given an appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

Factors that shall be considered, both individually and collectively, when deciding to initiate or continue a pursuit include, but are not limited to:

- (a) The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to members, innocent motorists and others.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (d) The pursuing members' familiarity with the area of the pursuit, the quality of radio communications between the pursuing vehicles and Desk Officer/Desk Sergeant/supervisor, and the driving capabilities of the pursuing members under the conditions of the pursuit.
- (e) Whether weather, traffic and road conditions unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (f) Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (g) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (h) Emergency lighting and siren limitations on unmarked Sheriff's Office vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment and concealed or obstructed siren positioning.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) The availability of other resources, such as air support assistance.
- (l) Whether the pursuing vehicle is carrying passengers other than on-duty Sheriff's members. Pursuits shall not be undertaken with an arrestee in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed against the safety of the arrestee in transport.

##### **307.3.2 WHEN TO TERMINATE A PURSUIT**

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the member or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

When a supervisor directs the pursuit to be terminated, members will immediately terminate the pursuit.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Members and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

- (a) The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- (e) Hazards posed to uninvolved bystanders or motorists.
- (f) The danger that the continued pursuit poses to the public, the members or the suspect, balanced against the risk of allowing the suspect to remain at large.
- (g) The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- (h) Extended pursuits of violators for misdemeanors not involving violence or weapons (independent of the pursuit) are generally discouraged.

##### **307.4 PURSUIT VEHICLES**

When involved in a pursuit, unmarked Sheriff's Office emergency vehicles should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to two Sheriff's Office emergency vehicles (primary and secondary). However, the number of vehicles involved will vary with the circumstances.

A member or supervisor may request that additional vehicles join a pursuit if, after assessing the factors outlined above, it appears that the number of members involved would be insufficient to safely arrest the number of suspects. All other members shall stay out of the pursuit but should remain alert to its progress and location. Any member who drops out of a pursuit may then, if

necessary, proceed to the pursuit termination point at legal speeds, following the appropriate rules of the road.

##### 307.4.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Members operating vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in any pursuit. Members in such vehicles may provide support to pursuing vehicles as long as the vehicle is operated in compliance with all traffic laws. Those members should discontinue such support immediately upon arrival of a sufficient number of authorized emergency Sheriff's Office vehicles or any air support.

##### 307.4.2 PRIMARY PURSUIT VEHICLE RESPONSIBILITIES

The initial pursuing member will be designated as the primary pursuit vehicle and will be responsible for the conduct of the pursuit unless he/she is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the member initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or others.

The primary pursuing member should notify the Desk Officer/Desk Sergeant, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including, but not limited to:

- (a) The location, direction of travel and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including the license plate number, if known.
- (c) The reason for the pursuit.
- (d) The use of firearms, threat of force, violence, injuries, hostages or other unusual hazards.
- (e) The number of occupants and identity or description.
- (f) The weather, road and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or a secondary pursuing member, the member in the primary pursuit vehicle shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing member should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a member in a secondary pursuit vehicle or to air support joining the pursuit to minimize distractions and allow the primary pursuing member to concentrate foremost on safe pursuit tactics.

##### 307.4.3 SECONDARY PURSUIT VEHICLE RESPONSIBILITIES

The second member in the pursuit will be designated as the secondary pursuit vehicle and is responsible for:

- (a) Immediately notifying the Desk Officer/Desk Sergeant of his/her entry into the pursuit.

- (b) Remaining a safe distance behind the primary pursuit vehicle unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- (c) Broadcasting information that the primary pursuing member is unable to provide.
- (d) Broadcasting the progress of the pursuit, updating known or critical information and providing changes in the pursuit, unless the situation indicates otherwise.
- (e) Identifying the need for additional resources or equipment as appropriate.
- (f) Serving as backup to the primary pursuing member once the suspect has been stopped.

#### **307.5 PURSUIT DRIVING**

The decision to use specific driving tactics requires the same assessment of the factors the member considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for members who are involved in the pursuit:

- (a) Members, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to unusual maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
  - 1. Available members not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
  - 2. Pursuing members should exercise due caution and slow down as may be necessary when proceeding through controlled intersections.
- (c) As a general rule, members should not pursue a vehicle driving the wrong direction on a roadway or highway. In the event the pursued vehicle does so, the following tactics should be considered:
  - 1. Request assistance from available air support.
  - 2. Maintain visual contact with the pursued vehicle by paralleling the vehicle while driving on the correct side of the roadway.
  - 3. Request other members to observe exits available to the suspect.
- (d) Notify appropriate law enforcement agencies if it appears that the pursuit may enter another jurisdiction.
- (e) Members involved in a pursuit should not attempt to pass other pursuing vehicles unless the situation indicates otherwise or they are requested to do so by the pursuing member and with a clear understanding of the maneuver process between the involved members.

##### **307.5.1 PURSUIT TRAILING**

In the event that initial pursuing members relinquish control of the pursuit to another agency, the initial members may, with the permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect and reporting the incident.

##### **307.5.2 AIR SUPPORT ASSISTANCE**

When available, air support assistance may be utilized at the discretion of the aircraft Pilot in Command..

##### **307.5.3 MEMBERS NOT INVOLVED IN THE PURSUIT**

Members who are not involved in the pursuit should remain in their assigned areas, should not parallel the pursuit route and should not become involved with the pursuit unless directed otherwise by a supervisor. Uninvolved members are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Those members should attempt to place their vehicles in locations that provide some safety or an escape route in the event of an unintended collision or if the suspect intentionally tries to ram the Sheriff's Office vehicle.

Non-pursuing members needed at the pursuit termination point should respond in a non-emergency manner, observing the rules of the road.

The primary pursuit vehicle and secondary pursuit vehicle should be the only vehicles operating under emergency conditions (emergency lights and siren) unless other members are assigned to the pursuit.

#### **307.6 SUPERVISORY CONTROL AND RESPONSIBILITIES**

Available supervisory and management control will be exercised over all vehicle pursuits involving members from this Office.

The field supervisor of the member initiating the pursuit, or if unavailable, the nearest field supervisor, will be responsible for:

- (a) Immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit. This is to ensure that the pursuit is conducted within established Office guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the required law enforcement vehicles are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that assistance from air support, canines or additional resources is requested, if available and appropriate.
- (g) Ensuring that the proper radio channel is being used.

- (h) Ensuring that the shift lieutenant is notified of the pursuit, as soon as practicable.
- (i) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this Office.
- (j) Controlling and managing Saratoga County Sheriff's Office members when a pursuit enters another jurisdiction.
- (k) Preparing a post-pursuit review and documentation of the pursuit as required.

#### **307.6.1 SHIFT LIEUTENANT RESPONSIBILITIES**

Upon becoming aware that a pursuit has been initiated, the shift lieutenant, if available, or shift sergeant should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The shift sergeant will be responsible for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The shift lieutenant shall review all pertinent reports for content and forward them to the Shift Captain.

#### **307.7 LOSS OF PURSUED VEHICLE**

When the pursued vehicle is lost, the involved members should broadcast pertinent information to assist other members in locating the vehicle. The primary pursuing member or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

#### **307.8 INTERJURISDICTIONAL CONSIDERATIONS**

When a pursuit enters another agency's jurisdiction, the primary pursuing member or supervisor, taking into consideration the distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit.

Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary pursuing member or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether the jurisdiction is expected to assist.

#### **307.8.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY**

Members will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Saratoga County Sheriff's Office is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved members may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports.

The roles and responsibilities of members at the termination point of a pursuit initiated by this Office shall be coordinated with appropriate consideration of the needs of the agency assuming the pursuit.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Vehicle Pursuits*

---

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local law enforcement agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this Office, the other agency should relinquish control.

#### **307.8.2 PURSUITS EXTENDING INTO THIS JURISDICTION**

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Members from this Office should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single vehicle from the initiating agency is in pursuit. Under this circumstance, a member from this Office may, with supervisor approval, immediately join the pursuit until sufficient vehicles from the initiating agency join the pursuit or until additional information is provided allowing withdrawal from the pursuit.

When a request is made for this Office to assist or take over a pursuit that has entered the jurisdiction of the Saratoga County Sheriff's Office, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing members.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a sergeant or the shift Lieutenant should review a request for assistance from another agency. The shift Lieutenant or sergeant, after considering the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing agency by members of this Office will conclude at the County limits, provided that the pursuing agency has sufficient assistance from other sources. Ongoing participation from this Office may continue only until sufficient assistance is present.

In the event that the termination point of a pursuit from another agency is within this jurisdiction, members shall provide appropriate assistance including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

#### **307.9 PURSUIT INTERVENTION**

Pursuit intervention is an attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, blocking or vehicle intercept, boxing-in, or ramming.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Vehicle Pursuits*

---

##### 307.9.1 WHEN USE IS AUTHORIZED

Whenever practicable, a member shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, members/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the members and persons in or on the pursued vehicle. With this in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the member at the time of the decision.

##### 307.9.2 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Members should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any member from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

##### 307.9.3 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the members, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and are subject to policies guiding such use. Members shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to the public's safety, and when members reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this intervention tactic should only be employed by properly trained members with supervisor approval and after giving consideration to the following:
  - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, members or others.
  - 2. All other reasonable intervention tactics have failed or reasonably appear ineffective.
  - 3. Employing the blocking or vehicle intercept maneuver does not unreasonably increase the risk of safety to those involved or the public.
  - 4. The suspect vehicle is stopped or traveling at a low speed.
  - 5. Only law enforcement vehicles should be used in this tactic.
- (b) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the member's disposal have been exhausted or would not be effective, and immediate control is necessary. Ramming should be reserved for situations where there does not appear to be another reasonable alternative method. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the

public, the use of ramming is not authorized. When ramming is used as a means to stop a fleeing vehicle, the following factors should be present:

1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
  2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner, beyond the use of high speed to evade police, or using the vehicle as a weapon.
- (c) Boxing-in a suspect vehicle should only be attempted upon approval by a supervisor. The use of such a tactic must be carefully coordinated with all involved vehicles, taking into consideration the circumstances and conditions apparent at the time, as well as the potential risk of injury to members, the public and occupants of the pursued vehicle. Members and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

#### **307.10 CAPTURE OF SUSPECTS**

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Members shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the member at the time of the event to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing member should coordinate efforts to apprehend the suspect following the pursuit. Members should consider the safety of the public and the involved members when formulating plans for setting up perimeters or for containing and capturing the suspect.

#### **307.11 REPORTING REQUIREMENTS**

All appropriate reports shall be completed to comply with appropriate laws and policies or procedures.

- (a) The primary pursuing member shall complete a case report and other appropriate reports.
- (b) After first obtaining the available information, the involved, or if unavailable, on-duty field supervisor shall promptly complete a supervisor's log or interoffice memorandum, briefly summarizing the pursuit to the Sheriff or the authorized designee. This log or memorandum should include, at a minimum:
  1. Date and time of the pursuit.
  2. Initial reason and circumstances surrounding the pursuit.
  3. Length of pursuit in distance and time, including the starting and termination points.
  4. Involved vehicles and members.
  5. Alleged offenses.
  6. Whether a suspect was apprehended, as well as the means and methods used.

- (a) Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- 7. Arrestee information, if applicable.

- 9. Any property or equipment damage.
- 10. Name of supervisor at the scene or who handled the incident.
- 11. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.
- (c) After receiving copies of reports, logs, GPS data of all vehicles involved and other pertinent information, the Sheriff or the authorized designee shall conduct or assign the completion of a post-pursuit review, as appropriate.
- (d) Annually, the Sheriff should direct a documented review and analysis of Office vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

#### **307.12 REGULAR AND PERIODIC PURSUIT TRAINING**

In addition to initial and supplementary training on pursuits, all members will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public. Training will include recognition of the need to balance the known offense and the need for immediate capture against the risks to members and others.

## Foot Pursuits

### 308.1 PURPOSE AND SCOPE

This policy provides guidelines to assist members in making the decision to initiate or continue the pursuit of suspects on foot.

### 308.2 POLICY

It is the policy of this Office that members, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to Office members, the public or the suspect.

Members are expected to act reasonably, based on the totality of the circumstances.

### 308.3 DECISION TO PURSUE

The safety of Office members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Members must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and Office members.

Members may be justified in initiating a foot pursuit when the member has reasonable suspicion to believe an individual is about to engage in, is engaging in, or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity alone shall not serve as justification for engaging in a foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that a member must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place Office members and the public at significant risk. Therefore, no member or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, a member should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.

- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

#### **308.4 GENERAL GUIDELINES**

When reasonably practicable, members should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The member is acting alone.
- (c) Two or more members become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single member keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The member is unsure of his/her location and direction of travel.
- (e) The member is pursuing multiple suspects and it is not reasonable to believe that the member would be able to control the suspects should a confrontation occur.
- (f) The physical condition of the member renders him/her incapable of controlling the suspect if apprehended.
- (g) The member loses radio contact with the Desk Officer/Desk Sergeant or with assisting or backup members.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient members to provide backup and containment. The primary member should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The member becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to members or the public.
- (j) The member reasonably believes that the danger to the pursuing members or public outweighs the objective of immediate apprehension.
- (k) The member loses possession of his/her firearm or other essential equipment.
- (l) The member or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.

- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to Office members or the public if the suspect is not immediately apprehended.
- (o) The member's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

### **308.5 RESPONSIBILITIES IN FOOT PURSUITS**

#### **308.5.1 INITIATING MEMBER RESPONSIBILITIES**

Unless relieved by another member or a supervisor, the initiating member shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating member should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient members are present to safely apprehend the suspect.

Early communication of available information from the involved members is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Members initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Members should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any member unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the member will notify the Desk Officer/Desk Sergeant of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for members, suspects or members of the public.

#### **308.5.2 ASSISTING MEMBER RESPONSIBILITIES**

Whenever any member announces that he/she is engaged in a foot pursuit, all other members should minimize nonessential radio traffic to permit the involved members maximum access to the radio frequency.

##### **308.5.3 SUPERVISOR RESPONSIBILITIES**

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need to be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established Office guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing members or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

##### **308.6 REPORTING REQUIREMENTS**

The initiating member shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and members.
- (f) Whether a suspect was apprehended as well as the means and methods used.
  - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.

Assisting members taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating member need not complete a formal report.

## Member Response to Calls

### 309.1 PURPOSE AND SCOPE

This policy provides members with guidelines for the safe and appropriate vehicular response to emergency and non-emergency incidents or requests for assistance, whether these are dispatched or self-initiated.

### 309.2 POLICY

It is the policy of this Office to appropriately respond to emergency and non-emergency calls for service or requests for assistance, whether these are dispatched or self-initiated.

### 309.3 RESPONSE TO CALLS

Members responding to all calls shall proceed accordingly, unless they are sent or redirected to a higher priority call. Deputies responding to non-emergency calls should obey all traffic laws and proceed without the use of emergency lights and siren.

#### 309.3.1 EMERGENCY CALLS

Members responding to an emergency call shall proceed immediately as appropriate and should continuously operate the emergency vehicle lighting and siren for safety purposes (Vehicle and Traffic Law § 114-b; Vehicle and Traffic Law § 1104). Deputies may discontinue the use of emergency lights and siren at such a time that using them would create a safety hazard for any person (e.g., crimes in progress where lights and siren may unintentionally alert a suspect to the police presence) or where they may hamper the apprehension of a violator or suspect. Deputies must continue to drive with due regard for the safety of all persons.

Members should only respond to a call as an emergency response when so dispatched or when circumstances reasonably indicate an emergency response is required. This includes, but is not limited to:

- (a) When in pursuit or apprehending a violator or suspected violator.
- (b) When responding to a reported emergency involving possible personal injury, death or significant property damage.
- (c) When immediate assistance is requested by a member or other law enforcement agency.

If a deputy who is not specifically assigned to a call believes a response to assist the assigned primary unit is appropriate, the deputy shall immediately notify the dispatcher of his or her intention to respond.

### 309.4 REQUESTING EMERGENCY ASSISTANCE

When requesting emergency assistance, the involved Office member should reasonably believe there is an imminent threat to the safety of him/herself or another person, or that assistance is needed to prevent imminent serious harm to the public.

If circumstances permit, the requesting member should provide the following information:

---

- Identifying call sign
- Location of the emergency situation
- Suspect information, including weapons
- Reason for the request and type of emergency
- The number of members or resources required
- Hazards and any known or potential dangers for responding members

In any event where a situation has stabilized and emergency response is not required, the requesting member shall immediately notify the Desk Officer/Desk Sergeant.

#### **309.5 SAFETY CONSIDERATIONS**

Responding with emergency lights and siren does not relieve the operator of an emergency vehicle of the duty to continue to drive with due regard for the safety of all persons and property, and does not protect the operator from the consequences of reckless disregard for the safety of others. However the member may, when responding to a call with an emergency response, and provided there is no endangerment or unnecessary risk to persons and property (Vehicle and Traffic Law § 1104):

- Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- Exceed the speed limit.
- Disregard regulations governing direction of movement or turning in specified directions.

When two or more emergency vehicles approach an intersection simultaneously, the emergency vehicle that otherwise would have had the right of way shall proceed first.

##### **309.5.1 NUMBER OF MEMBERS ASSIGNED**

The number of members assigned to respond to an emergency call or request for assistance should be limited to that which is reasonably necessary.

An emergency response involving more than one Sheriff's vehicle should be coordinated by the Communication Center to avoid any unanticipated intersecting of response routes. The field supervisor shall monitor radio transmissions and make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

#### **309.6 EMERGENCY EQUIPMENT**

Vehicles not equipped with emergency lights and siren are prohibited from initiating or joining in an emergency response. Members in such vehicles may provide support to pursuing vehicles as long as the vehicles are operated in compliance with all traffic laws.

If the emergency equipment on the vehicle should fail to operate, the member must terminate the emergency response and continue accordingly. The member shall notify his/her immediate

supervisor or the Desk Officer/Desk Sergeant of the equipment failure so that another member may be assigned to the emergency response.

#### **309.7 MEMBER RESPONSIBILITIES**

The decision to initiate or continue an emergency response is at the discretion of the member. If, in the member's judgment, the weather, traffic and road conditions do not permit such a response without unreasonable risk, the member may elect to respond to the call without the use of emergency lights and siren at the legal speed limit. In such an event, the member should immediately notify the Desk Officer/Desk Sergeant. A member shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon receiving authorization or determining that an emergency response is appropriate, whenever practicable, a member shall immediately give the location from which he/she is responding.

The first member arriving at the emergency call should determine whether to increase or reduce the level of the response of additional members and shall notify the Desk Officer/Desk Sergeant of his/her determination. Any subsequent change in the appropriate response level should be communicated to the Desk Officer/Desk Sergeant by the member in charge of the scene unless a supervisor assumes this responsibility.

#### **309.8 SUPERVISOR RESPONSIBILITIES**

Upon being notified that an emergency response has been initiated or requested, the field supervisor shall verify that:

- (a) The proper response has been initiated.
- (b) No more than those members reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing members into or out of the response, if necessary. If, in the supervisor's judgment, the circumstances require additional members to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the field supervisor should consider:

- The type of call or crime involved.
- The type and circumstances of the request.
- The necessity of a timely response.
- Weather, traffic and road conditions.
- The location of the responding members and the location of the incident.

# Canines

## 310.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

## 310.2 POLICY

It is the policy of the Saratoga County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

## 310.3 ASSIGNMENT

Canine teams will perform the same duties as a non-canine team. They should be assigned to assist or cover assignments as circumstances arise. Canine teams will automatically respond to emergency calls involving missing persons or serious crimes in progress unless otherwise directed by a supervisor.

## 310.4 CANINE COORDINATOR

The responsibilities of the coordinator include, but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and supervisors.
- (d) Maintaining a liaison with other agency canine coordinators.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities in coordination with the appropriate supervisor.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

## 310.5 REQUESTS FOR CANINE TEAMS

Patrol Division members are encouraged to request the use of a canine through the patrol supervisor. Requests for a canine team from Office units outside of the Patrol Division shall be reviewed by the patrol supervisor.

### 310.5.1 OUTSIDE AGENCY REQUEST

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Canines*

---

- (b) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (c) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

#### 310.5.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator and the appropriate supervisor prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

#### 310.6 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any member or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of members or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing member, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the patrol supervisor. Absent a change in circumstances that presents an imminent threat to members, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

##### 310.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to members or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other members at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable.

A supervisor who is sufficiently apprised of the situation including the canine handler's recommendation(s) may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

##### 310.6.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

##### 310.6.3 REPORTING DEPLOYMENTS, BITES AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to

an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the on-duty patrol supervisor. Subsequent notification should be made to the canine coordinator without delay. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current Office evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

The Office should apply for a waiver from the local Department of Health regarding confinement and observation when a canine bites a person while engaged in official duties (Public Health Law § 2140).

#### **310.7 NON-APPREHENSION GUIDELINES**

Canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to members, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

##### **310.7.1 ARTICLE DETECTION**

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

##### **310.7.2 NARCOTICS DETECTION**

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

#### **310.7.3 BOMB/EXPLOSIVE DETECTION**

Because of the high risk of danger to the public and members when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

#### **310.8 HANDLER SELECTION**

The minimum qualifications for the assignment of canine handler include:

- (a) A member who is currently off probation.

- (c) Must reside within the geographical boundaries of Saratoga County.
- (d) Agreeing to be assigned to the position for a minimum of three years.
- (e) Pass a physical fitness test based upon current fitness standards approved by the Sheriff.

#### **310.9 HANDLER RESPONSIBILITIES**

The canine handler will be responsible for the following:

In the event the vehicle is to be utilized by a handler that is not on duty and not during his/her regular tour (veterinary visits etc., the patrol supervisor shall be notified by the member prior to departing his home with the vehicle.
- (e) Canine handlers are the only members authorized to operate a county-owned canine vehicle.
- (f) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Saratoga County Sheriff's Office facility or at a location to be determined by the canine coordinator.

- (k) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Captain.
- (l) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Captain.
- (m) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.
- (n) In the event it becomes necessary for any reason for a handler to take his or her assigned canine out-of-state for any reason, he or she will secure advance approval from the Sheriff or his designee.
- (o) The Sheriff may at his discretion sign over ownership of a retired canine to its assigned handler.

##### **310.9.1 CANINE IN PUBLIC AREAS**

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

##### **310.10 HANDLER COMPENSATION**

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

##### **310.11 CANINE INJURY AND MEDICAL CARE**

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator who shall report it to a Captain as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained by the Saratoga County Animal Shelter by the Deputy Director..

##### **310.12 TRAINING**

Before assignment in the field, each canine team shall be trained and certified to meet current standards as established by the Municipal Police Training Council (MPTC) or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all Office members in order to familiarize them with how to conduct themselves in the presence of Office canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Lieutenant.

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

##### 310.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

##### 310.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Members possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Saratoga County Sheriff's Office may work with outside trainers with the applicable licenses or permits.

##### 310.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Members acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(g); Public Health Law § 3305).

The Sheriff or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Saratoga County Sheriff's Office to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this Office for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Sheriff or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

- (b) The weight and test results shall be recorded and maintained by this Office.

## Domestic Violence

### 311.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of the Saratoga County Sheriff's Office to prevent the cycle of domestic violence and abuse by taking enforcement action when appropriate, to provide assistance to victims and to guide members in the investigation of domestic violence.

When a domestic violence incident may also include an indication of child abuse, members should refer to the Child Abuse Policy.

The term includes criminal offenses and family offenses, but it may also include a dispute or incident between family or household members that does not rise to the level of a criminal offense. For the purposes of this policy, domestic violence includes all designated family offenses identified in Family Court Act § 812 and CPL § 530.11(1).

**Concurrent Jurisdiction** – Criminal Court and Family Court may exercise simultaneous control over Family Offenses committed during the same incident per CPL §530.11 and FCA §812.

- (a) If the offender is less than the age designated in §30.00 of the Penal Law, the Family Court has exclusive jurisdiction.
- (b) Domestic incidents may involve offenses other than designated family offenses. Criminal courts have exclusive jurisdiction over non-family offenses.

- (a) Persons related by blood or marriage.

#### **311.2 POLICY**

The Saratoga County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this Office to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible and not attempt to mediate in lieu of court proceedings in accordance with CPL § 140.10(4).

#### **311.3 OFFICER SAFETY**

The investigation of domestic violence cases often places members in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all members to exercise due caution and reasonable care in providing for the safety of any members and parties involved.

##### **311.3.1 ARRIVAL ON SCENE**

Arrival on scene is part of the investigation, therefore, members should be alert to the sights and sounds coming from the location, and that anything or anyone present may serve as evidence. Members should wait for backup to arrive, when appropriate, and should always put officer safety and scene safety as the top two initial priorities to be most helpful to the victim and most able to hold any offenders accountable by taking control of the scene.

The responding on-scene member shall:

- (a) Take control of the situation by first separating the involved parties.
- (b) For the safety of the parties and all first responders, take control of all weapons used or threatened to be used in the incident.
- (c) Assess the immediate safety and welfare of all occupants of the location, including children, to verify their safety and well-being.
- (d) Assess for physical injuries, including inquiring about strangulation or possible internal, nonvisible injuries, and sexual violence; administer first aid and request medical

- (f) Determine the relationship of the victim to the suspect.
- (g) Assess the well-being and health of any domestic pets or companion animals and document the signs of potential animal abuse.

#### **311.4 INVESTIGATIONS**

The following guidelines should be followed by members when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
  - 1. If two members have not been dispatched, responding members should request an additional unit to respond to the location.
- (b) When practicable and appropriate, members should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence. All relevant statements made by the suspect during the investigation should be documented.
- (c) Members should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that time should also be obtained for follow-up.
- (d) When practicable and legally permitted, secure appropriate evidentiary materials which may include, among other things, video footage of the scene and/or injuries, etc., a recorded statement with the suspect in an iRecord room..
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the investigating deputy if the injuries later become visible.
- (f) Members should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, members should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.

- (j) Members shall take appropriate enforcement action when there is probable cause to believe an offense has occurred (CPL § 140.10).
- (k) Members shall not ask the victim if he/she wants the suspect arrested and shall not threaten the arrest of any person for the purpose of discouraging requests for police intervention (CPL § 140.10).
- (l) Abuse may include a pattern of berating behavior, physical or verbal threats, or damage to jointly held property. These actions tend to have as their purpose the abuse or coercive control of the victim and may appear minor if viewed out of context. When these acts, viewed in context, violate the law, arrest is the appropriate action.

- (c) Advise the parties of the potential remedies available through Family Court.

- (f) Members should make reasonable efforts to ensure that any children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, members should seek or assist the victim in obtaining an emergency order of protection.
- (h) If there is reasonable suspicion that a child (less than 18) may be a victim of abuse or maltreatment (as defined in Family Court Act §101.2), the investigating member shall ensure the case is reported to the Statewide Central Register of Child Abuse and Maltreatment. Crimes involving child abuse or maltreatment shall be referred to the appropriate investigative bodies.

#### **311.6 DISPATCH ASSISTANCE**

Members shall request that the Communication Center check whether any of the involved persons are subject to the terms of a court order.

All calls of domestic violence, including incomplete 9-1-1 calls, shall be handled as high priority and responded to as soon as practicable.

##### **311.6.1 RECLASSIFICATION OR CANCELLATION**

A domestic incident shall not be reclassified or recoded without a supervisor's review. Responses to domestic incidents shall not be canceled regardless of whether such a request is made by someone at the scene during the initial call or a follow-up call.

#### **311.7 FOREIGN COURT ORDERS**

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by members as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

#### **311.8 VERIFICATION OF COURT ORDERS**

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, members should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
  - 1. This includes checking the statewide order of protection registry.

- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Members should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Members should contact a supervisor for clarification when needed.

#### **311.9 STANDARDS FOR ARRESTS**

Members investigating a domestic violence report should consider the following (CPL § 140.10):

- (a) Members shall arrest a person when there is probable cause to believe that the person has committed one of the following against a family or household member:
  - (a) Any felony family offense.
  - (b) Any misdemeanor family offense unless the victim, without prompting from the member, requests otherwise. Supervisory approval is required in all cases where no arrest will be made for a family offense.
- (b) Members shall make an arrest for violations of a duly served order of protection, an order of protection of which the defendant has actual knowledge of because he/she was present in court when such order was issued, or other court orders related to domestic violence found in the following provisions:
  - (a) Domestic Relations Law § 240 (custody and child support)
  - (b) Domestic Relations Law § 252 (actions for divorce)
  - (c) Family Court Act Articles 4, 5, 6 or 8 (support, paternity, termination/adoption or family offenses proceedings)
  - (d) CPL § 530.12 (protection for victims of family offenses)
  - (e) CPL § 330.20 (procedure following verdict or plea of not responsible by reason of mental disease or defect)
- ° These arrests require that:

The arrest shall be made if the person violates a stay-away provision included in one of the above orders or commits a family offense in violation of the court order.

The protected party in whose favor the order of protection or temporary order of protection is issued may not be held to violate an order issued in his/her favor nor may such protected party be arrested for violating such order.

If the suspect is not at the scene, the deputy shall conduct follow-up investigation and ultimately arrest the suspect, regardless of whether the protected person/victim is willing to assist with prosecution. A credible description by the protected person/victim regarding the way the order was violated, absent of contradictory evidence, is sufficient in establishing

probable cause to arrest the suspect. Members will evaluate the facts pursuant to CPL §70.10.

- (c) In cases involving a misdemeanor family offense, if there is probable cause to believe that more than one family or household member committed such offense, a member is not required to arrest both parties. The member shall attempt to identify and arrest the primary aggressor using factors including but not limited to (CPL §140.10):
  - (a) The comparative extent of any injuries inflicted by and between the parties.
  - (b) Whether any party is threatening or has threatened future harm against another party or another family or household member.
  - (c) Whether any party has a prior history of domestic violence that the officer can reasonably ascertain.
  - (d) Whether any party acted defensively to protect him/herself from injury.
  - (e) The decision to arrest or not to arrest shall not be based on the willingness of a person to testify or otherwise participate in a judicial proceeding.
  - (f) Cross-complaint (opposing parties accuse one another of an offense) arrests of the decided victim shall not be made unless probable cause exists following a police investigation, considering all the facts and circumstances. An arrest should not be based solely on uncorroborated allegations.
- (d) Family Offense Victims may proceed in Family Court or Criminal Court, or concurrently in both courts. The victim may elect concurrent jurisdiction at the time of arrest, or later. In such cases, the Criminal Court will have concurrent jurisdiction over Family Offenses, even if a petition is pending in Family Court containing substantially the same allegations set forth in the accusatory instrument.
- (e) Members should take a report from a victim of a family offense even if the offense did not occur in the jurisdiction of the Saratoga County Sheriff's Office (Executive Law § 646).

#### **311.9.1 RELEASE RESTRICTIONS**

Appearance Tickets may be issued only at the direction of the criminal court judge of jurisdiction or by direction of a supervisor if a judge is not available. When issued regarding domestic incidents they shall be issued for the next scheduled court day.

Appearance Tickets will not be issued, and the arrestee will not be released when there exists reasonable suspicion the arrestee poses a danger to himself, a victim, or another third party if released on an Appearance Ticket. (See the Emergency Admissions and Appearance Ticket Policies).

#### **311.10 REPORTS AND RECORDS**

#### **311.12 ROLE OF THE SUPERVISOR**

# Search and Seizure

## 312.1 PURPOSE AND SCOPE

Both the federal and state constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Saratoga County Sheriff's Office personnel to consider when dealing with search and seizure issues.

## 312.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this Office will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this Office will comply with relevant federal and state law governing the seizure of persons and property.

The Office will provide relevant and current training to members as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

## 312.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions to the rule that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to:

- Valid consent.
- Incident to a lawful arrest.
- Legitimate community caretaking interests (e.g., vehicle and personal property inventory).
- Vehicle searches under certain circumstances.
- Exigent circumstances.

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this Office is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law. Members should also be aware that New York court rulings are frequently more restrictive when interpreting the New York Constitution than the federal courts' interpretation of the United States Constitution.

Whenever practicable, members are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

#### **312.4 SEARCH PROTOCOL**

Although conditions will vary, and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this Office will strive to conduct searches with dignity and courtesy.
- (b) Members should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) Whenever practicable, a search should not be conducted by a lone member. A cover member should be positioned to ensure safety and should not be involved in the search.
- (f) When the person to be searched is of the opposite sex as the searching member, a reasonable effort should be made to summon a member of the same sex as the subject to conduct the search. When it is not practicable to summon a member of the same sex as the subject, the following guidelines should be followed:
  1. Another member or a supervisor should witness the search.
  2. The member should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

#### **312.5 DOCUMENTATION**

Members are responsible for documenting any search and ensuring that any required reports are sufficient including, at minimum, documentation of:

- Reason for the search.
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys).
- What, if any, injuries or damage occurred.
- All steps taken to secure property.
- The results of the search including a description of any property or contraband seized.
- If the person searched is the opposite sex, any efforts to summon a member of the same sex as the person being searched and the identification of any witness member.

#### **313.6 PROTECTIVE CUSTODY**

Before taking any child into protective custody, the member should make reasonable attempts to contact Saratoga County CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Prior to taking a child into protective custody, the member should take reasonable steps to deliver the child to another qualified parent or legal guardian unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the member shall ensure that the child is delivered to Saratoga County CPS.

Whenever practicable, the member should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, members should contact a supervisor promptly after taking a child into protective custody.

- (c) Without the consent of the parent or other legally responsible person for the child if the member has reasonable cause to believe that the circumstances or condition of the child are such that continuing in his/her place of residence or in the care and custody of the parent or other person responsible for the child's care presents an imminent danger to the child's life or health, and there is not enough time to apply for a court order (Social Services Law § 417; Family Court Act § 1024).

#### **313.6.1 ABANDONED INFANT PROTECTION ACT**

A person may relinquish an infant if the child is 30 days old or less, and is safe from physical injury and cared for in an appropriate manner if the person leaves the child with an appropriate person, or if the person leaves the child in a suitable location and promptly notifies the appropriate person of the child's location (Penal Law § 260.00).

### **313.7 INTERVIEWS**

#### **313.7.1 PRELIMINARY INTERVIEWS**

Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

#### **313.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW**

- (b) A court order or warrant has been issued.

#### **313.7.3 PRIVATE SETTING FOR THE INTERVIEW REQUIRED**

#### **313.8 MEDICAL EXAMINATIONS**

If the child has been the victim of abuse that requires a medical examination, the investigating member should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The member should also arrange for the child's transportation to the appropriate medical facility (Social Services Law § 416).

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, members should notify a supervisor before proceeding. - (c) Develop a report format or checklist for use when members respond to drug labs or other narcotics crime scenes. The checklist will help members document the environmental, medical, social and other conditions that may affect the child.

## Adult Abuse

### 314.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Saratoga County Sheriff's Office members as required by law.

#### 314.1.1 DEFINITIONS

Definitions related to this policy include:

**Adult abuse** - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement.

### 314.2 POLICY

The Saratoga County Sheriff's Office will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

### 314.3 MANDATORY NOTIFICATION

A police or peace officer member of the Saratoga County Sheriff's Office shall, and any other member should, notify the Vulnerable Persons Central Registry (VPCR) when the member has reasonable cause to believe that a vulnerable person is being abused. For purposes of notification, a vulnerable person means someone who, due to physical or cognitive disabilities, or the need for services or placement, is receiving services from a facility or provider agency, which may include a group or family care home (Social Services Law § 488; Social Services Law § 491; 18 NYCRR § 433.3).

Members of the Saratoga County Sheriff's Office should notify Adult Protective Services (APS) when the member suspects that a person with a physical or mental impairment is the subject of adult abuse, which may include any physical abuse, neglect, sexual abuse, stalking, financial exploitation or emotional abuse.

#### 314.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows:

- (a) By calling the adult abuse hotline or contacting the local APS division.
- (b) In cases of abuse of a vulnerable person, by immediately calling the VPCR hotline. The report shall include (Social Services Law § 491; Social Services Law § 492):
  - 1. The name and contact information of the abused vulnerable person.
  - 2. The name and contact information of the person suspected of inflicting the abuse.
  - 3. The name, title and contact information of the member making the report.
  - 4. The name of the personal representative for the vulnerable person, if known.

5. The name and address of the facility or provider agency.
6. The date, time, specific location and description of the incident.
7. The name, title and contact information of individuals who the reporting member reasonably believes have the same information about the abuse as the member.
8. Any other information or documentation that may be helpful to the investigation of the incident.

#### **314.4 QUALIFIED INVESTIGATORS**

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

#### **314.5 INVESTIGATIONS AND REPORTING**

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating member in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence or others who may have access to the victim.

#### *Adult Abuse*

---

- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

#### **314.6 PROTECTIVE CUSTODY**

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the member should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this Office should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the member should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the member shall ensure that the adult is delivered to APS.

Whenever practicable, the member should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, members should contact a supervisor promptly after taking the adult into protective custody.

#### **314.7 INTERVIEWS**

##### **314.7.1 PRELIMINARY INTERVIEWS**

Members should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating members should defer interviews until a person who is specially trained in such interviews is available.

##### **314.7.2 DETAINING VICTIMS FOR INTERVIEWS**

A member should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
  - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Adult Abuse*

---

2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
  3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

#### **314.8 MEDICAL EXAMINATIONS**

When an adult abuse investigation requires a medical examination, the investigating member should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The member should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, members should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for members to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

#### **314.9 DRUG-ENDANGERED VICTIMS**

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

##### **314.9.1 SUPERVISOR RESPONSIBILITIES**

The Investigations Division Captain should:

- (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when notified that a member has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives at the scene.
- (c) Develop a report format or checklist for use when members respond to drug labs or other narcotics crime scenes. The checklist will help members document the environmental, medical, social and other conditions that may affect the adult.

##### **314.9.2 MEMBER RESPONSIBILITIES**

Members responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

The Office will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Office will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

The nondiscrimination policies of the Office may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

# Hate Crimes

## 319.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this Office with guidelines for identifying and investigating incidents and crimes that may be motivated by hatred or other bias.

### 319.1.1 DEFINITIONS

Definitions related to this policy include (Penal Law § 485.05):

**Hate crime** - A crime motivated by prejudice based on actual or perceived race, color, religion, religious practice, age, national origin, ethnicity, gender, sexual orientation, gender identity or expression, ancestry, or disability of the victim.

## 319.2 POLICY

The Saratoga County Sheriff's Office recognizes and places a high priority on the rights of all individuals guaranteed under the state and federal constitution and incorporated in state and federal law.

## 319.3 PREVENTION AND PREPARATION

While it is recognized that not all crime can be prevented, this Office is committed to taking a proactive approach to preventing and preparing for likely hate crimes by:

- (a) Making an affirmative effort to establish contact with persons and groups within the community who are likely targets of hate crimes, and forming networks that address prevention and response.
- (b) Providing victim assistance and community follow-up or identifying available resources to do so.
- (c) Educating community and civic groups about hate crime laws.

## 319.4 INVESTIGATIONS

Whenever any member of this Office receives a report of a suspected hate crime or other activity that reasonably appears to involve a potential hate crime, the following should occur:

- (a) Assigned members should promptly contact the victim, witness or reporting party to investigate the matter further, as circumstances may dictate.
- (b) A supervisor should be notified of the circumstances as soon as practicable.
- (c) Once the in-progress aspect of any such situation has been stabilized (e.g., treatment of victims or arrest of suspects at the scene), the assigned members should take reasonable steps to preserve evidence that establishes a possible hate crime.
- (d) Based upon available information, members should take appropriate action to mitigate further injury or damage to potential victims or the community.

## Policy Manual

### Policy Manual

#### *Hate Crimes*

---

- (e) Depending on the situation, the assigned members or supervisor may request assistance from investigators or other resources.
- (f) The assigned members should interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a hate crime.
- (g) The assigned members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as required by the Victim and Witness Assistance Policy.
- (h) The assigned members should include all available evidence indicating the likelihood of a hate crime in the relevant reports. All related reports should be clearly marked "Hate Crime."
- (i) The assigned members and supervisor should take reasonable steps to ensure that any such situation does not escalate further and should provide information to the victim regarding legal aid.

#### 319.4.1 INVESTIGATIONS DIVISION RESPONSIBILITIES

If a hate crime case is assigned to the Investigations Division, the assigned investigator will be responsible for:

- (a) Coordinating further investigation with the District Attorney and other appropriate law enforcement agencies.
- (b) Maintaining contact with the victim and other involved individuals, as needed.
- (c) Maintaining statistical data and tracking of suspected hate crimes, as indicated or required by state law (Executive Law § 837).

#### 319.4.2 SPECIFIC NOTATIONS

When a person is convicted of a hate crime and the specified offense is a misdemeanor or class C, D or E felony, the hate crime will be deemed to be one category higher than the offense actually committed (Penal Law § 485.10). Notice that the crime charged is a hate crime must be indicated on the accusatory instrument. The factual part of the instrument should contain facts supporting the determination the crime is a hate crime. The accusatory part of the instrument should give notice to the court by using an "H" designation at the end of the statute citation. For example, an accusatory instrument for criminal mischief in the fourth degree determined to be a hate crime would appear as Penal Law § 145.00(1 H) and cited as "Criminal mischief in the fourth degree as a Hate Crime."

#### 319.4.3 ESTABLISHING MOTIVE

During an investigation, members should look for possible signs that the incident may be a hate crime:

- (a) The motivation of the perpetrator or lack of motive.
- (b) Statements made by the perpetrator.

- (c) The presence of multiple perpetrators.
- (d) The display of offensive symbols, words, or acts.
- (e) Was any hate literature found in the possession of the suspect?
- (f) Social media activity that shows evidence of bias motivation.
- (g) Tattoos, clothing, paraphernalia, or jewelry suggesting identification by the perpetrators with an organized hate group.
- (h) Was the victim the only person of a particular group at a park or facility?
- (i) Was the victim from a different racial, ethnic, or religious group from the perpetrator?
- (j) The absence of any motive. The brutal nature of a particular incident could denote a hate crime, particularly when the perpetrator and victim don't know each other.
- (k) The perpetrator's perception of the victim, whether accurate or not.
- (l) The date, time, or circumstances of the occurrence, such as on a religious holiday or at a gathering of a group of people affiliated by ethnicity, religion, or sexual orientation.
- (m) Multiple incidents occurring in a short time period with all the victims from the same identifiable group.
- (n) Were the real intentions of the perpetrator racial, color, religious, or ethnic oriented, or were there other reasons such as pranks, unrelated vandalism, or a dispute arising out of a non-bias-related disagreement?
- (o) The incident occurred in proximity to an establishment that could be associated with one of the protected classes.
- (p) The perpetrator targeted a particular portion of the victim's body (e.g., Sikh victims forcibly having their hair cut, a victim targeted for their sexual orientation being attacked near or around their genitalia).
- (q) The victim's perception that they were selected because they are a member of an identifiable group.

#### **319.5 TRAINING**

All members of this Office should receive training on hate crime recognition and investigation. Training should include:

- (a) Guidance for the investigation of hate crimes available through the New York State Division of Criminal Justice Services.

  - 1. Notice that the race, color, national origin, ancestry, gender, gender identity or expression, religion, religious practice, age, disability, or sexual orientation of the suspect, the victim, or both the suspect and the victim does not, by itself, constitute legally sufficient evidence of a hate crime.

  4. Related definitions, including age, disability, and gender identity or expression.
- (c) Supervisor notification.
- (d) Processing an arrest for a hate crime.

## Standards of Conduct

### 320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Saratoga County Sheriff's Office and are expected of all Office members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this Office or a member's supervisors.

### 320.2 POLICY

The continued employment or appointment of every member of this Office shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

### 320.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any superior officer, absent a reasonable and bona fide justification.

#### 320.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or Office policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, Office policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

##### **320.5 CAUSES FOR DISCIPLINE**

## Registered Offender Information

### 327.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Saratoga County Sheriff's Office will address issues associated with certain offenders who are residing in the jurisdiction, and how the Office will disseminate information and respond to public inquiries for information about registered sex offenders.

### 327.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

### 327.3 REGISTRATION

The agency Sex Offender Registry Enforcement (SORE) Deputy shall establish a process to reasonably accommodate registration of offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the Sex Offender Registry Enforcement (SORE) Deputy shall ensure that the registration information is promptly provided to the New York State Division of Criminal Justice Services (DCJS) in accordance with the Sex Offender Registration Act (SORA) (Correction Law § 168 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register and the member should secure a warrant when appropriate (Correction Law § 168-t).

#### 327.3.1 CONTENTS OF REGISTRATION

The Office shall obtain updated photographs for level one and level two offenders every three years and, for level three offenders or those designated as sexual predators, sexually violent offenders or predicate sex offenders, every year. If the appearance of a level three offender or sexual predator has changed, a photograph may be taken when he/she is required to verify his/her address every 90 days. The photographs shall be promptly forwarded to DCJS (Correction Law § 168-f).

### 327.4 MONITORING OF REGISTERED OFFENDERS

The agency Sex Offender Registry Enforcement (SORE) Deputy shall establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.

---

- (b) Review of information on the DCJS SORA website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to DCJS.

The agency Sex Offender Registry Enforcement (SORE) Deputy should also establish a procedure to routinely disseminate information regarding registered offenders to Saratoga County Sheriff's Office members, including timely updates regarding new or relocated registrants.

#### **327.5 DISSEMINATION OF PUBLIC INFORMATION**

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Sheriff through the chain of command if warranted. A determination will be made by the Sheriff or the authorized designee, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be directed to the DCJS SORA or the Saratoga County Sheriff's Office's OffenderWatch website.

The Identification Officer may release local registered offender information to residents in accordance with Correction Law § 168-l and in compliance with a New York State Freedom of Information Law request.

##### **327.5.1 RELEASE NOTIFICATIONS**

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

##### **327.5.2 DISSEMINATION**

The Office shall compile, maintain and update a listing of vulnerable organizational entities or vulnerable populations (e.g., schools, day care facilities, nursing homes) within this jurisdiction. Such listing shall be utilized for proper notification and dissemination of appropriate information (Correction Law § 168-l).

The information released shall be as follows:

- (a) A photograph and description of the offender

be made by using the call notification protocol as established by the Sheriff or the authorized designee.

##### 328.4.1 COMMAND STAFF NOTIFICATION

If the incident requires that an investigator respond from home after hours, the on-duty supervisor shall notify the Sheriff or the authorized designee, then contact the appropriate investigator. If the incident requires an investigator callout during normal business hours, the on-duty supervisor shall notify the Investigations Division Captain or the authorized designee who will then assign an investigator. The on-duty supervisor shall also notify the Lieutenant in his/her chain of command.

##### 328.4.3 TRAFFIC UNIT NOTIFICATION

## Death Investigation

### 329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where members initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

### 329.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to respond, document and investigate incidents where a person is deceased. Investigations involving the death of a person, including those from natural causes, accidents, workplace incidents, suicide and homicide, shall be initiated, conducted and properly documented.

### 329.3 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Investigations Division Lieutenant as necessary. The shift Lieutenant will make notification to command staff in accordance with the Major Incident Notification Policy.

#### 329.3.1 REPORTING

All incidents involving a death shall be documented on the appropriate form.

#### 329.3.2 CORONER REQUEST

Members are not authorized to pronounce death unless they are also Coroners, Deputy Coroners, or appointed Coroner investigators. The Coroner shall be called in all sudden or unexpected deaths or deaths due to other than natural causes. State law requires that the Coroner be notified in any of the following cases (County Law § 671; County Law § 673):

- (a) Violent death, whether by criminal violence, suicide, or casualty
- (b) Death caused by unlawful act or criminal neglect
- (c) Death occurring in a suspicious, unusual, or unexplained manner
- (d) Death while unattended by a physician or where no physician is able to certify the cause of death
- (e) Death, whether natural or unnatural, of a person confined to a correctional facility or other public institution other than a hospital, infirmary, or nursing home

##### 329.3.3 SEARCHING DEAD BODIES

- (a) The Coroner, his/her assistant and authorized investigators are generally the only persons permitted to move, handle or search a dead body.
- (b) A member may make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for the purpose of identification or for information identifying the individual as an anatomical donor. If a donor document is located, the Coroner or his/her assistant shall be promptly notified.
- (c) The Coroner, with the permission of the Office, may take property, objects or articles found on the deceased or in the immediate vicinity of the deceased that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death. A member at the scene shall witness the search and, at the request of the Coroner, sign the property forms listing the items found on the body. The Coroner will retain the property and forms. The Coroner does not take or retain evidence.
- (d) Should exigent circumstances indicate to a member that any other search of a known dead body is warranted prior to the arrival of the Coroner or his/her assistant, the investigating member should first obtain verbal consent from the Coroner or his/her assistant when practicable.
- (e) Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the member pending the arrival of the Coroner or his/her assistant. The name and address of this person shall be included in the narrative of the death report.
- (f) Whenever personal effects are removed from the body of the deceased by the Coroner or his/her assistant, a receipt shall be obtained. This receipt shall be attached to the death report.

##### 329.3.4 SUSPECTED HOMICIDE

If the initially assigned member suspects that the death involves a homicide or other suspicious circumstances, the member shall take steps to protect the scene. The Investigations Division Lieutenant shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the shift Lieutenant or Investigations Division Captain, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide. When appropriate or necessary the shift Lieutenant shall contact the New York State Police for assistance.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of his/her supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

##### **329.3.5 EMPLOYMENT-RELATED DEATHS OR INJURIES**

An investigator or supervisor of this Office who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the regional Occupational Safety and Health Administration (OSHA) office is promptly notified of all pertinent information.

##### **329.4 UNIDENTIFIED DEAD BODY**

If the identity of a dead body cannot be established, the investigator or supervisor will request from the Coroner a unique identifying number for the body. The number shall be included in any report. The investigating officer shall enter a description of the unidentified body into the eJusticeNY Integrated Justice Portal.

##### **329.5 DEATH NOTIFICATION**

When reasonably practicable, and if not handled by the Coroner's Office, notification shall be made consistent with the Municipal Police Training Council In-Person Death Notifications Model Policy. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this Office shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

##### **329.5.1 STATE REQUIREMENTS**

Death notifications should be made within 24 hours following the identification of the deceased person. Any delay past 24 hours should be documented and reasonable steps should be taken to make the death notification as soon as practicable thereafter (Executive Law § 840).

##### **329.5.2 IN-PERSON DEATH NOTIFICATION PROCEDURES**

Members should consult and review the [MPTC In-person Death Notification](#) model policy prior to making any death notifications.

## Private Person's Arrest

### 330.1 PURPOSE AND SCOPE

This policy provides guidance for the handling and acceptance of a private person's arrest.

### 330.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to accept a private person's arrest only when legal and appropriate.

### 330.3 ARRESTS BY PRIVATE PERSON

A private person may arrest another under the following circumstances:

- (a) For a felony and for any other offense committed in the person's presence (CPL § 140.30).
  - 1. The arrest for a felony may be made anywhere in the state, and an arrest for an offense may be made only in the county where the offense was committed.
  - 2. The private person's arrest may occur at any hour of the day or night (CPL § 140.35).
- (b) A juvenile under the age of 18 may be arrested for an act that would be a crime if committed by an adult if the arrest would be valid for an adult (Family Court Act § 305.1).
- (c) When the accused is charged in another state with a crime punishable by death or imprisonment for a term exceeding one year (CPL § 570.34).

### 330.4 MEMBER RESPONSIBILITIES

A member confronted with a person claiming to have made a private person's arrest should determine whether such an arrest is lawful.

If the member determines that the private person's arrest is unlawful, the member should:

- (a) Take no action to further detain or restrain the arrested individual, unless there is independent justification for continuing a detention.
- (b) Advise the parties that the arrest will not be accepted but the circumstances will be documented in a report.
- (c) Document the incident, including the basis for refusing to accept custody of the individual.

Whenever a member determines that a private person's arrest is justified, the member shall take the individual into custody and bring the person before a local criminal court or issue and serve an appearance ticket as provided in CPL § 140.40 or CPL § 570.34.

If a member takes an arrested juvenile into custody, the member shall immediately notify the parent or other person legally responsible for the juvenile's care or the person with whom the juvenile is domiciled that the juvenile has been arrested and the location where he/she is being

detained. The member shall then proceed as required by the Temporary Custody of Juveniles Policy (CPL § 140.40).

#### **330.5 PRIVATE PERSON'S ARREST REPORT**

The arresting person should be asked to complete and sign the accusatory instrument or a supporting deposition and Domestic Incident Report, if applicable.. If the person fails or refuses to do so, the arrested individual should be released, unless the member has a lawful reason, independent of the private person's arrest, to take the individual into custody and determines an arrest is appropriate.

## Limited English Proficiency Services

### 331.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

#### 331.1.1 DEFINITIONS

Definitions related to this policy include:

**Authorized interpreter** - A person who has been screened and authorized by the Office to act as an interpreter and/or translator for others.

**Interpret or interpretation** - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

**Limited English proficiency (LEP) individual** - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still exhibit LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

**Qualified bilingual member** - A member of the Saratoga County Sheriff's Office, designated by the Office, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

**Translate or translation** - The replacement of written text from one language (source language) into an equivalent written text (target language).

### 331.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

### 331.3 LEP COORDINATOR

The Sheriff shall delegate certain responsibilities to an LEP coordinator. The coordinator shall be appointed by, and directly responsible to, the Chief Deputy or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Coordinating and implementing all aspects of the Saratoga County Sheriff's Office's LEP services to LEP individuals.

### Policy Manual

#### *Limited English Proficiency Services*

- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Lieutenant and Director of Emergency Communications. The list should include information regarding:
  - 1. Languages spoken.
  - 2. Contact information.
  - 3. Availability.
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and data from community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by this Office to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of this Office in providing meaningful access to LEP individuals, and, as appropriate, developing reports, developing new procedures or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding Office LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to Office services, programs and activities.

#### **331.4 FOUR-FACTOR ANALYSIS**

Because there are many different languages that members could encounter, the Office will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of the following four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by Office members, or who may benefit from programs or services within the jurisdiction of this Office or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with Office members, programs or services.

#### *Limited English Proficiency Services*

---

- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

#### **331.5 TYPES OF LEP ASSISTANCE AVAILABLE**

Saratoga County Sheriff's Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Office will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Office will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept Office-provided LEP services at no cost or they may choose to provide their own.

Office-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

#### **331.6 WRITTEN FORMS AND GUIDELINES**

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

#### **331.7 AUDIO RECORDINGS**

The Office may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

#### **331.8 QUALIFIED BILINGUAL MEMBERS**

Bilingual members may be qualified to provide LEP services when they have demonstrated through established Office procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this Office is not available, personnel from other County departments who have been identified by the Office as having the requisite skills and competence may be requested.

#### **331.9 AUTHORIZED INTERPRETERS**

Any person designated by the Office to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an

understanding of the functions of an interpreter that allows for correct and effective translation. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP coordinator that demonstrates their skills and abilities in the following areas:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this Office and of any particularized vocabulary or phraseology that may be used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

#### 331.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Office may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor.

Other sources may include:

- Qualified bilingual members of this Office or personnel from other County departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this Office, and with whom the Office has a resource-sharing or other arrangement that they will interpret according to Office guidelines.

#### 331.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Office to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, Office members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal

---

and non-confrontational situations. Family members should not be used in cases of a domestic incident.

#### **331.10 CONTACT AND REPORTING**

Although all law enforcement contacts, services and individual rights are important, this Office will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this Office is required to complete a report or other documentation that involves a situation in which interpretation services were provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Office or some other identified source.

#### **331.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE**

The Saratoga County Sheriff's Office will take reasonable steps to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

#### **331.12 FIELD ENFORCEMENT**

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the member is unable to effectively communicate with an LEP individual.

If available and when practicable, members should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

#### **331.13 INVESTIGATIVE FIELD INTERVIEWS**

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, members should consider calling for an authorized interpreter in the following order:

- An authorized Office member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

#### **331.14 CUSTODIAL INTERROGATIONS**

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

To ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

#### **331.15 BOOKINGS**

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, to protect the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

#### **331.16 COMPLAINTS**

The Office shall ensure that LEP individuals who wish to file a complaint regarding members of this Office are able to do so. The Office may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP coordinator or the shift supervisor depending on the nature of the complaint.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

#### **331.17 COMMUNITY OUTREACH**

Community outreach programs and other such services offered by this Office are important to the ultimate success of more traditional law enforcement duties. This Office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

#### **331.18 TRAINING**

To ensure that all members who may have contact with LEP individuals are properly trained, the Office will provide periodic training on this policy and related procedures, including how to access Office-authorized telephonic and in-person interpreters and other available resources.

The Training Manager shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Manager shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with the established records retention schedule.

# Communications with Persons with Disabilities

## 332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

### 332.1.1 DEFINITIONS

Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY) or videophones (video relay service or VRS); use of taped text or qualified readers; or use of a qualified interpreter.

**Disability or impairment** – An individual who has or is regarded as being substantially limited in a major life activity, including hearing or seeing, with or without assistance other than ordinary eyeglasses or contacts (42 USC § 12102). This includes a person who possesses visual acuity that is 20/200 or less in the better eye (corrected) or a field of vision 20 degrees or less in the better eye (18 NYCRR § 368.1; 18 NYCRR § 729.2).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters.

## 332.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees, have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

## 332.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Sheriff shall delegate certain responsibilities to an ADA coordinator (28 CFR 35.107). The coordinator shall be appointed by and directly responsible to the Chief Deputy or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

- (a) Working with the County ADA coordinator regarding the Saratoga County Sheriff's Office's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports or new procedures or recommending modifications to this policy.

#### *Communications with Persons with Disabilities*

---

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to Office services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Lieutenant and Director of Emergency Communications. The list should include information regarding:
  - 1. Contact information.
  - 2. Availability.
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas indicating that auxiliary aids are available free of charge to individuals with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to Office services, programs and activities.

#### **332.4 FACTORS TO CONSIDER**

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this Office should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate his/her understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

#### **332.5 INITIAL AND IMMEDIATE CONSIDERATIONS**

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

## Policy Manual

### Policy Manual

#### *Communications with Persons with Disabilities*

---

Members should exercise special care in the use of all gestures and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, is hard of hearing or has impaired speech must be handcuffed while in the custody of the Saratoga County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

#### **332.6 TYPES OF ASSISTANCE AVAILABLE**

Saratoga County Sheriff's Office members shall never refuse an available service to an individual with disabilities who is requesting assistance. The Office will not charge anyone to receive auxiliary aids, nor shall it require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Office will make every reasonable effort to provide equal access and timely assistance to disabled individuals through a variety of services.

Disabled individuals may choose to accept Office-provided auxiliary aids or services or they may choose to provide their own.

Office-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

##### **332.7 AUDIO RECORDINGS AND ENLARGED PRINT**

The Office may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form (e.g., a personnel complaint form) or provide forms with enlarged print.

##### **332.8 QUALIFIED INTERPRETERS**

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee) if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

##### **332.9 TTY AND RELAY SERVICES**

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, are hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Office will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

##### **332.10 COMMUNITY VOLUNTEERS**

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Office to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, Office members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

##### **332.11 FAMILY AND FRIENDS**

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

##### **332.12 REPORTING**

Whenever any member of this Office is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Office or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

##### **332.13 FIELD ENFORCEMENT**

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

## Policy Manual

### Policy Manual

#### *Communications with Persons with Disabilities*

---

The Office recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this Office. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the member is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available and when practicable, members should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

#### **332.13.1 FIELD RESOURCES**

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, is hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

#### **332.14 CUSTODIAL INTERROGATIONS**

In an effort to ensure that the rights of individuals who are deaf, are hard of hearing or have speech impairment are protected during a custodial interrogation, this Office will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects

who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

To ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

#### **332.15 ARRESTS AND BOOKINGS**

If an individual with speech or hearing disabilities is arrested, the arresting member should, if necessary to complete the booking process, attempt to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the member reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, are hard of hearing, have impaired speech or vision, are blind or have other disabilities. In the interest of the arrestee's health and welfare, to protect the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

Notification to the court should be made to allow for the appointment of a qualified interpreter prior to any legal proceeding (Judiciary Law § 390).

#### **332.16 COMPLAINTS**

The Office shall ensure that individuals with disabilities who wish to file a complaint regarding members of this Office are able to do so. The Office may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the ADA coordinator or the shift supervisor depending on the nature.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy.

#### **332.17 COMMUNITY OUTREACH**

Community outreach programs and other such services offered by this Office are important to the ultimate success of more traditional law enforcement duties. This Office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

##### **332.18 TRAINING**

To ensure that all members who may have contact with disabled individuals are properly trained, the Office will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Manager shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including those who are deaf, are hard of hearing, have impaired speech or vision or are blind. Those who may have contact with such individuals should receive periodic refresher training. The Training Manager shall maintain records of all training provided and will retain a copy in each member's training file in accordance with the established records retention schedule.

## Biological Samples

### 333.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples for deoxyribonucleic acid (DNA) from those individuals required to provide samples upon conviction for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from an individual in conjunction with a criminal investigation, nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

### 333.2 POLICY

The Saratoga County Sheriff's Office will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

### 333.3 OFFENDERS SUBJECT TO BIOLOGICAL SAMPLE COLLECTION

The following offenders must submit a biological sample (Executive Law § 995; Executive Law § 995-c):

- (a) When the Saratoga County Sheriff's Office is notified by the New York State Division of Criminal Justice Services that a sample is required from an offender.
- (b) When an offender has been ordered by a court to submit to a sample.

### 333.4 PROCEDURE

When an offender is required to provide a biological sample, a trained member shall attempt to obtain the sample in accordance with this policy.

#### 333.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the offender is required to provide a sample pursuant to Executive Law § 995-c.
- (b) Verify that a biological sample has not been previously collected from the offender by querying the New York State DNA Databank. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use an appropriate collection kit to perform the collection and take steps to avoid cross contamination.
- (d) Forward the collection kit to a forensic DNA laboratory authorized by the New York State Commission on Forensic Sciences to perform forensic DNA testing and analysis.

### 333.5 USE OF FORCE TO OBTAIN SAMPLES

If an offender refuses to cooperate with the sample collection process, members should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force.

---

Force will not be used in the collection of samples except as authorized by court order, and only with the approval of a supervisor.

Methods to consider when seeking voluntary compliance include contacting:

- (a) The individual's parole or probation officer, when applicable.
- (b) The prosecuting attorney to seek additional charges against the individual for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the individual's next court appearance.
- (d) The individual's attorney.
- (e) Another custody facility with additional resources, where the individual can be transferred to better facilitate sample collection.
- (f) A corrections supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

#### 333.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all persons participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the established records retention schedule.

## Child and Dependent Adult Safety

### 334.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this Office.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

### 334.2 POLICY

It is the policy of this Office to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Saratoga County Sheriff's Office will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

### 334.3 LIAISON RESPONSIBILITIES

The Sheriff shall appoint a member to serve as a liaison to assist in safeguarding dependents of arrested parents or guardians.

### 334.4 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, members should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. When possible, members should attempt to determine in advance if any children are present in a pre-arrest situation. This may include having Desk Officer/Desk Sergeants inquire during calls for service that may involve an arrest or using intelligence gathered for a warrant service.

In some cases this may be obvious, such as when children or dependent adults are present. However, members should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Members should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends, and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, members should consider reasonable alternatives to arresting a parent, guardian, or caregiver in the presence of their child or dependent adult.

Whenever it is safe to do so, members should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be nonproductive, the member at the scene should

explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that they will receive appropriate care.

##### 334.4.1 AFTER AN ARREST

Whenever an arrest is made, the member should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Members should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
  - 1. Members should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence that it would not be in the dependent person's best interest (e.g., signs of abuse, drug use, unsafe environment), members should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
  - 1. Except when a court order exists limiting contact, the member should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the Office of Children and Family Services, Child Protective Services division or the Adult Protective Services division, if appropriate. If the conduct for which the parent/caregiver was arrested amounts to child abuse or maltreatment, make the mandated report (see the Child Abuse Policy) and the appropriate notification for investigation.
- (e) Notify the shift sergeant of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting member should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

##### **334.4.2 DURING THE BOOKING PROCESS**

During the booking process, the arrestee should be allowed to make telephone calls to arrange for the care of any child or dependent adult in accordance with the Temporary Custody of Adults Policy.

If an arrestee is unable to arrange for the care of any child or dependent adult through this process, or circumstances prevent them from making such arrangements (e.g., their behavior prevents reasonable accommodations for making necessary calls), a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

##### **334.4.3 REPORTING**

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
  - 1. Name
  - 2. Sex
  - 3. Age
  - 4. Special needs (e.g., medical, mental health)
  - 5. How, where and with whom or which agency the child was placed
  - 6. Identities and contact information for other potential caregivers
  - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
  - 1. Name
  - 2. Sex
  - 3. Age
  - 4. Whether the person reasonably appears able to care for him/herself
  - 5. Disposition or placement information if he/she is unable to care for him/herself

##### **334.4.4 SUPPORT AND COUNSELING REFERRAL**

If, in the judgment of the handling members, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis response telephone number, the appropriate referral information may be provided.

##### **334.5 DEPENDENT WELFARE SERVICES**

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling member should contact the appropriate welfare service or other Office-approved social service agency to determine whether protective custody is appropriate.

The Training Manager is responsible for ensuring that all members of this Office who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

## Service Animals

### 335.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure that the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act (ADA).

#### 335.1.1 DEFINITIONS

Definitions related to this policy include:

**Service animal** - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

### 335.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to provide services and access to persons with service animals in the same manner as those without service animals. Office members shall protect the rights of persons assisted by service animals in accordance with state and federal law (Civil Rights Law § 47 et seq.).

### 335.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.

---

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

#### **335.4 MEMBER RESPONSIBILITIES**

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Office members are expected to treat individuals with service animals with the same courtesy and respect that the Saratoga County Sheriff's Office affords to all members of the public (28 CFR 35.136).

##### **335.4.1 INQUIRY**

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

##### **335.4.2 CONTACT**

Service animals are not pets. Office members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

##### **335.4.3 REMOVAL**

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a member may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this Office are expected to provide all services that are reasonably available to an individual with a disability, with or without a service animal.

##### 335.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this Office should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, members should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ) or the New York State Office of the Attorney General Civil Rights Bureau.

# Native American Graves Protection and Repatriation

## 336.1 PURPOSE AND SCOPE

This policy is intended ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001).

### 336.1.1 DEFINITIONS

Definitions related to this policy include (43 CFR 10.2):

**Native American human remains** - The physical remains of the body of a person of Native American ancestry.

**Funerary objects and associated funerary objects** - Objects that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains, or that were made exclusively for burial purposes, or to contain human remains.

**Sacred objects** - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

## Off-Duty Law Enforcement Actions

### 337.1 PURPOSE AND SCOPE

This policy is intended to provide guidelines for members of the Saratoga County Sheriff's Office with respect to taking law enforcement action while off-duty.

### 337.2 POLICY

It is the policy of the Saratoga County Sheriff's Office that members generally should not initiate law enforcement action while off-duty. Members are not expected to place themselves in unreasonable peril and should first consider reporting and monitoring the activity. However, any member who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage or loss, may take reasonable action to minimize or eliminate the threat.

### 337.3 DECISION TO INTERVENE

There is no legal requirement for off-duty members to take law enforcement action. Members should consider waiting for on-duty uniformed law enforcement personnel to arrive and while gathering as much accurate intelligence as possible, instead of immediately intervening. However, if a member decides to intervene, he/she must evaluate whether the action is necessary or desirable, and should take into consideration:

- (a) The potential to be misidentified by other law enforcement personnel.
- (b) The potential to be misidentified by members of the public, who may be armed or who may take action.
- (c) The tactical disadvantage of being alone and the possibility of multiple or hidden suspects.
- (d) Limited off-duty firearms capabilities and ammunition.
- (e) The inability to communicate with responding law enforcement personnel.
- (f) The lack of equipment, such as body armor, handcuffs or control devices.
- (g) Unfamiliarity with the surroundings, including escape routes.
- (h) The potential for increased risk to bystanders by confronting a suspect or taking action.
- (i) Stress-induced distractions that impede visual and auditory acuity.

#### 337.3.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the member should attempt to call or have someone else call 9-1-1 to request immediate assistance. If possible, the dispatcher receiving the call should obtain a description of the off-duty member from the caller and broadcast that information to responding members.

Whenever practicable, the member should loudly and repeatedly identify him/herself as a member with the Saratoga County Sheriff's Office until acknowledged. Official identification should also be displayed when possible.

#### **337.4 CONSIDERATIONS**

When encountering a non-uniformed member in public, uniformed members should wait for acknowledgement by the non-uniformed member in case he/she is working in an undercover capacity.

##### **337.4.1 INCIDENTS OF PERSONAL INTEREST**

Office members should refrain from handling incidents of personal interest (e.g., family or neighbor disputes) and should remain neutral. In such circumstances members should call the responsible agency to handle the matter.

#### **337.5 REPORTING**

If prior notification to the appropriate local law enforcement agency is not reasonably possible before taking action, the member shall notify the agency as soon as reasonably practicable. Members shall cooperate fully with the agency having jurisdiction by providing statements or reports as requested or as appropriate.

Members shall notify the on-duty shift sergeant regarding any law enforcement action taken while off-duty. The shift sergeant shall brief his/her chain of command and may be dispatched to the scene by his/her superiors.

### 338.3 EXTREME RISK PROTECTION ORDERS

A member who reasonably believes that an extreme risk protection order is appropriate should obtain supervisor approval prior to seeking an order. Application for an extreme risk protection order shall require approval from a member of at least the rank of sergeant. When application has been authorized by the appropriate personnel, it shall be reviewed and approved by the applying member's supervisor prior to filing.

#### 338.3.1 STANDARDS

Extreme risk protection orders shall be filed when there is probable cause to believe the respondent is likely to engage in conduct that would result in serious harm to the respondent or others (CPLR § 6341; CPLR § 6342; CPLR § 6345).

#### 338.3.2 REQUIREMENTS OF APPLICATION

An application for an extreme risk protection order should be prepared consistent with state law and the procedures developed by the extreme risk protection order coordinator (CPLR § 6341; CPLR § 6342).

A receipt identifying all surrendered or seized items shall be prepared by the members and a copy given to the person (CPLR § 6344). The members should ensure the original receipt is included in the original case report and forwarded to the Identification Officer as soon as practicable.

All items collected should be handled and booked in accordance with the Property and Evidence Unit Policy.

##### **338.4.3 SEARCH WARRANTS**

Members should consider whether a search warrant may be reasonably necessary prior to attempting service of an order. Similarly, members should be aware that search warrant authority may be conferred upon them by virtue of the extreme risk protection order if stated therein.

Consideration should also be given to whether a search warrant is necessary after an extreme risk protection order has been served if a member reasonably believes there are prohibited items within the respondent's custody, control, or possession that have not been surrendered or seized.

Preparation and service of the search warrant should be done in accordance with the Warrant Service Policy.

#### **338.5 RELEASE OF PROHIBITED ITEMS**

Any person requesting the release of any prohibited items in Office custody pursuant to an extreme risk protection order should be referred to the Property and Evidence Unit.

#### **338.6 RENEWAL OF EXTREME RISK PROTECTION ORDER**

Any request for extension of an extreme risk protection order shall require approval from a member of at least the rank of sergeant. When application has been authorized by the appropriate personnel, it shall be reviewed and approved by the applying member's supervisor prior to filing.

Members responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

#### **404.4 MANAGEMENT AND SUPERVISION**

The SOT consists of a minimum of 15 members who are regularly assigned to traditional units. Under the direction of the Sheriff, through the Chief Deputy, the SOT shall be managed by the appointed SOT Commander. The SOT Commander shall be selected by the Sheriff upon recommendation of command staff and without consideration of the rank of the commander. The Sheriff shall designate one SOT member as a Team Leader based upon recommendation of the Team Commander. The Team Commander and Team Leader shall be responsible for the coordination and supervision of the SOT. The Incident Commander establishes a Command Post (CP) in accordance with the Incident Command Systems policy. The SOT Commander operates out of a separate Tactical Operations Center (TOC). The SOT Commander will ensure adequate liaison occurs with the CP and with the Crisis Negotiations Unit. The ranking officer at the scene who has charge of other non-SOT members shall be advised of the SOT plan of action to assure that all members are aware of their duties.

If there are conflicting orders, the last standing order of the highest ranking sworn member in succession of tactical officers through to the Sheriff will be followed for a tactical operation.

The Lieutenant should brief the SOT Commander about the incident. Such information should include:

- (a) The type of crime involved.

- (g) Plan for, and stage, anticipated resources.

#### **404.6.4 ON-SCENE COMMAND RESPONSIBILITIES**

Upon arrival of the SOT at the scene, the Incident Commander shall brief the SOT Commander and team supervisors. Upon review, it will be the SOT Commander's decision, with input from the Incident Commander, whether to deploy the SOT. Once the SOT Commander authorizes deployment, the SOT Commander or the authorized designee will be responsible for the tactical response and negotiations. The Incident Commander shall continue to supervise the command post operation, outer perimeter security, evacuation and media access and will support the SOT. The Incident Commander and SOT Commander or the authorized designee shall maintain direct communication at all times.

#### **404.6.5 COMMUNICATIONS WITH SOT MEMBERS**

All non-emergency communications shall be channeled through the negotiation team or tactical team supervisor or the authorized designee.

#### **404.7 EXPLOSIVE BREACHING**

Tactical breaching charges are specialized tools which are deployed in the furtherance of legitimate law enforcement duties. Tactical explosive breaching/entry (i.e. the use of explosive materials to effect affect an entry) can be a useful tactical option. An explosive breaching charge is a forced entry tool. An effective breach is a design where the most efficient use of the minimum amount of explosives is used to achieve 100% successful penetration, 100% of the time. Effective breaching techniques allow immediate entry with minimal risk to victims, tactical officers, and the suspect(s). This technique enhances the speed and shock effect required of dynamic rescue or entry operations. Explosive breaching may also be useful to pre-detonate any emplaced booby-traps known to be present at the crisis site.

The utilization of explosive breaching charges can be a safe and viable tactic when supporting SOT personnel during the resolution of certain critical incidents and shall only be implemented by trained members of the SOT. This may include:

- Terrorist events

#### 404.7.1 CRITERIA FOR EXPLOSIVE BREACHING

The criteria for the use of explosive breaching may include situations where:

- Explosives are the only means capable of physically breaching the locations barriers/fortifications.
- The suspect possesses or has demonstrated a propensity for violence.
- The breach point has an unusually risky configuration.
- Other breaching methods are deemed unsafe or impractical.
- A penetration/compromise of the structure is desired (regardless of whether entry is being made at that time, i.e. Breach and Delay).

#### 404.8 NOISE FLASH DIVERSIONARY DEVICES (NFDD)

NFDD are items produced commercially which, when activated, produce a loud noise and an accompanying brilliant light. This combination of light and sound can cause confusion and disorientation to the occupants of a premise which is the target of a tactical entry. Additionally, these devices may be used to divert the attention of a suspect to a location away from law enforcement and/or citizens. NFDD should be viewed as a less lethal controlled level of force which, when used properly, may reduce the need for other types of force. This may also reduce the risk of injury to the law enforcement, suspects and innocent persons.

Because of the specialized nature of NFDD and the training required to deploy them, their use shall be restricted to trained members of the SOT. Only SOT members who have successfully completed a departmentally approved training course in the proper use and deployment of NFDD shall be authorized to deploy them during actual operations. In order to remain authorized to use the devices, SOT members shall successfully complete a refresher course on an annual basis. This refresher course shall be comprised of both classroom instruction and practical application.

Except in an emergency situation (i.e. life threatening), NFDD shall not be utilized without prior authorization of the SOT Commander. In the absence of the SOT Commander, the SOT Team Leader or acting tactical team leader may authorize their use.

##### 404.8.1 DEPLOYMENT CONSIDERATIONS AND PROCEDURES

- (a) The specific procedures for deployment of NFDD shall be contained in the course content of the annual training and may change as opinion of experts and new and innovative procedures become available in the field of tactical operations
- (b) The specific procedures for deployment shall at all times be directed toward the safest possible use of the devices with respect to law enforcement personnel, the general public and any dangerous subjects. Prior to deployment, SOT members shall consider available intelligence information and circumstances (e.g. the presence of children, elderly persons, etc.). Whenever possible, devices shall be deployed to an area visible to the deploying member
- (c) Because NFDD have the potential to ignite flammable materials, a portable fire extinguisher should be accessible whenever devices are to be deployed. The fire department shall be advised and be requested to stage in the area when practical
- (d) **Malfunctioning NFDD:** In the event of an NFDD malfunction, once the event or operation is complete and it is safe to do so the area around the NFDD shall be blocked off and a member who is trained in the use of NFDD should visually assess the non-functioning device and follow appropriate procedures for disposal of said device.

##### 404.8.2 NFDD STORAGE

NFDD shall be kept in an appropriate storage unless they are being used, being transported for use, or have been issued to a member.

Appropriate storage shall consist of the Type 2 magazine.

#### **404.9 TACTICAL TEAM ADMINISTRATIVE GUIDELINES**

The tactical team was established to provide a skilled and trained team for deployment to events that require specialized tactics, in situations where suspects have taken hostages and/or barricaded themselves, and in prolonged or predictable situations where persons who are armed or suspected of being armed pose a danger to themselves or others.

The following procedures serve as directives for the administrative operation of the tactical team.

- (a) Entry Operations:  
SOT entry element(s) will have the primary responsibility of completing the SWAT mission relative to hostage rescue, high-risk warrant service, high-risk suspect apprehension, and barricaded armed subjects. Entry element(s) will be responsible for the safety and security of the location including inside the location and the inner perimeter. To accomplish these tasks, the SOT is capable of using the following tactics, or a combination thereof: dynamic entry, controlled entry, surround and call-out, limited penetration, breach and hold, breach and fade, surveillance and take down away or deployment of chemical munitions.  
SOT operations often involve hazardous and dangerous situations. The SOT will take reasonable steps to ensure the safety of all involved persons. However, these situations may require that decisions be made which will affect the life and safety of persons involved. To guide these decisions the following priority of life will be applied:
  1. Hostages;
  2. Innocent bystanders and civilians in the vicinity;
  3. Law enforcement;
  4. Hostage-takers/suspects.

For lower grade incidents, local EMT and paramedics or an office member with appropriate certifications will be placed on stand-by or be requested to the staging area and participate in the tactical briefing.

(e) Breaching Capabilities:

When it appears that breaching will be necessary for a tactical entry to gain access to a building or vehicle, the SOT Commander may authorize and direct such breach. When breaching is anticipated, strategies for same shall be included in the operations plan. # Hazardous Material Response

## 405.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to Office members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities.

### 405.1.1 DEFINITIONS

Definitions related to this policy include:

**Hazardous material** - A substance which, by its nature, containment or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

## 405.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to respond to hazardous material emergencies with due regard for the safety of the public and those members responding to such incidents.

## 405.3 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When members come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most incidents involving hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training. A responder entering the area may require decontamination before he/she is allowed to leave the scene, and should be evaluated by appropriate technicians and emergency medical services personnel for signs of exposure.

## 405.4 CONSIDERATIONS

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potentially hazardous material from a safe distance.
- (b) Notify the Communication Center, appropriate supervisors, the appropriate fire department, and hazardous response units.
  - 1. Provide weather conditions, wind direction, a suggested safe approach route, and any other information pertinent to responder safety.
- (c) Wear personal protective gear, being cognizant that some hazardous material can be inhaled.

- (d) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (e) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars or spotting scopes) if they are available. Identification can be determined by:
  - 1. Placards or use of an emergency response guidebook.
  - 2. Driver's statements or shipping documents from the person transporting the material.
  - 3. Information obtained from any involved person with knowledge regarding the hazardous material. Information should include:
    - (a) The type of material.
    - (b) How to secure and contain the material.
    - (c) Any other information to protect the safety of those present, the community, and the environment.
- (f) Provide first aid to injured parties if it can be done safely and without contamination.
- (g) Make reasonable efforts to secure the scene to prevent access from unauthorized individuals and to protect and identify any evidence.
- (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered; mandatory evacuation may be necessary and will depend on the type of material.
- (i) Establish a decontamination area when needed.
- (j) Activate automated community notification systems, if applicable.
- (k) Notify the New York State Department of Environmental Conservation (Environmental Conservation Law § 17-1007).

#### **405.5 REPORTING EXPOSURE**

Office members who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in an incident report that shall be forwarded via chain of command to the shift Lieutenant as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused by exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report as applicable.

##### **405.5.1 SUPERVISOR RESPONSIBILITIES**

When a supervisor has been informed that a member has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to mitigate the exposure or continued exposure.

To ensure the safety of members, safety equipment is available from supervisors. Safety items not maintained by this Office may be available through the appropriate fire department or emergency response team.

# Hostage and Barricade Incidents

## 406.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where members have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the members by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that members encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

### 406.1.1 DEFINITIONS

Definitions related to this policy include:

**Barricade situation** - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

**Hostage situation** - An incident where it is reasonable to believe a person is:

- Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- Unlawfully held against his/her will under threat or actual use of force. This includes persons in the company of a suspect who are not in a position to make a voluntary choice to leave a premises or location (e.g. children).

## 406.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

## 406.3 COMMUNICATION

When circumstances permit, initial responding members should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Members should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, Office-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands, and the available resources.

##### **406.3.1 EMERGENCY COMMUNICATIONS**

The following law and regulation apply to emergency interception and disconnection of phone services:

- (a) An application for an eavesdropping or video surveillance warrant can be applied for via phone or other electronic means during an emergency (CPL § 700.21). The provisions of CPL § 700.05 through CPL § 700.21 must be followed.
- (b) A phone company can disconnect phone service to a residence when there is an emergency that is endangering a person or surrounding area (16 NYCRR § 609.14).

##### **406.4 FIRST RESPONDER CONSIDERATIONS**

First responding members should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding member should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding member shall be in charge of the scene until relieved by a supervisor or a more qualified responder. The member shall continually evaluate the situation, including the level of risk to members, to the persons involved and to bystanders, and the resources currently available.

The handling member should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

##### **406.4.1 BARRICADE SITUATION**

Unless circumstances require otherwise, members handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt to obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

#### 406.4.2 HOSTAGE SITUATION

Members presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that members react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated, if practicable, pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

#### **406.5 SUPERVISOR RESPONSIBILITIES**

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting Special Operations Team (SOT) response if appropriate and apprising the SOT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized assignment members, additional Office members, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the County during the incident. The supervisor should direct nonessential personnel away from the scene unless they have been summoned by the supervisor.
- (i) Identify a media staging area outside the outer perimeter as necessary and appropriate.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

#### **406.6 SOT RESPONSIBILITIES**

It will be the SOT Commander's decision, with input from the Incident Commander, whether to deploy the SOT during a hostage or barricade situation. Once the SOT Commander authorizes deployment, the SOT Commander or the authorized designee will be responsible for the tactical response and negotiations. The Incident Commander shall continue to supervise the command

## Response to Bomb Calls

### 407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Saratoga County Sheriff's Office in their initial response to incidents involving explosives or explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

### 407.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

### 407.3 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

#### 407.3.1 SARATOGA COUNTY SHERIFF'S OFFICE FACILITY

If the bomb threat is against the Saratoga County Sheriff's Office facility, the shift Lieutenant will direct and assign members as required for coordinating a general building search or evacuation of the Sheriff's Office, as he/she deems appropriate.

#### 407.3.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Saratoga County Sheriff's Office that is not the property of this Office, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the shift Lieutenant deems appropriate.

#### 407.3.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

### 407.4 PRIVATE FACILITY OR PROPERTY

Upon arrival at the location of a reported bomb threat the member should obtain and/or confirm as much information as reasonably possible from the notifying individual, including:

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Response to Bomb Calls*

---

- (a) The location of the threat within the facility, if known.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied, and if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting Sheriff's Office assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
  - 1. No evacuation of personnel and no search for a device.
  - 2. Search for a device without evacuation of personnel.
  - 3. Evacuation of personnel without a search for a device.
  - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

#### 407.4.1 ASSISTANCE

The Shift Supervisor should be notified when Office assistance is requested. The Shift Supervisor will make the decision as to what level the Office will render assistance. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including the Sheriff's Office taking control of the facility.

Should the Shift Supervisor determine that the Office will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility after consulting with the person in charge of the private facility or property.
- (d) Whether to involve facility staff in the search or evacuation of the building.
  - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
  - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
  - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request Sheriff's Office assistance to clear the interior of a building, based upon the circumstances and known threat, members may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

#### **407.5 FOUND DEVICE**

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes:
  - 1. Two-way radios.
  - 2. Cell phones.
  - 3. Other personal communication devices.
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Supervisor including:
  - 1. The time of discovery.
  - 2. The exact location of the device.
  - 3. A full description of the device (e.g., size, shape, markings, construction).
  - 4. The anticipated danger zone and perimeter.
  - 5. The areas to be evacuated or cleared.

#### **407.6 EXPLOSION/BOMBING INCIDENTS**

When an explosion has occurred, there are multitudes of considerations which may confront the responding members. As in other catastrophic events, a rapid response may help to minimize injury to victims, contamination of the scene by gathering crowds, or any additional damage from fires or unstable structures.

##### 407.6.1 CONSIDERATIONS

Members responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department

- Additional Office personnel, such as investigators and forensic services
- Shift sergeant
- Shift Lieutenant
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

##### 407.7 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

##### 407.7.1 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign members to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be embedded in nearby structures or hanging in trees and bushes.

# Crisis Intervention Incidents

## 408.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires a member to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

### 408.1.1 DEFINITIONS

Definitions related to this policy include:

**Person in crisis** - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; noncompliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

## 408.2 POLICY

The Saratoga County Sheriff's Office is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Office will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

## 408.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation or lack of control

---

- (m) Presence of feces or urine on floor

Members should be aware that this list is not exhaustive. The presence or absence of any of these signs should not be treated as proof of the presence or absence of a mental health issue or crisis.

#### **408.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS**

The Sheriff should designate an appropriate Captain to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources to guide Office interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

#### **408.5 FIRST RESPONDERS**

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to members; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit a member's authority to use reasonable force when interacting with a person in crisis.

Members are reminded that mental health issues, mental health crises and unusual behavior are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

A member responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup members and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the member.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all persons involved or potentially impacted by the incident.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

##### **408.6 DE-ESCALATION**

Members should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm and courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (i.e., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding members generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

##### **408.7 INCIDENT ORIENTATION**

When responding to an incident that may involve mental illness or a mental health crisis, the member should request that the Desk Officer/Desk Sergeant provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents or suicide threats/attempts, and whether there has been previous Sheriff's Office response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

##### **408.8 SUPERVISOR RESPONSIBILITIES**

A supervisor should monitor all calls involving an interaction with a person in crisis and respond to the scene as needed. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- (e) If warranted, conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the shift Lieutenant.
- (f) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

#### **408.9 INCIDENT REPORTING**

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to Office reporting procedures or other official mental health or medical proceedings.

##### **408.9.1 DIVERSION**

Individuals who are not being arrested should be processed in accordance with the Emergency Admissions Policy.

##### **408.10 EVALUATION**

The Captain designated to coordinate the crisis intervention strategy for this Office should ensure that a thorough review and analysis of the Office response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, members or incidents and will be submitted to the Sheriff through the chain of command.

##### **408.11 TRAINING**

In coordination with the mental health community and appropriate stakeholders, the Office will develop and provide comprehensive education and training to all Office members to enable them to effectively interact with persons in crisis.

## Emergency Admissions

### 409.1 PURPOSE AND SCOPE

This policy provides guidelines for when members may place a person under an Emergency Admission (Mental Hygiene Law § 9.41).

#### 409.1.1 DEFINITIONS

Definitions related to this policy include (Mental Hygiene Law § 9.01):

**Likely to result in serious harm** - Includes a substantial risk of physical harm to:

- (a) One's self as manifested by threats of or attempts at suicide, or serious bodily harm or other conduct demonstrating that the person is dangerous to him/herself.
- (b) Others as manifested by homicidal or other violent behavior by which others are placed in reasonable fear of serious physical harm.

### 409.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to protect the public and individuals through legal and appropriate use of Emergency Admission Process.

### 409.3 AUTHORITY

Any member:

- (a) May take any person into custody for an emergency admission when the person appears to be mentally ill and is conducting themselves in a manner which is likely to result in serious harm to the person or others. #### *Emergency Admissions*

---

- (e) May, upon the request of an authorized physician who has certified that the person is mentally ill and in need of involuntary care and treatment in a hospital, take a person into custody and transport or assist in the transportation of that person to a hospital as directed. For purposes of this section, an authorized physician is one of the two physicians who are required to examine the person and who authorized the involuntary admission (Mental Hygiene Law § 9.27).
- (f) Shall, upon written request of the DCS, take a person who has been certified by the DCS as having a mental illness which is likely to result in serious harm into custody and transport or assist in the transportation of the person to a hospital for an involuntary admission (Mental Hygiene Law § 9.37).
- (g) Shall, upon the direction of an authorized physician or qualified mental health professional who is a member of a mobile crisis outreach team, take into custody and transport or assist in the transportation of the person to a hospital or, when the individual consents, to a crisis stabilization center (Mental Hygiene Law § 9.58).

#### 409.3.1 VOLUNTARY EVALUATION

If a member encounters an individual who may qualify for emergency admission, the member should not inquire as to whether the person desires to be voluntarily evaluated at an appropriate facility (Mental Hygiene Law § 9.41). If the person indicates a desire to seek a voluntary admission, the member should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person.
- (b) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.
- (c) Contact the parent or appropriate guardian if the person is under 16 years of age prior to proceeding with a voluntary evaluation and/or admission (Mental Hygiene Law § 9.13).

If at any point the person changes the person's mind regarding voluntary evaluation, and the criteria for a § 9.41 admission exists, the member should proceed with the emergency admission.

#### 409.3.2 CRISIS STABILIZATION CENTER SERVICES

In all cases, members should inform individuals of crisis stabilization center services where available (Mental Hygiene Law § 36.02).

#### 409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any member handling a call involving a person who may qualify for detention for the purpose of emergency admission should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the possible cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques

#### *Emergency Admissions*

---

- (d) Community or other resources that may be readily available to assist with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade members from taking reasonable action to ensure the safety of the members and others.

An emergency admission should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

#### **409.5 TRANSPORTATION**

When transporting any individual for an emergency admission or involuntary admission, the transporting member should have the Communication Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Members may transport individuals in the patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a member during the transport, Shift Supervisor approval is required before transport commences. Unless there are safety concerns or a medical reason outside of the mental health concern to request an ambulance, the transport will be made by the deputy in the deputy's vehicle. A supervisor should be advised of the circumstances prior to any involuntary transport.

#### **409.6 TRANSFER TO APPROPRIATE FACILITY**

Upon arrival at the facility, the member will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the member should provide the staff member with any required paperwork for an emergency admission and remain present to provide clarification of the grounds for detention.

Absent exigent circumstances, the transporting member should not assist facility staff with the admission process, including restraint of the individual. Under normal circumstances, members will not apply facility-ordered restraints. However, if the individual is transported and delivered while restrained, the member may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested.

To make certain the examining physician(s) has all relevant information when a person is brought to Saratoga Hospital on either a Mental Hygiene Law § 9.41 Emergency Admission, pursuant to a pick-up order or voluntarily, the transporting member should also contact the on-call crisis evaluator at Saratoga Hospital at (518) 886-5592 to brief them on the specifics as to why the person is being brought in. The number is on 24/7. The particulars of this call should be documented in the report (e.g., name of person spoken to, brief description of information relayed). See below (Documentation).

##### **409.7 DOCUMENTATION**

The member should complete the New York State Office of Mental Health (OMH) Emergency or CPEP Emergency Admission Form, or other form approved by the Office, whenever a person is taken into custody pursuant to Mental Hygiene Law § 9.41 or when a person is voluntarily transported for an evaluation or treatment. A copy of the form will be left with the treating mental health staff. The member should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

The member will document his/her actions in an incident report. Such documentation shall include the name and title of the staff member notified regarding the circumstances leading to the involuntary detention or the person seeking voluntary treatment; a summary of the information conveyed to that staff member; and the time of notification to that staff member.

##### **409.8 CRIMINAL OFFENSES**

Members investigating an individual who is suspected of committing a minor criminal offense and who is being taken into custody through an emergency admission should resolve the criminal matter by issuing a warning or a citation, as appropriate.

When an individual who may qualify for an emergency admission has committed a serious criminal offense that would normally result in an arrest, the member should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the detention.
- (c) Consider an emergency admission if the person is released from custody.
- (d) Facilitate the individual's transfer to jail if committed by a court and notify corrections staff of the circumstances that indicated the person may qualify for an emergency admission..
- (e) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for an emergency admission.
- (f) Thoroughly document the name and title of the corrections staff notified of the circumstances that indicated the person may qualify for an emergency admission, as well as the time of notification and substance of information conveyed.

##### **409.9 FIREARMS AND OTHER WEAPONS**

Whenever a person is taken into custody for an emergency admission, the handling members should seek to determine if the person owns or has access to any firearm or other deadly weapon. Members should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Members are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

#### **409.10 TRAINING**

## Appearance Tickets

### 410.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Saratoga County Sheriff's Office with guidance on when to release adults who are suspected offenders on an appearance ticket for a criminal offense, rather than having the person held in custody. Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

### 410.2 POLICY

The Saratoga County Sheriff's Office will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on an appearance ticket, when authorized to do so.

### 410.3 RELEASE

A suspected offender may be released on issuance of an appearance ticket for all other offenses except any of the crimes listed in the Prohibitions section of this policy (CPL § 140.20; CPL § 140.27; CPL § 150.20).

Prior to release, a member shall inform the arrestee of his/her option to provide contact information for purposes of receiving a reminder of his/her court appearance date (CPL § 150.10). The contact information should be recorded and promptly filed with the appropriate criminal court along with the citation (CPL § 150.80).

#### 410.3.1 RELEASE FOLLOWING FINGERPRINTING AND PHOTOGRAPHING

Following an arrest for a felony, a misdemeanor defined in the penal law, or a misdemeanor defined outside the penal law that would constitute a felony if the accused had a previous judgment of conviction for a crime, the member shall ensure fingerprints of the accused are taken prior to release on an appearance ticket (CPL § 160.10).

A member should take fingerprints of a person arrested for any offense, prior to release on an appearance ticket, if the member:

- (a) Is unable to ascertain the person's identity.
- (b) Reasonably suspects that the person is providing false identification information.
- (c) Reasonably suspects that the person is sought by law enforcement for some other offense.

A photograph and palm prints of the arrested person may be taken along with their fingerprints.

#### 410.3.2 APPEARANCE TICKET RETURN DATE

Members should make all appearance tickets returnable in the appropriate local criminal court as soon as possible, but no later than 20 days from the date of issuance, or at the next scheduled session of the appropriate court, if such session is scheduled to occur more than 20 days from date of issuance (CPL §150.40).

#### 410.5.2 IMPAIRMENT

Members should consider the suspected offender's apparent level of impairment due to alcohol and/or drugs prior to release and follow the Medical Aid and Response Policy as applicable. For impaired suspected offenders who do not require medical aid, members should consider arranging release to a responsible person. In such case members shall document the name and pedigree information of the person assuming responsibility for the suspected offender in the associated case report.

In the event of a DWI or DWAI alcohol or drugs arrest where the issuance of an appearance ticket is authorized by law, members should attempt to ensure that the arrestee is released to a sober third party. This could include use of Uber, Lyft, or a taxi. In such case members shall document the disposition and release status and, where possible, the name and pedigree information of the person assuming responsibility for the suspected offender in the associated case report.

# Immigration Violations

## 412.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Saratoga County Sheriff's Office relating to immigration and interacting with federal immigration officials.

## 412.2 POLICY

It is the policy of the Saratoga County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this Office in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

## 412.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or New York State constitutions.

## 412.4 DETENTIONS

A member should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

A member who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the member may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the member has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

A member should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

---

##### **412.4.1 SUPERVISOR RESPONSIBILITIES**

When notified that a member has detained an individual and established reasonable suspicion or probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority for Police Officers Policy).

##### **412.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT**

Generally, a member should not notify federal immigration officials when booking arrestees at a jail facility unless that member has reasonable suspicion that an arrestee already lawfully detained has committed a criminal violation of federal immigration law. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification unless the member has reasonable suspicion that that individual has committed a criminal violation of federal immigration law. In such case, the member may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

##### **412.6 FEDERAL REQUESTS FOR ASSISTANCE**

Requests by ICE, or any other federal agency, for assistance from this Office should be directed to a supervisor. The Office may provide available support services to ICE or other federal agencies as deemed appropriate by the supervisor.

##### **412.7 INFORMATION SHARING**

No member of this Office will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in Office records
- (c) Exchanging such information with any other federal, state, or local government entity

##### **412.7.1 IMMIGRATION DETAINERS**

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

##### **412.8 U VISA AND T VISA NONIMMIGRANT STATUS**

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigations Division Captain. The Investigations Division Captain should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
  - 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.
- (e) Nothing contained herein shall require that any member complete a certification or declaration form.
- (f) The member completing a certification or declaration or any ranking member may withdraw a completed certification or declaration if it is determined that the victim has stopped cooperating with the investigation or prosecution upon which the original certification or declaration was based.

#### **412.9 TRAINING**

The Training Manager should ensure members receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed.

## Aircraft Accidents

### 413.1 PURPOSE AND SCOPE

The purpose of this policy is to provide Office members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Comprehensive Emergency Management Plan and Hazardous Material Response policies.

#### 413.1.1 DEFINITIONS

Definitions related to this policy include:

**Aircraft** - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

### 413.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

### 413.3 ARRIVAL AT SCENE

Members or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

### 413.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of obviously deceased victims. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings. It is recommended that the scene be photographed as soon as possible to document the condition of the aircraft as well as the position of injured victims and the deceased.

##### **413.5 NOTIFICATIONS**

When an aircraft accident is reported to this Office, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)
- (d) Sheriff and/or Undersheriff via the chain of command
- (e) Saratoga County Director of Emergency Services

##### **413.6 CONTROLLING ACCESS AND SCENE AUTHORITY**

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies as necessary to mitigate any present danger and provide emergency medical treatment to the injured.
- (c) Coroner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this Office will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene Office supervisor should ensure the accident is still appropriately investigated and documented.

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

## Field Training

### 414.1 PURPOSE AND SCOPE

This policy provides guidelines for field training that ensure standardized training and evaluation; facilitate the transition from the academic setting to the actual performance of general law enforcement duties; and introduce the policies, procedures and operations of the Saratoga County Sheriff's Office. All FTOs should receive periodic FTO update courses approved by this Office.

## Air Support

### 415.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies situations where the use of air support may be requested and the responsibilities for making a request.

### 415.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to prioritize requests for air support to enhance law enforcement objectives and provide additional safety to members and the community.

### 415.3 REQUEST FOR AIR SUPPORT

If a supervisor or member in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support may be made. All requests for air support for other than medical evacuation must be approved by the shift Lieutenant. When operating under an implemented I.C.S. plan, requests for air support must be made through and approved by the Incident Commander/Unified Command as appropriate.

#### 415.3.1 CIRCUMSTANCES FOR REQUESTS

Law enforcement air support may be requested under conditions that include, but are not limited to:

- (a) When the safety of members or the community is in jeopardy and the presence of air support may reduce such hazard.
- (b) When the use of air support will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to members or the community.
- (c) When air support is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard.
- (d) Vehicle pursuits.
- (e) Pre-planned events or actions that require air support.
- (f) Due to a request under an existing mutual aid agreement.
- (g) When the shift Lieutenant or equivalent authority determines a reasonable need exists.

#### 415.3.2 ALLIED AGENCY REQUEST

After consideration and approval of the request for air support, the Desk Sergeant or the authorized designee will be advised to contact the closest agency having available and suitable air support and will apprise that agency of the specific details of the incident prompting the request.

## Contacts and Temporary Detentions

### 416.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

#### 416.1.1 DEFINITIONS

Definitions related to this policy include:

**Consensual encounter** - When a member contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the member is voluntary. For purposes of this policy, consensual encounters include level 1 (request for information) and level 2 (common law right of inquiry) contacts.

**Field interview (FI)** - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the member's suspicions.

**Field photographs** - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

**Pat-down search** - A type of search used by members in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the member, the detainee, or others.

**Reasonable suspicion** - When, under the totality of the circumstances, a member has articulable facts that criminal activity may be at hand and a particular person is connected with that possible criminal activity.

**Temporary detention** - When a member intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a member actually restrains a person's freedom of movement.

### 416.2 POLICY

The Saratoga County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the member, the decision to temporarily detain a person and complete an FI, pat-down search or field photograph shall be left to the member based on the totality of the circumstances, officer safety considerations and constitutional safeguards.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Contacts and Temporary Detentions*

---

##### **416.3 FIELD INTERVIEWS**

Based on observance of suspicious circumstances or upon information from investigation, a member may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the member's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Saratoga County Sheriff's Office to strengthen community involvement, community awareness and problem identification.

##### **416.3.1 INITIATING A FIELD INTERVIEW**

When initiating the stop, the member should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the member.

##### **416.4 PAT-DOWN SEARCHES**

Once a valid stop has been made, and consistent with the member's training and experience, a member may pat a suspect's outer clothing for weapons if the member has a reasonable, articulable suspicion the suspect may pose a safety risk (CPL § 140.50). The purpose of this limited search is not to discover evidence of a crime, but to allow the member to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single member.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

Whenever practicable, a pat-down search should not be conducted by a lone member. A cover member should be positioned to ensure safety and should not be involved in the search.

#### **416.4.1 CONSENSUAL PAT-DOWNS**

Asking for consent to conduct a pat-down search can elevate an encounter to a level 2 common-law right to inquire encounter. Members should have a founded suspicion that the person is involved in criminal activity before asking for consent.

#### **416.5 FIELD PHOTOGRAPHS**

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the member shall carefully consider, among other things, the factors listed below.

##### **416.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT**

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the member should have the individual read and sign the appropriate form accompanying the photograph.

##### **416.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT**

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The member must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the member's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

##### **416.5.3 DISPOSITION OF PHOTOGRAPHS**

All detainee photographs must be adequately labeled and submitted to a supervisor with documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

##### **416.5.4 SUPERVISOR RESPONSIBILITIES**

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

##### **416.6 WITNESS IDENTIFICATION AND INTERVIEWS**

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, members should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
  - 1. A written statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
  - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, members should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a statement. Such witnesses, if willing, may be transported by Office members.
  - 1. A written statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

# Mobile Data Terminal Use

## 417.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure proper access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between Office members and the Communication Center.

## 417.2 POLICY

Saratoga County Sheriff's Office members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

## 417.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any Office technology system (see the Information Technology Use Policy for additional guidance).

## 417.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks or communications that are directly related to the business, administration or practices of the Office. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

### 417.4.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Mobile Data Terminal Use*

---

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

#### **417.5 DOCUMENTATION OF ACTIVITY**

All calls for service assigned by a Desk Officer/Desk Sergeant or initiated by a member should be communicated by voice over the Sheriff's radio or electronically via the MDT unless security or confidentiality prevents such broadcasting.

##### **417.5.1 STATUS CHANGES**

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the Sheriff's radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status may be made on the MDT.

##### **417.5.2 EMERGENCY ACTIVATION**

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available member should respond in accordance with the Member Response to Calls Policy.

Members should ensure a field supervisor is notified of the incident without delay.

Members not responding to the emergency shall refrain from transmitting on the Sheriff's radio until a no-further-assistance broadcast is made or if they are handling a different emergency.

#### **417.6 EQUIPMENT CONSIDERATIONS**

##### **417.6.1 NON-FUNCTIONING MDT**

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify the Communication Center and their immediate supervisor.

##### **417.6.2 BOMB CALLS**

When investigating reports of possible bombs, members should power down their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

## Portable Audio/Video Recorders

### 418.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this Office while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand-held or integrated into portable equipment.

This policy does not apply to lawful surreptitious audio/video recording, interception of communications for authorized investigative purposes or to mobile audio/video recordings (see the Investigation and Prosecution and Mobile Audio/Video policies).

### 418.2 POLICY

The Saratoga County Sheriff's Office may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Office by accurately capturing contacts between members of the Office and the public.

### 418.3 PRIVACY

All recordings made by members acting in an official capacity of this Office shall remain the property of the Office regardless of whether those recordings were made with Office-issued or personally owned recorders. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

### 418.4 MEMBER RESPONSIBILITIES

Prior to going onto patrol, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder, issued by the Office, and that the recorder is in good working order. Lieutenants or above have discretion to wear and activate their portable cameras unless they are assigned to a patrol function as a primary responder. If the recorder is not in working order or malfunctions at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as practicable. Uniformed members should wear the recorder in a conspicuous manner. During arrest processing in sub-stations without interior camera systems, members shall keep their recorders activated but may place their recorder in a static position to record the arrestee. Recording with a portable recorder will not be required within the booking area of the Public Safety Building. Members are not required to notify others that they are being recorded, however shall acknowledge that an incident is being recorded if asked.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner. Members are not required to notify others that they are being recorded, however shall acknowledge that an incident is being recorded if asked.

### Policy Manual

#### *Portable Audio/Video Recorders*

---

When using a recorder, the assigned member shall record his/her name, SCSO identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member de-activated the recording. Members should include the reason for de-activation.

While on an authorized meal break at their residence, members may leave the portable camera in their vehicle.

#### **418.5 ACTIVATION OF THE AUDIO/VIDEO RECORDER**

This policy is not intended to describe every possible situation in which the recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The recorder should be activated in any of the following situations:

- (a) All routine complaints and enforcement and investigative contacts including stops and field interview situations.
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops.
- (c) Self-initiated activity in which a member would normally notify the Communication Center.
- (d) Members taking walk-in complaints in the Public Safety Building Lobby or any substation.
- (e) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.

Members are not required to record routine non-law enforcement related encounters such as giving directions, casual contact with the public or friendly interactions with children.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

While not engaged in law enforcement activities, members should deactivate recorders prior to entering a public or office owned restroom or locker room. Upon entering the Milton Public Safety Building, all portable cameras are to be docked with the exception of the booking room where cameras may be worn but must be deactivated. Upon leaving the booking area and entering

the main Public Safety Building, all portable cameras should be placed in the nearest available docking station.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as practicable.

##### **418.5.1 CESSATION OF RECORDING**

Once activated, the portable recorder should remain on continuously until the member's direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident or when directed by a supervisor. Recording may also be muted:

- When in a meeting or conference
- While engaged in tactical operational briefings that could reveal criminal investigative techniques or procedures (except routine techniques and procedures)
- When otherwise directed by a supervisor

##### **418.5.2 SURREPTITIOUS USE OF THE AUDIO/VIDEO RECORDER**

New York law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission. Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

##### **418.5.3 EXPLOSIVE DEVICE**

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

#### **418.6 PROHIBITED USE OF PORTABLE RECORDERS**

Members are prohibited from using Office-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in an official capacity. Portable cameras shall not be intentionally activated to record conversations between employees without their knowledge during routine non-emergency activities.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with Office-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate Office business purposes. All such recordings shall be retained at the Office.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Lieutenant. Any member who uses a personally owned recorder for Office-

related activities shall comply with the provisions of this policy, including retention and release requirements.

Recordings shall not be used by any member for the purpose of embarrassment, intimidation or ridicule.

#### **418.7 RETENTION OF RECORDINGS**

Any time a member records any portion of a contact that the member reasonably believes constitutes evidence in a criminal case, the member shall record the related case number and transfer the file in accordance with current procedure for storing digital files and document the existence of the recording in the related case report. Transfers should occur at the end of the member's shift, or any time the storage capacity is nearing its limit.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

Accidental recordings which do not fall under the activation criteria of this policy may be deleted by a lieutenant or above who was not involved with the incident.

##### **418.7.1 RETENTION REQUIREMENTS**

All recordings shall be retained for a period consistent with the requirements of the established records retention schedule but in no event for a period less than 180 days.

#### **418.8 REVIEW OF RECORDED MEDIA FILES**

When preparing written reports, members should review their recordings as a resource. However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing a member's performance. Supervisors will also conduct random audits of videos to ensure compliance with agency policies and procedures. Minor, technical violations found during random audits should be used to identify training concerns. Except for significant policy violations or violations of law, information gleaned from random audits should not be the sole basis for disciplinary action against a member.

Recorded files may also be reviewed:

- (a) Upon approval by a lieutenant or above, by any member of the Office who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation or pursuant to the Officer Involved Shootings and Death Policy.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Sheriff or the authorized designee.

Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court (Public Officers Law § 89).

## Public Recording of Law Enforcement Activity

### 419.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this Office. In addition, this policy provides guidelines for situations where the recordings may be evidence.

### 419.2 POLICY

The Saratoga County Sheriff's Office recognizes the right of persons to lawfully record members of this Office who are performing their official duties. Members of this Office will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Members shall exercise restraint and should not resort to highly discretionary arrests for offenses such as obstructing governmental administration, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

### 419.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects (Civil Rights Law § 79-p).

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include but are not limited to:
  - 1. Tampering with a witness or suspect.
  - 2. Inciting others to violate the law.
  - 3. Being so close to the activity as to present a clear safety hazard to the members.
  - 4. Being so close to the activity as to interfere with a member's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the member, him/herself, or others.

### 419.4 MEMBER RESPONSE

Members should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, members should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, members or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or

behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a member could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, members shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

#### **419.5 SUPERVISOR RESPONSIBILITIES**

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the member and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Office members, such as how and where to file a complaint.

#### **419.6 SEIZING RECORDINGS AS EVIDENCE**

Members should not seize recording devices or media unless (42 USC § 2000aa; Civil Rights Law § 79-p):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
  - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious physical injury or death of any person.
- (c) The person consents.
  - 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
  - 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain

# Bicycle Patrol

## 420.1 PURPOSE AND SCOPE

This policy establishes guidelines for the Saratoga County Sheriff's Office to safely and effectively use bicycle patrol for the purpose of enhancing field patrol efforts in the community.

## 420.2 POLICY

It is the policy of the Saratoga County Sheriff's Office that patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize member mobility and Office visibility in the community.

## 420.3 OPERATIONS

Bicycle patrol has been shown to be an effective way to increase member visibility in congested areas, and the quiet operation of the patrol bicycle can facilitate a tactical approach to crimes in progress. Patrol bicycles may be deployed to any area, at any hour of the day or night, according to Office needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol members shall be coordinated through the chain of command to the shift Lieutenant.

## 420.4 SELECTION

When an opening exists for a bicycle patrol position, interested members who are off probation shall submit a letter of interest to their shift sergeant unless otherwise directed by a superior. Qualified applicants will then be invited to an oral interview. The oral interview will be conducted by the Chief Deputy or the authorized designee.

Interested members shall be evaluated by the following criteria:

- (a) Recognized competence and ability as evidenced by performance
- (b) Special skills or training as it pertains to the assignment
- (c) Good physical condition
- (d) Willingness to perform duties using the bicycle as a mode of transportation

### 420.4.1 MEMBER RESPONSIBILITIES

Members should operate the bicycle in compliance with Vehicle and Traffic Law § 1231 under normal operation, unless their duties require otherwise (Vehicle and Traffic Law § 1104).

Members may operate the bicycle without lighting equipment during hours of darkness only when it reasonably appears necessary for officer safety or tactical considerations. Members must use caution and care when operating bicycles without lighting equipment or when they are operating in violation of the rules of the road.

Members are exempt from the rules of the road under the following conditions (Vehicle and Traffic Law § 1104):

- (a) In response to an emergency call

Patrol bicycles shall be properly secured when not in the member's immediate presence.

##### **420.5.1 TRANSPORTING THE PATROL BICYCLE**

The patrol bicycle should be transported using a vehicle bicycle rack whenever possible. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a law enforcement vehicle push-bumper is discouraged.

##### **420.5.2 MAINTENANCE**

- (a) Bicycle patrol members shall conduct an inspection of the patrol bicycle and equipment prior to and at the end of use to ensure proper working order of the equipment.
- (b) Members are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).
  - 1. Each patrol bicycle will have scheduled maintenance annually to be performed by a repair shop or technician approved by the Office.
- (c) Members shall not modify the patrol bicycle or remove, modify or add components to the patrol bicycle except with the express approval of their immediate supervisor, or in the event of an emergency.
- (d) If a needed repair is beyond the ability of the bicycle patrol member, a memorandum will be completed and forwarded to the appropriate sergeant for repair by a technician approved by the Office.
- (e) Patrol bicycle rechargeable batteries, if so equipped, shall be rotated on the assigned charger at the end of each tour of duty.

## Automated License Plate Readers (ALPRs)

### 421.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

### 421.2 POLICY

The policy of the Saratoga County Sheriff's Office is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this Office. Because such data may contain confidential information, it is not open to public review.

### 421.3 ADMINISTRATION

The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Saratoga County Sheriff's Office to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Special Services Unit Supervisor. The Special Services Unit Supervisor will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

### 421.4 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Office members shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped vehicles to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this Office shall operate ALPR equipment or access ALPR data without first completing Office-approved training.

- (g) If practicable, the member should verify an ALPR response through the eJusticeNY Integrated Justice Portal before taking enforcement action that is based solely on an ALPR alert.

#### **421.5 DATA COLLECTION AND RETENTION**

The Special Services Unit Supervisor is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with Office procedures.

All stored ALPR data should be retained in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances, the applicable data should be downloaded onto portable media and booked into evidence, or printed and added to the case file.

#### **421.6 ACCOUNTABILITY AND SAFEGUARDS**

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or Office-related civil or administrative action.
- (c) ALPR system audits should be conducted by the Special Services Unit Supervisor on a regular basis.

#### **421.7 RELEASING ALPR DATA**

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

- (a) The agency makes a written request for the ALPR data that includes:
  - 1. The name of the agency.
  - 2. The name of the person requesting.
  - 3. The intended purpose of obtaining the information.
- (b) The request is reviewed by the a Captain or the authorized designee and approved before the request is fulfilled.
- (c) The approved request is retained on file.

## Medical Cannabis

### 422.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this Office with guidelines for investigating the acquisition, possession, transfer, transportation, delivery, administration, or use of cannabis under New York's medical cannabis laws (Cannabis Law § 1 et seq.).

#### 422.1.1 DEFINITIONS

Definitions related to this policy include (Cannabis Law § 3; 9 NYCRR § 113.1):

**Allowable amount** - Possession of a 60-day dosage of medical cannabis by a certified patient or designated caregiver. This may include possession of the certified patient's next 60-day supply during the last seven days of any 60-day period (Cannabis Law § 31).

**Certified medical use** - The acquisition, possession, transportation, or other authorized use of medical cannabis by a certified patient or designated caregiver.

**Certified patient** - A person residing or receiving treatment in New York for a condition that qualifies the person to receive a certification from an authorized practitioner to use medical cannabis pursuant to Cannabis Law § 30.

**Designated caregiver** - A person designated by a certified patient in a registry application to assist the certified patient in the acquisition, possession, transportation, or other authorized use of medical cannabis, or an employee of a registered designated caregiver facility.

**Licensee or permittee** - A person granted a license or a permit to cultivate, process, distribute, deliver, or dispense cannabis, or a cannabis research license, by the Cannabis Control Board.

**Registered facility or organization** - A designated caregiver facility that is registered with the Office of Cannabis Management, or a business or organization registered by the Cannabis Control Board (Cannabis Law § 32; Cannabis Law § 33; Cannabis Law § 34).

**Registry identification card (RIC)** - The card that is issued in accordance with Cannabis Law § 32 based upon a certification provided by an authorized practitioner that identifies an individual as a certified patient or a designated caregiver.

### 422.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to prioritize resources to avoid making arrests related to cannabis that the arresting member reasonably believes would not be prosecuted by state or federal authorities.

New York medical cannabis laws are intended to provide protection from prosecution to those who acquire, possess, cultivate, use, or transport cannabis to mitigate the symptoms of medical conditions. However, New York medical cannabis laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of cannabis. The Saratoga County Sheriff's Office will exercise discretion to ensure laws are appropriately enforced without

unreasonably burdening both those individuals protected under New York law and the resources of the Office.

#### **422.3 INVESTIGATION**

Investigations involving the possession, delivery, production, or use of cannabis generally fall into one of two categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a person possessing an RIC.

##### **422.3.1 INVESTIGATIONS WITH NO MEDICAL CLAIM**

In any investigation involving the possession, delivery, production, or use of cannabis or drug paraphernalia where no person claims that the cannabis is used for medicinal purposes, the member should proceed with a criminal investigation if the amount is greater than permitted for personal use (Penal Law § 222.00 et seq.). A medicinal claim may be raised later, so members should document any statements and observations that may be relevant to whether the cannabis was possessed or produced for medicinal purposes.

##### **422.3.2 INVESTIGATIONS INVOLVING PERSONS WITH AN RIC**

Members shall not take enforcement action against a certified patient or designated caregiver who is in possession of a valid RIC when (Cannabis Law § 32):

- (a) The certified patient or designated caregiver possesses an allowable amount of cannabis.
  - 1. A designated caregiver may possess the allowable amount of cannabis for up to four certified patients.
- (b) The form of medical cannabis that is possessed is in compliance with the recommended amount or limitation set by the medical practitioner who issued the patient's certification for the use of medical cannabis.
- (c) The medical cannabis is in the original package that it was dispensed in except for the portion removed for immediate consumption.

Members should not take enforcement action if the member can reasonably ascertain that the person otherwise has a valid RIC. The member should document attempts to verify the existence and validity of an RIC issued to the patient or designated caregiver in a written report.

##### **422.3.3 ADDITIONAL CONSIDERATIONS**

Members should consider the following when investigating an incident involving cannabis possession, delivery, production, or use:

- (a) Because enforcement of medical cannabis laws can be complex, time-consuming, and can call for resources unavailable at the time of initial investigation, members may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
  - 1. The suspect has been identified and can be easily located at another time.

2. The case would benefit from review by a person with expertise in medical cannabis investigations.
  3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
  4. Any other relevant factors exist, such as limited available Office resources and time constraints.
- (b) Before proceeding with enforcement related to registered organizations or dispensing facilities that supply cannabis for patients, licensees, or permittees, members should consider conferring with appropriate legal counsel (e.g., to discuss requested enforcement actions such as preliminary injunctions and temporary restraining orders and associated procedural requirements (Cannabis Law § 16-a)) (Cannabis Law § 134).
- (c) The Cannabis Control Board should be contacted should questions arise regarding cannabinoid hemp and hemp extract activity (Cannabis Law, Article 5; Cannabis Law § 109).
- (d) Cannabis involved in any way with conduct deemed to be lawful under New York State law is not subject to seizure and does not support the forfeiture of property as set forth in the Asset Forfeiture Policy (Penal Law § 222.05).
- (e) Questions regarding the validity of an RIC, a registered facility, or organization, licensee, or permittee should be referred to the New York State Cannabis Control Board (Cannabis Law § 32).

#### 422.3.4 EXCEPTIONS

This policy does not apply to the following offenses. Members may take enforcement action if the person:

- (a) Consumes cannabis through smoking or vaporization in any location where smoking is prohibited by New York law, including but not limited to (Public Health Law § 1399-o):
1. Places of employment.
  2. Places of mass transportation.
  3. Child care facilities and all public and private educational institutions.
  4. Hospitals and residential health care facilities (unless use is in a designated smoking room for patients of such facilities).
  5. Within 100 feet of the entrance, exit, or outdoor area of a public or private elementary or secondary school.
- (b) Obtains, possesses, stores, or maintains an amount of cannabis in excess of the amount that the certified patient or designated caregiver is authorized to possess under New York's medical cannabis laws (Penal Law § 179.15).
- (c) Sells, trades, delivers, or otherwise provides medical cannabis to another person with knowledge or reasonable grounds to believe that the person is not registered under New York's medical cannabis laws (Penal Law § 179.11).

- (e) Consumes cannabis while in any motor vehicle (9 NYCRR § 113.19)

#### **422.4 FEDERAL LAW ENFORCEMENT**

Members should provide information regarding a cannabis investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities pursuant to a valid court order (Cannabis Law § 127).

#### **422.5 PROPERTY AND EVIDENCE UNIT SUPERVISOR RESPONSIBILITIES**

The Property and Evidence Unit Custodian should ensure that cannabis, drug paraphernalia, or other related property seized from a person engaged or assisting in the use of medical cannabis is not destroyed. Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Unit Custodian should as soon as practicable return to the person from whom it was seized any useable cannabis, drug paraphernalia, or other related property.

The Property and Evidence Unit Custodian should not destroy cannabis that was alleged to be for medical purposes except upon receipt of a court order.

The Property and Evidence Unit Custodian may release cannabis to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Administrative Services Captain.

## Medical Aid and Response

### 423.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

### 423.2 POLICY

It is the policy of the Saratoga County Sheriff's Office that all members and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

### 423.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communication Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communication Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
  - 1. Signs and symptoms as observed by the member.
  - 2. Changes in apparent condition.
  - 3. Number of patients, sex, and age, if known.
  - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
  - 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Member should not direct EMS personnel regarding whether to transport the person for treatment.

##### **423.4 TRANSPORTING ILL AND INJURED PERSONS**

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Members should search any person who is in custody before releasing that person to EMS for transport.

A member should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

##### **423.5 PERSONS REFUSING EMS CARE**

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a member shall not force that person to receive medical care or be transported.

However, members may assist EMS personnel when EMS personnel determine the person lacks the mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the member should consider proceeding with emergency admission in accordance with the Emergency Admission Policy.

If a member believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The member may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the member should consult with a supervisor to determine the appropriate course of action.

Members shall not sign forms accepting financial responsibility for treatment. Members may sign as a witness for refusal-for-treatment forms when they witness the refusal and when requested to do so by EMS.

##### **423.6 MEDICAL ATTENTION RELATED TO USE OF FORCE**

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Conducted Energy Device policies.

##### **423.7 AIR AMBULANCE**

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are

- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during the landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

#### **423.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE**

##### **423.8.1 AED USER RESPONSIBILITY**

Members who are issued AEDs for use in Office vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to a shift supervisor who will facilitate its repair with the sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact the Communication Center as soon as possible and request response by EMS.

##### **423.8.2 AED REPORTING**

The local emergency medical system will be notified immediately upon the use of an AED (Public Health Law § 3000-b).

Any member using an AED will complete an incident report detailing its use.

##### **423.8.3 AED TRAINING AND MAINTENANCE**

Members who are issued AEDs for use in Office vehicles shall be trained by a nationally recognized organization or the state emergency medical services council in the use of the AED (Public Health Law § 3000-b).

##### **423.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES**

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Office's Opioid Overdose Prevention Program Director who will provide a replacement therefor. The Program Director is the only authorized person to dispose of expired or otherwise unserviceable medication..

##### **423.9.2 OPIOID OVERDOSE MEDICATION REPORTING**

Any member administering opioid overdose medication should detail its use on an appropriate form as specified by the NYS Department of Health (DOH) and forward it to the Office's Opioid Overdose Prevention Program Director.

The member shall report all responses to victims of suspected drug overdose on the current state-specified form and to the Office's Opioid Overdose Program Director or his/her designee (10 NYCRR § 80.138(c)(3)).

The Program Director shall ensure that all administrations of an opioid antagonist and the number of trained overdose responders are reported to the DOH quarterly (10 NYCRR § 80.138). The Program Director shall ensure the appropriate personnel has a current list of members trained as overdose responders.

##### **423.9.3 OPIOID OVERDOSE MEDICATION TRAINING**

The Program Manager should ensure initial training is provided and refresher training or competency verification occurs every two years for members authorized to administer opioid overdose medication as specified by the MPTC (10 NYCRR § 80.138).

##### **423.9.4 SECOND CHANCE PROGRAM**

The Office shall follow-up with victims of all overdoses and make a reasonable effort to refer them to services available in the community.

#### **423.10 SICK OR INJURED ARRESTEE**

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking and a supervisor shall be notified.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the member should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

#### *Medical Aid and Response*

---

Arrestees who appear to have a serious medical issue should be transported by ambulance. Members shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay a member from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the member's training.

#### **423.11 FIRST AID TRAINING**

Subject to available resources, the Training Manager should ensure members receive periodic first aid training appropriate for their position.

# First Amendment Assemblies

## 424.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

## 424.2 POLICY

The Saratoga County Sheriff's Office respects the rights of people to peaceably assemble. It is the policy of this Office not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

## 424.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills, leafleting, disorderly conduct, unlawful assembly, inciting to riot, criminal interference with health care services or religious worship and loitering. However, members shall not take action or fail to take action based on the opinions being expressed. Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (potentially involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors members may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and to prevent the destruction of property. Members should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless a member is placing a person under lawful arrest. After processing, cameras, cell phones or materials should be returned to the person arrested unless there is a legitimate reason to seize a recording as evidence pursuant to the Public Recording of Law Enforcement Activity policy (Civil Rights Law §79-p).

Supervisors should continually observe Office members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

##### **424.3.1 PHOTOGRAPHS, VIDEO RECORDINGS AND OTHER INFORMATION**

Photographs, video recordings and other information may be collected at assemblies and demonstrations as they can serve a number of purposes, such as support of criminal prosecutions, assistance in evaluating Office performance, serving as training material, recording the use of dispersal orders and facilitating a response to allegations of improper law enforcement conduct.

Photographs, video recordings and other information shall not be maintained on the political, religious or social activities, views or associations of any individual, group or organization unless those activities, views or associations directly relate to an investigation of criminal activity and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

##### **424.4 UNPLANNED EVENTS**

When responding to an unplanned or spontaneous public gathering, the first responding member should conduct an assessment of conditions, including, but not limited to:

- Location.
- Number of participants.
- Apparent purpose of the event.
- Leadership (whether it is apparent and/or whether it is effective).
- Any initial indicators of unlawful or disruptive activity.
- Indicators that lawful use of public facilities, streets or walkways will be impacted.
- Ability and/or need to continue monitoring the incident.

Initial assessment information should be promptly communicated to the Communication Center, and the response of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

##### **424.5 PLANNED EVENT PREPARATION**

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

##### **424.5.1 INFORMATION GATHERING AND ASSESSMENT**

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope, and type of planned activities.

- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

#### 424.5.2 OPERATIONAL PLANS

Supervisory and/or command staff should develop an operational plan for the event as needed.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (helmets, shields, etc.).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) An established liaison with demonstration leaders and external agencies.
- (h) An established liaison with County government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests, to be coordinated with the District Attorney's Office.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.
- (t) Parameters for the use of portable recording devices.

##### **424.5.3 MUTUAL AID AND EXTERNAL RESOURCES**

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

##### **424.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS**

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear, standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

##### **424.7 USE OF FORCE**

Use of force is governed by current Office policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm members, themselves or others, or will result in substantial property loss or damage (see the Control Devices and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

---

Any use of force by a member of this Office shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

#### **424.8 ARRESTS**

The Saratoga County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been or reasonably appear likely to be unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of members and arrestees.
- (b) Dedicated arrest, booking, and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail, and courts (see the Appearance Tickets Policy).

#### **424.9 MEDIA RELATIONS**

The Sheriff or authorized designee should use all available avenues of communication, including press releases, briefings, press conferences and social media, to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

#### **424.10 DEMOBILIZATION**

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

#### **424.11 POST EVENT**

The Incident Commander should designate a member to assemble full documentation of the event, to include:

- (a) Operational plan.
- (b) Any incident logs.

- (g) Media accounts (print and broadcast media).

#### **424.11.1 AFTER-ACTION REPORTING**

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event and explain all incidents where force was used, to include:

- (a) Date, time, and description of the event.
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests, costs).
- (c) Problems identified.
- (d) Significant events.
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts, or circumstances.

#### **424.12 TRAINING**

Office members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Office should, when practicable, train with its external and mutual aid partners.

## Civil Disputes

### 425.1 PURPOSE AND SCOPE

This policy provides members of the Saratoga County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to "court orders" apply to any order of a court that does not require arrest or enforcement by the terms of the order or by New York law.

### 425.2 POLICY

The Saratoga County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this Office will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

### 425.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While the following is not intended to be an exhaustive list, members should give consideration to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice; however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

#### **425.4 COURT ORDERS**

Disputes involving court orders can be complex. Where no mandate exists for a member to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating member should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating member should document:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be submitted to the Records Unit as part of the incident report when available.

##### **425.4.1 STANDBY REQUESTS**

Members responding to a call for standby assistance to retrieve property should request the Communication Center to check for orders of protection that may be in effect involving the parties reasonably believed to be involved in the standby prior to meeting with the requesting party but in any event prior to proceeding to the location of the standby.

If there is an order of protection, restraining or similar order against the person requesting standby assistance forbidding them to be at the place where the standby is to occur or from being in the presence of a person reasonably believed to be at the standby location, the member shall notify the person requesting assistance of same. In the event the issuing court authorizes a law enforcement escort for a party in retrieving property, such authorization should be clearly documented and subject to review by a supervisor before law enforcement assistance is rendered. If no such authorization is evident, the member shall not provide standby assistance and advise the person requesting the standby assistance that they are subject to arrest for violating the order should they decide to ignore its conditions. Such admonishment should be documented in an incident report.

In the event no orders of protection are found, members should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Members should not order the other party to allow entry or the removal of any items.

All activity relating to property retrievals and requests for same shall be documented in an appropriate report.

##### **425.5 VEHICLES AND PERSONAL PROPERTY**

Members may be faced with disputes regarding possession or ownership of vehicles or other personal property. Members may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, members should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

##### **425.6 REAL PROPERTY**

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

For matters concerning rent administration, housing operations, rent overcharges and security deposits, the member may refer the complainant to the New York State Attorney General's Office.

##### **425.7 TRAINING**

Landlord tenant issues are complex and the Office should develop and implement basic and ongoing training for members on landlord and tenant rights.

# Suspicious Activity Reporting

## 426.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

### 426.1.1 DEFINITIONS

Definitions related to this policy include:

**Involved party** - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

**Suspicious activity** - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

**Suspicious Activity Report (SAR)** - An incident report used to document suspicious activity.

## 426.2 POLICY

The Saratoga County Sheriff's Office recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information to the appropriate members and organizations regarding suspicious activities, while safeguarding civil liberties and privacy protections.

## 426.3 RESPONSIBILITIES

The Investigations Captain or the authorized designees will manage SAR activities.

The responsibilities of the Investigations Division include but are not limited to:

- (a) Remaining familiar with those databases available to the Office that would facilitate the purpose of this policy.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Suspicious Activity Reporting*

---

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative, or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Office.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center, specifically the New York State Intelligence Center (NYSIC).
- (h) Ensuring that, as resources are available, the Office conducts outreach that is designed to encourage community members to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

#### **426.4 REPORTING AND INVESTIGATION**

Any Office member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about the involved parties and the circumstances of the incident. If, during any investigation a member becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the additional incident report as a cross reference. A SAR should be processed as any other incident report. Notification of a SAR should be made to the reporting member's immediate supervisor who shall in turn notify the Investigations Division Captain prior to the end of shift on the date the report was taken or sooner as circumstances dictate.

## Active Shooter Response

### 427.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist members in situations that call for rapid response and deployment.

#### 427.1.1 DEFINITIONS

**Active shooter** - An individual actively engaged in killing or attempting to kill people in a confined and populated area.

**Casualty Collection Point (CCP)** - A location in the "Strong Hold" either warm or cold zone where EMS can receive and treat victims brought by Law Enforcement or Rescue Task Force personnel. This area should remain the primary treatment area for life threatening injuries until transport is available or the scene is determined to be "cold."

**Contact Deputy/Team** - A single deputy or team of deputies who while on scene of an active shooter situation have "real time intelligence" and enter the area or structure with the intent to immediately close with and stop the threat.

**Cold (Green) Zone** - An operational (geographic) area surrounding the warm zone where first responders can operate with minimal threat to personal safety or health. In this zone, personnel can provide treatment to victims.

**Force Protection (FP)** - Are preventative measures taken to mitigate hostile actions in specific areas or against specific population, those protected by FP can include civilians and unarmed responders.

**Hot (Red) Zone** - Is an operation (geographic) area, consisting of the immediate incident location with a direct and immediate threat to personal safety and health (not a secure area). Only Law Enforcement personnel should be in this area.

**Incident Command Post** - A single location which encompasses all functions that assist with the unified command structure. Police, fire, and EMS will be at the same incident command post when responding to an active shooter incident.

**Rapid Response Kits** - First responder kits are medical supply bags designed primarily for mass casualty response where survivors can be expected to have sustained hemorrhagic injuries. Law Enforcement should attempt to deploy with these kits when entering an area or scene with numerous victims in order to provide fast treatment and hemorrhage control. Each kit contains tourniquets, combat gauze, trauma dressings, and chest seals.

**Real time intelligence** - Deputy's personal observation of people fleeing, gunfire, etc. that provides active intelligence from the location of an on-going active shooter situation.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Active Shooter Response*

---

**Rescue Task Force (RTF)** - A minimum of three Law Enforcement and four EMS personnel that can deploy into a warm (yellow) zone in order to provide immediate treatment and evacuation of victims in a mass casualty incident. Deputies will provide force protection around rescue personnel in order to bring them into an area that has not been deemed "cold." The "warm" zone into which deputies can deploy RTFs is an indirect threat area created once the immediate threat is neutralized, or there is no real time intelligence and deputies have a strong hold on a certain area to treat victims.

**Strong hold** - An area of the scene, typically inside a structure that serves as a defensible area with relative security. Examples can be a portion of the interior of a structure that has doorways and access covered by armed protection.

**T.H.R.E.A.T.** - An acronym that stands for **T**hreat Suppression, **H**emorrhage Control, **a**nd **R**apid Extrication to Safety, **A**ssessment by Medical Providers, and **T**ransport to Definitive Care.

**Unified command** - Is the integration of command personnel from each responding agency to a multi-jurisdictional or multi-agency operational event to enhance communication, planning and logistics for all responding agencies by the utilization shared resources, knowledge, and expertise.

#### **427.2 POLICY**

The Saratoga County Sheriff's Office recognizes the increasing threat of active shooter situations and will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those who are responsible for operating sites that may be the target of a critical incident. These events can yield a large number of victims in a short time frame and survivors often suffer from severe hemorrhagic injuries. For these reasons, accelerated deputy response as well as an expedited hemorrhage treatment is necessary.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Office in protecting themselves or others from death or serious injury.

#### **427.3 RESPONSE**

The primary goal of an active shooter response is to provide rapid threat mitigation through an expedited deployment of contact team deputies as well as a faster response by emergency medical personnel through the introduction of the Rescue Task Force component. Accelerated response, triage, treatment, and evacuation is vital for increasing victim survivability in these events.

Active Shooter incidents must be managed with coordination between the police, fire, and EMS Incident Command to ensure scene control, victim treatment/transportation, and evidence preservation while maintaining the safety of all personnel involved. For seamless and effective emergency operations response, these events require that all police, fire and EMS personnel use common tactics, terminology and unified command while fully implementing the National Incident Management System (NIMS).

- (a) Active Shooter situations unfold rapidly and require a dynamic response from responding police personnel. Upon learning of an active shooter event all pertinent

information should be communicated via the radio. Only emergency radio traffic shall be transmitted by responding units.

- (b) Responding deputies should advise the Communication Center to immediately notify the SOT team commander and the administration.
- (c) If real time intelligence exists the sole deputy or team of deputies shall enter the area and/or structure to preserve life and they will be referred to as the contact deputy/team.
- (d) The contact deputy/team will continue to deploy and advance until one of these objectives is met:
  - 1. The subject has been forced into a surrender
  - 2. The subject has been forced into a barricade
  - 3. The subject has been stopped with an appropriate level of force
  - 4. The contact deputy/team has been relieved by SOT personnel
  - 5. An order to retreat has been issued by Incident Command
- (e) If the situation becomes a barricade or hostage situation the response team will contain, isolate, communicate, and wait for the SOT.
- (f) Once the immediate threat has been addressed and there is no real time intelligence of any further active threats the Incident Commander will focus on deploying Rescue Task Force components into "warm zone" areas to treat victims.
- (g) A secondary sweep of the "warm zone" areas should be completed by responding deputies before deploying RTF's
- (h) The Rescue Task Force components will be deployed from the Police, Fire, and EMS Incident Command post near the incident location.
- (i) After RTFs provide initial treatment they will focus on evacuating victims to the Casualty Collection Point (CCP) for further treatment and transport.
- (j) Once victims are treated and transported and the scene is stabilized the focus will be on evidence preservation.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to incidents at other locations.

#### **427.4 RESPONSIBILITIES**

The responding Contact Deputy/Team shall:

- (a) Respond immediately to the scene
- (b) Make rapid entry for life preservation when real time intelligence exists
- (c) Address any Active Shooter threat with the appropriate force
- (d) Communicate all pertinent information via the radio (if feasible)
- (e) Direct responding units/resources until relieved by Incident Commander
- (f) Provide emergency medical treatment to victims once the threat is addressed

- (d) Ensure proper notifications are made to command personnel and outside assets (aviation/mutual aid).
- (e) Coordinate Rescue Task Force Teams to deploy into “warm zone” areas for rapid treatment/movement of victims

#### **427.5 DEBRIEF**

The Incident Commander will be responsible for conducting a debriefing of all the personnel involved in an active shooter situation in a timely manner to learn of the successes of the response and identify any areas of improvement.

The Incident Commander will complete an after-action report in addition to ensuring the submission of the required incident report and supplements by all involved personnel.

## Specialized Units Policy

### 428.1 PURPOSE AND SCOPE

This policy establishes guidelines for the Saratoga County Sheriff's Office to safely and effectively deploy specialized units for the purpose of enhancing field patrol efforts in the community.

### 428.2 POLICY

It is the policy of the Saratoga County Sheriff's Office that specialized units are necessary to meet certain patrol needs in different environments due to varying geographic and weather conditions which may limit the normal patrol response. Specialized Units with properly trained members may also provide additional investigative capabilities utilizing specialized equipment to provide access to scenes, evidence and victims that are not accessible to members utilizing conventional patrol equipment and tactics.

### 428.3 SELECTION

Whenever a specialized unit has a vacancy, members will be notified through intra-agency memoranda. Each specialized unit may have its own unique qualifications which will be included in the notice of vacancy. To be considered for assignment, interested members must submit a written request through their chain of command. Vacancies for each unit will be made from the interested members who meet the position qualifications based upon an interview and overall review of the member's job performance. Physical and/or skills testing may also be required depending upon the specialized unit.

### 428.4 TRAINING

A member who applies for any vacant specialized unit position does so with the understanding that the position may require specialized training and is willing to make a good faith effort to successfully complete the training. Interested members also acknowledge by their submission of interest that any training may:

- require travel
- be scheduled strictly based upon when the training is available
- involve after-hours work or study by the member.

Only those members who have successfully completed all required training and/or certification programs may use the equipment specific to the function of the specialized unit.

### 428.5 SNOWMOBILE PATROL UNIT

The purpose of the Snowmobile Patrol Unit is to patrol trails and areas not accessible by conventional vehicles during times of the year in which there is snow on the ground. It is used to monitor the safety of recreational snowmobile trails within the County.

#### **428.6 MARINE PATROL UNIT**

The purpose of the Marine Patrol Unit is to patrol the waterways located in Saratoga County. Marine safety is a major goal of the Marine Patrol Unit. The unit supervisor is responsible for ensuring that vessel operators do not conduct vessel operations beyond safe limits. In addition, the marine patrol will conduct safe boating exams and issue citations on boats operated by to promote safe boating.

##### **428.6.1 OPERATION AND DEPLOYMENT**

Duties of the marine patrol will include patrolling the local waterways, conducting search and rescue missions, and providing vessel support for the Dive Team, Special Operations Team, and other special unit teams.

Due to the nature of marine patrol work, all missions require the vessels to be manned with at least two (2) members. At least one member must be marine patrol certified (Marine Law Enforcement (MLE) and Marine Patrol Vessel Operators Course (MPVOC)) any time the vessel is in use. The vessel commander is responsible for the safe accomplishment of the mission and the use of professional reasoned judgment in the operation of his vessel. The authority of the vessel commander exists from the time he takes control of the vessel until the vessel is secured from the mission. Vessel commanders will ensure that the vessel is properly inspected and sea worthy, and that all crew members and passengers have been briefed and are familiar with operational and emergency equipment and are wearing approved life jackets.

The vessel commander must exercise sound judgment in permitting other operators of limited experience or ability to control the vessel during adverse or potentially hazardous operations. Less experienced operators should be afforded adequate opportunity to gain actual control experience under the direct supervision of the vessel commander. Vessel commanders are responsible for checking current and forecast weather conditions.

It will be the responsibility of all vessel operators to report any accident or incident to the marine patrol supervisor. This will include but not limited to, collisions with fixed or floating objects, groundings, fires, injury to personnel and pollution discharges. Vessel commanders and crew members will ensure that all Office vessels are equipped with the required Coast Guard approved safety equipment. All deficiencies will be immediately reported to the marine patrol supervisor.

A Personal Water Craft (PWC) operator must have current certification through Office of Parks, Recreation and Historic Preservation (OPRHP). PWCs will either be operated in teams of least two PWCs or in conjunction with a larger patrol vessel. It is not necessary for 2 members to be on an individual PWC. #### **428.7 DIVE TEAM**

The purpose of the Dive Team is to perform underwater search, recovery and rescue operations within Saratoga County, as well as in coordination with and assistance to other law enforcement agencies as directed by the Sheriff.

The Dive Team will be equipped as necessary to fulfill their mission as determined by the Sheriff or the authorized designee in consultation with the members of the Dive Team.

##### **428.7.1 OPERATION AND RESPONSIBILITY**

Due to the inherent nature of water emergencies, the first responding rescue divers to a scene will often be local fire department personnel. The fire department shall be in charge of the scene of the water emergency until such time as it is determined that rescue of any victims is no longer possible. At this time, the operation will become a recovery, and the Saratoga County Sheriff's Office Dive Team shall become primarily responsible for the scene. Fire department divers may be utilized for support and as safety divers.

Responsibility of a water emergency scene will be with the senior ranking supervisor until the senior Dive Team member arrives. Given the inherent risks and dangers of underwater search and recovery, the decision to dive rests with the individual Dive Team members.

The senior ranking supervisor may overrule the senior Dive Team member only when they feel the techniques being used are in contradiction with Office Policy, Local, State or Federal Law, or create a risk to public safety or damage to property. In such an instance, the senior ranking supervisor may require alternative investigative techniques or tactics be utilized.

##### **428.7.2 ACTIVATION OF THE DIVE TEAM**

The criteria for activating the Dive Team include:

- Any drowning or suspected drowning
- Underwater evidence search and recovery
- Submerged vehicle
- Other water emergencies

The call-in procedure for the Dive Team is as follows:

#### **428.8 ALL TERRAIN VEHICLES (ATV'S)**

ATV's are intended to provide protection and law enforcement deployment in locations that are not accessible to normal patrol vehicles. Also, these special units provide emergency access to otherwise inaccessible areas of Saratoga County. These units are used at the discretion and by the direction of the Sheriff or the authorized designee. At no time will these units be assigned to a detail without the authorization of the Sheriff, or in his absence the next available supervisor in the chain of command.

##### **428.8.1 OPERATION AND DEPLOYMENT**

Operation of these units will only be done by those persons trained in and authorized by the Sheriff or the authorized designee. A list of authorized operators and their training will be maintained by the Chief Deputy.

All equipment specified by law will be carried by these vehicles. All logs and maintenance records will be filed in the Sheriff's office. All maintenance will be performed by authorized personnel designated by the Sheriff or the authorized designee.

All safety equipment required by law will be used. Minimum equipment will consist of approved helmet, boots, and gloves.

## **Chapter 5 - Traffic Operations**

# Traffic

## 500.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for improving public safety through education and enforcement of traffic-related laws.

## 500.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Office will be driven by such factors as the location and/or number of traffic accidents, citizen complaints, traffic volume, traffic conditions and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

## 500.3 DEPLOYMENT

Enforcement efforts may include such techniques as geographic/temporal assignment of Office members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving and a variety of educational activities. These activities should incorporate methods that are suitable to the situation; timed to events, seasons, past traffic problems or locations; and, whenever practicable, by enforcement activities.

Several factors will be considered in the development of deployment schedules for Office members. State and local data on traffic accidents are a valuable resource. Factors for analysis include, but are not limited to:

- Location.
- Time.
- Day.
- Violation factors.
- Requests from the public (Target areas).
- Construction zones.
- School zones.
- Special events.

Office members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and also will consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.

The Office may use speed measuring devices in traffic enforcement operations. Members must be properly trained in the use and operation of such devices. The Office will ensure that all such

equipment is properly calibrated and that all necessary records are maintained so as to ensure that speed measurements are legally admissible.

#### **500.4 ENFORCEMENT**

Traffic enforcement will be consistent with applicable laws and take into account the degree and severity of the violation committed. This Office does not establish ticket quotas. The number of arrests or tickets issued by any member shall not be used as the sole criterion for evaluating member overall performance.

Traffic enforcement should be focused on the reduction of traffic accidents.

##### **500.4.1 WARNINGS**

Warnings are a non-punitive option that may be considered by the member when circumstances warrant, such as when a minor violation was inadvertent.

##### **500.4.2 TICKETS**

Tickets should be issued when a member believes it is appropriate. When issuing a ticket for a traffic violation, it is essential that the rights and requirements imposed on motorists be fully explained. At a minimum, motorists should be provided with:

- (a) An explanation of the violation or charge.
- (b) The court appearance procedure, including the optional or mandatory appearance by the motorist.
- (c) A notice of whether the motorist can enter a plea and pay the fine by mail or at the court.

##### **500.4.3 PHYSICAL ARREST**

Members should exercise discretion in determining whether a physical arrest is appropriate for criminal traffic offenses (see the Appearance Tickets Policy for additional guidance).

#### **500.5 SUSPENDED OR REVOKED LICENSES**

If a member contacts a traffic violator who is also driving on a suspended or revoked license, the member should issue a traffic ticket or make an arrest as appropriate.

A member shall tow a vehicle for aggravated unlicensed operation of a motor vehicle in the first or second degree if (Vehicle and Traffic Law § 511-b):

- (a) The driver is the registered owner of the vehicle.
- (b) The vehicle is not properly registered.
- (c) Proof of financial security is not produced.
- (d) The driver is not the registered owner of the vehicle, and no other licensed driver authorized to drive the vehicle is present.

If the driver is not the owner, the Office is required to notify the owner (Vehicle and Traffic Law § 511-c).

##### **500.7 HIGH-VISIBILITY VESTS**

The Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to Office members to increase their visibility when they may be exposed to hazards presented by passing traffic or by maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

###### **500.7.1 REQUIRED USE**

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn when increased visibility would improve the safety of the Office member or when the member will be exposed to the hazards of passing traffic or will be maneuvering or operating machinery and equipment.

Examples of when high-visibility vests should be worn include traffic control duties, traffic accident investigations, lane closures and disaster scenes.

When emergency conditions preclude the immediate donning of the vest, members should retrieve and wear the vest as soon as conditions reasonably permit.

Use of the vests shall also be mandatory when directed by a supervisor.

###### **500.7.2 CARE AND STORAGE**

High-visibility vests shall be issued to every member and will be available for use at all times while on patrol.

# Traffic Crashes

## 501.1 PURPOSE AND SCOPE

This policy provides guidelines for responding to and investigating traffic crashes.

## 501.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to respond to traffic crashes and render or summon aid to injured victims as needed. Unless restricted by law, traffic crash reports will be made available to the public upon request via BuyCrash.com.

## 501.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor.

A supervisor should be called to the scene when the incident:

- (a) Is within the jurisdiction of this Office and there is:

The shift Lieutenant will ensure notification is made in accordance with the Major Incident Notification Policy.

##### **501.4.1 NOTIFICATION OF FAMILY**

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Coroner, or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic crash should not be released until notification is made to the victim's immediate family.

#### **501.5 MINIMUM REPORTING REQUIREMENTS**

A crash report shall be taken when:

- (a) A fatality, any injury (including complaint of pain), property damage in excess of \$1000 to any vehicle or hit-and-run is involved.
- (b) A crash involves a commercial vehicle that has been towed (Vehicle and Traffic Law § 603).

##### **501.5.2 COUNTY VEHICLE INVOLVED**

A traffic crash report shall be taken when any County vehicle is involved in a traffic crash that results in property damage or injury. Any time a County vehicle is involved in a collision where at least one other vehicle or person is involved, collision reconstruction will be performed regardless of whether there is any reported injury.

A general information report may be taken in lieu of a traffic crash report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a County vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Lieutenant. The investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

Members will not investigate a crash in which he/she is involved.

##### **501.5.3 INJURED AND KILLED ANIMALS**

Office members should refer to the Animal Control Policy when a traffic crash involves the disposition of an injured animal. The driver of the striking vehicle is required to notify the owner of the animal if it is a horse, dog, cat or animal classified as cattle. If the driver cannot find the owner then he/she is required to notify a member and provide license, insurance and the vehicle license number (Vehicle and Traffic Law § 601).

In the event a deer, moose or bear is unintentionally killed in a traffic crash, a member may issue a permit to the driver permitting him/her to possess the carcass and transfer it to a designated person. - (f) A member may request the operator of every motor vehicle that has been involved in an accident or which was operated in violation of Section 1192 of the Vehicle and Traffic Law to submit to a Portable Breath Test (PBT) administered by the member. If such test indicates that the operator has consumed alcohol, the member may request the operator to submit to a chemical test in the manner set forth in subdivision two of section 1194 of the Vehicle and Traffic Law

##### **501.6.2 CRASHES INVOLVING SERIOUS INJURY OR DEATH**

An member investigating a crash involving a serious injury or death should request a preliminary breath test from any driver involved in the crash if there are reasonable grounds to believe that the driver committed a serious traffic violation as provided in Vehicle and Traffic Law § 603-a. The result of such test or the driver's refusal of such test shall be included in the accident investigation report (Vehicle and Traffic Law § 603-a).

In the event of a positive result from such test, members shall proceed as provided in the Impaired Driving Policy.

##### **501.7 ENFORCEMENT ACTION**

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the crash, authorized members should issue a traffic summons or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

##### **501.8 REPORTS**

Office members shall utilize forms approved by the New York State Department of Motor Vehicles (DMV) (i.e., NY MV-104A and any required addendums) as required for the reporting of traffic crashes. All such reports shall be forwarded to a supervisor for approval and filing.

For all crashes involving a fatality, the Early Notification of a Fatal Accident form (MV-104EN) and the Report for Motor Vehicle Accident form (MV-104D) should be submitted to the DMV.

in excess of \$1,000 to any vehicle and that the report must be filed within 10 days of occurrence (Vehicle and Traffic Law § 605).

##### 501.8.1 REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report, and only prior to its approval and distribution. Investigation reports should be forwarded via TraCS to the Commissioner of Motor Vehicles within five business days of completion (Vehicle and Traffic Law § 603-a).

## Vehicle Towing

### 502.1 PURPOSE AND SCOPE

This policy provides guidance related to vehicle towing. Nothing in this policy shall require a member of this Office to tow a vehicle.

### 502.2 POLICY

The Saratoga County Sheriff's Office will tow vehicles when appropriate and in accordance with the law.

### 502.3 REMOVAL OF VEHICLES DUE TO HAZARD

When a vehicle should be towed because it presents a hazard, the owner or operator should arrange for the towing. Office members may assist by communicating requests through the Communication Center to expedite the process.

If the owner or operator is unable to arrange for towing and the vehicle presents a hazard, the vehicle may be towed at the direction of the Office member (Vehicle and Traffic Law § 1204).

Vehicles that are not the property of the County should not be driven by Office members unless it is necessary to move the vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or comply with posted signs.

### 502.4 ARREST SCENES

Whenever the owner or operator of a vehicle is arrested, the arresting member should provide reasonable safekeeping by leaving the vehicle secured and lawfully parked on private property or, when appropriate, by having the vehicle towed, such as when the vehicle presents a traffic hazard or the vehicle would be in jeopardy of theft or damage if left at the scene.

Members are not required to investigate whether alternatives to towing a vehicle exist after an arrest. However, a vehicle should not be towed if reasonable alternatives exist. When considering whether to leave a vehicle at the scene, members should take into consideration public safety as well as the reasonable safety of the vehicle and its contents.

The following are examples of situations where a vehicle should not be towed:

- The vehicle can be legally parked, left in a reasonably secure and safe location and is not needed as evidence.
- The vehicle is parked on private property, on which the arrestee or owner is legally residing, or the property owner does not object to the vehicle being parked at that location.
- The arrestee or owner of the vehicle requests that it be released to a person who is present, willing and able to legally take control of the vehicle.
- The vehicle is legally parked and the arrestee or owner requests that it be left at the scene. In such cases the requester should be informed that the Office will not be responsible for theft or damages.

##### **502.5 VEHICLES RELATED TO CRIMINAL INVESTIGATIONS**

Members should tow vehicles that are needed for the furtherance of an investigation or prosecution of a case, or that are otherwise appropriate for seizure as evidence. Members should make reasonable efforts to return a recovered stolen vehicle to its owner rather than have it towed, so long as the vehicle is not needed for evidence.

##### **502.6 RECORDS**

Members shall ensure that pertinent data regarding a towed vehicle is promptly entered into the appropriate database.

A vehicle towed after an arrest or upon the issuance of a summons or an appearance ticket for the crime of aggravated unlicensed operation of a motor vehicle in the first or second degree shall be entered into the eJusticeNY system (Vehicle and Traffic Law § 511-b).

###### **502.6.1 VEHICLE STORAGE REPORT**

- (a) The VIN.
- (b) The date of theft, recovery and impound of the vehicle.
- (c) The license plate number.

- (e) The location of the theft and location of the recovery.

##### **502.7 TOWING SERVICES**

Members shall not show preference among towing services that have been authorized for use by the Office.

Tow Lists- The Sheriff or the authorized designee shall determine the number of tow agencies necessary to provide towing services and respond to tow service calls by use of an active list. A rotation or other system established by the Office for tow services shall be followed.

#### **Towing Services**

Miscellaneous Tow Provisions- Nothing in this policy shall preclude a vehicle owner or operator from requesting a specific tow agency to tow their vehicle. ##### **502.8 VEHICLE INVENTORY**

The contents of all vehicles towed at the request of Office members shall be inventoried and listed on the inventory report. When reasonably practicable, photographs may be taken to assist in the inventory.

- (a) An inventory of personal property and the contents of open containers will be conducted throughout the passenger and engine compartments of the vehicle including, but not limited to, any unlocked glove box, other accessible areas under or within the dashboard area, any pockets in the doors or in the back of the front seat, in any console between the seats, under any floor mats and under the seats.
- (b) In addition to the passenger and engine compartments as described above, an inventory of personal property and the contents of open containers will also be conducted in any other type of unlocked compartments that are a part of the vehicle, including unlocked vehicle trunks and unlocked car top containers.
- (c) Any locked compartments including, but not limited to, locked glove compartments, locked vehicle trunks, locked hatchbacks and locked car-top containers should be inventoried, provided the keys are available and released with the vehicle to the third-party towing company or an unlocking mechanism for such compartment is available within the vehicle.
- (d) Closed containers located either within the vehicle or any of the vehicle's compartments will be opened for inventory purposes if the container can be opened without damaging it.

Members should ask the occupants whether the vehicle contains any valuables or hazardous materials. Responses should be noted in the inventory report.

When practicable and appropriate, cash, jewelry or other small valuables located during the inventory process should be removed from the vehicle and given to the owner, or booked into property for safekeeping, in accordance with the Property and Evidence Unit Policy. A copy of the Property and Evidence Unit property receipt should be given to the person in control of the vehicle or, if that person is not present, left in the vehicle.

These inventory procedures are for the purpose of protecting the vehicle owner's property, providing for the safety of Office members and protecting the Office against fraudulent claims of lost, stolen or damaged property.

Towing a vehicle in order to perform an inventory should not be used as a pretext for an evidence search. Nothing in this policy prevents the towing of a vehicle that would occur for reasons independent of any suspicion that the vehicle may contain evidence if it is otherwise justified by law or this policy.

Members shall use the [SCSO Vehicle Inventory](#) form whenever a vehicle is towed and the agency is in control of the vehicle tow (any time the operator is no longer in control of the vehicle and does not have the opportunity to go with the vehicle e.g, the operator is under arrest; the operator is transported in an ambulance). request and the operator has the option of going with the vehicle, the inventory form will not be completed.

#### **502.9 SECURITY OF VEHICLES AND RETRIEVAL OF PROPERTY**

If the search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, the Office member conducting the search shall take such steps as are reasonably necessary to secure or protect the vehicle or property from such hazards.

Unless it would cause an unreasonable delay in towing the vehicle or create an issue of officer safety, reasonable accommodations should be made to permit the owner, operator or occupant to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Members who become aware that a vehicle may have been towed by the Office in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle. Any requests for a "hold" on a vehicle that has been towed must be made with supervisory approval.

## Impaired Driving

### 503.1 PURPOSE AND SCOPE

This policy provides guidance to those Office members who play a role in the detection and investigation of driving while impaired (DWI).

### 503.2 POLICY

The Saratoga County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of New York's impaired driving laws.

### 503.3 INVESTIGATIONS

Members should not enforce DWI laws to the exclusion of their other duties unless specifically assigned to DWI enforcement. All members are expected to enforce these laws with due diligence.

Deputies may utilize the New York State DWI Investigative Notes card to assist in documenting relevant information and maximizing efficiency. The New York State DWI Bill of Particulars and CPL 710.30 form shall be completed by the arresting deputy and should be prepared utilizing the TraCS system. Information documented on these forms does not need to be duplicated in the report narrative. - (a) The field sobriety tests (FSTs) administered and the results.

Other field sobriety tests may be administered at the deputy's discretion.

---

A portable breath test (PBT) should be administered only after conducting SFST and should not be used as the basis for an arrest.

Deputies not trained in SFST should request a member so trained to respond to the scene to administer the battery of tests.

##### **503.4.1 DRUG RECOGNITION EXPERTS**

Drug Recognition Experts (DRE) who are certified by the State of New York may be used to investigate cases in which impairment due to drugs is suspected.

If a Office DRE is not available, New York State Police may be contacted with permission of the Lieutenant to conduct an evaluation.

All evaluations will be documented on authorized DRE forms.

For additional guidance, see the [DRE PROCEDURE](#)

##### **503.5 CHEMICAL TESTS**

A person implies consent under New York law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle and Traffic Law § 1194):

- (b) An member has stopped a person under the age of 21 and has probable cause to believe the person was operating a motor vehicle after having consumed alcohol.
  - 1. A person under 21 years of age is presumed to have consumed alcohol only if his/her blood alcohol content is 0.02 percent or more but less than 0.07 percent by weight (Vehicle and Traffic Law § 1192-a).

If a person withdraws this implied consent, the member should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

Chemical testing shall be completed within two hours of arrest, administration of a PBT, or determination that a person under the age of 21 has operated a vehicle after having consumed alcohol. However, if the person consents to the chemical testing within the two-hour period, the time restriction does not apply and the test may be administered outside of the two-hour period.

##### **503.5.1 STATUTORY NOTIFICATIONS**

Members shall inform a person who is arrested or who submitted to a PBT that resulted in the presence of alcohol that their driving privilege shall be immediately suspended and subsequently revoked for refusal to submit to a chemical test, or any portion thereof, whether or not the person is found guilty. Persons under 21 years of age shall be informed that their driving privilege shall be revoked for refusal to submit to a chemical test, or any portion thereof, whether or not the person is found guilty (Vehicle and Traffic Law § 1194).

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. ### **503.7 ARREST AND INVESTIGATION**

#### **503.7.1 ARREST AUTHORITY**

## Traffic and Parking Tickets

### 504.1 PURPOSE AND SCOPE

This policy outlines the responsibilities for issuing, correcting, voiding and dismissing traffic and parking tickets.

### 504.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to enforce traffic laws fairly and equally. Authorized members may issue a traffic ticket, parking ticket, or written or verbal warning based upon the circumstances of the contact and in the best interest of the motoring public and community safety.

### 504.3 VERBAL WARNINGS

Verbal warnings may be issued when the Office member believes it is appropriate.

### 504.4 TRAFFIC TICKETS

The NYSP Traffic and Criminal Software (TraCS) should be utilized when issuing Uniform Traffic Tickets. Handwritten Uniform Traffic Tickets may be issued only in the event of a computer or printer malfunction preventing the use of TraCS or the absence of a computer in the patrol vehicle at the time of offense. Uniform Traffic Tickets books are no longer issued by the Office. Parking tickets will be provided to members by the Office and will be in paper, handwritten format.

#### 504.4.1 CORRECTION

When a traffic or parking ticket is issued but is in need of correction, the member issuing the ticket shall notify the prosecutor for the court of jurisdiction of the error and request that ticket in question be dismissed. The deputy should then reissue the ticket with the correction(s) needed and either serve or make arrangements to have it served upon the defendant personally prior to the scheduled appearance date.

#### 504.4.2 VOIDING

Voiding a traffic ticket may occur when the ticket has not been completed or when it is completed but not issued. Any voiding of traffic tickets must be completed by a supervisor and documented in TrACS with the reason therefore.

#### 504.4.3 DISMISSAL

Should a member determine during a court proceeding that a traffic ticket should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the member may request that the prosecutor to motion the court to dismiss the ticket.

#### 504.4.4 DISPOSITION

- Coordinating routine and periodic software updates of the ticketing software.
- Updating the system databases including, but not limited to, all violation codes in use, bail schedule and court appearance information.
- Completing routine maintenance and damage repair of devices.
- Overseeing the periodic upgrade and replacement of devices as wear and system requirements mandate.
- Monitoring data transfers from the ticketing devices to the Saratoga County Sheriff's Office servers, to the courts of jurisdiction for the issued ticket and to any state-mandated receiver. This includes the timely transmittal of the data.
- Reviewing data on common user error and providing feedback for use at briefings.
- Analyzing data on common system errors and providing feedback to the system vendor for correction.

##### 504.5.3 VOIDING AN ELECTRONIC TICKET

Once an electronic ticket is generated it may not be deleted from the system or device. If a member generates a ticket in error, the member will contact his/her immediate supervisor and request that the ticket be voided. The supervisor may then void the ticket and shall document the reasons therefore in the TraCS software.

##### 504.5.4 INOPERABLE TICKETING DEVICE

At the beginning of every tour of duty, every member who is issued a ticketing device should run a system check to validate that the device functions properly. A replacement ticketing device or alternative should be obtained for any malfunctioning device. Members will not use a malfunctioning ticketing device.

## Disabled Vehicles

### 505.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for Office members who provide assistance to motorists in disabled vehicles within the primary jurisdiction of the Saratoga County Sheriff's Office.

### 505.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to assist motorists with disabled vehicles until those vehicles are safely removed from the roadway. Members should take appropriate action to mitigate potential problems when a vehicle constitutes a traffic hazard or the safety of the motorist is a concern.

### 505.3 RESPONSIBILITIES

When an on-duty member of this Office sees a disabled vehicle on the roadway, the member should make a reasonable effort to provide assistance. If this is not reasonably possible, the Communications Center should be advised of the location of the disabled vehicle and the need for assistance. The Communications Center should then assign another Office member to respond as soon as practicable.

### 505.4 ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by Office members will be contingent on the time of day, the location, the availability of Office resources and the vulnerability of the disabled motorist.

#### 505.4.1 MECHANICAL REPAIRS

Office members shall not make mechanical repairs to a disabled vehicle.

#### 505.4.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this Office by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle. Members shall not utilize a department vehicle to push another vehicle unless the patrol vehicle is fitted with a push bumper and no other reasonable alternatives exist.

#### 505.4.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The Office member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

## Sobriety Checkpoints

### 506.1 PURPOSE AND SCOPE

To establish perimeters by which members can conduct a safe, legal, and effective motor vehicle sobriety checkpoint program that is within the limits established by our federal and state constitutions, and pertinent case law.

- (a) A sobriety checkpoint is a non-routine traffic stop bound by narrowly drawn rules which require the police to adhere to specific guidelines to protect the rights of motorists.
- (b) All documents produced and maintained are legal records subject to disclosure in both criminal and civil proceedings.

### 506.2 POLICY

- (a) It shall be the policy of this department to conduct sobriety checkpoints to:
  - 1. Identify and arrest intoxicated drivers or drivers under the influence of drugs.
  - 2. Increase the likelihood of apprehension for alcohol or drug impaired drivers.
  - 3. Deter motorists from driving while intoxicated or impaired by drugs through an increased perception among all drivers of the likelihood of apprehension of alcohol or drug impaired drivers.
- (b) All sobriety checkpoints will be run in accordance with **Vehicle Checkpoint Guidelines**, which specify the procedures to be followed.
- (c) Close judicial examination of arrests arising from sobriety checkpoints should be anticipated and every effort should be made to safeguard the validity of such arrests by strict compliance with the legal standards set forth in the following procedures.

### 506.3 VEHICLE CHECKPOINT GUIDELINES

- (a) The selection of vehicles to be stopped at a sobriety checkpoint cannot be random or without reason and must follow a uniform method by which vehicles are stopped.
  - 1. Stop vehicles using a designated pattern such as every vehicle, every other or third vehicle, etc.
  - 2. The method used must be uniformly followed without modification by the checkpoint members.
- (b) Only the commanding officer or supervisor is authorized to modify the procedure of an ongoing checkpoint.
  - 1. Such modifications may not permit the random stopping of vehicles, nor the stopping of only those vehicles believed to be most likely to contain drivers intoxicated or under the influence of drugs.
  - 2. Modifications such as changing from the stopping of every vehicle to every second or third vehicle are permissible.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Sobriety Checkpoints*

3. Modifications to relieve traffic congestion and other risk factors may also be considered by the commanding officer or supervisor(s).
- (c) The sobriety checkpoint must not be intrusive, and its function and purpose will be made obvious to the motoring public through appropriate signage and other appropriate measures.
- (d) The prohibition against intrusiveness means that the checkpoint must not be frightening, alarming, or unduly inconvenient.
  1. It must not give the individual motorist the impression that he or she is being singled out.
  2. Uniformed police officers and marked police cars must be clearly evident.

#### **506.4 PURPOSE OF CHECKPOINT**

- (a) Members will be advised of the purpose and function of a checkpoint prior to being assigned to this operation.
- (b) The primary purpose of the sobriety checkpoint is to deter driving while intoxicated or under the influence of drugs and the apprehension of drivers in violation of Section 1192 of the Vehicle and Traffic Law.
- (c) The sobriety checkpoint is a far more effective means of deterring drunk or drug impaired driving than the arrest of individuals and is designed to inform the public of law enforcement's concern with individuals driving while intoxicated or under the influence of drugs and the determination of the police to apprehend such people.
- (d) The Court of Appeals of the State of New York recognizes deterrence as being a legitimate function of a checkpoint.
- (e) Public relations are a primary consideration in the conduct of a sobriety checkpoint, officers should be advised that their purpose is to make an impression upon the public and that they should conduct themselves accordingly.
  1. Members' demeanor should be friendly and informative.
  2. Traffic should not be allowed to back up and delays of more than a few minutes should be rigorously avoided.
- (f) One of the goals of the checkpoint is to inform the motoring public and stimulate support for law enforcement's efforts to remove drunk and drug impaired drivers from our highways.

#### **506.5 SITE SELECTION**

- (a) Checkpoint sites will be selected by command personnel based upon availability of members to run the checkpoint, public and officer safety, accident and DWI /DWAI Drugs incidents, as well as public relations considerations.
- (b) Locations for checkpoints will be selected with the safety of members and the public in mind:
  1. Avoid areas where local residents will become a distracting or disturbing factor.

# Saratoga County Sheriff's Office

## Policy Manual

### Policy Manual

#### *Sobriety Checkpoints*

---

2. Select a location that is highly visible and which offers adequate off-road space for interviews and field sobriety tests.
- (c) Generally, checkpoints will be operated during the late evening and early morning hours, including weekends, when the most frequent occurrence of social drinking or illicit drug use and driving occur.
- (d) The supervisor will determine the number of police officers required for the safe and efficient checkpoint operation.

#### **506.6 CHECKPOINT OPERATIONS**

- (a) Give advance notice to the public, such as posting highly visible signs at the approach to the checkpoint area to reduce fear and inconvenience.
- (b) A checkpoint system will be established so that each vehicle on a roadway will be funneled into the checkpoint. As motorists pass through the checkpoint, they will be advised of the purpose of the roadblock. Members will look for signs of intoxication or drug impairment.
- (c) The manner and method in which a checkpoint is set up will be determined by the supervisor based upon the location and personnel available to run the operation.
- (d) Each checkpoint should have a process area designated for the purpose of conducting screening or field sobriety tests of those motorists exhibiting signs of intoxication or drug impairment.
- (e) A police vehicle may be positioned to intercept vehicles that refuse to stop or "run" the checkpoint.
- (f) A chase vehicle may be positioned to observe vehicles entering the checkpoint area.
  1. The function of this vehicle is to apprehend and/or stop vehicles which make illegal U-turns to avoid the checkpoint.
  2. No action should be taken against a motorist that legally turns around or legally turns off the roadway before the checkpoint.
  3. No action should be taken against a motorist solely upon the basis of a refusal to answer a question.
  4. Members should, however, carefully observe such vehicles to determine if they are being operated competently, or if there is otherwise a legal basis to take action with respect to that vehicle.
- (g) Transport vehicles should be available for the purpose of transporting persons arrested to the arrest facility for chemical testing and processing.
- (h) A block vehicle (unoccupied marked patrol vehicle) may be used for the purpose of protecting the members at the checkpoint and in the process area.
- (i) Cones should be used at the checkpoint as necessary to ensure approaching vehicles will be merged into a single file at the checkpoint.

- (j) The sobriety checkpoint will be maintained for the designated period unless dangerous traffic congestion occurs, or circumstances arise that warrant the cancellation of the remainder of the detail.

##### **506.8 MOTORIST SELECTION/INVESTIGATION**

- (a) The checkpoint is designed to apprehend drunk or drug impaired drivers, as well as to serve as a deterrence. A verbal response should be elicited from the motorist to assist the contacting member in determining whether an operator should be pulled over for further investigation or allowed to pass.
- (b) Members conducting the motorist interview shall:
  - 1. Look at the driver for signs of impairment such as glassy or bloodshot eyes and/or verbal responses to the officer with slow or slurred speech.
  - 2. Smell to detect the presence of an odor of alcoholic beverages or drugs.
  - 3. Look for alcoholic beverage containers, drug paraphernalia, contraband, or other evidence of alcohol/drug use.

## 507.1 PURPOSE AND SCOPE

This procedure provides guidance to members in the use of Office-approved traffic management methods.

### 507.1.1 DEFINITIONS

Definitions related to this procedure include:

**High-risk traffic stop** - A traffic stop that is conducted under circumstances in which the member is or becomes aware that any occupant poses a serious safety risk (e.g., the vehicle may contain an occupant who is known to be armed and dangerous).

**Unknown-risk traffic stop** - A traffic stop that is conducted under circumstances in which the member is not previously aware of a threat to the member's safety posed by the vehicle's occupants (e.g., the vehicle is stopped for a traffic violation only).

## 507.2 TRAFFIC STOPS

### 507.2.1 UNKNOWN-RISK TRAFFIC STOPS

While every unknown-risk traffic stop is based on a unique set of circumstances which must be taken into account and may warrant reasonable deviation from the list below, general guidelines for conducting an unknown-risk traffic stop include:

- (a) The member should consider existing conditions, including but not limited to road design and conditions, weather, lighting, and current traffic flow, to establish a safe environment for the traffic stop.
- (b) The member should use the patrol vehicle's emergency lighting and other equipment, if necessary, to initiate the stop. Upon stopping, the patrol vehicle should be positioned in a way that affords protection to the member and to the violator's vehicle during the stop.
- (c) Generally, the violator should be directed to pull to the far-right side of the roadway to stop. However, the member should be prepared to deal with other situations.
- (d) Upon initiating a traffic stop, the member should notify Communications via radio (and CAD when practicable) of the location of the stop and the vehicle's registration state and number. The member should not approach the violator's vehicle until Communications has acknowledged the message via radio.
- (e) The member should approach with caution and take a position that allows effective communication with the driver, a view of any other occupant, and an avenue of tactical retreat if necessary.
- (f) Upon contacting the violator, the member should remain courteous and professional, providing the violator with verbal identification and the reason for the stop. The member should request the motorist's documentation.

- (h) The member should end the contact once appropriate law enforcement action has been taken and there is no articulable reasonable suspicion that the occupants have committed, are committing, or are about to commit a further crime or offense.
- (i) The member should assist the violator in pulling safely back into traffic.

#### 507.2.2 HIGH-RISK TRAFFIC STOPS

While every high-risk traffic stop is based on a unique set of circumstances that must be taken into account and may warrant reasonable deviation from the list below, general guidelines for conducting a high-risk traffic stop include:

- (a) When planning a high-risk traffic stop, the member shall notify Communications via radio and describe the nature or reason for the stop. The member shall provide Communications with relevant information via radio (e.g., vehicle description, registration number and state, number of occupants, location and direction of travel) and request adequate assistance to conduct the stop.
- (b) A member should not individually initiate a high-risk traffic stop unless backup members are not available in an appropriate amount of time or the urgency of the situation demands immediate action.
- (c) After selecting an appropriate location for the stop and with adequate backup members in position, the member should signal the suspect to stop.
- (d) Members should position their vehicles at a distance behind the suspect vehicle that provides opportunities for cover. In low-light situations, positioning should allow for illumination of the suspect vehicle's interior.
- (e) The member initiating the stop, or the member with the best view, should issue verbal commands through the vehicle's public address system, if available. Only one member should issue commands to the suspect vehicle's occupants.
- (f) Once the suspect vehicle has stopped, members should exit their vehicles quickly and assume positions of cover.
- (g) Commands should be announced to the suspect vehicle operator to:
  - 1. Lower the window.
  - 2. Remove ignition keys with the vehicle operator's left hand.
  - 3. Drop the keys on the ground.
  - 4. Open the door from the outside.
  - 5. Step out of the vehicle.
  - 6. Turn completely around.
  - 7. Face away from the members.
  - 8. Walk backward until commanded to stop and lie face down on the ground with hands stretched far to the sides.

- (h) Using contact and cover, members should handcuff, search, and secure the suspect. Other occupants should be similarly and separately commanded until all are handcuffed, searched, and secured.
- (i) With appropriate cover, members should approach and inspect the suspect vehicle for additional occupants and/or threats before declaring the scene secure.

### **507.3 TRAFFIC DIRECTION AND CONTROL**

#### **507.3.1 MANUAL TRAFFIC DIRECTION**

High-visibility vest should be worn in accordance with the Traffic Policy.

Office members assigned or authorized to control traffic should use the following uniform hand gestures to perform manual traffic direction:

- (a) Stopping traffic: The member should extend the arm and index finger toward and look directly at the driver to be stopped until that driver is or appears to be aware of the member's gesture. The member should then raise the pointing hand at the wrist so that the palm is toward the person to be stopped, and hold the palm in this position until the person stops. To stop traffic from both directions, the member should repeat the procedure for traffic coming from the other direction and continue to maintain the raised arm and palm toward the previously stopped traffic.
- (b) Starting traffic: The member should stand with the member's shoulder and side toward the traffic to be started, extend the arm and index finger toward, and look directly at the driver to be started until that driver is or appears to be aware of the member's gesture. The member should then swing the pointing arm, with palm up, from the elbow through a vertical semicircle until the hand is adjacent to the chin. If necessary, the member should repeat until traffic begins to move. To start traffic from both directions, the member should repeat the procedure for traffic coming from the other direction.
- (c) Right or left turn: The member's extended arm, index finger, and gaze should first be directed toward the driver. The member should then swing the extended arm and index finger in the direction of the driver's intended turn.
- (d) Use of flashlight: A flashlight may be used to stop traffic. To stop traffic, the member should slowly swing the beam of light across the path of oncoming traffic. The beam should strike the pavement as an elongated spot of light. After the driver has stopped, the member should use hand gestures with the vehicle headlights to provide illumination.

The member should stop all traffic and address the dangerous condition with all traffic stopped.

#### **507.3.2 ACCIDENT SCENES**

Members should refer to the Traffic Accidents Policy for additional guidance.

Additional guidelines should include as appropriate:

- (a) If a traffic accident results in traffic congestion, a member may request additional assistance, if available, to help with traffic control. Incidents occurring during heavy traffic periods on major streets resulting from a traffic accident and/or adverse road and

weather conditions may also require the use or operation of temporary traffic control devices (e.g., barriers, cones, flares, traffic signals).

1. Members should use uniform hand gestures for manual traffic direction to assist in the efficient and safe movement of vehicle and pedestrian traffic.
  2. Members should coordinate traffic direction with other members at the scene, if appropriate.
- (b) Traffic may be stopped, rerouted, or restricted as necessary to ensure the safety of members, victims, and uninvolved motorists.

#### 507.3.3 CRITICAL INCIDENT SCENES

- (a) Members providing traffic direction and control at critical incident scenes (e.g., fires, utility emergencies) should prevent unauthorized vehicles and pedestrians from entering the area and provide a safe arrival route for emergency vehicles.
- (b) The Office should coordinate its efforts with other emergency service agencies at fires, utility emergencies, or other scenes to provide crowd control and adequate safety measures for vehicle and pedestrian traffic.
- (c) Members should use temporary traffic control devices as necessary and should manually direct and control the flow of all traffic in accordance with this policy.
- (d) Members should contact a supervisor if additional assistance is needed at a location for any reason.

#### 507.3.4 HAZARDOUS ROAD CONDITIONS

Hazardous road conditions due to weather, road damage, or other emergencies should be addressed as soon as practicable.

- (a) A member who locates or is assigned to investigate a hazardous road condition should use temporary traffic control devices if necessary to identify the hazard to the public, isolate it, and limit the public's ability to come into contact with or access the area.
- (b) A member who locates or is assigned to investigate a hazardous condition should assess the condition and request through Communications that notifications be made to appropriate authorities responsible for correcting the hazard. Communications should document the condition and all notifications that are made.
- (c) If a member needs assistance with isolating a hazard, the member may request additional members to the location.
- (d) If there are any questions regarding the proper isolation of a roadway hazard, members should contact their supervisor.
  1. Members should only use road flares when there is no risk of fire or explosion. Road flares should not be left unattended while burning. Any remnants left after a flare has been exhausted and allowed time to cool should be collected and disposed of properly.
- (e) A member should only clear from the location under one of the following circumstances:

2. The member is relieved by an appropriate authority who will conduct the repair, and traffic direction and control services are no longer needed.
3. The member is properly relieved by another member.

#### **507.3.5 MANUAL OPERATION OF TRAFFIC CONTROL DEVICES**

On occasion, members may have to manually operate traffic lights or set traffic lights to flash. Only authorized members should manually operate traffic control devices with the approval of a supervisor and for the following purposes:

- (a) To correct a traffic light malfunction
- (b) To facilitate movement at traffic accidents or other emergencies
- (c) To provide passage for a motorcade or funeral procession
- (d) To alleviate congestion, particularly during planned special events

#### **507.3.6 TEMPORARY TRAFFIC CONTROL DEVICES**

Temporary traffic control devices (e.g., cones, signs, barricades) should be deployed using the procedures set forth in the most recent edition of the National Manual on Uniform Traffic Control Devices (MUTCD).

#### **507.4 ESCORTS**

Law enforcement escorts require the advanced approval of a sergeant. Unless approved by the sergeant, members shall not conduct emergency escorts.

## 600.3 INITIAL INVESTIGATION

### 600.3.1 MEMBER RESPONSIBILITIES

A member responsible for an initial investigation shall complete no less than the following:

  - 5. Collect any evidence.

#### 600.3.2 SCENE/INCIDENT PROCESSING RESPONSIBILITIES

The following scene processing actions should be carried out, depending upon the nature and seriousness of the scene/incident, by the investigating member or other assigned personnel. The assigned member will use the Office-provided or authorized equipment for:

- Scene photography.
- Scene sketch.
- Video or digital recording of a scene.

#### **600.4 FOLLOW UP INVESTIGATIONS**

##### **600.4.1 FOLLOW UP BY PATROL DIVISION**

It will be the responsibility of the reporting Member to promptly complete all follow-ups on any case in which they are the primary officer or otherwise assigned by a superior. If the case is such that it will be assigned by the Investigations Division Captain to the Criminal Investigation Unit or Narcotics Unit, the reporting member is still responsible to complete all preliminary investigation-related follow-ups in a timely manner.

Although a member may be assisted with certain follow-ups (e.g., completing a photo array) by an Investigator, any additional follow-ups or investigative efforts will still be the responsibility of the reporting Member unless the case is assigned by the Investigations Division Captain to the Criminal Investigation Unit or Narcotics Unit or the follow-ups are otherwise assigned to another Patrol Division member by a superior.

##### **600.4.2 FOLLOW UP BY INVESTIGATION DIVISION**

Once a case has been assigned by the Investigations Division Captain to the Criminal Investigation Unit or the Narcotics Unit, responsibility for any additional follow-ups or investigative efforts, with the exception of the preliminary investigation, will now be the responsibility of the lead investigator unless otherwise assigned by the Investigations Division Captain. Once a case has been assigned to the Criminal Investigation Unit, supervision of that case will be the responsibility of Investigations Division Captain. Once a case has been assigned to the Narcotics Unit, supervision of that case will be the responsibility of the Narcotics Unit supervisor. Although a member of the Patrol Division may assist an Investigator with certain follow-ups, it will be the Investigator's responsibility to complete all follow-ups beyond the preliminary investigation.

##### **600.4.3 CASE MANAGEMENT AND TRACKING**

The Saratoga County Sheriff's Office shall use a case management and tracking system that, at a minimum, includes:

- (a) The lead investigator.
- (b) The date of assignment.

##### 600.4.4 DETECTING DECEPTION

The Investigations Division has a polygraph to assist in criminal investigations. Permission to conduct an exam must be obtained from a Lieutenant.

Only trained polygraph technicians may conduct an exam.

##### 600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

##### 600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed a qualifying class A-1 felony, a qualifying predatory sexual assault, or a qualifying class B violent felony shall be recorded (audio and video) in its entirety (including the administration of Miranda rights) when the interrogation takes place at any Saratoga County Sheriff's Office facility unless (CPL § 60.45):

- (a) The individual requests that the interrogation not be recorded.
  - 1. The request must be made in writing or at the beginning of the recording.
- (b) The recording equipment fails.
- (c) Recording equipment is unavailable due to damage or other extraordinary circumstances.
- (d) Recording equipment is not available because it is in use or because of the location at which the interrogation takes place, such as a hospital.
- (e) Recording would jeopardize the safety of any person or reveal the identity of a confidential informant.
- (f) Exigent circumstances prevent the recording of the interrogation.

If any interrogation involving a qualifying felony is not recorded, the reason for not making a video recording should be documented.

Any custodial interrogation of an individual who is suspected of having committed any other violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigations Division supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate, and complete, and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable. Timely notice of intent to use any statement must be made to the defendant who has been arraigned (CPL § 710.30).

#### **600.6 DISCONTINUATION OF INVESTIGATIONS**

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, there is no reasonable belief that the person who committed the crime can be identified and the incident has been documented appropriately.
- (b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
  - 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
  - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) Further investigation is not necessary because the prosecutor has declined to prosecute the case.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proved that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

#### **600.7 COMPUTERS AND DIGITAL EVIDENCE**

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, members should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, members may take reasonable steps to prepare for such seizure and use the resources that are available.

##### **600.7.1 NOTICE TO PROSECUTION OF ELECTRONIC RECORDINGS**

The lead investigator should promptly notify the prosecutor's office, in writing, when there is a reasonable belief that an electronic recording of a 9-1-1 call, dispatch recording, Mobile Audio/Video (MAV), body-worn video, or other audio or video recording was made or received in

#### **600.8 TECHNICAL AIDS FOR DETECTION OF DECEPTION**

Technical aids for the detection of deception, owned by the Office or another entity, may be used as investigative tools in criminal investigations. The Office shall only use the services of equipment operators, internally or externally, who are certified to conduct such examinations. If a technical aid for the detection of deception is used, a copy of the examiner's certification should be included in the case file.

Services provided by an external entity shall be approved by the Investigations Division supervisor. A written report of the results by the certified examiner will be required and maintained in the original investigative file.

#### **600.9 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES**

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this Office. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using Office equipment.

Information obtained via the internet should not be archived or stored in any manner other than Office-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

##### **600.9.1 ACCESS RESTRICTIONS**

Information that can be accessed from any Office computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of a fictional account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

#### **600.9.2 INTERCEPTING ELECTRONIC COMMUNICATION**

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Members should seek legal counsel before any such interception.

#### **600.10 IDENTITY THEFT**

A report should be taken any time a person living within the jurisdiction of the Saratoga County Sheriff's Office reports that he/she has been a victim of identity theft. This includes:

- (a) Taking a report, even if the location of the crime is outside the jurisdiction of this Office or has not been determined.
- (b) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Office members should encourage the individual to review the material and should assist with any questions.

A report should also be taken if a person living outside Office jurisdiction reports an identity theft that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in Saratoga to facilitate the crime) (CPL § 20.40; CPL § 20.50).

A member investigating a case of identity theft should ensure that the case is referred to the appropriate agency if it is determined that this Office should not be the investigating agency (e.g., an identity theft ring working from out of state). The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for Office use and are specific to this type of investigation.

#### **600.11 MODIFICATION OF CHARGES FILED**

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Captain or the Sheriff. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor. This would not apply to making a correction to a previously filed accusatory instrument.

# Sexual Assault Investigations

## 601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims (Executive Law § 838-a).

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

### 601.1.1 DEFINITIONS

Definitions related to this policy include:

**Sexual assault** - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Article 130 of the Penal Law.

**Sexual Assault Response Team (SART)** - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic medical examiners (SAFEs) and/or sexual assault nurse examiners (SANEs), if possible; forensic laboratory personnel; and prosecutors.

## 601.2 POLICY

It is the policy of the Saratoga County Sheriff's Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

## 601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations (Executive Law § 838-a).
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates, and support for the victim.
- (f) Participate in or coordinate with SART or other multidisciplinary investigative teams as applicable.

#### *Sexual Assault Investigations*

---

##### **601.4 REPORTING**

In all reported or suspected cases of sexual assault, a report should be written, a preliminary investigation completed and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

##### **601.5 VICTIM INTERVIEWS**

The primary considerations in sexual assault investigations, which begin with the initial call to the Communication Center, should be the health and safety of the victim, the preservation of evidence and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

When possible, interviews of juvenile victims should be conducted at a Child Advocacy Center (Executive Law § 642-a).

All victims of sex offenses and/or incest should be interviewed in a private setting that provides for sight and sound separation from outside of the room. Only those persons relevant to the investigation should be allowed in the room, as provided by law (Executive Law § 642(2-a)).

No opinion of whether the case is unfounded should be included in a report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; CPL § 160.45).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

##### **601.5.1 SEXUAL ASSAULT VICTIM'S RIGHTS (STATE)**

Prior to the initial victim interview, or at the time a sexual offense evidence kit is collected, whichever is sooner, members shall (Public Health Law § 2805-i; Executive Law § 838-a):

- (a) Provide the victim with a copy of the victim's bill of rights handout created by the Department of Health;
- (b) Offer to explain those rights or provide reasonable assistance to the victim with understanding the rights;
- (c) If a sexual offense evidence kit is collected, provide contact information for the crime victim liaison and the qualified investigator (if one has been assigned), to whom the victim could inquire about the status of testing.

##### **601.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE**

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

# Saratoga County Sheriff's Office

## Policy Manual

#### *Sexual Assault Investigations*

---

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

##### 601.6.1 TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence shall submit all sexual offense evidence kits to an appropriate forensic laboratory for testing within 10 days of receipt (Executive Law § 838-a).

##### 601.6.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

The Saratoga County Sheriff's Office may temporarily delay the release of DNA match information that has been requested by a victim upon consultation with the prosecutor's office if all of the following circumstances are met (Public Health Law § 2805-i):

- (a) The information would be released prior to the arrest of a suspect.
- (b) The member documents the reason releasing information would compromise the investigation in a report.
- (c) The member provides written notification to the victim that releasing the information may compromise the investigation.

##### 601.6.3 REPORTING REQUIREMENTS

The Investigations Division Captain shall ensure that a quarterly report is submitted to the Division of Criminal Justice Services containing the number of (Executive Law § 838-a):

- (a) Sexual offense kits received.

# Saratoga County Sheriff's Office

- (b) Sexual offense kits submitted for testing and how much time it took to submit each kit.
- (c) Sexual offense kits in the Office's possession that have not been submitted for testing.

#### **601.6.4 ELECTRONIC TRACKING OF SEXUAL OFFENSE KITS**

The Investigations Division supervisor shall establish procedures for the timely submission, tracking, and updating of sexual offense kits in the statewide electronic tracking system according to the rules and guidelines developed by the Division of Criminal Justice Services (Public Health Law § 2805-i).

#### **601.7 DISPOSITION OF CASES**

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations Division Captain.

Classification of a sexual assault case as unfounded requires the Investigations Division Captain to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

#### **601.8 CASE REVIEW**

The Investigations Division Captain should ensure cases are reviewed on a periodic basis, at least annually. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates may be considered for involvement in this audit.

#### **601.9 RELEASING INFORMATION TO THE PUBLIC**

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads or in safeguarding the public through the urging of preventive measures. The Investigations Division Captain should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

#### **601.10 TRAINING**

Subject to available resources, periodic training will be provided to:

- (a) Members who are first responders. This includes, but is not limited to:
  - 1. Initial response to sexual assaults.
  - 2. Legal issues.
  - 3. Victim advocacy.

## Asset Forfeiture

### 602.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

#### 602.1.1 DEFINITIONS

Definitions related to this policy include:

**Fiscal agent** - The person designated by the Sheriff to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Saratoga County Sheriff's Office seizes property for forfeiture or when the Saratoga County Sheriff's Office is acting as the fiscal agent pursuant to a multi-agency agreement.

**Forfeiture** - The process by which legal ownership of an asset is transferred to a government or other authority.

**Seizure** - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

### 602.2 POLICY

The Saratoga County Sheriff's Office recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential of revenue shall not be allowed to jeopardize the effective investigation and prosecution of criminal offenses, officer safety, the integrity of ongoing investigations or any person's due process rights.

It is the policy of the Saratoga County Sheriff's Office that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeitures.

### 602.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

#### 602.3.1 PROPERTY SUBJECT TO SEIZURE

Property subject to forfeiture may be seized by court order or when it could otherwise be legally seized as evidence of an offense.

Whenever practicable, obtaining a search warrant or court order for seizure prior to making a seizure of property subject to forfeiture is the preferred method.

#### *Asset Forfeiture*

---

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure as evidence.

#### **602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS**

When property or cash subject to this policy is seized, the member making the seizure should ensure compliance with the following:

- (a) Complete an incident report and a general receipt and present a copy of the receipt to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the member must leave the copy in the place where the property was found, if it is reasonable to do so.

The member will book seized property as evidence with the notation in the misc/remarks section of the property section of the case report, "Seized Subject to Forfeiture."

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Members who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere; the whereabouts of the property is unknown; it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the Investigation's Division Captain.

#### **602.5 MAINTAINING SEIZED PROPERTY**

The Property and Evidence Unit Custodian is responsible for ensuring compliance with the following:

- (a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for forfeiture is checked to determine whether the property has been stolen.
- (c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- (d) Property received for forfeiture is not used unless the forfeiture action has been completed.
- (e) Forfeitable property is retained until such time as its use as evidence is no longer required.

#### **602.6 INVESTIGATION'S DIVISION CAPTAIN**

The responsibilities of the Investigations Division Captain include:

- (a) Remaining familiar with forfeiture laws, particularly the forfeiture laws of CPLR § 1310 et seq. and Penal Law § 480.00 et seq. and the forfeiture policies of the forfeiture counsel.

Members of this Office should not guarantee absolute safety or confidentiality to an informant.

- (h) Since the decision rests with the appropriate prosecutor, members shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

#### **603.4.1 UNSUITABLE INFORMANTS**

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Office and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of a member.
- (c) The informant reveals to suspects the identity of a member or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this Office to further criminal objectives.

#### **603.5 INFORMANT FILES**

Informant files shall be maintained in a secure area within the Narcotics Unit. The Narcotics Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Sheriff, Captain, Narcotics Unit supervisor or their authorized designees.

- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

#### **603.6 INFORMANT PAYMENTS**

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Narcotics Unit supervisor will discuss the above factors with the Investigations Division Captain and recommend the type and level of payment, subject to approval by the Sheriff.

Approved payments to an informant should be in cash using the following process:

- (a) Payments of \$500 and under may be paid in cash from a Narcotics Unit buy/expense fund.
  - 1. The Narcotics Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.

##### 603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of members or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

## Eyewitness Identification

### 604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this Office employ eyewitness identification techniques.

#### 604.1.1 DEFINITIONS

Definitions related to this policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Photo array**: A collection of photographs that are shown to a witness to determine if the witness can recognize a person involved with the crime.

**Line-up**: A collection of individuals who are shown to a witness to determine if the witness can recognize a person involved with the crime.

**Suspect**: Person the police believe has committed the crime.

**Filler**: A person, other than the suspect, who is used in either a live line-up or a photo array.

**Administrator**: The person who is conducting the identification procedure.

**Blind Procedure**: An identification procedure where the administrator does not know the identity of the suspect.

**Blinded Procedure**: An identification procedure where the administrator may know who the suspect is, but by virtue of the procedure's administration, the administrator does not know where the suspect is in the array viewed by the witness. This procedure is designed to prevent the administrator from being able to inadvertently provide cues to the witness.

**Confidence Statement**: A statement from an eyewitness immediately following their identification regarding their confidence or certainty about their identification. The witness should be asked to provide their level of certainty in their own words as opposed to using a numerical scale.

### 604.2 POLICY

The Saratoga County Sheriff's Office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

##### **604.3 INTERPRETIVE SERVICES**

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

##### **604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM**

The Investigations Division Captain shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

##### **604.4.1 STATE PROTOCOL**

The Investigations Division Captain should confirm that the process and forms used for eyewitness identifications comply with the protocols established by the Division of Criminal Justice (Executive Law § 837).

##### **604.5 EYEWITNESS IDENTIFICATION**

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case. Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

##### **604.6 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS**

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (CPL § 60.25; CPL § 60.30; Family Court Act § 343.3; Family Court Act § 343.4). Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup may do so sequentially (i.e., show the witness one person at a time) or simultaneously in an array for a minimum of six photos. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. The investigating member should contact the appropriate prosecuting attorney before proceeding with a live lineup.

##### **604.7 FIELD IDENTIFICATION CONSIDERATIONS**

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo

or live lineup identification. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
  - 1. The length of time the witness observed the suspect.
  - 2. The distance between the witness and the suspect.
  - 3. Whether the witness could view the suspect's face.
  - 4. The quality of the lighting when the suspect was observed by the witness.
  - 5. Whether there were distracting noises or activity during the observation.
  - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
  - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow-up, if necessary.

#### **604.8 DOCUMENTATION**

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

## Brady Information

### 605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

#### 605.1.1 DEFINITIONS

Definitions related to this policy include:

**Brady Information** - Information known or possessed by the Saratoga County Sheriff's Office that is both favorable and material to the current prosecution or defense of a criminal defendant.

### 605.2 POLICY

The Saratoga County Sheriff's Office will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Saratoga County Sheriff's Office will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Office will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

### 605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Members must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a member learns of potentially incriminating or exculpatory information any time after submission of a case, the member or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., informant, attorney-client information, attorney work product), the member should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a member is unsure, the member should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Office case file.

### 605.4 BRADY PROCESS

The Chief Deputy or the authorized designee shall coordinate requests for *Brady* information.

The responsibilities of the Chief Deputy or the authorized designee include, but are not limited to:

# Saratoga County Sheriff's Office

---

- (a) Working with the appropriate prosecutors' offices and the County Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
  - 1. Updating this list whenever potential *Brady* information concerning any Office member becomes known to the Office or is placed into a personnel or internal affairs file.

#### **605.5 DISCLOSURE OF REQUESTED INFORMATION**

If *Brady* information is located, the following procedure shall apply (CPL § 245.20):

- (a) The Chief Deputy or the authorized designee should notify the prosecuting attorney and Office member whose file contains the potential *Brady* information.
- (b) The Chief Deputy or the authorized designee should seek appropriate counsel to review the file and determine whether any further court review would be appropriate before sensitive, confidential, or immaterial information within the file is released.
  - (a) The Chief Deputy or the authorized designee shall accompany all relevant personnel files during any court hearing and address any issues or questions raised by the court in determining whether any information contained in the files is discoverable to the criminal defendant (CPL § 245.70).
  - (b) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
- (c) If a court has determined that relevant *Brady* information is contained in a member's file in any case, the Chief Deputy or the authorized designee should notify the prosecutor of that fact in all future cases involving that member.
- (d) If no court review is requested or pending, the Chief Deputy or the authorized designee should work with the appropriate counsel to determine which records should be disclosed to the prosecutor.
- (e) Prior to the release of any information pursuant to this process, a protective order should be requested from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

#### **605.6 INVESTIGATING BRADY ISSUES**

# Unmanned Aerial System

## 606.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

### 606.1.1 DEFINITIONS

Definitions related to this policy include:

**Unmanned aerial system (UAS)** - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

## 606.2 POLICY

A UAS may be utilized to enhance the Office's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

## 606.3 PRIVACY

The use of the UAS potentially involves privacy considerations. The use of the UAS shall be in accordance with any applicable FAA guidelines for aircraft unless either a search warrant or exigent circumstances exist.

## 606.4 PROGRAM COORDINATOR

The Sheriff will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current, and/or coordinating compliance with FAA Part 107 Remote Pilot Certificate, as appropriate for Office operations.
- Ensuring that all authorized operators and required observers have completed all required FAA and Office-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Coordinating the completion of the FAA Emergency Operation Request Form if applicable involving a UAS, including documentation of time spent monitoring a subject.
- Developing an operational protocol governing the deployment and operation of a UAS including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.

- Developing a UAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits where applicable.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.

#### **606.5 USE OF UAS**

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted consistent with FAA regulations.

#### **606.6 PROHIBITED USE**

The UAS video surveillance equipment shall not be used:

- To conduct random surveillance activities.
- To target a person based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.
- To harass, intimidate, or discriminate against any individual or group.
- To conduct personal business of any type.

## Warrant Service

### 607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this Office. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

### 607.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to balance the safety needs of the public, the safety of Office members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

### 607.3 OPERATIONS DIRECTOR

The Chief Deputy or the authorized designee (see the Operations Planning and Deconfliction Policy) shall serve as the operations director, who shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

### 607.4 SEARCH WARRANTS

The drafting and execution of a search warrant will be the responsibility of the Investigations Division or the Crash Reconstruction Unit. The investigator will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will submit the warrant affidavit to the appropriate supervisor for review.

### 607.5 ARREST WARRANTS

If a member reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the member should complete the risk assessment form and submit it to the appropriate supervisor for review and classification of risk prior to execution (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the Chief Deputy or the authorized designee. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

#### Warrant Service

---

##### **607.6 WARRANT PREPARATION**

A member who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution (CPL § 690.35).
  - 1. No-knock warrant applications shall be consistent with the requirements of state law (CPL § 690.35).
- (b) A clear explanation of the affiant's training, experience, and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Information Policy).
- (i) If an "all persons present" endorsement is requested, the affidavit shall describe the type of premises (e.g., private or public access), the anticipated number and behavior of the persons expected at the time of warrant execution, and whether persons with no connection to the suspected activity may be present (CPL § 690.15).

##### **607.7 DUE DILIGENCE**

Members should exercise due diligence in serving a warrant. This includes making timely and reasonable efforts to locate a suspect (e.g., conducting neighborhood checks, examining previous criminal or field contact records) and attempt service. If service is not initially successful, members should continue to undertake reasonable efforts to locate the suspect and conduct reasonable additional attempts of service at varying times and days.

The date, time, and circumstances of each attempt to locate the suspect and/or serve the warrant shall be documented.

##### **607.8 HIGH-RISK WARRANT SERVICE**

The Chief Deputy or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of members deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (c) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (d) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (e) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (f) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (g) A copy of the search warrant is left at the location.
- (h) The condition of the property is documented with video recording or photographs after the search.

##### **607.9 DETENTIONS DURING WARRANT SERVICE**

Members must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, members must be mindful that only reasonable force may be used and weapons should be displayed no longer than the member reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Members should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

##### **607.10 ACTIONS AFTER WARRANT SERVICE**

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

##### **607.11 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS**

The Chief Deputy or the authorized designee will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the shift supervisor. The shift supervisor should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Saratoga County Sheriff's Office are utilized appropriately. Any concerns regarding the requested use of Saratoga County Sheriff's Office members should be brought to the attention of the Sheriff or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the shift supervisor is unavailable, the Lieutenant should assume this role.

If members intend to serve a warrant outside Saratoga County Sheriff's Office jurisdiction, the Chief Deputy or the authorized designee should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Members will remain subject to the policies of the Saratoga County Sheriff's Office when assisting outside agencies or serving a warrant outside Saratoga County Sheriff's Office jurisdiction.

##### **607.12 MEDIA ACCESS**

No advance information regarding warrant service operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

##### **607.13 NO-KNOCK ENTRIES**

No-knock entries are only authorized if a no-knock warrant has been obtained or if exigent circumstances arise at the scene such that knocking and announcing the member's presence would create an imminent threat of physical violence to the member or another person.

# Operations Planning and Deconfliction

## 608.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

### 608.1.1 DEFINITIONS

Definitions related to this policy include:

**High-risk operations** - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by members on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

## 608.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

## 608.3 OPERATIONS DIRECTOR

The Chief Deputy shall be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

## 608.4 RISK ASSESSMENT

### 608.4.1 THREAT ASSESSMENT MATRIX PREPARATION

Members assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a threat assessment matrix.

When preparing the matrix, the member should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the member should also submit information to these resources.

The member should gather available information that includes, but is not limited to:

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to members and others (e.g., making an off-site arrest or detention of the subject of investigation).
- (i) If the operation is for a high-risk warrant service, the member will enter the address of where the warrant is to be served into the Secure Automated Fast Event Tracking Network (SAFETNet), a statewide deconfliction mapping application.

#### 608.4.2 THREAT ASSESSMENT MATRIX REVIEW

Members will present the threat assessment matrix and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

#### 608.4.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
  - 1. Special Operations Team (SOT)
  - 2. Additional personnel
  - 3. Outside agency assistance
  - 4. Special equipment

- (b) Contact the appropriate Office members or other agencies as warranted to begin preparation.
  - (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
  - (d) Coordinate the actual operation.

#### **608.5 DECONFLICTION**

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The member who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The member should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

#### **608.6 OPERATIONS PLAN**

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
  1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

The member responsible for an individual in custody shall:

The Office participates in the State Automated Biometric Identification System (SABIS) and shall use Livescan or Cardscan for the automated submission of fingerprints.

##### **900.4.3 CONSULAR NOTIFICATION**

Consular notification may be mandatory when certain foreign nationals are arrested. The Sheriff or the authorized designee will ensure that the U.S. Department of State's list of countries and jurisdictions that require mandatory notification is readily available to Office members. There should also be a published list of foreign embassy and consulate telephone and fax numbers, as well as standardized notification forms that can be transmitted and then retained for documentation. Prominently displayed signs informing foreign nationals of their rights related to consular notification should also be posted in areas used for the temporary custody of adults.

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

## Temporary Custody of Juveniles

### 901.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Saratoga County Sheriff's Office (34 USC § 11133).

#### 901.1.1 DEFINITIONS

Definitions related to this policy include (Family Court Act § 301.2; CPL § 1.20):

**Adolescent offender** - A juvenile delinquent 16 or 17 years of age who is in custody for a felony.

**Juvenile non-offender** - An abused, neglected, dependent, or noncitizen juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

**Juvenile delinquent** -

- A juvenile 12 to 17 years of age who is alleged to have committed a crime that would subject an adult to arrest (a non-status offense) or 16 to 17 years old alleged to have committed a violation where such violation occurred in conjunction with the alleged criminal act.
- A juvenile 7 to 11 years of age alleged to have committed a serious, qualifying crime listed in Family Court Act § 301.2 (e.g., aggravated criminally negligent homicide, vehicular manslaughter, manslaughter in the first degree, murder in the first or second degree or aggravated murder).

It also includes an offense under Penal Law § 265.05 for unlawful possession of a weapon by persons under 16 (28 CFR 31.303).

**Juvenile offender** - A juvenile delinquent 13 to 15 years of age who is in custody for a serious violent offense listed in Penal Law § 10.00 or CPL § 1.20.

**Non-secure custody** - When a juvenile is held in the presence of a member or other Office member at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

**Safety checks** - Direct visual observation by a member of this Office performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

**Secure custody** - When a juvenile is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

**Sight and sound separation** - Located or arranged to prevent physical, visual, or auditory contact (34 USC § 11103).

**Status offender** - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

#### **901.2 POLICY**

The Saratoga County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and to keeping juveniles safe while in temporary custody at the Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

#### **901.3 JUVENILES WHO SHOULD NOT BE HELD**

Juveniles who exhibit certain behaviors or conditions should not be held at the Saratoga County Sheriff's Office. These include:

- (a) Unconsciousness or having been unconscious while being taken into custody or transported.
- (b) Serious injuries or a medical condition requiring immediate medical attention.
- (c) A suspected suicide risk or showing obvious signs of severe emotional or mental disturbance (see the Emergency Admissions Policy).

- (d) Significant intoxication or showing signs of having ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.
- (e) Afflicted with, or displaying symptoms of, a communicable disease that poses an unreasonable exposure risk.

Members taking custody of a juvenile exhibiting any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and should notify their supervisor of the situation. These juveniles should not be held at the Office unless they have been evaluated by a qualified medical or mental health professional, as appropriate for the circumstances.

#### **901.4 CUSTODY OF JUVENILES**

Members should take custody of a juvenile and temporarily hold the juvenile at the Saratoga County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

Members will ensure that any juvenile in temporary custody is under direct physical observation at all times except as prescribed herein.

Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable. A juvenile should not be held beyond six hours from the time of his/her entry into the Office (34 USC § 11133).

##### **901.4.1 CUSTODY OF JUVENILE NON-OFFENDERS**

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Saratoga County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (42 USC § 5633).

A child taken into custody due to an emergency removal without a court order under Family Court Act § 1024 or Social Services Law § 417 shall be taken as soon as practicable to an approved facility. Every reasonable effort to inform the parent or other person legally responsible for the child's care shall be made.

##### **901.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS**

Status offenders should generally be released by a court appearance ticket or with a warning rather than taken into temporary custody. However, members may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (42 USC § 5633).

##### **901.4.3 CUSTODY OF JUVENILES - STATE REQUIREMENTS**

Juveniles should be held in non-secure custody while at the Saratoga County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

A member serving as a peace officer or a police officer may take a juvenile into custody under the same circumstances for which an adult may be arrested for a crime (Family Court Act § 305.2).

Upon arrest, every reasonable effort should be made to give notice and location of the juvenile in custody to a parent or other person legally responsible for the child, or when neither are available, to the person with whom the child resides, as soon as practicable (Family Court Act § 305.2; CPL § 120.90; CPL § 140.20; CPL § 140.27).

After providing notice, juveniles should generally be released to the custody of a parent or other legally responsible person upon the issuance of an appearance ticket to the child and the person to whose custody the child is released (Family Court Act § 305.2). Alternatively, upon being taken into custody, juveniles with special circumstances should be taken to the youth part of the superior court or family court. If the court is not in session, members should take the juvenile before an appropriate magistrate as designated by the court (Family Court Act § 305.2; Family Court Act § 312.2; CPL § 140.20; CPL § 140.27; CPL § 722.21).

In cases where the member determines that it is necessary to question the juvenile, the juvenile may be transported to a location specifically designated for the purpose of questioning juveniles, even in cases where the member intends to later transport the juvenile to court. If the member intends to release the juvenile after questioning, and upon the consent of a parent or other person legally responsible for the care of the juvenile, the juvenile may be taken to the juvenile's residence for questioning for a reasonable period of time (Family Court Act § 305.2; CPL § 140.20).

Special circumstances may make a release inappropriate due to a substantial probability that a juvenile will not appear in court or a significant risk the juvenile may commit further serious criminal acts. In these cases, taking a juvenile to family court is appropriate. When family court is not in session, the member should take the juvenile before an appropriate magistrate as designated by the court. The supervisor or designee may then contact a juvenile detention facility and seek authorization for further detention (Family Court Act § 305.2; Family Court Act § 320.5).

Members receiving custody of a juvenile from a private person for violation of the state prostitution law shall be taken to an appropriate short-term safe house. Juvenile delinquents suspected of being sexually exploited may also be taken to an appropriate short-term safe house, if they consent (Family Court Act § 305.2).

##### **901.5 NO-CONTACT REQUIREMENTS**

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Saratoga County Sheriff's Office (34 USC § 11133; 28 CFR § 115.114). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Office shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

In the event that a juvenile has erroneously been placed in custody through deception, impersonation or other reason, the incident must be immediately reported via the chain of command to the shift Lieutenant and a record made for reporting to the New York State Commission of Correction (reportable incident and annual reporting as required by Commission guidelines).

#### **901.6 TEMPORARY CUSTODY REQUIREMENTS**

Members and supervisors assigned to monitor or process any juvenile at the Saratoga County Sheriff's Office shall ensure:

- (a) Their immediate supervisor is notified if it is anticipated that a juvenile may need to remain at the Office more than four hours. This will enable that supervisor to facilitate the juvenile's release or transfer from the Office as soon as practical.
- (b) That significant incidents/activities are documented.
- (c) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
  - 1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
  - 2. This does not apply to surreptitious and legally obtained recorded interrogations.

- (e) There is reasonable access to toilets and wash basins.
- (f) There is reasonable access to a drinking fountain or water.
- (g) Food is provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (h) There are reasonable opportunities to stand and stretch, particularly if handcuffed or otherwise restrained.
- (i) There is privacy during attorney visits.

- (n) Discipline is not administered to any juvenile, nor will juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

##### **901.6.1 COURT APPROVAL**

The Sheriff or the authorized designee will ensure that only areas that have been approved by the chief administrator of courts or the office of children and family services are used for the custody or questioning of juveniles. Members should not allow a juvenile in custody to be in an unapproved area (Family Court Act § 304.1; Family Court Act § 305.2).

##### **901.7 RELIGIOUS ACCOMMODATION**

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

##### **901.8 USE OF RESTRAINT DEVICES**

Juveniles may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile may be handcuffed at the Saratoga County Sheriff's Office when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Lieutenant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

##### **901.8.1 PREGNANT JUVENILES**

Juveniles who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.

##### **901.9 PERSONAL PROPERTY**

The personal property of a juvenile shall be processed in the same manner as an adult in temporary custody (see the Temporary Custody of Adults Policy).

##### **901.10 SECURE CUSTODY**

Only juveniles 14 years of age or older may be placed in secure custody. Lieutenant approval is required before placing a juvenile or adolescent offender in secure custody.

Secure custody should only be used for juveniles when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others.

Members of this Office should not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option.

When practicable, handcuffing one hand of a juvenile to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. A

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

#### **901.11 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY**

The Sheriff or the authorized designee will ensure procedures are in place to address any suicide attempt, death or serious injury of any juvenile held at the Saratoga County Sheriff's Office. The procedures should include the following:

#### **901.12 INTERVIEWING OR INTERROGATING**

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

Juvenile delinquents and adolescent and juvenile offenders in custody shall not be questioned unless the juvenile and either the juvenile's parent or other person legally responsible for the juvenile's care, or if such legally responsible person is unavailable, the person with whom the juvenile resides, are advised of the juvenile's Office-approved *Miranda* rights for juveniles (Family Court Act § 305.2).

Any custodial interrogation of a juvenile shall be video recorded consistent with the requirements of the Division of Criminal Justice Services (Family Court Act § 305.2). This recording should intelligibly capture the entire interrogation, including the administration of *Miranda* rights and the identities of all persons present. For the policy on retention and additional notice requirements, see the Investigation and Prosecution Policy.

# Custodial Searches

## 902.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Saratoga County Sheriff's Office facility. Such items can pose a serious risk to the safety and security of Office members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

### 902.1.1 DEFINITIONS

Definitions related to this policy include:

**Custody search** - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

**Physical body cavity search** - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

**Strip search** - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

## 902.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

## 902.3 FIELD AND TRANSPORTATION SEARCHES

A member shall conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any Office vehicle. A member shall search any vehicle used for prisoner transport before and after the transportation of a prisoner. # CUSTODIAL TRANSPORTS

## 903.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the transportation of inmates outside facilities of the Saratoga County Sheriff's Office and for transporting persons under arrest to ensure uniformity and safety for both the member and person in custody. It will also ensure that members assigned to transportation duties and who transport persons under arrest are qualified and adequately trained.

## 903.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to provide safe, secure and humane transportation for all inmates and other persons as required by law.

In the event a prisoner or arrestee is ill or injured, they shall be provided medical attention as soon as is practicable. Where medical attention is required, the shift supervisor shall be notified, and the facts relayed by him/her to the Sheriff via chain of command as soon as possible. A case report will be completed no later than the end of shift.

In all cases of illness or injury, a prisoner will receive medical attention prior to incarceration.

All handcuffs will be double-locked and the most direct route taken to all destinations. No unauthorized stops shall be made while transporting a prisoner or arrestee.

The rear seat of all patrol vehicles will be searched for contraband at the beginning of each shift by the member assigned to that vehicle. It will be searched again by that member (or another member in cases where more than one member is utilized for a transport) after the transport of any prisoner to ensure that no evidence or contraband has been placed in the vehicle

## 903.3 TYPES OF TRANSPORTS

### 903.3.1 ARREST TRANSPORTS

In the event of a transport pursuant to an arrest, the arresting member is responsible for the safety and security of the arrestee. The arrestee shall be searched and handcuffed in accordance with applicable law and regulations.

Restraint devices shall not be used to punish, to display authority or as a show of force (see the Handcuffing and Restraints policy).

Prisoners shall be placed in the rear of the vehicle in the screened portion of the passenger compartment if the vehicle is so equipped. All prisoners shall be seat-belted unless there is an extenuating circumstance, (e.g. medical).

Female prisoners should be searched by female members where possible. Male members should make a search of a female arrestee only in extenuating circumstances (e.g. unavailability of a female member).

Upon arrival for court, medical appointments, etc., prisoners will be kept out of contact with civilian population. This includes verbal, physical, and any other form of contact either direct or indirect. These provisions do not apply to the prisoner's attorney. The member will be in close proximity to the prisoner at all times.

Any property belonging to the prisoner will be stored in the trunk of the patrol vehicle (or rear of the vehicle if the patrol vehicle is an SUV or other vehicle not equipped with a trunk).

In such case, whenever practicable, the member shall notify a supervisor prior to transporting the juvenile.

## 1001.2 POLICY

The Saratoga County Sheriff's Office shall use a performance evaluation system to measure, document, and recognize work performance. The performance evaluation will serve as an objective guide for the recognition of good work and the development of a process for improvement.

The Office evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

## 1001.3 TYPES OF EVALUATIONS

The Office shall use the following types of evaluations:

**Regular** - An evaluation completed annually by the employee's immediate supervisor. Employees who have been promoted should be evaluated prior to the completion of the 90-day probationary period then annually thereafter.

When an employee transfers to a different assignment in the middle of an evaluation period and less than six months has transpired since the transfer, the evaluation should be completed by the current supervisor with input from the previous supervisor.

**Special** - An evaluation that may be completed at any time the supervisor and Captain or the authorized designee determine an evaluation is necessary to address less than standard performance. The evaluation may include a plan for follow-up action (e.g., performance improvement plan (PIP), remedial training, retraining).

### 1001.3.1 RATINGS

When completing an evaluation, the supervisor will identify the rating category that best describes the employee's performance. The definition of each rating category is as follows:

**Outstanding** - Performance is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

**Exceeds standards** - Performance is better than demonstrated by a competent employee. It is performance superior to what is required, but is not of such nature to warrant a rating of outstanding.

## Policy Manual

### Policy Manual

#### *Performance Evaluations*

---

**Meets standards** - Performance of a competent employee. It is satisfactory performance that meets the standards required of the position.

**Needs improvement** - Performance is less than the standards required of the position. A needs improvement rating shall be thoroughly discussed with the employee.

**Unsatisfactory** - Performance is inferior to the standards required of the position. It is inadequate or undesirable performance that cannot be allowed to continue.

Supervisor comments may be included in the evaluation to document the employee's strengths, weaknesses and requirements for improvement. Any job dimension rating marked as unsatisfactory or outstanding shall be substantiated with supervisor comments.

#### 1001.3.2 PERFORMANCE IMPROVEMENT PLAN

Employees who receive an unsatisfactory rating may be subject to a PIP. The PIP is non-disciplinary and shall delineate areas that need improvement, any improvement measures and a timetable in which to demonstrate improvement. The issuing supervisor shall meet with the employee to review his/her performance and the status of the PIP periodically.

#### 1001.4 EVALUATION PROCESS

Supervisors should meet with the employees they supervise at the beginning of the evaluation period to discuss expectations and establish performance standards. Each supervisor should discuss the tasks of the position, standards of expected performance, and the evaluation criteria with each employee.

Performance evaluations cover a specific period and should be based upon documented performance dimensions that are applicable to the duties and authorities granted to the employee during that period. Evaluations should be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the evaluating supervisor for input.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise and to acknowledge good work. Periodic discussions with the employee during the course of the evaluation period are encouraged. Supervisors should document all discussions in the prescribed manner.

Non-probationary employees demonstrating substandard performance shall be notified in writing as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity, with the goal being a minimum of 90 days written notice prior to the end of the evaluation period.

All supervisors shall receive instruction in rating procedures and rater responsibilities as a precondition of involvement with the performance evaluation system.

#### 1001.5 EVALUATION FREQUENCY

Supervisors shall ensure that all employees they supervise are evaluated at least once every year.

#### **1001.6 EVALUATION INTERVIEW**

The supervisor should provide relevant counseling regarding advancement, specialty positions and training opportunities. Any performance areas in need of improvement and goals for reaching the expected level of performance should be identified and discussed. If the employee has reasonable objections to any of the ratings, the supervisor may make appropriate adjustments to the evaluation. The reason for such adjustments shall be documented.

Employees may write comments in an identified section of the evaluation. The supervisor and employee will sign and date the evaluation.

Upon completion of the Evaluation Interview the employee will be required to sign the evaluation form. The signature of the employee shall not be construed to be an agreement or disagreement with the evaluation, only an acknowledgement that the employee participated in the Evaluation Interview.

##### **1001.6.1 DISCRIMINATORY HARASSMENT FORM**

At the time of each employee's annual evaluation, the supervisor shall provide access to and require the employee to read the County harassment and discrimination policies and the Saratoga County Sheriff's Office Discriminatory Harassment Policy. The supervisor shall give the employee a form to be completed and returned that acknowledges the following:

- (b) The employee has had all questions regarding the policies sufficiently addressed.
- (c) The employee knows how to report alleged harassment and discrimination policy violations.
- (d) Whether the employee has been the subject of, or witness to, any unreported conduct that may violate the discrimination or harassment policies.

The completed form should be returned to the supervisor (or other authorized individual if the employee is uncomfortable returning the form to the presenting supervisor) within one week. If the employee has expressed any questions or concerns, the receiving supervisor or other authorized individual shall ensure that appropriate follow-up action is taken.

#### **1001.7 APPEAL**

The Captain or the authorized designee should evaluate the supervisor on the quality of ratings given.

## 1002.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. ## 1002.2 POLICY

The Saratoga County Sheriff's Office has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

##### **1002.5 SUPERVISOR RESPONSIBILITIES**

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.

# Reporting of Arrests, Convictions and Court Orders

## 1003.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions and court orders restrict their ability to perform the official duties and responsibilities of the Saratoga County Sheriff's Office.

## 1003.2 POLICY

The Saratoga County Sheriff's Office requires disclosure of member arrests, convictions and certain court orders to maintain the high standards, ethics and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Office.

## 1003.3 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and New York law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; CPL § 530.14).

When the Sheriff has knowledge, or reason to believe, that a member is under a qualifying Order of Protection, the Office shall verify the member is in compliance with prohibitions on the possession of pistols, rifles, shotguns or ammunition as required by Federal or New York law, and whether the member's duty weapons and equipment are exempt. Appropriate action regarding the carry of such weapons is required.

All members are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

## 1003.4 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

## 1003.5 REPORTING

All members shall immediately notify their supervisors in writing of any current criminal detention, arrest, charge or conviction in any state or foreign country, regardless of whether the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

All members shall immediately notify their supervisors in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired member

It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

#### **1004.6 WORK RESTRICTIONS**

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician, or follow the requirements of the current CBA, before continuing to work.

##### **1004.9 CONFIDENTIALITY**

The Office recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

## Sick Leave

### 1005.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible members are detailed in the current collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) or the New York Paid Family Leave Benefits Law (29 USC § 2601 et seq.; Workers' Compensation Law § 200 et seq.; 12 NYCRR § 380-2.4 et seq.).

The Sheriff or the authorized designee shall have the right to take reasonable measures to prevent sick leave abuse.

### 1005.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to provide eligible employees with a sick leave benefit.

### 1005.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick-leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment and Outside Overtime Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

#### 1005.3.1 NOTIFICATION

All members shall notify the Communications Center as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Office with no less than 15 days' notice of the impending absence. If an absence is foreseen less than 15 days prior to the scheduled shift the employee shall make notification on the day that the determination is made that they will be absent on the future date or dates

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes the Sheriff or his designee from requiring, with cause, a health care provider's statement for an absence of two or fewer days.

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

An eligible employee may be entitled to sick, disability, or family leave if the employee is subject to or caring for a dependent child subject to a mandatory or precautionary order of quarantine or isolation due to COVID-19. Employees should contact the Human Resources Department as soon as practicable once they have reason to believe a precautionary order is in effect.

The Human Resources Department shall advise employees of their rights and responsibilities as applicable (FFCRA; L. 2020, ch. 25, 2020 McKinney's Session Law News of N.Y.).

- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

requirements that may apply (see the Work-Related Illness and Injury Reporting and Illness and Injury Prevention policies).

##### 1006.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Office members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; Labor Law § 27-a; 12 NYCRR § 800.3).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

##### 1006.5.4 COUNSELING

The Office shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; Labor Law § 27-a; 12 NYCRR § 800.3).

##### 1006.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Working with the New York State Department of Health (Public Health Law § 2100 et seq.).
- (c) Physician disclosure under 10 NYCRR § 63.8.
- (d) Court-ordered testing when a person has been a victim of certain sex offenses (Public Health Law § 2785-a).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

Therefore smoking and tobacco use is prohibited by members and visitors in all Office facilities, buildings and vehicles, and as is further outlined in this policy.

### **1007.3 SMOKING AND TOBACCO USE**

Smoking and tobacco use by members is prohibited any time members are in public view representing the Saratoga County Sheriff's Office.

Personnel complaints shall be classified in one of the following categories:

**Informal** - A matter in which the Lieutenant is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

**Formal** - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Office of Professional Standards, depending on the seriousness and complexity of the investigation.

##### 1008.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. ##### **1008.17 SECTION TITLE**

## Safety Belts

### 1009.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of safety belts and child restraints. This policy will apply to all members operating or riding in Office vehicles.

#### 1009.1.1 DEFINITIONS

Definitions related to this policy include:

**Child restraint system** - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and regulations set forth in 49 CFR 571.213.

**Safety belt system** - A system utilizing a lap belt, a shoulder belt or any other belt or combination of belts installed in a motor vehicle to restrain drivers and passengers, and that conforms to federal regulations (49 CFR 571).

### 1009.2 POLICY

It is the policy of the Saratoga County Sheriff's Office that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle accident.

### 1009.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this Office while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Office, are properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations. Members must be prepared to justify any deviation from this requirement.

### 1009.4 TRANSPORTING CHILDREN

Child passengers shall be transported using an approved child restraint system in compliance with Vehicle and Traffic Law § 1229-c. The Sergeant may approve an exception to this requirement if no child restraint system is available (e.g. from the vehicle of the arrestee who has custody of the child and issuance of an appearance ticket is not possible) and a transport must occur under the specific circumstances.

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of safety belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

##### **1009.5 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES**

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any Office vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by safety belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

##### **1009.6 INOPERABLE SAFETY BELTS**

Office vehicles shall not be operated when the safety belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the safety belt is inoperable.

Office vehicle safety belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

##### **1009.7 VEHICLES MANUFACTURED WITHOUT SAFETY BELTS**

Vehicles manufactured and certified for use without safety belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

##### **1009.8 VEHICLE AIRBAGS**

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

## Body Armor

### 1010.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members with guidelines for the proper use of body armor.

### 1010.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to maximize member safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of member safety procedures.

### 1010.3 ISSUANCE

The Sheriff or the authorized designee shall ensure that body armor is issued to all members and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

Body armor shall be issued when a member begins service at the Saratoga County Sheriff's Office and shall be replaced when the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised or in accordance with manufacturer's recommendations.

The Sheriff may authorize issuance of body armor to uniformed, civilian members whose jobs may make wearing of body armor advisable.

#### 1010.3.1 USE

Generally, the required use of body armor is subject to the following:

- (a) Members shall only wear Office-approved body armor.
- (b) Members shall wear body armor any time they are in a situation where they could reasonably be expected to take enforcement action.
- (c) Members shall wear body armor when working in uniform or taking part in Office range training.
- (d) Members are not required to wear body armor when they are functioning primarily in an administrative or support capacity and would not reasonably be expected to take enforcement action.
- (e) Members may be excused from wearing body armor when they are involved in undercover or plainclothes work that their supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.
  - 1. In those instances when body armor is not worn, members should have reasonable access to their body armor.

##### 1010.3.2 INSPECTION

It is the policy of the Saratoga County Sheriff's Office to provide, in compliance with the Fair Labor Standards Act (FLSA), unpaid break time or permit an employee to use paid break time or meal time each day and appropriate facilities to accommodate any member desiring to express breast milk for her infant nursing child for up to three years after the child's birth (29 USC § 218d; Labor Law § 206-c).

## 1015.3 NOTICE

Saratoga County shall provide written notification of the provisions of Labor Law §206-c to employees returning to work following the birth of a child of their right to take unpaid leave for the purpose of expressing breast milk. Such notice shall be provided to all employees generally by posting this policy on the Saratoga County Intranet site as well as posting a copy in a central location.

An employee wishing to avail herself of this benefit is required to provide the Sheriff or the authorized designee with advance notice. Such notice shall preferably be provided prior to the employee's return to work following the birth of the child in order to afford the Sheriff with an opportunity to establish a location and schedule leave time among multiple employees if, needed.

## 1015.4 REASONABLE BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 218d; Labor Law § 206-c)). In general, lactation breaks that cumulatively total 30 minutes or less during any three-hour work period or major portion of a three-hour work period would be considered reasonable. However, individual circumstances may require more or less time.

Lactation breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods. While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid. Upon election of the employee, unpaid break time may run concurrently with regularly scheduled paid break or meal periods.

Members desiring to take a lactation break shall notify their immediate supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt Office operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

##### **1015.5 PRIVATE LOCATION**

The Office will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 218d; Labor Law § 206-c).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. If a door with a functional lock is not available, a sign advising the room or location is in use and not accessible to other employees or the public may be posted. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

The room or other location shall be well lit at all times through either natural or artificial light. If the room has a window, it shall be covered with a curtain, blind, or other covering to ensure privacy for the mother. The room shall contain, at a minimum, a chair and small table, desk, counter, or other flat surface. In addition, the area will contain an outlet and be in close proximity to a clean water supply and access to refrigeration for the purposes of storing the expressed milk.

Authorized breaks for members assigned to the field may be taken at the nearest appropriate private area. Nothing contained herein shall require the member to utilize the agency provided area while assigned to the field. It shall be the responsibility of the member to ensure the appropriateness and privacy of any personally selected location.

##### **1015.5.1 STATE REQUIREMENTS**

When practicable, the Office should make reasonable efforts to provide a private location that meets the requirements of Labor Law § 206-c and notify all members that a room or location is being designated to express milk if that room or location could, at other times, be used for another purpose. Such locations, however, shall not be used for any other purpose while it is in use by the member expressing milk.

##### **1015.6 STORAGE OF EXPRESSED MILK**

The Sheriff or the authorized designee shall designate a refrigerator for milk storage (Labor Law § 206-c). The employee is required to store all expressed milk in closed, clearly labeled containers, and shall remove it when leaving at the end of the shift.

##### **1015.7 PROCEDURE**

- Prior to the employee returning to work following the birth of her child, the employee shall contact the Sheriff or the authorized designee regarding the need to have accommodations available to her upon her return.
- Prior to or upon return to work, the employee and her immediate supervisor shall determine a tentative break schedule. This schedule will be modified as needed.
- Immediately prior to taking a break the employee will inform her supervisor that she is leaving her work station.

## 1018.4 OUTSIDE EMPLOYMENT PROCEDURES

### 1018.4.1 REQUEST AND APPROVAL

Members must submit the designated outside employment request form to their immediate supervisors. The request form will then be forwarded through the chain of command to the Sheriff for consideration.

#### 1018.5.3 REVIEW OF FINANCIAL RECORDS

Prior to approving outside employment, the Office may request that a member provide his/her personal financial records for review if the Sheriff determines that a conflict of interest may exist. If, after approving a request for outside employment, the Office obtains information that a financial conflict of interest exists, the Office may request that the member provide his/her personal financial records for review. # Work-Related Illness and Injury Reporting

## 1019.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding timely reporting of work-related injuries and occupational illnesses.

### 1019.1.1 DEFINITIONS

Definitions related to this policy include:

**Work-related illness or injury** - Accidental injuries and disease arising out of and in the course of employment. Mental injury may be included unless it is a sole injury arising out of work-related stress as a direct consequence of a lawful and good faith personnel decision involving disciplinary action, work evaluation, job transfer, demotion, or termination (Workers' Compensation Law § 2).

## 1019.2 POLICY

The Saratoga County Sheriff's Office will address work-related injuries and occupational illnesses appropriately, and will comply with applicable state workers' compensation requirements (Workers' Compensation Law § 110).

## 1019.3 RESPONSIBILITIES

### 1019.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational illness or work-related injury shall report such event as soon as practicable, but within 24 hours to a supervisor, and shall seek medical care when appropriate.

### 1019.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any work-related injury or occupational illness should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related County-wide injury- or illness-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

### 1019.3.3 CAPTAIN RESPONSIBILITIES

The Captain who receives a report of an occupational illness or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief Deputy, the County's risk management entity and the Administrative Assistant to the Sheriff to ensure any required New York State Department of Labor's Division of Safety and Health (DOSHS) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

##### **1019.3.4 SHERIFF RESPONSIBILITIES**

The Sheriff shall review and forward copies of the report to the Human Resources Department. Copies of the report and related documents retained by the Office shall be filed in the member's confidential medical file.

##### **1019.4 OTHER ILLNESS OR INJURY**

Illnesses and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Captain through the chain of command and a copy sent to the Chief Deputy.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

##### **1019.5 SETTLEMENT OFFERS**

When a member sustains an occupational illness or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

##### **1019.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL**

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational illness or work-related injury, the member shall provide the Sheriff with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the illness or injury, and to protect the County's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

##### **1019.6 ADDITIONAL STATE LAW**

The Sheriff or the authorized designee should coordinate with the Human Resources Department and any applicable collective bargaining units to develop procedures for reporting and additional documentation required for payment of benefits under General Municipal Law § 207-c.

## 1021.1 PURPOSE AND SCOPE

This policy provides guidelines for Saratoga County Sheriff's Office-authorized uniforms and civilian attire regulations. It is established to ensure that uniformed members will be readily identifiable to the public through the proper use and wearing of Office uniforms, and that the appearance of members who wear civilian attire reflects favorably on the Office.

This policy addresses the wearing and maintenance of Office uniforms, accessories, insignia, patches and badge; the requirements for members who wear civilian attire; and the authorized use of optional equipment and accessories by members of the Office.

# Temporary Modified-Duty Assignments

## 1025.1 PURPOSE AND SCOPE

This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, County rules or current collective bargaining agreements. For example, nothing in this policy affects the obligation of the Office to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

## 1025.2 POLICY

Subject to operational considerations, the Saratoga County Sheriff's Office may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Office with a productive employee during the temporary period.

## 1025.3 GENERAL CONSIDERATIONS

Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature (General Municipal Law §207-c). Employees having disabilities covered under the Americans with Disabilities Act (ADA) or Executive Law § 296 of the New York Human Rights Law shall be treated equally, without regard to any preference for a work-related injury (Executive Law § 296).

No position in the Saratoga County Sheriff's Office shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Office. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Sheriff or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, or engaging in outside employment in security work, or may otherwise limit them in employing their police officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

## 1025.4 PROCEDURE

Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.

## Performance History Audits

### 1026.1 PURPOSE AND SCOPE

This policy provides guidance for the use of performance history audits. Performance history audits can help identify commendable performance as well as provide early recognition of training needs and other potential issues (e.g., problematic conduct). This policy addresses the responsibilities, performance indicators, and components of the audit; handling of collected data; and conducting appropriate interventions, when necessary.

### 1026.2 POLICY

The Saratoga County Sheriff's Office collects data to assist supervisors with evaluating the performance of their employees, including identifying problematic conduct and providing for appropriate interventions. While it is understood that the statistical compilation of data may be helpful to supervisors, the Office recognizes that it cannot account for, and must carefully balance such data with, the many variables in law enforcement, such as:

- Ability to detect crime.
- Work ethic.
- Assignment and shift.
- Physical abilities (ability to perform the job-related physical tasks).
- Randomness of events.

### 1026.3 RESPONSIBILITIES

Under the authority of the Chief Deputy, the Office of Professional Standards is responsible for collecting performance indicators and other relevant data. The data will be compiled to generate annual performance history audit reports that will be provided to the appropriate Captain. The Office of Professional Standards will utilize confidential methods to compile and track information regarding performance indicators for each member during each quarter in order to prepare the report. Each report should contain data from a one-year time period

### 1026.4 COMPONENTS OF PERFORMANCE HISTORY AUDITS

##### 1026.4.2 DATA ANALYSIS

The Captain in the chain of command for the member who is the subject of the performance history audit report will review each audit report and determine whether it should be provided to the member's immediate supervisor for further consideration.

##### 1026.4.3 EMPLOYEE REVIEW

Upon receipt of a performance history audit report, the supervisor will carefully review the report with the member to assess any potential trends or other issues that may warrant intervention to improve member performance and avoid unnecessary uses of force. These interventions could include informal counseling, additional training or a recommendation for other action, including discipline. The member shall date and sign the report and should be provided with a copy of the report upon request.

##### **1026.4.4 FOLLOW-UP MONITORING**

Depending upon the results of each performance history audit, a determination should be made by the members Captain, after discussion with the member's immediate supervisor, about the need, type and duration of any follow-up. Performance indicators and data analysis will generally provide the basis upon which such decisions should be made.

##### **1026.5 CONFIDENTIALITY OF DATA**

# Speech, Expression and Social Networking

## 1027.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with the use of social networking sites, and provides guidelines for the regulation and balancing of member speech and expression with the needs of the Saratoga County Sheriff's Office.

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech and use of all Internet services, including the Web, email, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit a member from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or an employee group, about matters of public concern, such as misconduct or corruption.

Members are encouraged to consult with their supervisors regarding any questions arising from the application or potential application of this policy.

## 1027.2 POLICY

Members of public entities occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of the Saratoga County Sheriff's Office. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that members of this Office be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Office will carefully balance the individual member's rights against the needs and interests of the Office when exercising a reasonable degree of control over its members' speech and expression.

## 1027.3 SAFETY

Members should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Saratoga County Sheriff's Office members, such as posting personal information in a public forum or posting a photograph taken with a GPS-enabled camera, can result in compromising a member's home address or family ties. Members should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any member, a member's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of a member who is working undercover.

# Line-of-Duty Deaths

## 1029.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Saratoga County Sheriff's Office in the event of the death of a member occurring in the line of duty and to direct the Office in providing proper support for the member's survivors.

The Sheriff may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

### 1029.1.1 DEFINITIONS

Definitions related to this policy include:

**Line-of-duty death** - The death of a member during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing assigned duties.

For a member, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

## 1029.2 POLICY

It is the policy of the Saratoga County Sheriff's Office to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this Office to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

## 1029.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Lieutenant and the Communication Center.
  - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Sheriff or authorized designee section of this policy).
- (b) The Lieutenant should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

- (c) If the member has been transported to the hospital, the Lieutenant or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Sheriff or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Office Liaison as soon as practicable (see the Notifying Survivors section and the Office Liaison and Hospital Liaison subsections in this policy).

#### **1029.4 NOTIFYING SURVIVORS**

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Sheriff or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Sheriff, Lieutenant, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be a member of the clergy (or equivalent for a different faith).

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in Office vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

#### 1029.4.1 OUT-OF-AREA NOTIFICATIONS

The Office Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Office Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the Office member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Office Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Office to pay travel expenses without the authorization of the Sheriff.

#### 1029.5 NOTIFYING OFFICE MEMBERS

Supervisors or members designated by the Sheriff are responsible for notifying Office members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

This may involve an individual member or group of members. The goal of CISM is to alleviate the reactions to traumatic experiences by providing a format in which members can discuss their reactions, emotions and fears to such an incident and obtain a referral for further care, if necessary. CISM may be conducted on an individual, one on one basis or in a group setting. It is not a critique of the actions, performance, policies or strategies utilized at that incident by the involved members or supervisors. After a critical incident has occurred, an EAP Support Member may contact the immediate supervisor or departmental command staff of involved personnel when they believe a CISM will be beneficial. As with all EAP services, the CISM services will remain confidential.

## **Law Enforcement and Security Annex.pdf**

# Saratoga County Emergency Operations Guidelines

## **Law Enforcement & Security Annex**

**Coordinating Agency:**

Saratoga County Sheriff's Office

**Primary Agency:**

Saratoga County Sheriff's Office

City of Saratoga Springs Police Department

City of Mechanicville Police Department

Town of Waterford Police Department

New York State Police

Village of Ballston Spa Police Department

Village of South Glens Falls Police Dept.

Town of Stillwater Police Department

**Support Agencies:**

Chief Elected Officials

Saratoga County Office of Emergency Management

Public Works Departments

Fire Departments

EMS Agencies

New York State Office of Emergency Management

**Purpose**

This Annex provides guidance for the organization of law enforcement resources in Saratoga County to respond to emergency situations exceeding normal law enforcement capabilities. Specifically, the Public Safety and Security Annex discusses:

- ◆ Emergency law enforcement and security activities
- ◆ Operational and personnel security
- ◆ Augmentation of local law enforcement resources
- ◆ Law enforcement command and control structure
- ◆ Coordination with State and Federal law enforcement resources
- ◆ Liaison between response operations and criminal investigation activities

This Annex assigns responsibilities and provides coordination between all of the law enforcement agencies operating during times of emergencies and disasters in the County. This coordination is to ensure the safety of all citizens, maintain law and order, protect public and private property and provide protection for essential industries and facilities.

Emergency law enforcement should be an expansion of normal operations and responsibilities. Each jurisdictional area may provide law enforcement functions and assist in similar functions outside of its normal area of operations as needed to meet demands of the situation. It is not the intent of this plan, however to provide assistance for the county at the expense of the local jurisdictions. Each agency has the authority and responsibility to determine whether activation outside of normal jurisdictional lines would present a threat to local needs. If additional support is required of law enforcement agencies inside incorporated areas, that support may include traffic control, evacuation movement, search and rescue (see Search and Rescue Annex) and security for vital facilities and supplies. In the event of a national security crisis, law

enforcement resources from the federal or even the state level may not be available to provide support.

### **Scope**

This annex provides a mechanism for coordinating and providing adequate support to authorities for law enforcement, public safety, and security capabilities and resources in an emergency or disaster situation.

This includes normal law enforcement responsibilities such as evacuation and movement of the public away from a hazard area and enforcing limited access to hazardous areas. Capabilities within this annex support incident management requirements including critical infrastructure protection, security planning, technical assistance, and public safety in both pre- and post-incident situations.

### **Annex Activation & Plan Maintenance**

This annex is typically activated in situations requiring extensive assistance to provide for public safety and security. This annex may be activated independently or in conjunction with other annexes, depending on the needs of the situation. This annex's Coordinating and Primary Agencies will be responsible for review and revision of this annex.

### **Policies**

- The Incident Command System (ICS) should be used at all emergency or disaster incidents.
- At declared Law-Enforcement incidents, the senior law-enforcement officer of the jurisdiction should be the Incident Commander (IC) until command is formally transferred or transitioned to Unified Command.
- The Sheriff (or designee) should function as the law enforcement IC for emergencies, disasters, and catastrophic events occurring within unincorporated areas of Saratoga County.
- The Chiefs of Police (or designee) should function as the law enforcement IC for emergencies, disasters, and catastrophic events occurring within their municipalities.
- A law enforcement-oriented emergency, disaster, or catastrophic event is any large scale emergency situation where the maintenance of law and order is the primary focal point, i.e., hostage or terrorist activity, riot and civil disturbance.

### **Situation**

- Saratoga County is susceptible to a multitude of natural and man-made disasters. These disasters, depending on their magnitude, have the ability to damage infrastructure, structures and lifelines that may rapidly overwhelm the capacity of County agencies to assess the disaster and respond effectively of basic and emergency human needs.

- During any type of disaster or large-scale emergency, law enforcement officers may be faced with a tremendous challenge of overwhelming demands of providing help and assistance to the public. The stress of high emergency call volume with physical constraints, such as fatigue, sight of death and destruction, impassible roadways from flooding, angry citizens, looting, rescue needs and a multitude of injured victims often appear to be an endless battle with the disaster. The law enforcement services may have increased demands placed on their agencies and with high expectations of success.

### **Assumptions**

- General law enforcement problems are compounded by disaster related community disruption, restriction of movement, impacted communications and facilities, and a shortage of law-enforcement resources.
- The capabilities of local law enforcement agencies may be quickly exceeded.
- Supplemental assistance should be requested through local and state emergency management channels and the operation of mutual aid agreements.
- The availability of resources will have a profound effect on agencies ability to perform tasked activities.

### **General**

- In time of an emergency or disaster, law enforcement agencies are called upon to perform a wide range of functions. These include, but are not limited to, warning and evacuation, search and rescue, emergency medical services, communications access, traffic control and enforcement of emergency traffic regulations.
- When local law enforcement resources are exhausted, supplemental assistance may be requested through local and state emergency management channels.
- Law enforcement units provided by other levels of government will remain under the administrative control of the parent agency while they may be under the operational control of the requesting agency or Incident Management Team (IMT).
- In order to facilitate coordination between and among the participating units and agencies, the Incident Command System should be utilized.
- The Incident Commander, regardless of rank, has the authority to request support and assistance from mutual aid partners and the County EOC.
- Law enforcement agencies should have a representative at the EOC. The primary law enforcement jurisdiction, or jurisdiction in which the emergency or disaster originates, should send a representative to the EOC unless they have authorized another agency to represent them.

## **Notifications**

- The Primary agency will usually notify support agencies through the Saratoga County Communications Center (SCCC) if they need on-scene assistance.
- The OEM Director will usually notify support agencies of EOC activations and request that representatives report to the EOC to help coordinate this annex's activities.
- As additional EOC staffing needs become apparent, other support and partnering agency personnel may be asked to report to the EOC to assist resource support activities.
- Depending on the nature and location of the emergency, state and federal representatives may also become critical members of the Law Enforcement and Security Annex team.

## **Preparedness**

- Develop and maintain Standard Operating Procedures/Guidelines (SOP/SOGs) and checklists to support emergency law enforcement operations.
- Ensure emergency personnel call-up and resource lists are current and available to OEM.
- Strive to ensure that all law enforcement personnel are trained to the appropriate NIMS/ICS level, in traffic control and evacuation procedures/guidelines, and in search and rescue operations.
- Coordinate and maintain liaison with support agencies and state and federal law enforcement agencies.
- Review plans and procedures/guidelines and assure that all law enforcement personnel are informed of existing or revised procedures/guidelines.
- Ensure mutual aid agreements with surrounding jurisdictions are current.
- Ensure the availability of necessary equipment to support law enforcement activities.
- Participate in emergency management training and exercises.

## **Response**

- Assist with the dissemination of warnings and notifications as time and resources allow.
- Establish communication between EOC and Incident Management Team to determine resource needs to support incident response and operations.
- Respond as required on a priority basis.
- Secure the prisoner population in the county correctional facility during a disaster situation.
- Secure incident site(s).
- Activate mutual aid if needed.
- Support damage assessment activities.
- Coordinate activities with other responding agencies.
- Coordinate law enforcement agencies responding from outside the jurisdiction.
- Alert or activate off-duty personnel as required by the emergency.
- Conduct other specific response actions as dictated by the situation.

- Document expenditures for disaster/emergency related activities and report to the EOC.

### **Recovery**

- Continue to render support when and where required as long as emergency conditions exist.
- Demobilize resources.
- Return equipment and vehicles to response ready condition.
- Document costs and provide copies to the EOC.
- Review plans and procedures/guidelines with key personnel and make revisions and changes.
- Participate in after-action briefings and develop after-action reports.

### **Mitigation**

- Participate in hazard identification process and identify and correct vulnerabilities in the public safety and security function.
- Develop safety programs, to include disaster situations, and present them to the public.

### **Organization**

- On-scene Public Safety & Security Operations should be organized using the Incident Command System and remain under the tactical control of the lead law enforcement agency having jurisdiction.
- Law Enforcement and security support to on-scene operations, if needed, will likely take place through the County
- Emergency Operations Center (EOC). This annex's Agency Reps in the EOC should be organized under the ICS Operations Section as either a stand-alone "Team" or as part of a functional Group, depending upon the needs of the incident.

### **Annex Coordinator**

- Coordinate capabilities, resources, and assets necessary to alleviate disaster impacts on citizens and public entities caused by an emergency or disaster.
- Provide a representative to the EOC with the authority to coordinate law enforcement functions.
- If advance notice of the incident is available, develop a plan and briefing for all agencies involved.
- Maintain necessary mutual aid agreements for law enforcement services.
- Maintain up-to-date rosters for notifying personnel and 24-hour staffing capabilities.
- Coordinate documentation of emergency activities and recovery of funds.

### **Primary Agencies**

- Restore/maintain law and order.
- Coordinate activities with support agencies.
- Provide expertise on public safety to Incident Command.
- Support Incident Management Teams in the field.

- Provide reports from field personnel on damage assessment through windshield surveys.
- Control traffic during and after emergencies and maintain access and egress routes.
- Maintain order in and around emergency/disaster scene; safeguard property in and around scene (as time & resources allow).

- When requested, deploy a representative to the EOC to assist with public safety and security activities.
- Coordinate security for the EOC if necessary.

- Assist the coroner in investigation, identification, recovery and management of deceased persons.
- Control re-entry into controlled or evacuated areas as needed and able.
- Manage law enforcement resources to provide assistance upon request from other jurisdictions (as time & resources allow).
- Develop applicable Standard Operating Procedures/Guidelines (SOP/SOGs), guidelines and/or checklists detailing the accomplishment of assigned functions.

- Perform other emergency responsibilities as assigned.
- Assist in identifying personnel and resources to support this Annex.
- Work with Saratoga County Office of Emergency Management to keep this Annex up-to-date.

**INTERMUNICIPAL AGREEMENT  
SHERIFF'S OFFICE COOPERATION BETWEEN THE COUNTY OF SARATOGA  
AND THE COUNTY OF WASHINGTON**

This agreement is made this 20<sup>th</sup> day of August, 2023, between the **COUNTY OF SARATOGA**, a municipal corporation with its principal place of business at 6012 County Farm Road, Ballston Spa, New York, **COUNTY OF WASHINGTON**, a municipal corporation with its principal place of business at 399 Broadway, Fort Edward, NY 12828.

**RECITALS**

**WHEREAS**, Section 119-o of the General Municipal Law permits municipal corporations to enter into agreement for the performance amongst themselves or one for the other of their respective functions, powers and duties on a cooperative or contract basis or for the provision of a joint service, and

**WHEREAS**, the parties hereto have experienced within their jurisdictions a need for the joint response of both parties' police agency resources to deal with certain criminal acts or threats including but not limited to large scale protests, narcotics related crimes/investigations, unexpected circumstances warranting law enforcement response which overwhelms the daily staffing levels of a primary agency requiring a law enforcement response from surrounding agencies until the situation is mitigated or the primary agency can have their own resources respond and safely assume control, or other instances amounting to emergency circumstances that may be more effectively dealt with through the use of sharing resources for long term events such as natural disasters;

**NOW, THEREFORE**, the parties hereto do mutually agree pursuant to the terms and provisions of the Shared Services Cooperation Agreement as follows:

**ARTICLE 1:**

**Purpose of Agreement.** The purpose of this Agreement is to:

1. Formalize the relationship between the Saratoga County Sheriff's Office and the Washington County Sheriff's Office and the use of their combined law enforcement resources.
2. Eliminate the need to follow the formal procedure set forth in General Municipal Law §209-m to request assistance from the other (party) (parties) in the form of personnel and/or equipment.

3. Provide for more efficient utilization of law enforcement resources and services; and
4. Make available to each participating entity, any resource necessary as determined by the Sheriff of Saratoga County and the Sheriff of Washington County through mutual agreement in the event of an emergency in accordance with the provisions of this Agreement.

#### ARTICLE 2:

**Personnel and Equipment.** Each party agrees that their police department may supply personnel, equipment, and other available resources to the other upon request in the event of an emergency or investigation, if their respective Sheriff, or his designee; or Chief, or his designee, deems it appropriate. The number of personnel, if any, and the amount or type of equipment to be dispatched by the responding party shall be determined by that agency's Sheriff, or his designee; or Chief, or his designee.

#### ARTICLE 3:

**Retained Personnel and Equipment.** Each party agrees that the responding party may hold back sufficient personnel and equipment to provide adequate protection within the territory of the responding party. Should a need for the loaned personnel and equipment arise within the territory of the responding party, then the responding (party) (parties) may recall such personnel and equipment or any part thereof. The responding (party) (parties) shall inform the requesting party of its intent to withdraw from the situation.

#### ARTICLE 4:

**Compensation.** In accordance with the provisions of General Municipal Law §119-o(3)(b) each party shall be liable for salaries and other compensation due to their own employees for the time the employees are undertaking services pursuant to this Intermunicipal Agreement.

Neither party, as a requesting party, shall be obligated to compensate the responding party for services rendered by or injuries to the responding parties' personnel, or for the use or damage to the responding parties' equipment. Specifically, and without limiting the foregoing, the requesting party shall have no obligation for payment of wages or withholding for unemployment, workers' compensation, or for the payment of any other benefits to the personnel of the responding party.

## ARTICLE 5:

**Control of Personnel and Equipment.** The Incident Commander of the requesting party shall be in command of the operation(s) under which the equipment and personnel sent by the responding party shall service; provided that the responding personnel and equipment shall be under the immediate supervision of the officer in charge of the responding party, if more than one officer responds. Command, however, may be relinquished to a ranking or senior officer of the party rendering assistance under the terms of this Agreement.

## ARTICLE 6:

**Privileges and Immunities.** To the extent permitted by law, all the powers, duties, rights, privileges, and immunities from liability which surround the activities of any participating agency's members or agency when performing its functions within the public agency's territorial limits shall apply to the activities of that agency's members while furnishing law enforcement services outside its territorial limits under the terms of this agreement.

Specifically, pursuant to General Municipal Law §119-n(c) and §119-o, police officers assisting another local government outside their normal territorial jurisdiction shall have all powers and authority of law enforcement officers in such other jurisdiction as provided by law, including, but not limited to, the power of arrest.

## ARTICLE 7:

**Line of Duty Death or Injury.** The effect of the death, injury, or disability of any officer who is killed, injured, or disabled outside the territorial limits of either party while in the performance of this Agreement, shall be the same as if they were killed, injured, or were to become disabled while that officer was functioning within its own territorial limits, and such injury or death shall be considered in the line of duty.

## ARTICLE 8:

**Liability and Indemnification.** Neither party shall incur any liability or responsibility for the failure to respond to any request for assistance made pursuant to this Agreement. This Agreement shall not be construed as or deemed to be an Agreement for the benefit of any third party or parties, and no third party or parties shall have any right of action whatsoever hereunder for any cause whatsoever.

Neither party shall be required to indemnify the other for any claim arising out of participating under this Agreement. Each party shall be responsible for defending its own

respective entity in any action or dispute that arises in connection with or as a result of this Agreement and that each party will be responsible for bearing their own costs, damages, losses, expenses, and attorney's fees. Each party shall be obligated to notify the other of any claims or lawsuits received arising out of any shared service event.

Each party hereto hereby expressly waives all claims of whatever type or nature, except for gross negligence, against the other and its personnel, which may arise out of the performance of this Agreement.

#### **ARTICLE 9:**

**Administration.** It is the intention of the participants that no separate legal entity is created by this Agreement to carry out its provisions. To the extent this Agreement requires administration other than as set forth herein, it shall be administered by the governing bodies or an appointee of the governing bodies hereto acting as a joint board. No real or personal property shall be acquired by the participants because of this Agreement. Each party shall have equal access to the records created by the other party related to incidents responded to under this Agreement.

#### **ARTICLE 10:**

**Compliance with Laws.** Each participant agrees that each will comply with all applicable federal, state, and local laws, and rules and regulations applicable to the respective entities and employees in connection with the performance of this Agreement.

#### **ARTICLE 11:**

COUNTY OF WARREN

This agreement is made this 24<sup>th</sup> day of August, 2023 between the COUNTY OF SARATOGA, a municipal corporation with its principal place of business at 6012 County Farm Road, Ballston Spa, New York, and the COUNTY OF WARREN, a municipal corporation with its principal place of business at 1400 U.S. 9 Lake George New York.

RECITALS

WHEREAS, Section 119-o of the General Municipal Law permits municipal corporations to enter into agreement for the performance amongst themselves or one for the other of their respective functions, powers and duties on a cooperative or contract basis or for the provision of a joint service, and

WHEREAS, the parties hereto have experienced within their jurisdictions a need for the joint response of both parties' police agency resources to deal with certain criminal acts or threats including but not limited to large scale protests, narcotics related crimes / investigations, unexpected circumstances warranting law enforcement response which overwhelms the daily staffing levels of a primary agency requiring a law enforcement response from surrounding agencies until the situation is mitigated or the primary agency can have their own resources respond and safely assume control, or other instances amounting to emergency circumstances that may be more effectively dealt with through the use of sharing resources for long term events such as natural disasters,

NOW, THEREFORE, the parties hereto do mutually agree pursuant to the terms and provisions of the Shared Services Cooperation Agreement as follows:

ARTICLE 1:

Purpose of Agreement. The purpose of this Agreement is to:

1. Formalize the relationship between the Saratoga County Sheriff's Office and the Warren County Sheriff's Office and the use of their combined law enforcement resources.
2. Eliminate the need to follow the formal procedure set forth in General Municipal Law §209-m to request assistance from the other (party) (parties) in the form of personnel and/or equipment;
3. Provide for more efficient utilization of law enforcement resources and services; and
4. Make available to each participating entity, any resource necessary as determined by the Sheriff of Saratoga County and the Sheriff of Warren County through mutual agreement in the event of an emergency in accordance with the provisions of this Agreement.

## ARTICLE 2:

**Personnel and Equipment.** Each party agrees that their police department may supply personnel, equipment and other available resources to the other upon request in the event of an emergency or investigation, if their respective Sheriff, or his designee; or Chief, or his designee, deems it appropriate. The number of personnel, if any, and the amount or type of equipment to be dispatched by the responding party shall be determined by that agency's Sheriff, or his designee; or Chief, or his designee.

## ARTICLE 3:

**Retained Personnel and Equipment.** Each party agrees that the responding party may hold back sufficient personnel and equipment to provide adequate protection within the territory of the responding party. Should a need for the loaned personnel and equipment arise within the territory of the responding party, then the responding (party) (parties) may recall such personnel and equipment or any part thereof. The responding (party) (parties) shall inform the requesting party of its intent to withdraw from the situation.

## ARTICLE 4:

**Compensation.** In accordance with the provisions of General Municipal Law §119-o(3)(b) each party shall be liable for salaries and other compensation due to their own employees for the time the employees are undertaking services pursuant to this Intermunicipal Agreement.

Neither party, as a requesting party, shall be obligated to compensate the responding party for services rendered by or injuries to the responding parties' personnel, or for the use or damage to the responding parties' equipment. Specifically, and without limiting the foregoing, the requesting party shall have no obligation for payment of wages or withholding for unemployment, workers' compensation, or for the payment of any other benefits to the personnel of the responding party.

## ARTICLE 5:

**Control of Personnel and Equipment.** The Incident Commander of the requesting party shall be in command of the operation(s) under which the equipment and personnel sent by the responding party shall service; provided that the responding personnel and equipment shall be under the immediate supervision of the officer in charge of the responding party, if more than one officer responds. Command, however, may be relinquished to a ranking or senior officer of the party rendering assistance under the terms of this Agreement.

#### ARTICLE 6:

**Privileges and Immunities.** To the extent permitted by law, all the powers, duties, rights, privileges and immunities from liability which surround the activities of any participating agency's members or agency when performing its functions within the public agency's territorial limits shall apply to the activities of that agency's members while furnishing law enforcement services outside its territorial limits under the terms of this agreement.

Specifically, pursuant to General Municipal Law §119-n(c) and §119-o, police officers assisting another local government outside their normal territorial jurisdiction shall have all powers and authority of law enforcement officers in such other jurisdiction as provided by law, including, but not limited to, the power of arrest.

#### ARTICLE 7:

**Line of Duty Death or Injury.** The effect of the death, injury or disability of any officer who is killed, injured or disabled outside the territorial limits of either party while in the performance of this Agreement, shall be the same as if they were killed, injured or were to become disabled while that officer was functioning within its own territorial limits, and such injury or death shall be considered in the line of duty.

#### ARTICLE 8:

**Liability and Indemnification.** Neither party shall incur any liability or responsibility for the failure to respond to any request for assistance made pursuant to this Agreement. This Agreement shall not be construed as or deemed to be an Agreement for the benefit of any third party or parties, and no third party or parties shall have any right of action whatsoever hereunder for any cause whatsoever.

Neither party shall be required to indemnify the other for any claim arising out of participating under this Agreement. Each party shall be responsible for defending its own respective entity in any action or dispute that arises in connection with or as a result of this Agreement and that each party will be responsible for bearing their own costs, damages, losses, expenses and attorney's fees. Each party shall be obligated to notify the other of any claims or lawsuits received arising out of any shared service event.

Each party hereto hereby expressly waives all claims of whatever type or nature, except for gross negligence, against the other and its personnel, which may arise out of the performance of this Agreement.

ARTICLE 9:

Administration. It is the intention of the participants that no separate legal entity is created by this Agreement to carry out its provisions. To the extent this Agreement requires administration other than as set forth herein, it shall be administered by the governing bodies or an appointee of the governing bodies hereto acting as a joint board. No real or personal property shall be acquired by the participants because of this Agreement. Each party shall have equal access to the records created by the other party related to incidents responded to under this Agreement.

ARTICLE 10:

Compliance with Laws. Each participant agrees that each will comply with all applicable federal, state, and local laws, and rules and regulations applicable to the respective entities and employees in connection with the performance of this Agreement.

ARTICLE 11:

Approval, Duration and Termination. This Agreement shall not be effective until approved by a majority vote, as required by General Municipal Law §119-o, of the governing body of each party. This is the entire Agreement between the parties governing the subject matter herein and may only be changed, modified or amended by written agreement of the parties of the authorized representatives of the parties, subject to the requirements of ARTICLE 1 of the Agreement.

ARTICLE 12:

In the event that it is necessary for (either) (any) (party) (parties) to transmit to (either) (any) (party) (parties) written notice or communications that are anticipated in accordance with the terms and provisions of the Agreement, the same shall be considered delivered upon personal delivery and/or the same by ordinary mail to the following persons and/or addresses:

## EXECUTIVE SUMMARY

### **Introduction**

This plan results from the recognition on the part of local government and state officials that a comprehensive plan is needed to enhance the County's ability to manage emergency/disaster situations. It was prepared by County officials working as a team in a planning process recommended by the New York State Office of Emergency Management. This plan constitutes an integral part of a statewide emergency management program and contributes to its effectiveness. Authority to undertake this effort is provided by both Article 2-B of State Executive Law and the New York State Defense Emergency Act.

The development of this plan included an analysis of potential hazards that could affect the county and an assessment of the capabilities existing in the county to deal with potential hazards.

### **Comprehensive Approach**

Dealing with disasters is an ongoing and complex undertaking. Through implementation of Risk Reduction measures before a disaster or emergency occurs, timely and effective response during an actual occurrence, and provision of both short and long term recovery assistance after the occurrence of a disaster, lives can be saved and property damage minimized. This process is called Comprehensive Emergency Management to emphasize the interrelationship of activities, functions, and expertise necessary to deal with emergencies. The plan contains sections (within this document) to deal separately with each part of this ongoing process.

### **Management Responsibilities**

County departments' and agencies' emergency management responsibilities are outlined in this plan. Assignments are made within the framework of the present County capability and existing organizational responsibilities. The Saratoga County Office of Emergency Management is designated to coordinate all emergency management activities of the County. Saratoga County supports the use of the Incident Command System (ICS) to respond to emergencies. ICS is a management tool for the command, control, and coordination of resources and personnel in an emergency. County responsibilities are closely related to the responsibility of the local levels of government within the County (city, towns and village) to manage all phases of an emergency. The County has the responsibility to assist the local governments in the event that they have fully committed their resources and are still unable to cope with any disaster. Similarly, New York State is obligated to provide assistance to the County after resources have been fully committed and the County is unable to cope with the disaster.

The plan describes in detail the centralized direction of requests for assistance and the understanding that the governmental jurisdiction most affected by an emergency is required to fully involve itself in the emergency prior to requesting assistance. Specific emergency management guidance for situations requiring special knowledge, technical expertise, and resources are addressed in separate annexes. Examples of this type of situation are emergencies resulting from hazardous chemical releases, dam failures, or power outages.

### **Conclusion**

The plan provides general all-hazards management guidance, using existing organizations, to allow Saratoga County to meet its responsibilities before, during and after an emergency.

## Section I: GENERAL CONSIDERATIONS AND PLANNING GUIDELINES

### A. Policy Regarding Comprehensive Emergency Management

1. A wide variety of emergencies, caused by nature or technology, result in loss of life, property and income, disrupt the normal functions of government, communities and families, and cause human suffering.
2. County government must provide leadership and direction to prevent, mitigate, respond to, and recover from dangers and problems arising from emergencies in Saratoga County.
3. Under authority of Section 23 of the New York State Executive Law Article 2B, a county is authorized to develop a Comprehensive Emergency Management Plan to prevent, mitigate, respond to and recover from emergencies and disasters. To meet this responsibility, Saratoga County has developed this Comprehensive Emergency Management Plan.
4. This concept of Comprehensive Emergency Management includes four phases:
  - a) Mitigation
  - b) Prevention
  - c) Response
  - d) Recovery
5. Mitigation
  - a) Mitigation refers to all activities which reduce the effects of disasters when they do occur. Section II of this Plan, describes activities to prevent or minimize the impact of hazards in Saratoga County. Saratoga County has developed a FEMA-Approved Mitigation Plan, which is updated every five years.
6. Prevention
  - a) Prevention refers to those short or long term activities which eliminate or reduce the number of occurrences of disasters.
7. Response
  - a) Response operations may start before the emergency materializes. For example, on receipt of advisories that a flood, blizzard, or ice storm is approaching. This increased readiness response phase may include such pre-impact operations as:

- Detecting, monitoring, and assessment of the hazard
  - Alerting and warning of endangered populations
  - Protective actions for the public
  - Allocating/distributing of equipment/resources
- b) Most response activities follow the immediate impact of an emergency. Generally, they are designed to minimize casualties and protect property to the extent possible through emergency assistance. They seek to reduce the probability of secondary damage and speed recovery operations.
- c) Response operations in the affected area are the responsibility of and controlled by the local municipalities, supported by the county emergency operations as appropriate.
- d) If a municipality is unable to adequately respond, County response operations may be asked to assume a leadership role.

## 8. Recovery

Recovery activities are those following a disaster to restore the community to its pre-emergency state, to correct adverse conditions that may have led to the damage, and to protect and improve the quality of life in the community. It includes mitigation actions to prevent or lessen a recurrence of the emergency.

## **B. Purpose and Objectives of the Plan**

1. This Plan sets forth the basic requirements for managing emergencies in Saratoga County:
2. The objectives of the Plan are:
  - a) To identify, assess and prioritize local and regional vulnerabilities to emergencies or disasters and the resources available to prevent or mitigate, respond to, and recover from them.
  - b) To outline short, medium and long range measures to improve the County's capability to manage hazards.
  - c) To show that County and local governments will take appropriate actions to prevent or mitigate effects of hazards and be prepared to respond to and recover from them when an emergency or disaster occurs.
  - d) To provide for the efficient utilization of all available resources during an emergency.
  - e) To provide for the utilization and coordination of local government, state and federal programs to assist disaster victims, and to prioritize the response to the needs of the elderly, disabled, low income, and other groups which may be inordinately affected.
  - f) Provide for the utilization and coordination of state and federal programs for recovery from a disaster with attention to the development of mitigation programs.

### **C. Legal Authority**

This Plan, in whole or in part, may rely upon the following laws for the authority necessary for its development and implementation.

1. New York State Executive Law, Article 2-B
2. New York State Defense Emergency Act, as amended
3. Saratoga County Local Law No. 1 of 1963
4. Federal Robert T. Stafford Disaster Relief and Emergency Assistance Act
5. Saratoga County Executive Order No. 1 of 2017

### **D. Concept of Operations**

1. The primary responsibility for responding to emergencies rests with the local governments of towns, villages and cities, and with their Chief Executive.
2. Local governments and the emergency response organizations play an essential role as the first line of defense.
3. Responding to a disaster, local jurisdictions are required to utilize their own facilities, equipment, supplies, personnel and resources first.
4. The local Chief Executive has the authority to direct and coordinate disaster operations and may delegate this authority to a local coordinator.
5. When local resources are inadequate, the Chief Executive of a town, village or city may obtain assistance from other political subdivisions and the County government. To contact OEM, call 518-885-2232 or 518-885-6761.
6. The Chairman of the Saratoga County Board of Supervisors may coordinate responses for requests for assistance for the local governments.
7. The Chairman of the Saratoga County Board of Supervisors has the authority to direct and coordinate County disaster operations.
8. The Chairman of the Saratoga County Board of Supervisors may obtain assistance from other counties or the State when the emergency disaster is beyond the resources of Saratoga County. Contact Saratoga County OEM Director at 885-2232 or a NYS DHSES OEM field representative.
9. The Chairman of the Saratoga County Board of Supervisors has assigned to the Office of Emergency Management the responsibility to coordinate county emergency management activities.

10. Saratoga County will utilize the National Incident Management System (NIMS) and Incident Command System (ICS) to manage all emergencies requiring multi-agency response. Saratoga County recommends and encourages all local governments in Saratoga County to utilize ICS.
11. A request for assistance to the State will be submitted through the New York State Department of Homeland Security and Emergency Management Office of Emergency Management (NYS DHSES OEM) located in Albany, New York, and presupposes the utilization and expenditure of personnel and resources at the local level.
12. State assistance is supplemental to local emergency efforts.
13. A State-level, multi-agency response may include risk reduction, response and recovery activities coordinated by NYS DHSES OEM, which serves as the administrative agency of the New York State Disaster Preparedness Commission (DPC).
14. Upon the occurrence of an emergency or disaster clearly beyond the management capability and emergency resources of State and local governments, the Governor may find that federal assistance is required and may request assistance from the President by requesting a preemptive declaration of emergency and/or declaration of a major disaster or emergency.

#### **E. Plan Maintenance and Updating**

1. The Saratoga County Office of Emergency Management is responsible for maintaining and updating this Plan.
2. All County departments and agencies are responsible for annual review of their emergency response role and procedures, and should provide any changes to the Emergency Manager by February 1 of each year.
3. The Plan should be reviewed and updated annually with revised pages distributed by December 31<sup>st</sup> of each year. A copy shall be submitted to NYS DHSES OEM for annual review.

## **Section II Mitigation**

### **A. Designation of County Hazard Mitigation Coordinator**

1. The District Manager of the Saratoga County Soil & Water Conservation District has been designated by the Chairman of the Saratoga County Board of Supervisors, as the County Hazard Mitigation Coordinator.
2. The County Hazard Mitigation Coordinator is responsible for coordinating County efforts in reducing the effects of hazards in Saratoga County.
3. All County agencies will participate in risk reduction activities with the County Hazard Mitigation Coordinator.
4. The Hazard Mitigation Coordinator will be the lead member of the Saratoga County Hazard Mitigation Planning Team.

### **B. Identification and Analysis of Potential Hazards**

1. The Saratoga County Office of Emergency Management will convene a team to:
  - a) Identify potential hazards in the County
  - b) Determine the probable impact each of those hazards could have on people and property
  - c) Delineate the geographic areas affected by potential hazards and designate them as hazard areas
2. Significant potential hazards to be identified and analyzed include natural, technological, and human-caused hazards.
3. Recommended disaster prevention and mitigation projects, policies, priorities and programs, with suggested implementation schedules, which outline federal, state, and local roles are identified in the County Hazard Mitigation Plan.
4. To comply with the items above, hazards that pose a potential threat have been identified and analyzed using the program *HAZNY*, provided by the State Office of Emergency Management. This assessment is to be completed by involving representatives from County Departments, State departments, and representatives from various private businesses and non-profit organizations.
5. This hazard analysis:
  - a) Provides a basic method for analyzing and ranking the identified hazards, including identification of geographic areas and populations at risk to specific hazards
  - b) Establishes priorities for planning for those hazards receiving a high ranking of significance

- c) Is conducted in accordance with guidance from the NYS DHSES OEM.
  - d) After completion on August 28, 2018, was submitted to the NYS DHSES OEM. On August 28, 2018 Saratoga County had a County Emergency Preparedness Assessment (CEPA) review. This assessment covers the hazard analysis and capabilities and will be conducted every three years.
  - e) Is to be reviewed and updated regularly to capture changes in infrastructure, population change, new capabilities or new hazards or risks that have come to light.
6. The rating and ranking results of the hazard analysis are found in Attachment 1 on page 21.
7. The complete Hazard Analysis results identifying the location of hazard areas are located in the Saratoga County Office of Emergency Management.

### **C. Risk Reduction Policies, Programs and Reports**

1. County agencies are authorized to promote policies, programs and activities to reduce hazard risks in their area of responsibility. Examples of the above are:
  - a) Encourage municipalities to adopt comprehensive community development plans, zoning ordinances, subdivision regulations, and building codes that are cognizant of and take into account significant hazards in the county.
  - b) Promote compliance with and enforcement of existing laws, regulations, and codes that are related to hazard risks, e.g., building and fire codes, flood plain regulations.
  - c) Encourage and assist water and wastewater treatment plants to replace chlorine use with a safer disinfectant.
  - d) Encourage and participate in municipal stream channel maintenance programs.
  - e) Encourage State DOT and local highway departments to address dangerous conditions on roads used by hazardous materials carriers.
  - f) Such other measures as reasonably can be taken to protect lives, prevent disasters, and reduce their impact.
2. The Saratoga County Planning Department is an appointed Agency established by the Board of Supervisors that is responsible for the review of certain classes of local land use and zoning actions as defined by Section 239 of NYS General Municipal Law. The following plans and zoning actions are referred to the County Planning Department by local municipalities for review and recommendation, where required.
  - a) Adoption or amendment of a comprehensive plan pursuant to section two hundred seventy-two-a of the town law, section 7-722 of the village law or section twenty-eight-a of the general city law.

  - d) Approval of site plans.
  - e) Granting of use or area variances.
  - f) Other authorization, which a referring body may issue under the provisions of any zoning ordinance or local law.
3. The review of projects referred to the Saratoga County Planning Department, with assistance provided by the staff planners from the Saratoga County Department of Planning, takes into account the potential impact from significant hazards in Saratoga County communities.
  4. It is the intention of Hazard Mitigation Planning Committee (HMPC) representatives to incorporate mitigation planning as an integral component of daily government operations. HMPC representatives will work with local government officials to integrate the newly adopted hazard mitigation goals and actions into the general operations of government and partner organizations. A sample adoption resolution includes a resolution item stating the intent of the local governing body to incorporate mitigation planning as an integral component of government and partner operations. By doing so, the HMPC anticipates that:
    - a) Hazard mitigation planning will be formally recognized as an integral part of overall emergency management efforts;
    - b) The Hazard Mitigation Plan, Comprehensive Plans, Emergency Management Plans and other relevant planning mechanisms will become mutually supportive documents that work in concert to meet the goals and needs of County residents.
  5. During the annual plan evaluation process, the HMPC representatives will identify additional policies, programs, practices, and procedures that could be modified to accommodate hazard mitigation actions, and include these findings and recommendations in the Annual Hazard Mitigation Plan (HMP) Progress Report.
  6. The HMPC shall be responsible for monitoring progress on, and evaluating the effectiveness of, the plan, and documenting annual progress. Each year, beginning one year after plan development, County and HMPC representatives will collect and process information from the departments, agencies and organizations involved in implementing mitigation projects or activities identified in their jurisdictional annexes of the Hazard Mitigation plan, by contacting persons responsible for initiating and/or overseeing the mitigation projects.
  7. To standardize and facilitate collection of progress data and information on specific mitigation actions, Saratoga County Soil and Water Conservation District (SC SWCD) shall develop a progress matrix that will continue to be updated and distributed to the HMPC members prior to the scheduled annual HMPC meeting. This information shall be provided to the planning area HMP Coordinator prior to the annual HMPC meeting to be held approximately one year from the date of local adoption of this update, and successively thereafter. At least two weeks before the annual plan review meeting, the Saratoga County HMP Coordinator will advise HMPC members of the meeting date, agenda and expectations of the members.

8. The information that HMPC representatives shall be expected to document, as needed and appropriate include:
  - a) Any grant applications filed on behalf of any of the participating jurisdictions,
  - b) Hazard events and losses occurring in their jurisdiction,
  - c) Progress on the implementation of mitigation actions, including efforts to obtain outside funding,
  - d) Obstacles or impediments to implementation of actions,
  - e) Additional mitigation actions believed to be appropriate and feasible,
  - f) Public and stakeholder input
9. The evaluation of the mitigation plan is an assessment of whether the planning process and actions have been effective, if the Plan goals are being reached, and whether changes are needed. The Plan will be evaluated on an annual basis to determine the effectiveness of the programs, and to reflect changes that may affect mitigation priorities or available funding. The status of the HMP will be discussed and documented at an annual plan review meeting of the Hazard Mitigation Planning Committee.
10. The Saratoga County HMP Coordinator will be responsible for calling and coordinating the annual plan review meeting, and assessing progress toward meeting plan goals and objectives. These evaluations will assess whether:
  - a) Goals and objectives address current and expected conditions
  - b) The nature or magnitude of the risks has changed
  - c) Current resources are appropriate for implementing the HMP and if different or additional resources are now available
  - d) Actions were cost effective
  - e) Schedules and budgets are feasible
  - f) Implementation problems, such as technical, political, legal or coordination issues with other agencies are presents
  - g) Outcomes have occurred as expected
  - h) Changes in County, City, Town or Village resources impacted plan implementation (e.g., funding, personnel, and equipment)
  - i) New agencies/departments/staff should be included, including other local governments as defined under 44 CFR 201.6

11. Specifically, the HMPC will review the mitigation goals, objectives, and activities using performance based indicators, including:
  - a) New agencies/departments
  - b) Project completion
  - c) Under/over spending
  - d) Achievement of the goals and objectives
  - e) Resource allocation
  - f) Timeframes
  - g) Budgets
  - h) Lead/support agency commitment
  - i) Resources
  - j) Feasibility
12. Finally, the HMPC will evaluate how other programs and policies have conflicted or augmented planned or implemented measures, and shall identify policies, programs, practices, and procedures that could be modified to accommodate hazard mitigation actions (see the “Implementation of Mitigation Plan through Existing Programs” subsection later in this Section). Other programs and policies can include those that address:
  - a) Economic Development
  - b) Environmental Preservation
  - c) Historic Preservation
  - d) Redevelopment
  - e) Health and/or safety
  - f) Recreation
  - g) Land use/zoning
  - h) Public Education and Outreach
  - i) Transportation
13. The HMPC may refer to the evaluation forms, Worksheets #2 and #3 in the FEMA 386-4 guidance document, to assist in the evaluation process. Further, the HMPC may refer to any process and plan review deliverables developed by the County or participating jurisdictions as a part of the plan review processes established for prior or existing local HMPs within the County.
14. The HMPC Coordinator shall be responsible for preparing an Annual HMP Progress Report, based on the provided local annual progress reports from each participant, information presented at the annual HMPC meeting, and other information as appropriate and relevant. These annual reports will provide data for the 5-year update of this HMP and will assist in pinpointing implementation challenges. By monitoring the implementation of the Plan on an annual basis, the HMPC will be able to assess which projects are completed, which are no longer feasible, and what projects may require additional funding.

15. This report shall apply to all planning partners, and as such, shall be developed according to an agreed format and with adequate allowance for input and comment of each planning partner prior to completion and submission to the State Hazard Mitigation Officer. Each planning partner will be responsible for providing this report to its governing body for their review. During the annual HMPC meeting, the planning partners shall establish a schedule for the draft development, review, comment, amendment and submission of the Annual HMP Progress Report to NYS DHSES OEM.

#### **D. Emergency Response Capability Assessment**

### Multiyear Training and Exercise Plan

Saratoga County realizes the importance of training and exercises to develop effective plans and well trained emergency responders. This multiyear plan has been developed by referencing After Action Plans/Improvement Plans from exercises and real incidents that were in Saratoga County. We also participate in private, as well as State and federal training and exercises as the occasion arises.

#### Priorities

##### *Communications*

- County Radio Communications Infrastructure
- HAM Radios – RACES
- Mobile Command Post
- Secure communications between EOC and on-scene operations
- Mutualink

##### *Capability*

- Volunteer Management
- Trained responders to perform tasks as needed
- Cross training
- Unified Command; ICS/NIMS
- Surge Capacity

##### *Technology*

- Laptops
- Sufficient internet service

##### *Emergency Operations Center*

- Develop specific training
- Exercise

##### *Plans*

- Airport Emergency Plan
- CHEMPACK
- SNS
- CART
- HAZMAT
- Dams (various locations)

Training and exercises in Saratoga County are developed through a variety of pushes. The Saratoga County Hazard Analysis and the Saratoga Hospital annual hazard analysis are used to determine what hazards we need to be prepared to defend against. The State of New York develops training and exercise requirements that it pushes down to the County and local level; as such we will participate in these as much as possible. Through real life incidents and revisions of plans, private partners reach out to us to participate in training and exercises.

Saratoga County traditionally participates in at least one full-scale exercise every year. The Saratoga Hospital engages in monthly tabletop exercises that pertain directly to their hazard analysis, but they involve the pertinent community partners. Saratoga County participates in multiple drills every month. Each discipline evaluates its own, but commentary is freely given and received from across all disciplines for the better of the exercise as a whole. We make changes after each exercise, and then take special note as to the effectiveness of the changes.

Municipal emergency management personnel convene quarterly to discuss all County developed training and exercises. This is a way for key partners in emergency services to stay informed and provide feedback. At this time, alternative ideas and concerns can be voiced.

## **Section III RESPONSE**

### **A. Response Organization and Assignment of Responsibilities**

#### *Saratoga County Board of Supervisors, Chairman Responsibilities, Powers, and Succession*

1. The Chairman of the Saratoga County Board of Supervisors is ultimately responsible for County emergency response activities and:
  - a) May assume personal oversight of the County emergency response organization if the scope and magnitude of the emergency indicates the necessity of personal management and direction of the response and recovery operations.
  - b) Controls the use of all county owned resources and facilities for disaster response.
  - c) May declare a local state of emergency in consultation with the Office of Emergency Management and the County Attorney, and may promulgate emergency orders and waive local laws, ordinances, and regulations (see Appendix C)
  - d) May request assistance from other counties and the State when it appears that the incident will escalate beyond the capability of County resources. For example, IMAP and NY Responds may be utilized for requests.
  - e) May provide assistance to others at the request of other local governments both within and outside Saratoga County.
2. In the event of the unavailability of the Chair, the following line of command and succession has been established by County Law to ensure continuity of government and the direction of emergency operations. County Administration receives Tier III training annually to facilitate a comprehensive understanding of key personnel's roles and responsibilities.
  - a) The Vice Chairman (Law & Finance Committee Chair) will assume the responsibilities of the Chairman of the Board until the Chairman of the Board is available.
  - b) The Public Safety Chairman will assume the responsibilities of the Chairman of the Board or the Vice Chairman until either is available.

### **B. The Role of the Director of Emergency Management (DEM)**

1. The Director of Emergency Management (DEM) coordinates County emergency response activities for the Chairman of the Saratoga County Board of Supervisors, and recommends to the Chairman of the Board of Supervisors to declare a local state of emergency based on the severity of the situation and the necessity to use additional executive power to respond effectively to the emergency.

2. The Director of Emergency Management:

- a) Activates the County's response organization and initiates County response activities.
- b) Notifies and briefs County departments, agencies and other organizations involved in an emergency response.
- c) Maintains and manages an Emergency Operations Center.
- d) Coordinates with LEPC.
- e) Manages Saratoga County's Tactical Interoperable Communication Plan and 800MHz emergency radio network.
- f) Facilitates coordination between the County and:
  - The Incident Commander
  - Towns, cities, and villages in the County
  - Local governments outside the County
  - The State of New York
  - Private emergency support organizations
  - Affiliated County Volunteers, such as the Medical Reserve Corps, RACES, Etc.

**C. All Saratoga County Emergency Response Organizations**

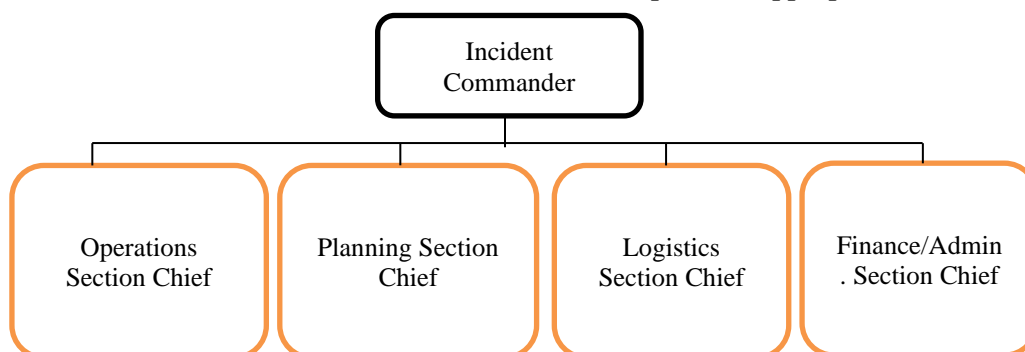

1. The Incident Command System (ICS)

- a) Saratoga County endorses the use of the Incident Command System (ICS), as developed by the National Incident Management System (NIMS), and formally adopted by the State of New York, for emergencies requiring emergency response. ICS allows flexibility in its implementation so that its structure can be tailored to the specific situation at hand. ICS should be initiated by the emergency forces first responding to an incident. See Appendix A, *Incident Command System Position Descriptions*.
- b) ICS is organized by functions. There are five:
  - Command
  - Operations
  - Planning
  - Logistics
  - Finance
- c) Under ICS, an Incident Commander (IC) has the overall responsibility for the effective on-scene management of the incident, and must ensure that an adequate organization is in place to carry out all emergency functions. The IC directs emergency operations from an Incident Command Post. In the case of multiple emergencies, the EOC will serve to support multiple Incident Command Posts.

- d) In minor incidents, the five ICS functions may all be managed directly by the IC. Larger incidents usually require that one or more of the functions be set up as separate sections under the IC.
- e) Within the Command function, the IC has additional responsibilities for Safety, Public Information, and Liaison. These activities can be assigned to staff under the IC.
- f) An on-scene ICS with all five functions organized as sections is depicted as:

- g) During an emergency, County response personnel must be cognizant of the Incident Command System in place and their role in it. Some County personnel may be responders to the scene and part of the on-scene ICS structure in a functional or staff role. Other County personnel may be assigned by the Chairman of the Board of Supervisors, to the County Emergency Operations Center (EOC) or other locations where they will provide support to the responders at the scene. All County response personnel not assigned to the on-scene ICS will be coordinated by or through the County Director of Emergency Management.
- h) The Incident Commander is selected due to being the most qualified responding officer at the scene. The IC must be fully qualified to manage the incident. As an incident grows in size or becomes more complex, a more highly qualified Incident Commander may be assigned by the responsible jurisdiction. Thus, a County official could be designated as the IC.
- i) A major emergency encompassing a large geographic area may have more than one emergency scene. In this situation, separate Incident Commanders may set up command at multiple locations. In this case, an Area Command may be established. The Area Command is structured similar to a normal ICS with one exception, the Incident Commander is called the Incident Manager to whom all Incident Commanders report.
- j) County response personnel operating at the EOC will be organized by ICS function, as depicted below and interface with their on-scene counterparts, as appropriate.

- k) Whenever the ICS is established, County response forces should be assigned to specific ICS functions wherever they are needed, including at the scene, at the EOC in a support role, or at an Area Command, if established. See Table 1 (page 31), for sample ICS functional assignments by agency. Assignments may change as situation dictates or as directed by the EOC Manager.

## 2. Agency Responsibilities

The Office of the Saratoga County Emergency Management shall exercise ultimate responsibility and oversight for emergency response, and shall delegate ICS responsibilities as described in Table 1, or as special circumstance warrants.

- a. Saratoga County OEM offers a variety of training to local government personnel and volunteers in disaster response operations and maintains a training calendar found on page 24.
- b. For continued operation of governments of political subdivisions see the Continuity of Operations Annex.

## **II. Managing Emergency Response**

### A. Incident Command Post and Emergency Operations Center

- 1. On-scene emergency response operations will be directed and controlled by the Incident Commander from an Incident Command Post located at or near the emergency site. This will be the only command post at the emergency scene. All other facilities at the scene used by agencies for decision-making should not be identified as a command post.
- 2. The County EOC will be used to support Incident Command Post activities and to coordinate County resources and assistance.
- 3. Coordination of resources, manpower and services, using recognized practices in incident management, utilizing existing organizations and lines of authority and centralized direction of requests for assistance are listed in the EOC process, referred to in Appendix B.
- 4. A Command Post will be selected by the Incident Commander based upon the logistical needs of the situation and located at a safe distance from the emergency site.
- 5. If a suitable building or structure cannot be identified and secured for use as an Incident Command Post, a mobile unit or field trailer may be used.
- 6. The County EOC is located at the Saratoga County Public Safety Building, 6012 County Farm Road, Ballston Spa, NY 12020. A back-up EOC is located at the Saratoga County Sheriff's Office, 6010 County Farm Road, Ballston Spa, NY 12020.

7. If a disaster situation renders both EOCs inoperable, an auxiliary EOC may be established at Momentive's administrative site, 20 Solar Drive Clifton Park NY, 12065 or at another location designated at the time.
8. The EOC can provide for the centralized coordination of County and private agencies' activities from a secure and functional location.
9. County agencies and other organizations represented at the EOC will be organized according to ICS function under the direction of the EOC Manager.
10. Though organized by ICS function, each agency's deputy representative at the EOC will be responsible for directing or coordinating his or her agency's personnel and resources. Where the agency is also represented at the scene in an ICS structure, the EOC representative will coordinate the application of resources with the agency's representative at the scene.
11. The Director of Emergency Management is responsible for managing the EOC or auxiliary EOC during emergencies.
12. If required, the EOC will be staffed to operate continuously on a twenty-four hour a day basis. In the event of a 24-hour operation, two 12 ½ hour shifts will be utilized. (The additional ½ hour is for shift change briefings.) Designation of shifts will be established as conditions warrant by the Director of Emergency Management.
13. Work areas will be assigned to each agency represented at the EOC.
14. Security, if necessary, at the EOC during an emergency will be provided by the Saratoga County Sheriff's Office:

1. This initial notification sets into motion the activation of County emergency response personnel.
2. The Director of the Office of Emergency Management will activate appropriate resources as deemed necessary.
3. The Saratoga County Mutual Aid Plan references procedures for how county, city, town, village or other political subdivision and emergency organization personnel and resources will be used in the event of a disaster (see p.39). Activation of municipal and volunteer forces shall be conducted through normal chains of command as far as possible. See the Fire/EMS County Mutual Aid Plan, and the Search and Rescue Annex and the Public Health Emergency Response and Preparedness Plan.
4. Guidelines for rapid and efficient communication, the integration of local communication facilities during a disaster including the assignment of responsibilities and the establishment of communication priorities and liaison with municipal, private, state and federal communication facilities can be found in Saratoga County's Tactical Interoperable Communications Plan and the county 800MHz Communication Guide.
5. Saratoga County will follow NIMS guidelines for continued communication and reporting.

## **C. Assessment and Evaluation**

As a result of information provided by the EOC Section Chiefs, the Command Staff will, as appropriate, in coordination with the on-scene Incident Commander:

- a) Develop policies by evaluating the safety, health, economic, environmental, social, humanitarian, legal and political implications of a disaster or threat;
- b) Analyze the best available data and information on the emergency;
- c) Explore alternative actions and consequences;
- d) Select and direct specific response actions.
- e) The Damage Assessment Annex contains a system for obtaining and coordinating disaster information including the centralized assessment of local disaster effects and resultant needs.

## **D. Declaration of Local State of Emergency and Promulgation of Local Emergency Orders**

1. In response to an emergency, or its likelihood, upon a finding that public safety is imperiled, the Chairman, Saratoga County Board of Supervisors may proclaim a state of emergency pursuant to section 24 of the State Executive Law Article 2-B.
2. Such a proclamation authorizes the County Administration to deal with the emergency situation with the full executive and legislative powers of county government.
3. This power is realized **only** through the promulgation of local emergency orders. For example, emergency orders can be issued for actions such as:
  - Establishing curfews
  - Restrictions on travel
  - Evacuation of facilities and areas
  - Closing of places of amusement or assembly
4. Appendix C describes the requirements for proclaiming a state of emergency and promulgating emergency orders.
5. Chief executives of cities, towns and villages in Saratoga County have the same authority to proclaim states of emergency and issue emergency orders within their jurisdiction.
6. Whenever a state of emergency is declared in Saratoga County or emergency orders issued, such action will be coordinated, beforehand, with the affected municipality.
7. Emergency responders have implicit authority and powers to take reasonable immediate action to protect lives and property absent an emergency declaration or emergency orders.

**E. Public Warning and Emergency Information**

1. In order to implement public protective actions there should be a timely, reliable and effective method to warn and inform the public.
2. Activation and implementation of public warning is an Operations section responsibility. Providing updates and other relevant emergency information to the public as it develops is a function of the Public Information Officer. See the public affairs annex.
3. Information and warnings to the public that a threatening condition is imminent or exists can be accomplished through the use of the following resources. Though public warning may, in many cases, be implemented solely by on-scene personnel, the use of the systems in (a) and (b) below require strict coordination with the County Office of Emergency Management:
  - a) Code RED, NY-Alert and IPAWS emergency notification systems can be utilized. Both of these systems rely on the public telephone networks and servers. This form of notification is quick and does not endanger the first responders. This can be initiated through the Saratoga County Sheriff's Office or Office of Emergency Management.
  - b) Emergency Alert System (EAS) - formerly known as Emergency Broadcast System (EBS), involves the use of the broadcast media including television, radio, and cable TV,

to issue emergency warnings. Can be activated by means of a telephone or encoder by select County officials including the Emergency Manager via the National Weather Service.

- c) NOAA Weather Radio (NWR) is the “Voice of the National Weather Service” providing continuous 24-hour radio broadcasts of the latest weather information including severe weather warnings directly from the Weather Service office in Albany. NWR will also broadcast non-weather-related emergency warnings. NWR broadcasts on select high-band FM frequencies, not available on normal AM-FM radios. Radios with NWR frequencies, automated alarm capabilities, and Specific Area Message Encoding (SAME) technology are generally available. NWR broadcast signal can be received County-wide. NWR is also a component of EAS. Emergency broadcasts on the NWR can also be initiated by select County officials.
  - d) Emergency service vehicles with siren and public address capabilities - Many police and fire vehicles in the County are equipped with siren and public address capabilities. These vehicles may be available, in part, during an emergency for “route alerting” of the public.
  - e) Door-to-door public warning can be accomplished in some situations by the individual alerting of each residence/business in a particular area. This can be undertaken by any designated group such as auxiliary police, regular police, fire police, firefighters, and highway personnel, visiting each dwelling in the affected area and relating the emergency information to the building occupants. To achieve maximum effectiveness, the individual delivering the warning message should be in official uniform.
  - f) General Public can be notified of emergency situations through several media channels to include Facebook and Twitter. Accounts names are, Facebook: [@SaratogaOES](#) and Twitter: [@SaratogaOES](#).
- 4. County officials will advocate, as part of their normal dealing with special institutions such as schools, hospitals, nursing homes, major industries and places of public assembly, that they obtain and use tone-activated receivers/monitors with the capability to receive NOAA Weather Radio (NWR) with SAME reception. They should also be encouraged to sign up for NY-Alert messages.
  - 5. Special arrangements have been made for providing warning information to the hearing impaired (Code RED).
  - 6. The Command Staff position of Public Information Officer, if established, or its function, may, in coordination with on-scene Incident Command:
    - a) Establish and manage a Joint Information Center (JIC) from where to respond to inquiries from the news media and coordinate all official announcements and media briefings
    - b) Authenticate all sources of information being received and verify accuracy

- c) Provide essential information and instructions including the appropriate protective actions to be taken by the public, to the broadcast media and press
  - d) Coordinate the release of all information with the key departments and agencies involved both at the EOC and on-scene.
  - e) Check and control the spreading of rumors
  - f) Arrange and approve interviews with the news media and press by emergency personnel involved in the response operation
  - g) Arrange any media tours of emergency sites
7. The JIC may be established near the EOC or at any location where information flow can be maintained, without interfering with emergency operations. The JIC will be located 40 McMaster Street, Ballston Spa, NY 12020 in the Board Room of the Municipal Center or outside if weather permitting.
- a) A regional JIC may be formed for larger incidents encompassing multiple counties or agencies.
8. A plan for coordinated evacuation procedures, including the establishment of temporary housing and other necessary facilities, can be found in the Evacuation Annex.

#### **F. Public Health**

1. A high impact disaster can cause injury and death to large numbers of people and potentially overwhelm existing medical infrastructure and/ or require specialized medical response not available in traditional medical settings. Refer to the Mass Fatality Annex, Mass Care Annex and the Public Health Emergency Response and Preparedness Plan.
2. Plans for the utilization and coordination of programs to assist victims of disasters, with particular attention to the needs of the poor, the elderly, individuals with disabilities and other groups which may be especially affected can be found in the Mass Care Annex.

2. There may be established within the Operations section a Public Infrastructure Group to perform the tasks associated with (1) above.
3. In the event of a major power outage, the Operations Section will request that National Grid and NYSEG assign a representative to the Saratoga County EOC to facilitate communications and information flow between the utility and the Operations Section.
4. The Operations section may request assigning a representative from other utilities (telephone, water, cable) as appropriate with the consent of the utility.

However, purchases and leases of privately owned resources can be expedited during a declared emergency. In addition, it is not uncommon for the private sector to donate certain resources in an emergency.
6. Guidelines pertaining to the location, procurement, construction, processing, transportation, storing, maintenance, renovation, distribution, disposal or use of materials, including those donated, and facilities and services which may be required in time of disaster can be found in the Donation Management Annex.

#### **N. Donation Management**

1. During times of disaster, Saratoga County may experience a surge of donated goods from the general public.
2. The Logistics function will be responsible for coordinating the receiving, sorting, inventorying and packing of donated goods. There exists a memorandum of understanding (MOU) between Saratoga County OEM and the Franklin Community Center for managing donated goods in the event of a State declared disaster. ### I. PURPOSE

Death notification can be one of the most difficult tasks faced by law enforcement officers and an extremely traumatic event for the next of kin (NOK) and family members. The moment of notification is one that most people remember very vividly for the rest of their life. To a grieving family, the proper handling of a death notification by law enforcement that includes compassion, respect, and care when they find out their loved one has died can aid in helping families find hope and healing.

This policy is intended to provide personnel who are assigned responsibilities associated with delivering an in-person death notification to the (NOK) with the tools to properly plan, prepare, and deliver the notification, as well as conduct follow-up after the notification.

### II. POLICY

When it's determined the law enforcement agency is responsible to deliver the in-person death notification, law enforcement personnel assigned will adhere to policies and procedures for the planning, delivery, and post notification processes including but not limited to, the identification of the deceased individual, the collection of accurate information regarding the deceased individual, the identification of the deceased individual's NOK and the timely delivery of the notification.

This policy is intended to allow for the individual needs of each of the police agencies in New York State regardless of size or resource limitations. Law enforcement agencies are encouraged to customize these protocols to meet their agency's needs while being mindful of the intent of the policy.

### III. DEFINITIONS

## **IV. In-Person Death Notification Procedures**

### **A. Planning the in-person death notification**

1. Gather and verify essential information using a secure means of communication (i.e., landlines, cell phones) to guard against the premature release of information to unauthorized persons.
  - a) Identification of decedent – Positive identification of the decedent must be made before conducting the in-person death notification to ensure there is no unnecessary trauma towards the affected NOK and others who may be mistakenly contacted. In addition, the NOK will often inquire about law enforcement's certainty of the decedent's identification. The following are Identifiers to ensure the decedent has been positively identified which may include but not be limited to:
    - (1) Fingerprints, DNA, and dental records
    - (2) Identification documents or other items found on the decedent
    - (3) Identification by witnesses
  - b) Identify details of decedent – Details and circumstances of the death must be known to deliver a proper death notification statement which may include but not be limited to:
    - (1) Location of death
    - (2) When death occurred
    - (3) How death occurred
    - (4) Other details such as:
      - (a) Was it a result of criminal act?
      - (b) Was an arrest made or suspect identified?
    - (5) Current location of the decedent
  - c) Identify decedent's legal NOK
    - (1) Identify the closest NOK with respect to relationship of the decedent and physical location of the NOK to deliver the notification. Identification of NOK should be conducted as quickly as possible beginning with spouse or domestic

partner, and if necessary, followed by adult child, parent, adult sibling, and other relatives until an appropriate NOK is identified.

- (2) Identify, when reasonably possible given time limitations, any special or unique circumstances that may impact the delivery of the notification and affect the NOK who will be receiving the notification. This may include ascertaining whether survivors are older adults, have a disability, visually impaired, hard of hearing, have medical concerns, and/or existence of language barriers.

- d) Do not release to the media or other outside resources the name of the decedent until the NOK is notified. If media has already obtained information related to the death, they should be asked to withhold the information until after the notification has been completed.

### **2. Notification Team**

#### **a) Team member structure**

- (1) Two members will comprise the team with at least one member being a law enforcement officer experienced in delivering death notifications, whenever feasible and practicable.
  - (a) One member will be the primary contact to deliver the notification.
  - (b) The second member will provide support and monitor the NOK and surroundings.
- (2) Consider the following characteristics of effective team members that will aid in supporting the family during a difficult time.
  - (a) Strong listening skills
  - (b) Empathy
  - (c) Compassion
  - (d) Thoroughness
  - (e) Professional demeanor

## **Municipal Police Training Council**

- (3) Consideration should be given to:
  - (a) Utilizing a uniform versus plain clothes officer.
    - (i) Uniform officer may be utilized to prevent confusion in allowing entry into a home.
    - (ii) In some instances, a plain clothes officer may be utilized to remove intimidating feeling or heightened anxieties a uniformed officer may create.
  - (b) Utilizing an investigator who may have the most facts about the case to deliver the notification.
  - (c) Utilizing two vehicles to deliver the notification to ensure one notifier stays with the NOK during instances such as when:
    - (i) A NOK in shock may need to be taken to the hospital; or
    - (ii) Transportation is necessary to bring other family, friends, and support to the location.
- (4) Depending on the situation, a civilian who can provide necessary support to the NOK, including support after the notification is made, may also be of assistance. This may include civilians such as a:
  - (a) victim advocate,
  - (b) medical examiner,
  - (c) coroner,
  - (d) clergy person,
  - (e) grief counselor, or
  - (f) close friend of single survivor.

### **B. Preparing the notification**

#### **1. Notification Team will:**

- a) Assign pre-planned roles that includes one team member conducting the actual notification and the other serving a support role monitoring the situation.
- b) Verify and confirm information gathered about decedent and NOK and tailor the notification, as necessary.
  - (1) Pre-determine the level of detail about the specific cause of death to be provided to the NOK.
  - (2) Careful consideration must be made regarding releasing certain details if the death is part of a criminal investigation.
  - (3) Prepare to explain to the NOK why certain details are being withheld at the time of the notification to reduce additional frustration or grief.
- c) Identify any resources that will assist in tailoring the delivery of the notification giving attention to any known special considerations (see section V).
- d) Discuss reactions Notification Team members may have about the decedent's death to better prepare for a calm and impartial delivery of the notification without imposing personal thoughts or religious beliefs onto the NOK.
- e) Prepare in advance responses to how the NOK may react (e.g., shock, fear, anger, confusion, extreme distress, adverse physical or medical reaction).
- f) Rehearse delivering the notification to ensure a clear and compassionate delivery.

#### **2. When NOK is located out of state or otherwise an impractical distance**

- a) Communicate with local law enforcement in the vicinity of the NOK so that they can make the in-person notification.
- b) Provide necessary information to the local police department including but not limited to:
  - (1) The full name, date of birth, and other identifiers of the decedent.
  - (2) The full name and address of the NOK to be notified.

## **In-Person Death Notifications – Model Policy**

### **Municipal Police Training Council**

- (3) A synopsis of the circumstances surrounding the decedent's death.
    - (4) The name, address, and telephone number of the location where the decedent is located.
    - (5) Contact information of the investigating officer and their police department.
  - c) Consideration may be given to providing the local police department with any guidance in delivering the notification consistent with this policy.
  - d) Verify with the notifying agency that the notification has been made.
  - e) Referring Notification Team members shall be available to answer additional questions the family may have for the local police department making the notification.
- 3. Contact the proper foreign embassy when the decedent and their family is not a resident of the United States.
  - 4. Follow the guidelines within this policy to conduct an in-person death notification on behalf of an outside requesting agency. This will require obtaining the necessary information from the requesting agency to ensure a properly planned and delivered notification is made.

#### **C. Delivering the Death Notification**

- 1. The death notification shall always be made in-person to the decedent's NOK within twenty-four hours following the identification of the decedent. If the closest NOK is unavailable or there is reason to believe there will be considerable delay in conducting an in-person death notification within such timeframe, the following steps shall be taken:
  - a) Document the failure or delay;
  - b) Notify a supervisor;
  - c) Evaluate time elapsed and the need to notify the next closest NOK; and
  - d) Conduct the notification as soon as practicable.
- 2. Personal items of the decedent shall not be delivered to the NOK at the time of the death notification.

# **In-Person Death Notifications – Model Policy**

## **Municipal Police Training Council**

3. Introduction of Notification Team to NOK
  - a) Verify accuracy of the location upon arrival.
  - b) Identify Notification Team by name, rank, and department affiliation to the NOK and produce credentials. If wearing a hat, take it off.
  - c) Ask to speak to the immediate NOK by name and verify identity. For example ask, “Are you Dave and Mary Smith?” Confirm the relationship to the decedent.
    - (1) If immediate NOK identified during planning stage is not the first contact with the Notification Team, request the individual to provide whereabouts of NOK without providing explanations at that time.
    - (2) If NOK is to be notified at a place of business see Section V, F (Workplace/business notifications).
  - d) Ask permission to enter the residence or, in the case of a workplace/business or other location, move to a place of privacy.
  - e) Consult with the immediate NOK to determine if other members of the family who may be present are to be brought together for the notification.
  - f) Ask to speak with the NOK away from young children if present unless the NOK has requested their presence while a notification is being delivered. (See Section V, A.)
  - g) Encourage all parties to sit down. Notification Team should sit as well.
4. Making the notification
  - a) Use plain language with warmth and compassion avoiding police jargon and gruesome details.
  - b) Be sure to use the decedent’s name and avoid such terms as “remains”, “corpse” or “the body.”
  - c) Begin the notification with a preparatory statement. “I am sorry to have to tell you this,” or “I have some very bad news to tell you.”
  - d) Immediately follow up with the actual notification spoken plainly with compassion, but without confusing terms or euphemisms such as “passed away” or “no longer with us” to avoid creating

confusion or false hope. Examples of statements that are appropriate to use:

- (1) “Your son, John, was in a car crash and he has died,” or
- (2) “Your wife, Mary, has had a heart attack at work and has died.”

#### D. Post notification

1. Be prepared for unexpected responses from NOK survivors such as fainting, hysteria, and possible verbal or physical assault. Additional assistance may be needed from victim assistance providers, emergency medical technicians, or others to help calm these situations.
2. Let the NOK show emotion allowing NOK sufficient time to regain composure following delivery of the notification.
3. The NOK may have questions; be sure to answer honestly and compassionately.
  - a) If you don’t know the answer – say so and offer to get back to them with the information.
  - b) If you know that there are additional steps for the NOK (e.g., identifying the decedent, law enforcement interview, etc.) then advise them.
4. The Notification Team shall **avoid**:
  - a) Enhancing guilt – “if only you had or had not”.
  - b) Comparing victimization – no one’s pain or grief is worse than another’s.
  - c) Imposing religious beliefs – do not try to persuade them to your convictions.
  - d) Talking family members out of their grief – such as:
    - (1) You have to be strong and keep going on;
    - (2) You’re not the only one suffering;
    - (3) Your anguish won’t bring them back; and
    - (4) You have to get on with your life.

## **In-Person Death Notifications – Model Policy**

### **Municipal Police Training Council**

- e) Making false promises – do not make a promise you cannot deliver, especially regarding any criminal justice system outcomes.
5. Helpful remarks that do not discount their feelings include:
- a) I am so sorry.
  - b) It's harder than people think.
  - c) This must be painful for you.
  - d) Tell me more about him/her.
  - e) Go ahead and grieve.
6. Inform the NOK survivor of any chance to view the decedent's body and/or necessary visual identification. Arrangements for the viewing or visual identification of the decedent by NOK may be made by the Notification Team, including transportation to and from the hospital or morgue.
7. If an autopsy is required, the Notification Team should be able to explain the reason and provide a general non-graphic explanation of the procedure.
8. Do not leave the NOK, especially a lone survivor unattended, unless you are reasonably confident they have adequate personal control and/or support to take care of themselves and those whom they may be responsible for.
- a) Gauging the need for support/assistance shall include but not be limited to:
    - (1) The emotional reaction and physical condition of the NOK to include:
      - (a) Awareness of the officer'(s) presence.
      - (b) Grasp of the place, time, and reality of the death.
      - (c) Progressive ability to express themselves is demonstrated.
    - (2) The availability of a support system including friends, family, close neighbors, access to clergy, means of transportation, other adults in the home, etc.
    - (3) Care for infants or small children, persons with disabilities, and older persons or the infirmed.

## **In-Person Death Notifications – Model Policy**

### **Municipal Police Training Council**

- b) Support can be established by:
  - (1) Asking if you can call anyone for them such as relatives, friends, and clergy that can provide support and offer to wait for them to arrive.
  - (2) Being prepared and willing to provide transportation for individuals to bring them to the NOK.
- 9. Ask NOK if you can follow up in 24-hours and be sure to follow through.
- 10. Leave name and contact information of Notification Team members for NOK to call should any further questions arise.
- 11. Provide information regarding the availability of services and programs available through the NYS Office of Victim Services if the incident prompting the death notification was a crime.<sup>1</sup>
- E. Follow-Up
  - 1. Within 24 hours contact the NOK if permission to do so was provided by NOK.
  - 2. Answer any additional questions or provide any further clarification, including any information on the release of the decedent to the funeral home or the release of the decedent's personal items (i.e., how to obtain them, timeframe, etc.).
  - 3. Team members may consider providing a referral list of professionals and community resources to the NOK where appropriate.
- F. Upon conclusion of the notification, the Notification Team should meet to debrief events of the notification to include reflecting on emotions/feelings and to deconstruct the actual delivery notification.
  - 1. The process of delivering such traumatic news can leave the Notification Team members frustrated, disappointed, and emotionally upset.
  - 2. These feelings are normal and often best addressed in a formal manner using proper resources, such as:
    - a) Trained law enforcement peers.
    - b) Trained law enforcement chaplain(s).
    - c) Culturally competent mental health counselors/clinicians.

# **In-Person Death Notifications – Model Policy**

## **Municipal Police Training Council**

### **V. Special Considerations**

#### **A. Children**

1. Death notifications shall not be made directly to a child unless the NOK has requested a child should be present while a notification is being delivered.
2. Death notifications to a child should be delivered by a person the child trusts.
  - a) Members of the Notification Team can aid in delivering the notification to a child, if requested by the NOK.
  - b) If assistance is requested, use age-appropriate language while sitting at the same level as the child.

#### **B. Persons with disabilities or older adults.**

1. Notification Team members should be familiar with general effective communication techniques when interacting with people with disabilities or older adults. For persons who are deaf or hard of hearing, be prepared to communicate via writing, speech (lip) reading or American Sign Language. It is the choice of the person as to what mode of communication should be utilized, not the officer.
2. If the person has an intellectual disability, the officer should use plain English/simple language. They may need to rephrase their statement.
3. Consider having a family member or support staff person who knows the individual well accompany the officer. Receive direction on how to best speak to the person and what the response may entail.

#### **C. Language barriers**

1. Utilize local language services if there is an existence of a language barrier that will impede the delivery of the notification.
2. Never use a child to translate the death notification to the NOK.

#### **D. Social media can pose a challenge to the death notification process as the NOK could already be aware of their loved one's death. In this instance, it is important to explain to the family that it takes time to ensure accurate information is gathered before an official notification can be made.**

# **In-Person Death Notifications – Model Policy**

## **Municipal Police Training Council**

### **E. Mass Casualty Events**

1. Coordination in managing the death notifications among responding law enforcement agencies and the local coroner/medical examiner's office is essential and treated as a priority. Where multiple law enforcement agencies are involved, the lead agency in managing the death notification process must be clearly designated to include the responsibility of the establishment, implementation, and any necessary oversight of a Family Assistance Center.<sup>2</sup>
2. Determination will be made with law enforcement partners if a private area within a family assistance center should be used to make the death notifications, where practicable.
3. Notifications should be done as quickly as possible following positive victim identification. NOK are frequently aware from social media, television coverage, and communications from survivors and witnesses that their loved ones are potential casualties.
  - a) When practicable, designate one Notification Team per family, with as many Notification Teams as necessary based on the circumstances.
  - b) If appropriate, make notifications on a rolling basis to each family as the identity of each victim becomes verified rather than delivering the notifications only after all victims have been identified.
4. Once the notification is delivered, you may have to explain the investigative and identification process to the NOK, particularly if it may result in a delay in releasing the body of the decedent. Make sure that the NOK knows where to obtain follow-up information on when and how the decedent will be released.
5. Alert NOK that there may be a press conference or other public release of information by authorities and that the family may want to think through how to respond to or avoid press inquiries whether by phone, electronic communication or at their homes.

### **F. Workplace/business notifications**

1. Locate the NOK's manager or supervisor upon arrival at the workplace/business requesting to meet with the employee regarding a family emergency. Do not divulge additional information.
2. Request the manager or supervisor to provide a private room.

# **In-Person Death Notifications – Model Policy**

## **Municipal Police Training Council**

3. Follow best practices procedures outlined in Section IV for delivering an in-person death notification.
4. Offer to notify the manager or supervisor regarding the notification, if preferred by NOK. Allow the NOK to determine what information is to be shared with their manager or supervisor.

### **G. Criminal investigations**

1. If there is an ongoing criminal investigation it is important to explain to the family members that they may be contacted to assist with the investigation.
2. When the subject or perpetrator is deceased, the same process applies when making the death notification.
3. It is suggested practice to use separate notification teams for the victim and perpetrator for death notifications. For example, a murder suicide situation or DWI crash where the drunk driver and the victim are both deceased.
4. As in any notification, avoid adding personal opinions during the notification especially if the victim and perpetrator are from the same family.

## **VI. Training**

- A. Law enforcement personnel who are assigned responsibilities associated with delivering an in-person death notification to NOK will receive training on the procedures to do so prior to conducting a notification. Periodic retraining is recommended at a frequency of every three years.
- B. Training on delivering in-person death notifications will include agency procedures on the following areas to include but not be limited to:
  1. Planning the in-person death notification
    - a) Identification of the decedent
    - b) Collection of accurate information regarding the decedent
    - c) Identification of the decedent's NOK
  2. Assembling death notification team
  3. Preparing for delivery of in-person death notification
  4. Delivering the in-person death notification
  5. Conducting post notification and follow-up
  6. Addressing special circumstances

# Saratoga County Sheriff's Office Identification Procedures

## I Purpose

In 2017 New York State's Criminal Procedure Law (CPL) was amended to permit the admissibility of photo array evidence where the procedures were conducted with safeguards to ensure accuracy. As a result of these changes, the prosecution is permitted to introduce testimony in a direct case by the person who made a photo identification – **so long as the procedure is conducted in a blind or blinded manner.** The protocols outlined here were developed to further structure the administration in a method and manner designed to ensure fair and reliable eyewitness identification procedures. This procedure was created from the protocol created by the NYS Division of Criminal Justice Services and adopted by the Municipal Police Training Council in June 2017 by and for the use of members of the *Saratoga County Sheriff's Office*.

## II Photo Arrays

### A. Selection of fillers

1. Fillers should be similar in appearance to the suspect in the array.
2. While ensuring that the array is not unduly suggestive, the original description of the suspect should be taken into account when selecting fillers to be used.
3. Similarities should include gender, clothing, facial hair, race, age, height, extraordinary physical features, or other distinctive characteristics.
4. An administrator should not use a filler if the administrator is aware that the filler is known to the witness.
5. There should be at least five fillers, in addition to the suspect.
6. Only one suspect should be in each array.
7. If there is more than one suspect, then different fillers should be used in separate arrays for each suspect.
8. Photo quality, color and size should be consistent. Administrators should ensure that the photos do not contain any stray markings or information about the subject. Color and black and white photos should not be mixed.
9. Any identifying information contained on any of the photos should be covered and those areas of the other photos used should be similarly covered.

### B. Inviting the witness to view the array

1. When a suspect is known and the investigator calls a witness to arrange for

# Saratoga County Sheriff's Office Identification Procedures

the viewing of a photo array, the investigator should simply advise the witness that he/she intends to conduct an identification procedure and should not say anything about the suspect. For example, the investigator should say to the witness: "We'd like you to come in to view a photo array in connection with the crime committed on (*date and location*)."

2. The investigator should avoid addressing whether or not a person is in custody.
3. Investigators should give no opinion on their perception of the witness's ability to make an identification.
4. Investigators should not inform the witness about any supporting evidence such as confessions, other identifications, or physical evidence that may have been obtained.
5. Witnesses should be prevented from speaking to the victim and any other witnesses about the identification procedure when they arrive to view the array.

## C. Instructions to witness

1. Consideration should be given to providing written instructions to the witness. The instructions should be communicated in various languages when appropriate. The instructions should be read to the witness and signed by the witness after being read.
2. Before the procedure begins, the administrator should tell the witness what questions will be asked during the identification procedure.
3. The investigator should tell the witness that as part of the ongoing investigation into a crime that occurred on (*date*) at (*location*) the witness is being asked to view the photo array to see if the witness recognizes anyone involved with the crime.
4. These instructions let the witness know that they should not seek assistance from the administrator in either making a selection or confirming an identification. They also address the possibility of a witness feeling any self-imposed or undue pressure to make an identification. The instructions are as follows:
  - a. The perpetrator may or may not be pictured.
  - b. Do not assume I know who the perpetrator is.
  - c. I want you to focus on the photo array and not to ask me or anyone else in the room for guidance about making an identification during the procedure.

# Saratoga County Sheriff's Office Identification Procedures

5. Instructions to the witness about the quality of the photographs.
    - a. Individuals presented in the photo array may not appear exactly as they did on the date of the incident because features such as head and facial hair are subject to change.
    - b. Photographs may not always depict the true complexion of a person; it may be lighter or darker than shown in the photo.
    - c. Pay no attention to any markings that may appear on the photos, or any other differences in the type or style of the photographs.
  6. The witness should be informed that if they make an identification at the conclusion of the procedure they will be asked to describe their level of confidence about that identification in their own words and should avoid using a numerical scale of any kind. Inform the witness that this question is not intended to suggest how certain or uncertain he/she might be about an identification. Every witness who makes an identification is asked this question.
  7. The witness should be advised that the investigation will continue regardless of whether or not they make an identification.
  8. Where the procedure is to be recorded by the use of audio or video, the witness should be informed prior to the start of the procedure, and their consent should be requested prior to the recording.
    - a. The witness should sign the form indicating their consent or lack of consent.
    - b. If the witness does not consent, the officer should not record the procedure.
- D. Administering the procedure
1. Photo arrays must always be conducted using either a "blind procedure" or "blinded procedure". A "blind" procedure is preferable, where circumstances allow and it is practicable.
  2. If the procedure is blinded, the administrator should handle and display the array so that the administrator does not know suspect's position in the array until the procedure has completed.
  3. Two methods that can be used to successfully accomplish a blinded procedure are:

# Saratoga County Sheriff's Office Identification Procedures

- a. "Two person shuffle" – the array is assembled by someone other than the administrator and then it is placed into an unmarked folder for the administrator.
    - b. "One person shuffle" – multiple arrays are created by the administrator and the suspect's position is different in each. Three sealed envelopes containing the arrays are provided to the witness who selects one to use. The envelopes should be identical and free of any markings. The witness should sign and date the two unused envelopes across the seal. These envelopes should also be preserved.
  4. Regardless of the method of administration that is to be used, the administrator should be positioned in such a way so that they are not in the witness' line of sight during the viewing of the array. Where practicable, the administrator should still be able to view the witness and hear what they say.
  5. If there are multiple witnesses viewing the array, they should be prevented from speaking to each other about the identification procedure before, during, and after the process.
  6. The witnesses must view the array separately. Multiple copies of the same array may be used for the same suspect for each new witness viewing the array.
  7. To protect the integrity of the identification procedure, the administrator must remain neutral so as not to, even inadvertently, suggest a particular photograph to the witness.
  8. Attention should be given to the location of the procedure so that the witness is not influenced by items in the room such as wanted posters or BOLO (be on the lookout) information.
  9. Generally, it is not advisable for a witness to be involved in multiple procedures involving the same suspect.
- E. Post viewing questions
1. After viewing the array ask the witness the following questions:
    - a. Do you recognize anyone?
    - b. If so, what number photograph do you recognize?
    - c. From where do you recognize the person?

# Saratoga County Sheriff's Office Identification Procedures

2. If the witness' answers are vague or unclear, the administrator will ask the witness what he or she meant by the answer.
3. Confidence Statement
  - a. Ask the witness to describe his/her certainty about any identification that is made.
  - b. Ask the witness to use his/her own words without using a numerical scale. For example, say, "Without using numbers, how sure are you?"

## F. Documentation

1. Document any changes made to any of the photographs used.
2. Document where the procedure took place, who was present, the date and time it was administered.
3. Preserve the photo array in the original form that was shown to each witness.
4. Each witness should complete a standardized form after viewing the array and the actual array used should be signed and dated by each witness.
5. Recording the Procedure
  - a. The entire identification procedure should be memorialized and documented. Where practicable and where the witness' consent has been gained the procedure should be memorialized using audio or video recording.
  - b. Where the procedure is to be recorded by the use of audio or video, the witness' consent should be obtained and documented on a form prior to recording. If the witness does not consent to the recording, the officer should not record the identification procedure and should request that the witness sign a form saying he/she refused to be recorded.
  - c. Audio or video recording may not always be possible or practicable. Some reasons that may prevent the identification procedure from being recorded include, but are not limited to:
    - (i) If it is law enforcement's belief that such recording would jeopardize the safety of any person or reveal the identity of a confidential informant;

# Saratoga County Sheriff's Office Identification Procedures

- (ii) recording equipment malfunctions;
  - (iii) recording equipment is not available because it was otherwise being used;
  - (iv) the identification procedure is conducted at a location not equipped with recording devices and the reasons for using that location are not to subvert the intent of this policy;
  - (v) inadvertent error or oversight occurs that was not the result of intentional conduct of law enforcement personnel; or
  - (vi) a lack of consent from the witness.
- 6. Any physical or verbal reaction to the array should be memorialized in a standardized manner. If this is done in writing, anything said by the witness should be verbatim.
- 7. The confidence statement should be documented verbatim.
- 8. Where an identification is made, complete a CPL 710.30 Notice. Note: Failure to provide this notice could prevent its use in court.
- G. Speaking with the witness after the procedure
  - 1. The administrator, or other appropriate person, should document the statements, comments or gestures of the witness regarding the identification procedure before talking with the witness about next steps.
  - 2. Once the identification procedure is concluded and documented, the administrator can talk to the witness about how the case will proceed or what the next steps in the case may be.
  - 3. The administrator should not comment or make gestures on the identification itself by saying things such as: "Great job" or "We knew you would recognize him" or even nodding his/her head in agreement.
  - 4. The witness should be told not to discuss what was said, seen, or done during the identification procedure with other witnesses, nor should the investigator discuss any other identification procedures with the witness.
- H. All members who will be involved in the administration of a photo array shall receive training on how to properly administer photo arrays.

## III Live Line-ups

### A. Selection of fillers

1. Fillers should be similar in appearance to the suspect in the line-up.
2. While ensuring that the array is not unduly suggestive, the original description of the suspect should be taken into account when selecting fillers to be used.
3. Similarities should include gender, clothing, facial hair, race, age, height, extraordinary physical features, or other distinctive characteristics.
4. An administrator should not use a filler if the administrator is aware that the filler is known to the witness.
5. Where practicable there should be five fillers, in addition to the suspect, but in no case, should there be less than four fillers used.
6. Only one suspect should appear per line-up.
7. If necessary, all members of the line-up should be seated to minimize any differences in height.
8. If there is more than one suspect, then different fillers should be used in separate line-ups for each suspect.
9. The suspect should be allowed to pick his position within the line-up. If a prior identification was made using a photo array that number should be avoided unless insisted upon by the suspect.
10. The fillers must be instructed not to speak with each other or make unnecessary gestures. All members of the line-up should be instructed to remain still, hold the placard, and look forward unless instructed otherwise by the security officer.

### B. Inviting the witness to view the line-up

1. When an investigator calls a witness to arrange for the witness to view a line-up, the investigator should simply ask the witness to come in for the identification procedure and should not say anything about the suspect. For example, the investigator should say to the witness: "We'd like you to come in to view a line-up in connection with the crime you witnessed on (*date and location*)."
2. Investigators should give no opinion on their perception of the witness' ability to make an identification.

# Saratoga County Sheriff's Office Identification Procedures

3. The investigator should avoid addressing whether or not a person is in custody.
4. Investigators should not inform the witness about any supporting evidence such as confessions, other IDs, or physical evidence that may have been obtained.
5. Witnesses should be prevented from speaking to the victim or any other witnesses about the identification procedure when they arrive to view the line-up.

## C. Instructions to witness

1. Consideration should be given to providing written instructions to the witness. The instructions should be communicated in various languages when appropriate. The instructions should be read to the witness and signed by the witness after being read.
2. Before the procedure begins, the administrator should tell the witness what questions will be asked during the identification procedure.
3. The investigator should tell the witness that as part of the ongoing investigation into a crime that occurred on (*date*) at (*location*) the witness is being asked to view the line-up to see if the witness recognizes anyone involved with that crime
4. These instructions let the witness know that they should not seek assistance from the administrator in either making a selection or confirming an identification. They also address the possibility of a witness feeling any self-imposed or undue pressure to make an identification. The instructions are as follows:
  - a. The perpetrator may or may not be present.
  - b. Do not assume I know who the perpetrator is.
  - c. I want you to focus on the line-up and not to ask me or anyone else in the room for guidance about making an identification during the procedure.
  - d. Individuals presented in the line-up may not appear exactly as they did on the date of the incident because features, such as head and facial hair, are subject to change.
5. Instructions to the witness about line-up members moving, speaking, or changing clothing:

# Saratoga County Sheriff's Office Identification Procedures

- a. Consideration should be given to telling the witness that the line-up members can be asked to speak, move or change clothing, if requested.
  - b. If one line-up member is asked to speak, move, or change clothing then all the line-up members will be asked to do the same.
6. The witness should be informed that if they make an identification at the conclusion of the procedure they will be asked to describe their level of confidence about that identification in their own words and should avoid using a numerical scale of any kind. Inform the witness that this question is not intended to suggest how certain or uncertain he/she might be about an identification. Every witness who makes an identification is asked this question.
7. The witness should be advised that the investigation will continue regardless of whether or not they make an identification.
8. Where the procedure is to be recorded by the use of audio or video, the witness should be informed prior to the start of the procedure, and their consent should be requested prior to the recording.
  - a. The witness should sign the form indicating their consent or lack of consent.
  - b. If the witness does not consent, the officer should not record the procedure.
- D. Administering the procedure
  1. Where practicable, taking into account resource limitations, a blind procedure should be used to conduct and administer a line-up, but is not required.
  2. After the instructions are given, the administrator – whether the procedure is to be conducted blind or not – should stand away from the witness during the line-up, in a neutral manner, while still being in a position to observe the witness. The key is for the administrator to stand outside the witness' line of sight while the witness is viewing the line-up. This will reduce any inclination by the witness to look at the administrator for guidance.
  3. Generally, it is not advisable for a witness to be involved in multiple procedures involving the same suspect.

# Saratoga County Sheriff's Office Identification Procedures

4. Witnesses must view the line-up separately.
5. If there are multiple witnesses viewing the line-up, they should be prevented from speaking to each other about the identification procedure before, during, and after the process.
6. The position of the suspect should be moved each time the line-up is shown to a different witness, assuming the suspect and/or defense counsel agree.
7. Attention should be given to the selection of a neutral location for the procedure so that the witness is not influenced by items in the room such as wanted posters or BOLO (be on the lookout) information.
8. The security officer who is monitoring the suspect and fillers in the line-up room should remain out of view of the witness. This will eliminate the potential for any claims of inadvertent suggestions by the security officer and it also removes the potential for distracting the witness as the line-up is being viewed.

## E. Post-viewing questions

1. After viewing the line-up the witness should be asked:
  - a. Do you recognize anyone?
  - b. If so, what is the number of the person that you recognize?
  - c. From where do you recognize the person?
2. If the witness' answers are vague or unclear, the administrator will ask the witness what he or she meant by the answer.
3. Confidence statement
  - a. Ask the witness to describe his/her certainty about any identification that is made.
  - b. Ask the witness to use his/her own words without using a numerical scale. For example, say, "Without using numbers, how sure are you?"

## F. Documenting the procedure

1. Recording the Procedure

# Saratoga County Sheriff's Office Identification Procedures

- a. The entire identification procedure should be memorialized and documented. Where practicable and where the witness' consent has been gained the procedure should be memorialized using audio or video recording.
  - b. Where the procedure is to be recorded by the use of audio or video, the witness' consent should be obtained and documented by the use of a form prior to recording. If the witness does not consent to the recording, the officer should not record the identification procedure and should request that the witness sign a form saying he/she refused to be recorded.
  - c. Audio or video recording may not always be possible or practicable. Some reasons that may prevent the identification procedure from being recorded include, but are not limited to:
    - (i) If it is law enforcement's belief that such recording would jeopardize the safety of any person or reveal the identity of a confidential informant;
    - (ii) recording equipment malfunctions;
    - (iii) recording equipment is not available because it was otherwise being used;
    - (iv) the identification procedure is conducted at a location not equipped with recording devices and the reasons for using that location are not to subvert the intent of this policy.
    - (v) inadvertent error or oversight occurs that was not the result of intentional conduct of law enforcement personnel; or
    - (vi) a lack of consent from the witness.
  - d. The line-up should be preserved by photograph. The witness should sign the photograph to verify that it is the line-up that he or she viewed.
2. Any physical or verbal reaction to the line-up should be memorialized in a standardized manner. If this is done in writing, anything said by the witness should be verbatim.
3. The confidence statement should be documented verbatim.
4. Document where the procedure took place, who was present, the date and time it was administered.

# Saratoga County Sheriff's Office Identification Procedures

5. Anything the line-up members are asked to do (e.g., speak, move, or change clothing) must be documented.
  6. Document all people in the viewing room with the witness and the line-up room with the suspect.
  7. Document the officer or person who escorts the witnesses to and from the line-up room.
  8. Document requests made by the defense counsel and whether they were granted, and if not, why not. Reasonable requests from defense counsel should be honored and documented. Any defense request for a change in the line-up that is not, or cannot be, honored must also be documented.
  9. Where an identification is made, complete a CPL 710.30 Notice. Note: Failure to provide notice of the identification could prevent its use in court.
- G. Defendant's right to counsel
1. There are circumstances where during a line-up a suspect may have a defense attorney present.
  2. Investigators should consult with their District Attorney's Office for guidance regarding a defendant's right to counsel.
  3. When in attendance, the defense attorney must be instructed not to speak in the viewing room when the witness is present.
- H. Speaking with the witness after the procedure
1. The administrator, or other appropriate person, should document the statements, comments or gestures of the witness regarding the identification procedure before talking with the witness about next steps.
  2. Once the identification procedure is concluded and documented, the administrator can talk to the witness about how the case will proceed or what the next steps in the case may be.
  3. The administrator should not comment or make gestures on the identification itself by saying things such as: "Great job" or "We knew you would recognize him" or even nodding their head in agreement.
  4. The witness should be told not to discuss what was said, seen, or done during the identification procedure with other witnesses, nor should the investigator discuss any other identification procedures with the witness.

## **Alert Procedures.pdf**

## New York State Missing Child, Missing College Student and Missing Vulnerable Adult Alert Procedures (Law Enforcement Only)

The following procedure should be followed by a law enforcement agency when requesting the activation of one of the following alerts: Missing Child, Missing College Student or Missing Vulnerable Adult.

1. Request an alert via the missing person record in the eJustice IJ Portal. When requesting a Missing Vulnerable Adult Alert, always use the missing person condition of "Vulnerable Adult."
2. Upload a photo of the missing person, suspect or similar vehicle to the missing person record in the eJustice IJ Portal or e-mail the photos to [missingpersons@dcjs.ny.gov](mailto:missingpersons@dcjs.ny.gov).
3. Call the MPC to confirm receipt of the request and photos at 1-800-346-3543, option 1.
4. Once the alert has been activated, immediately call the MPC to inform them of any updates in the case, including when the missing person has been located.
5. When the case is resolved, MPC staff will e-mail the Post Activation Report to the requesting officer. Complete and submit the report with all known details as soon as possible.

Please note the following:

Agencies are encouraged to contact the MPC to request an alert *as soon as possible*; there is no waiting period required. Alerts are most effective when activated as early as possible during the course of an investigation, especially when a missing person is believed to be traveling in a known vehicle.

Missing Child, Missing College Student and Missing Vulnerable Adult Alerts have a maximum activation period of 72 hours.

If the case remains unresolved after that timeframe, the alert will be converted to a standard missing person case. DCJS will continue to publicize the case on its website: [www.criminaljustice.ny.gov/missing](http://www.criminaljustice.ny.gov/missing) until the missing child or individual has been located, at which time a cancellation notice will be sent. If New York State Thruway and state Department of Transportation (DOT) highway signs are used to broadcast the alert, those signs are activated for a maximum of eight hours, but an extension can be requested if appropriate.

### The Missing Child and Missing College Student Alert Program

The [New York State AMBER Alert](#) plan is administered by the New York State Police and is activated when an investigating law enforcement agency has reasonable cause to believe that an abduction of a child under the age of 18 has occurred **and** the child is believed to be in danger of serious bodily harm or death, either due to the actions of another or due to a proven mental or physical condition. Agencies seeking to request an AMBER Alert should contact the State Police's Communication Section (COMSEC) at (518) 457-6811.

When a missing child under the age of 21 or a college student of any age is deemed to be endangered, but the case does not meet AMBER Alert activation criteria, the **Missing Child and College Student Alert Programs** are available. A missing child or college student can be at serious risk of bodily harm or death without an abduction occurring. For example, children with Down syndrome, autism or other medical conditions can be at an extreme safety risk if they go missing.

When a **Missing Child or Missing College Student Alert** is activated, information about the missing child or college student is distributed electronically to the appropriate region/regions in the state (see the alert region map, below) to every police agency, television and radio stations and newspapers, Thruway travel plazas/toll barriers, airports, bus terminals, train stations, border crossings, individuals who have subscribed to receive alerts and others within minutes.

When a vehicle is involved in the disappearance, the Thruway and state DOT are notified and post alert messages on highway signs.

Information about the missing child/college student also is posted to the DCJS website ([www.criminaljustice.ny.gov](http://www.criminaljustice.ny.gov)) and [National Center for Missing and Exploited Children](http://www.nccmec.org) (NCMEC) website.

### The Missing Vulnerable Adult Alert Program

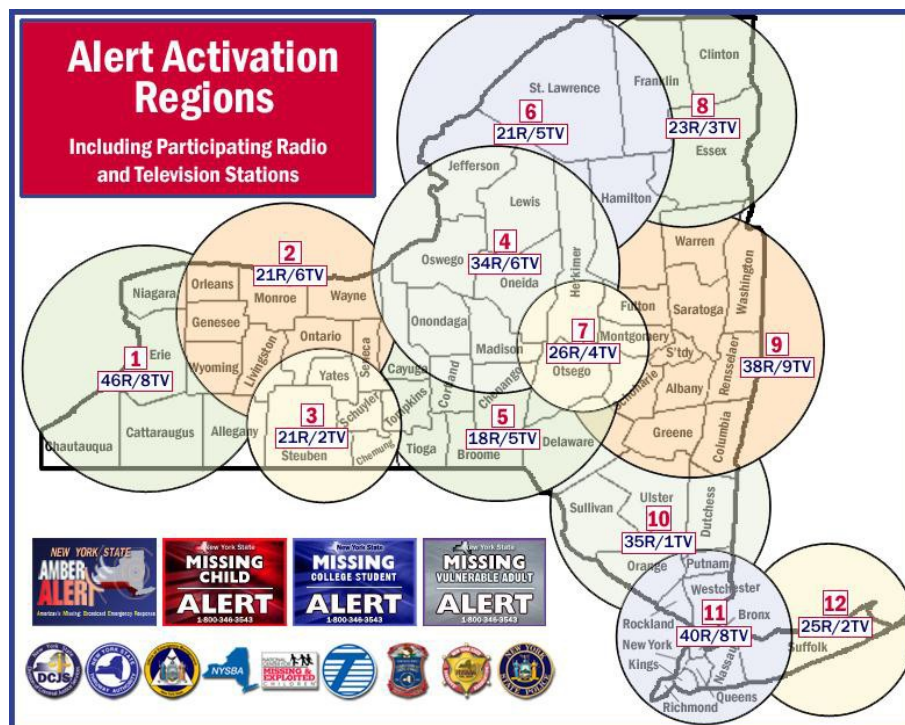

The **Missing Vulnerable Adult Alert Program** is activated when an adult who is at least 18 years old with Alzheimer's disease, dementia, autism or other cognitive disorder, a brain injury or a mental disability is reported missing and is at credible risk of harm.

The **Missing Vulnerable Adult Alert** follows the exact process as described above for **Missing Child and Missing College Student Alerts**.

## **Canons of Police Ethics-updated.pdf**

# ***CANONS OF POLICE ETHICS***

## **Primary Responsibility of Job**

The primary responsibility of the police service, and of the individual officer, is the protection of the people of the United States through the upholding of their laws; chief among these is the Constitution of the United States and its amendments. The law enforcement officer always represents the whole of the community and its legally expressed will and is never the arm of any political party or clique.

## **Limitations of Authority**

The first duty of a law enforcement officer, as upholder of the law, is to know its bounds upon him in enforcing it. Because he or she represents the legal will of the community, be it local, state or federal, they must be aware of the limitations and proscriptions which the people, through law have placed upon him. They must recognize the genius of the American system of government which gives to no man or woman, groups of, or institution, absolute power, and they must insure that as a prime defender of that system, does not pervert its character.

## **Duty to Be Familiar with the Law and with Responsibilities of Self and Other Public Officials**

The law enforcement officer shall assiduously apply themselves to the study of the principles of the laws which he is sworn to uphold. They will make certain of their responsibilities in the particulars of their enforcement, seeking aid from their superiors in matters of technicality or principle when these are not clear; they will make special effort to fully understand their relationship to other public officials, including other law enforcement agencies, particularly on matters of jurisdiction, both geographically and substantively.

## **Utilization of Proper Means to Gain Proper Ends**

The law enforcement officer shall be mindful of their responsibility to pay strict heed to the selection of means in discharging, the duties of his office. Violations of law or disregard for public safety and property on the part of an officer are intrinsically wrong; they are self-defeating in that they instill in the public mind a like disposition. The employment of illegal means, no matter how worthy the end, is certain to encourage disrespect for the law and its officers. If the law is to be honored, it must first be honored by those who enforce it.

## **Cooperation with Public Officials in the Discharge of Their Authorized Duties**

The law enforcement officer shall cooperate fully with other public officials in the discharge of authorized duties, regardless of party affiliation or personal prejudice. They shall be meticulous, however, in assuring themselves of the propriety, under the law, of such actions and shall guard against the use of his office or person, whether knowingly or unknowingly, in any improper or illegal action. In any situation open to question, they shall seek authority from their superior officer, giving them a full report of the proposed service or action.

## **Private Conduct**

The law enforcement officer shall be mindful of their special identification by the public as an upholder of the law. Laxity of conduct or manner in private life, expressing either disrespect for the law or seeking to gain special privilege, cannot but reflect upon the police officer and the police service. The community and the service require that the law enforcement officer lead the life of a decent and honorable human being. Following the career of a police officer gives no one special perquisites. It does give the satisfaction and pride of following and furthering an unbroken tradition of safeguarding the American republic. The officer who reflects upon this tradition will not degrade it. Rather, they will so conduct their private life that the public will regard them as an example of stability, fidelity, and morality.

## **Conduct toward the Public**

The law enforcement officer, mindful of his responsibility to the whole community, shall deal with individuals of the community in a manner calculated to instill respect for its laws and its police service. The law enforcement officer shall conduct their official life in a manner such as will inspire confidence and trust. Thus, they will be neither overbearing nor subservient, as no individual citizen has an obligation to stand in awe of him nor a right to command him. The officer will give service where they can and require compliance with the law. They will do neither from personal preference nor prejudice, but rather as a duly appointed officer of the law discharging their sworn obligation.

## **Conduct in Arresting and Dealing with Law Violators**

The law enforcement officer shall use their powers of arrest strictly in accordance with the law and with due regard to the rights of the citizen concerned. Their office gives him no right to prosecute the violator nor to mete out punishment for the offense. They shall, at all times, have a clear appreciation of his responsibilities and limitations regarding detention of the violator; they shall conduct themselves in such

a manner as will minimize the possibility of having to use force. To this end they shall cultivate a dedication to the service of the people and the equitable upholding of their laws whether in the handling of law violators or in dealing with the law-abiding.

### **Gifts and Favors**

The law enforcement officer, representing government, bears the heavy responsibility of maintaining, in his own conduct, the honor and integrity of all government institutions. They shall, therefore, guard against placing themselves in a position in which any person can expect special consideration or in which the public can reasonably assume that special consideration is being given. Thus, they should be firm in refusing gifts, favors, or gratuities, large or small, which can, in the public mind, be interpreted as capable of influencing his judgment in the discharge of his duties.

### **Presentation of Evidence**

The law enforcement officer shall be concerned equally in the prosecution of the wrong-doer and the defense of the innocent. They shall ascertain what constitutes evidence and shall present such evidence impartially and without malice. In so doing, they will ignore social, political, and all other distinctions among the persons involved, strengthening the tradition of the reliability and integrity of an officer's word.

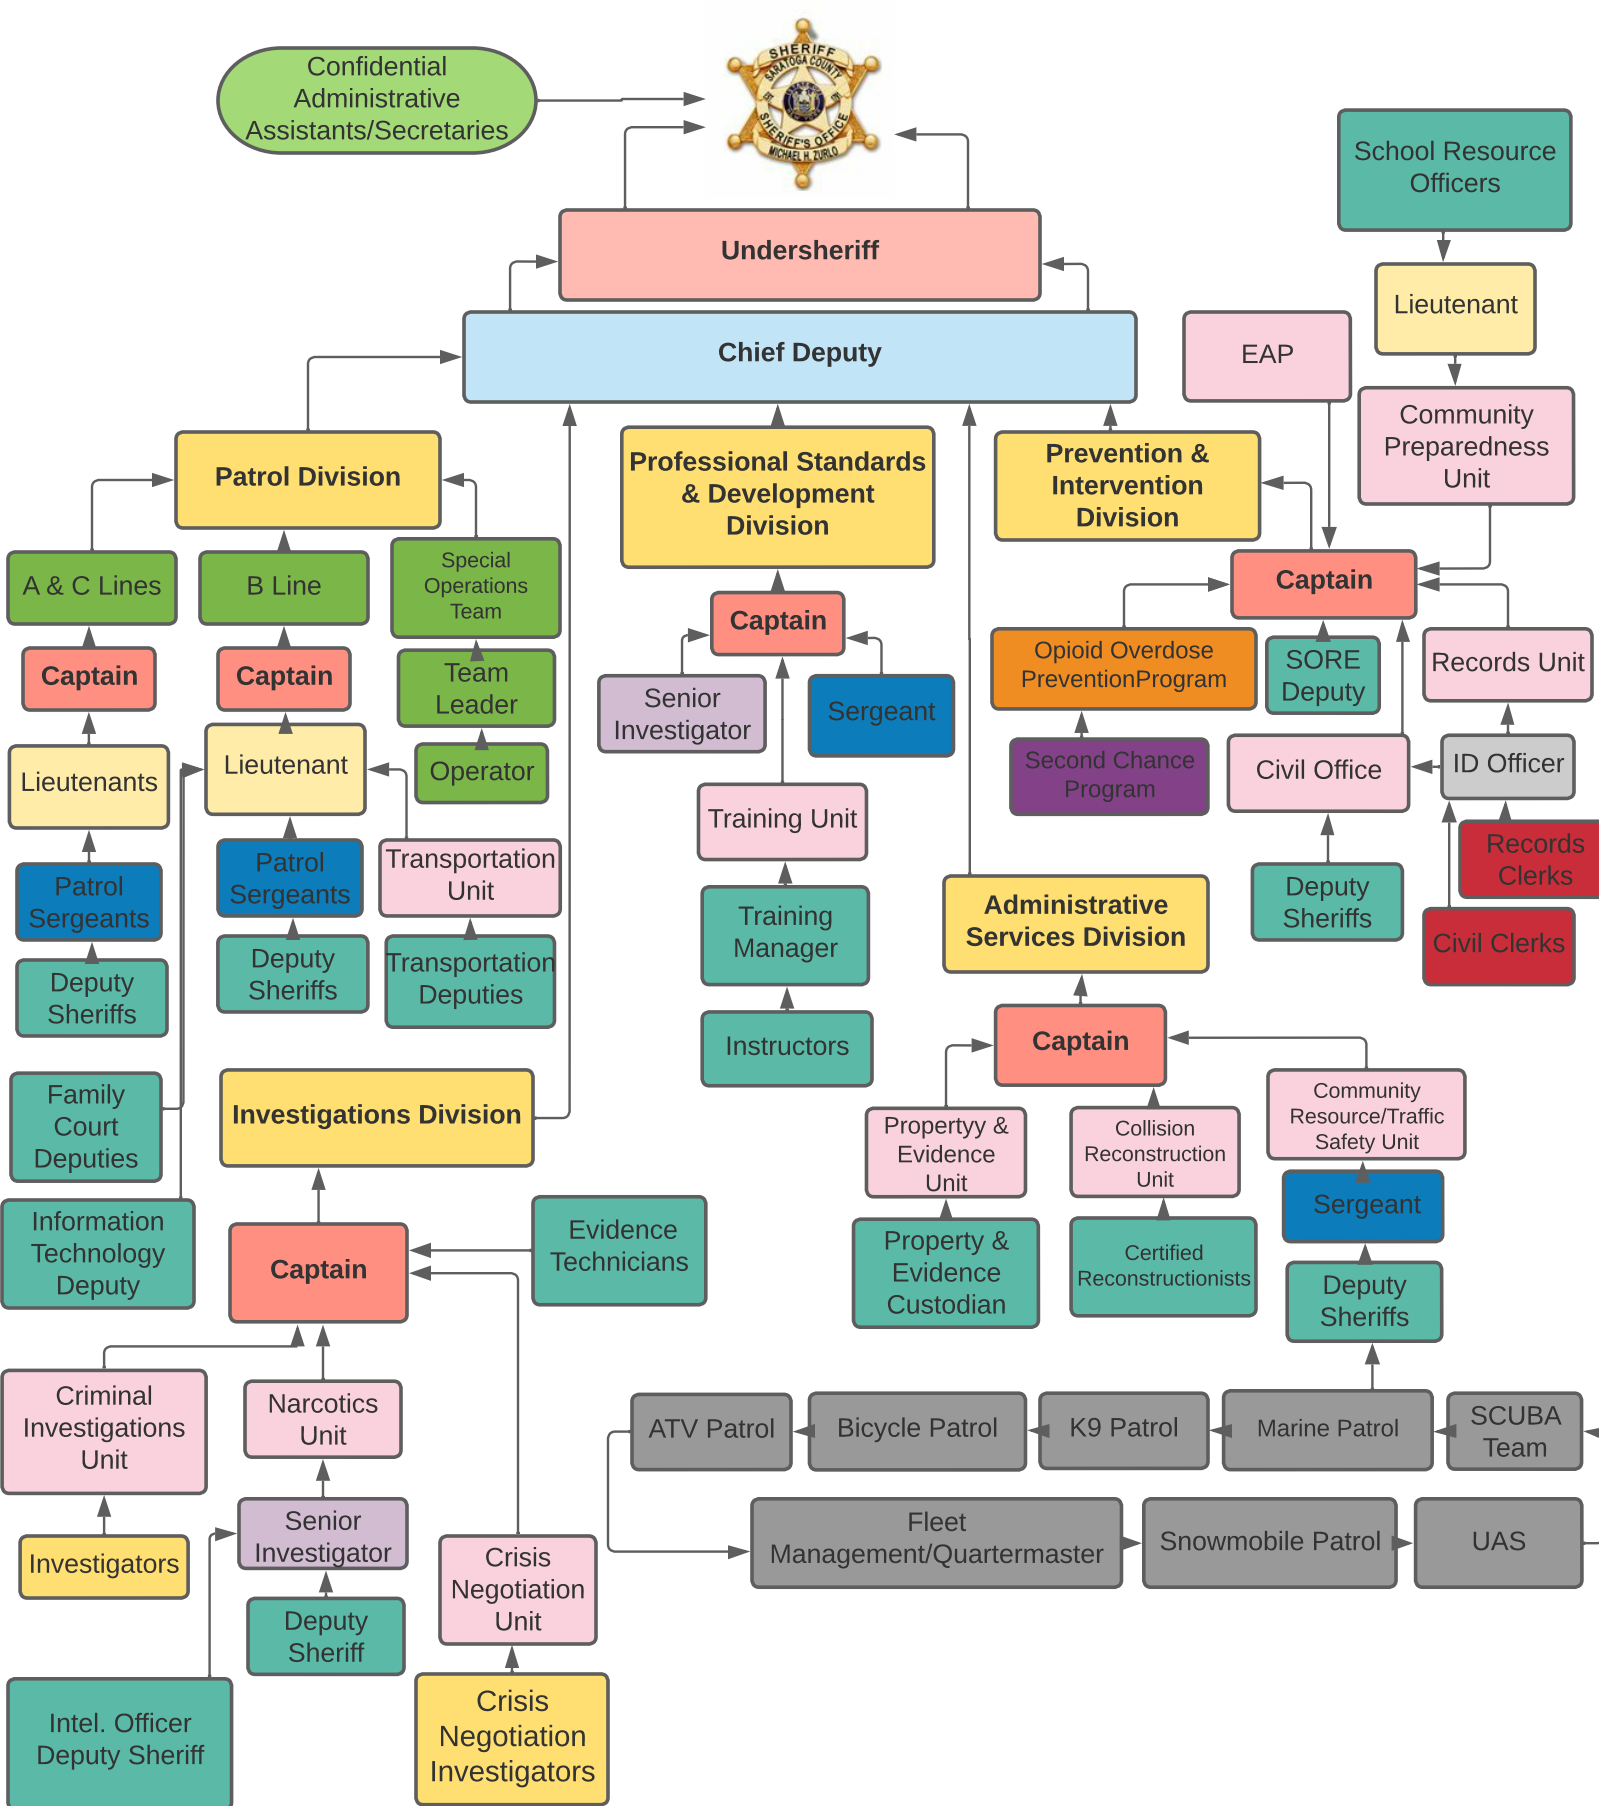

The law enforcement officer shall take special pains to increase his perception and skill of observation, mindful that in many situations his is the sole impartial testimony to the facts of a case.

### **Attitude toward Profession**

The law enforcement officer shall regard the discharge of their duties as a public trust and recognize their responsibility as a public servant. By diligent study and sincere attention to self-improvement they shall strive to make the best possible application of science to the solution of crime and, in the field of human relationships, strive for effective leadership and public influence in matters affecting public safety. They shall appreciate the importance and responsibility of their office and hold police work to be an honorable profession rendering valuable service to their community and their country.

## **SEXUAL HARASSMENT POLICY**

### **Purpose:**

Saratoga County is committed to maintaining a workplace free from sexual harassment. Sexual harassment is a form of workplace discrimination. All employees are required to work in a manner that prevents sexual harassment in the workplace. This Policy is one component of Saratoga County's commitment to a discrimination-free work environment. Sexual harassment is against the law and all employees have a legal right to a workplace free from sexual harassment and employees are urged to report sexual harassment by filing a complaint internally with Saratoga County. Employees can also file a complaint with a government agency or in court under federal, state or local antidiscrimination laws.

### **Policy:**

1. Saratoga County's policy applies to all employees, applicants for employment, interns, whether paid or unpaid, contractors and persons conducting business, regardless of immigration status, with Saratoga County. In the remainder of this document, the term "employees" refers to this collective group.
2. Sexual harassment will not be tolerated. Any employee or individual covered by this policy who engages in sexual harassment or retaliation will be subject to remedial and/or disciplinary action (e.g., counseling, suspension, termination).
3. Retaliation Prohibition: No person covered by this Policy shall be subject to adverse action because the employee reports an incident of sexual harassment, provides information, or otherwise assists in any investigation of a sexual harassment complaint. Saratoga County will not tolerate such retaliation against anyone who, in good faith, reports or provides information about suspected sexual harassment. Any employee of Saratoga County who retaliates against anyone involved in a sexual harassment investigation will be subjected to disciplinary action, up to and including termination. All employees, paid or unpaid interns or non-employees working in the workplace who believe they have been subject to such retaliation should inform the supervisor of their unit, the head of their department, the Director of Human Resources, or the County Attorney. All employees, paid or unpaid interns or non-employees who believe they have been a target of such retaliation may also seek relief in other available forums, as explained below in the section on Legal Protections.

4. Sexual harassment is offensive, is a violation of our policies, is unlawful, and may subject Saratoga County to liability for harm to targets of sexual harassment. Harassers may also be individually subject to liability. Employees of every level, who engage in sexual harassment, including managers and supervisors who engage in sexual harassment or who allow such behavior to continue, will be penalized for such misconduct.
5. Saratoga County will conduct a prompt and thorough investigation that ensures due process for all parties, whenever management receives a complaint about sexual harassment, or otherwise knows of possible sexual harassment occurring. Saratoga County will keep the investigation confidential to the extent possible. Effective corrective action will be taken whenever sexual harassment is found to have occurred. All employees, including managers and supervisors, are required to cooperate with any internal investigation of sexual harassment.
6. All employees are encouraged to report any harassment or behaviors that violate this policy. Saratoga County will provide all employees a complaint form for employees to report harassment and file complaints.
7. Managers and supervisors are required to report any complaint that they receive, or any harassment that they observe or become aware of to the Director of Human Resources and/or the County Attorney.
8. This policy applies to all employees, paid or unpaid interns, and non-employees and all must follow and uphold this policy. This policy must be provided to all employees and should be posted prominently in all work locations to the extent practicable and be provided to employees upon hiring.

### **What Is “Sexual Harassment”?**

Sexual harassment is a form of sex discrimination and is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity and the status of being transgender.

Sexual harassment includes unwelcome conduct which is either of a sexual nature, or which is directed at an individual because of that individual's sex when:

- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment, even if the reporting individual is not the intended target of the sexual harassment;
- Such conduct is made either explicitly or implicitly a term or condition of employment;  
or
- Submission to or rejection of such conduct is used as the basis for employment decisions affecting an individual's employment.

A sexually harassing hostile work environment includes, but is not limited to, words, signs, jokes, pranks, intimidation or physical violence which is of a sexual nature, or which is directed at an individual because of that individual's sex. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory statements or sexually discriminatory remarks made by someone which are offensive or objectionable to the recipient, which cause the recipient discomfort or humiliation, or which interfere with the recipient's job performance.

Sexual harassment also occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions or privileges of employment. This is also called "quid pro quo" harassment.

Any employee who feels harassed should report so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be addressed under this policy.

### **Examples of sexual harassment**

The following describes some of the types of acts that may be unlawful sexual harassment and that are strictly prohibited:

- Physical acts of a sexual nature, such as:
  - Touching, pinching, patting, kissing, hugging, grabbing, brushing against another employee's body or poking another employee's body;
  - Rape, sexual battery, molestation or attempts to commit these assaults.
- Unwanted sexual advances or propositions, such as:
  - Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion or other job benefits or detriments;
  - Subtle or obvious pressure for unwelcome sexual activities.

- Sexually oriented gestures, noises, remarks or jokes, or comments about a person's sexuality or sexual experience, which create a hostile work environment.
- Sex stereotyping occurs when conduct or personality traits are considered inappropriate simply because they may not conform to other people's ideas or perceptions about how individuals of a particular sex should act or look.
- Sexual or discriminatory displays or publications anywhere in the workplace, such as:
  - Displaying pictures, posters, calendars, graffiti, objects, promotional material, reading materials or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace.
- Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity and the status of being transgender, such as:
  - Interfering with, destroying or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;
  - Sabotaging an individual's work;
  - Bullying, yelling, name-calling.

### **Who can be a target of sexual harassment?**

Sexual harassment can occur between any individuals, regardless of their sex or gender. New York Law protects employees, paid or unpaid interns, and non-employees, including independent contractors, and those employed by companies contracting to provide services in the workplace. Harassers can be a superior, a subordinate, a coworker or anyone in the workplace including an independent contractor, contract worker, vendor, client, customer or visitor.

### **Where can sexual harassment occur?**

Unlawful sexual harassment is not limited to the physical workplace itself. It can occur while employees are traveling for business or at employer sponsored events or parties. Calls, texts, emails, and social media usage by employees can constitute unlawful workplace harassment, even if they occur away from the workplace premises, on personal devices or during non-work hours.

### **Retaliation**

Unlawful retaliation can be any action that could discourage a worker from coming forward to make or support a sexual harassment claim. Adverse action need not be job-related or occur in the workplace to constitute unlawful retaliation (e.g., threats of physical violence outside of work hours).

Such retaliation is unlawful under federal, state, and (where applicable) local law. The New York State Human Rights Law protects any individual who has engaged in “protected activity.”

Protected activity occurs when a person has:

- made a complaint of sexual harassment, either internally or with any anti-discrimination agency;
- testified or assisted in a proceeding involving sexual harassment under the Human Rights Law or other anti-discrimination law;
- opposed sexual harassment by making a verbal or informal complaint to management, or by simply informing a supervisor or manager of harassment;
- reported that another employee has been sexually harassed; or
- encouraged a fellow employee to report harassment.

Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of harassment.

### **Reporting Sexual Harassment**

Preventing sexual harassment is everyone’s responsibility. Saratoga County cannot prevent or remedy sexual harassment unless it knows about it. Any employee, paid or unpaid intern or non-employee who has been subjected to behavior that may constitute sexual harassment is encouraged to report such behavior to their supervisor, their Department Head, the Director of Human Resources and/or the County Attorney. Anyone who witnesses or becomes aware of potential instances of sexual harassment should report such behavior to their supervisor, their Department Head, the Director of Human Resources and/or the County Attorney.

Reports of sexual harassment may be made verbally or in writing. A form for submission of a written complaint is attached to this Policy, and all employees are encouraged to use this complaint form. Employees who are reporting sexual harassment on behalf of other employees should use the complaint form and note that it is on another employee’s behalf.

Employees, paid or unpaid interns or non-employees who believe they have been a target of sexual harassment may also seek assistance in other available forums, as explained below in the section on Legal Protections.

### **Supervisory Responsibilities**

All supervisors and Department Heads who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing behavior or for any reason suspect that sexual harassment is occurring, are required to report such suspected sexual harassment to the Director of Human Resources and/ the County Attorney.

In addition to being subject to discipline if they engaged in sexually harassing conduct themselves, supervisors and Department Heads will be subject to discipline for failing to report suspected sexual harassment or otherwise knowingly allowing sexual harassment to continue.

Supervisors and Department Heads will also be subject to discipline for engaging in any retaliation.

### **Complaint and Investigation of Sexual Harassment**

All complaints or information about sexual harassment will be investigated, whether that information was reported in verbal or written form. Investigations will be conducted in a timely manner, and will be confidential to the extent possible.

An investigation of any complaint, information or knowledge of suspected sexual harassment will be prompt and thorough, commenced immediately and completed as soon as possible. The investigation will be kept confidential to the extent possible. All persons involved, including complainants, witnesses and alleged harassers will be accorded due process, as outlined below, to protect their rights to a fair and impartial investigation.

Any employee may be required to cooperate as needed in an investigation of suspected sexual harassment. Saratoga County will not tolerate retaliation against employees who file complaints, support another's complaint or participate in an investigation regarding a violation of this policy.

While the process may vary from case to case, investigations should be done in accordance with the following steps:

- All complaints shall be promptly submitted to the Human Resources Department. If the complaint concerns a member of the Human Resources Department, it should be referred to the County Attorney's Office for investigation;
- Upon receipt of a complaint, the Human Resource Department, or the County Attorney's Office if the complaint concerns a member of the Human Resource Department, will conduct an immediate review of the allegations, and take any interim actions (e.g., instructing the respondent to refrain from communications with the complainant), as appropriate. If the complaint is verbal, encourage the individual to complete the "Complaint Form" in writing. If he or she refuses, the person receiving the Complaint must prepare a Complaint Form based on the verbal reporting.
- If documents, emails or phone records are relevant to the investigation, take steps to obtain and preserve them.
- Request and review all relevant documents, including all electronic communications.
- Interview all parties involved, including any relevant witnesses. Any interview of a member of the local union accused of being a harasser will be conducted in the presence of a representative of the union unless such right is waived by the person accused of harassment in writing.
- Create a written documentation of the investigation (such as a letter, memo or email), which contains the following:
  - A list of all documents reviewed, along with a detailed summary of relevant documents;
  - A list of names of those interviewed, along with a detailed summary of their statements;
  - A timeline of events;
  - A summary of prior relevant incidents, reported or unreported; and
  - The basis for the decision and final resolution of the complaint, together with any corrective action(s).
- Keep the written documentation and associated documents in a secure and confidential location.

- Promptly notify the individual who reported and the individual(s) about whom the complaint was made of the final determination and implement any corrective actions identified in the written document.
- Inform the individual who reported of the right to file a complaint or charge externally as outlined in the next section.

### **Legal Protections and External Remedies**

Sexual harassment is not only prohibited by Saratoga County but is also prohibited by state, federal, and, where applicable, local law.

Aside from the internal process at Saratoga County, employees may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, you may seek the legal advice of an attorney.

In addition to those outlined below, employees in certain industries may have additional legal protections.

#### **State Human Rights Law (HRL)**

The Human Rights Law (HRL), codified as N.Y. Executive Law, art. 15, § 290 et seq., applies to all employers in New York State with regard to sexual harassment, and protects employees, paid or unpaid interns and non-employees, regardless of immigration status. A complaint alleging violation of the Human Rights Law may be filed either with the Division of Human Rights (DHR) or in New York State Supreme Court.

Complaints with DHR may be filed any time within one year of the harassment. If an individual did not file at DHR, they can sue directly in state court under the HRL, within three years of the alleged sexual harassment. An individual may not file with DHR if they have already filed a HRL complaint in state court.

Complaining internally to Saratoga County does not extend your time to file with DHR or in court. The one year or three years is counted from date of the most recent incident of harassment.

You do not need an attorney to file a complaint with DHR, and there is no cost to file with DHR.

DHR will investigate your complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases are forwarded to a public hearing

before an administrative law judge. If sexual harassment is found after a hearing, DHR has the power to award relief, which varies but may include requiring your employer to take action to stop the harassment, or redress the damage caused, including paying of monetary damages, attorney's fees and civil fines.

DHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. You may call (718) 741-8400 or visit: [www.dhr.ny.gov](http://www.dhr.ny.gov).

Contact DHR at (888) 392-3644 or visit [dhr.ny.gov/complaint](http://dhr.ny.gov/complaint) for more information about filing a complaint. The website has a complaint form that can be downloaded, filled out, notarized and mailed to DHR. The website also contains contact information for DHR's regional offices across New York State.

### **Civil Rights Act of 1964**

The United States Equal Employment Opportunity Commission (EEOC) enforces federal anti-discrimination laws, including Title VII of the 1964 federal Civil Rights Act (codified as 42 U.S.C. § 2000e et seq.). An individual can file a complaint with the EEOC anytime within 300 days from the harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint, and determine whether there is reasonable cause to believe that discrimination has occurred, at which point the EEOC will issue a Right to Sue letter permitting the individual to file a complaint in federal court.

The EEOC does not hold hearings or award relief, but may take other action including pursuing cases in federal court on behalf of complaining parties. Federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An employee alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at [www.eeoc.gov](http://www.eeoc.gov) or via email at [info@eeoc.gov](mailto:info@eeoc.gov).

If an individual filed an administrative complaint with DHR, DHR will file the complaint with the EEOC to preserve the right to proceed in federal court.

### **Local Protections**

Many localities enforce laws protecting individuals from sexual harassment and discrimination. An individual should contact the county, city or town in which they live to find out if such a law exists. For example, employees who work in New York City may file complaints of sexual harassment with the New York City Commission on Human Rights. Contact their main office at Law Enforcement Bureau of the NYC Commission on Human Rights, 40 Rector Street, 10th Floor, New York, New York; call 311 or (212) 306-7450; or visit [www.nyc.gov/html/cchr/html/home/home.shtml](http://www.nyc.gov/html/cchr/html/home/home.shtml).

### **Contact the Local Police Department**

If the harassment involves unwanted physical touching, coerced physical confinement or coerced sex acts, the conduct may constitute a crime. Contact the local police department.

### **Applicability of County's Unlawful Workplace Harassment Policy**

The provisions of this policy shall supersede all provisions pertaining to sexual harassment set forth in Saratoga County's Unlawful Workplace Harassment Policy, as set forth in Chapter 1, Section L, of this Policies and Procedures Manual. The provisions of the County's Unlawful Workplace Harassment Policy shall continue to apply to harassment of employees on the basis of race, disability, age, religion, national origin or other non-gender or non-sexual orientation bases prohibited by law.

## COMPLAINT FORM FOR REPORTING SEXUAL HARASSMENT

### Saratoga County

New York State Labor Law requires all employers to adopt a sexual harassment prevention policy that includes a complaint form to report alleged incidents of sexual harassment.

If you believe that you have been subjected to sexual harassment, you are encouraged to complete this form and submit it to your supervisor, your department head, the Director of Human Resources or the County Attorney. You will not be retaliated against for filing a complaint.

## **UNLAWFUL WORKPLACE HARASSMENT**

### **POLICY**

Harassment of employees on the basis of gender, sexual orientation, race, disability, age, religion, national origin, or other basis prohibited by law, including specifically, sexual harassment (hereinafter "unlawful harassment"), can violate the New York Human Rights Law and/or the Civil Rights Act of 1964. The County of Saratoga's Equal Employment Opportunity, Affirmative Action and Title VI Plan includes the policies and procedures for discrimination against employees.

Harassment is a form of employment discrimination. Harassment becomes unlawful when 1) enduring the offensive conduct becomes a condition of continued employment, or 2) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

Saratoga County is committed to a policy of prohibiting unlawful harassment in each and every work place in which County employees work or conduct business. Conduct which constitutes unlawful harassment will not be tolerated in any County employee or any one else who is present in a County work place, and will be treated as an act of employee misconduct.

Employees may also report complaints of unlawful harassment to either the New York State Human Rights Division or the United States Equal Employment Opportunity Commission. Saratoga County recognizes the importance of having a working environment free from unlawful harassment, and encourages the use of its complaint resolution procedure by its employees to make the County a comfortable and enjoyable place to work for all.

### **GUIDELINES:**

1. Saratoga County will formulate and maintain an Unlawful Workplace Harassment Policy and Procedure. A copy of the policy is available upon request.

2. Each new employee will be required to review the Unlawful Workplace Harassment Policy and Procedure and will acknowledge that they have done so. The employee may access a copy through the County's Intranet site, his/her supervisor or the County of Saratoga Human Resources Department.
3. In addition, a copy of the Unlawful Harassment Policy and Procedures will be prominently displayed in the work place of each Department.
4. Each employee shall be required to attend an unlawful harassment training session at least once in every five years.
5. Supervisory personnel, including Department Heads, shall attend an unlawful harassment training session at least once in every five years.

**PROCEDURES:**

1. If an employee believes that unlawful harassment has occurred, the employee should inform the offending person that his/her conduct is unwelcome and should cease immediately. It is important for the victim to communicate that the conduct is unwelcome, particularly when the alleged harasser may have some reason to believe that the advance may be welcome. However, a victim of harassment need not confront his/her harasser directly, so long as his/her conduct demonstrates that the harasser's behavior is unwelcome.

If an employee is a victim of unlawful harassment, Saratoga County affords the employee with the rights of redress and complaint resolution channels for incidents of unlawful harassment. All complaints shall be made to one of the following persons:

- A. the employee's Supervisor or Department Head
- B. the Director of Human Resources
- C. the County Attorney

All complaints of unlawful harassment must be reported to the Human Resources Department. If an employee reports alleged harassment to his/her supervisor, the supervisor will notify his/her department head or facility supervisor who will in turn report the allegation to the Human Resources Department. The Director of Human Resources will be responsible for conducting the investigation of a filed harassment complaint.

However, in the event a member of the Board of Supervisors believes that unlawful harassment has occurred by another member of the Board of Supervisors, the complaint should be made to the County Attorney or County Administrator. Outside legal counsel will be contacted to conduct the investigation. Outside legal counsel will report the results of the investigation to the Director of Human Resources.

In the event an employee believes that unlawful harassment has occurred by the Director of Human Resources, the complaint should be made to the County Attorney or County Administrator. Outside legal counsel will be contacted to conduct the investigation. Outside legal counsel will report the results of the investigation to the County Administrator.

2. While complaints may initially be made either orally or in writing, it is preferred that complaints be reduced to writing on a complaint form provided by the County for that purpose and is available by the Department Head, Human Resources Director, the County Attorney or on the County's Intranet site.
3. The employee should be urged to sign the complaint form.
4. Within eight (8) working days from the notification of the alleged harassment, the Director of Human Resources or designee will initiate an investigation and will inform the employee of such. The employee will be informed that confidentiality will be respected as much as possible but cannot be assured in order to investigate fully and properly; that the alleged offender will be questioned about his/her side of the story; that the witnesses and other employees of the Department may be questioned; and that appropriate action against the accused will occur if he or she is found to be guilty. The County's policy against unlawful harassment should be reiterated and the employee advised to report it should the conduct continue.
5. The employee shall be assured that retaliation for the reporting of complaints of unlawful harassment will not be tolerated, and that any such retaliatory conduct shall be treated in the same manner as the report of unlawful harassment. All claims of retaliation will be promptly investigated and appropriate action will be taken.

6. In recognition of the personal nature of complaints of unlawful harassment and the emotional impact of perceived discrimination, Saratoga County will attempt to maintain the confidentiality of all complaints and investigations in a manner which is consistent with the County's investigative procedures and other laws and regulations regarding employees. For the protection of all employees who make a complaint or are accused of prohibited unlawful harassment, all witnesses interviewed during an investigation will be advised of the confidentiality requirement and instructed not to discuss the complaint, the investigation, or the person involved. To the extent a complaint made under this Policy implicates criminal conduct, Saratoga County may be required by law to contact and cooperate with the appropriate law enforcement authorities or other governmental agencies.
7. The accused employee shall be notified privately of the charges against him or her and given an opportunity to respond to those charges.
8. The Director of Human Resources or designee shall interview witnesses and other personnel who may have knowledge of the complaint or other instances of unlawful harassment.
9. The investigatory procedure shall be fully documented, including the date, time, place, and remarks about the incident. A confidential written report of the investigation including the final determination will be prepared.
10. Whether by admission by the accused employee or by the facts disclosed during the investigation, it is determined that conduct constituting unlawful harassment occurred, the offender will be advised of such determination and appropriate action shall be taken in accordance with Saratoga County's disciplinary procedures and under any applicable collective bargaining agreement or the New York State Civil Service Law. The victim will also be advised of the results of the investigation in writing and any action taken, to the extent permitted by law and the County's personnel policies and practices.

11. If the investigation is unable to determine whether the actions alleged in the complaint occurred, the accused employee will be informed that the investigation was inconclusive, but that if the complaint is later proven true, or if similar activity to that alleged in the complaint is found to occur, appropriate disciplinary action will occur. Other remedial or preventative steps may be implemented by the County. The accused employee will also be advised that it is against Saratoga County Policy for any acts of retaliation against the complaining employee to occur.
12. Saratoga County will not tolerate acts done in retaliation for reporting unlawful harassment, and retaliatory acts should be reported and will be investigated in the same way as complaints of unlawful harassment. Falsely reporting unlawful harassment is inappropriate. An employee conclusively found to have falsely reported unlawful harassment is subject to disciplinary action.

## **UNLAWFUL WORKPLACE HARASSMENT**

### **POLICY**

Harassment of employees on the basis of gender, sexual orientation, race, disability, age, religion, national origin, or other basis prohibited by law, including specifically, sexual harassment (hereinafter "unlawful harassment"), can violate the New York Human Rights Law and/or the Civil Rights Act of 1964. The County of Saratoga's Equal Employment Opportunity, Affirmative Action and Title VI Plan includes the policies and procedures for discrimination against employees.

Harassment is a form of employment discrimination. Harassment becomes unlawful when 1) enduring the offensive conduct becomes a condition of continued employment, or 2) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive.

Saratoga County is committed to a policy of prohibiting unlawful harassment in each and every work place in which County employees work or conduct business. Conduct which constitutes unlawful harassment will not be tolerated in any County employee or anyone else who is present in a County work place, and will be treated as an act of employee misconduct.

Employees may also report complaints of unlawful harassment to either the New York State Human Rights Division or the United States Equal Employment Opportunity Commission. Saratoga County recognizes the importance of having a working environment free from unlawful harassment, and encourages the use of its complaint resolution procedure by its employees to make the County a comfortable and enjoyable place to work for all.

### **GUIDELINES:**

1. Saratoga County will formulate and maintain an Unlawful Workplace Harassment Policy and Procedure. A copy of the policy is available upon request.

2. Each new employee will be required to review the Unlawful Workplace Harassment Policy and Procedure and will acknowledge that they have done so. The employee may access a copy through the County's Intranet site, his/her supervisor or the County of Saratoga Personnel Department.
3. In addition, a copy of the Unlawful Harassment Policy and Procedures will be prominently displayed in the work place of each Department.
4. Each employee shall be required to attend an unlawful harassment training session at least once in every five years.
5. Supervisory personnel, including Department Heads, shall attend an unlawful harassment training session at least once in every five years.

**PROCEDURES:**

1. If an employee believes that unlawful harassment has occurred, the employee should inform the offending person that his/her conduct is unwelcome and should cease immediately. It is important for the victim to communicate that the conduct is unwelcome, particularly when the alleged harasser may have some reason to believe that the advance may be welcome. However, a victim of harassment need not confront his/her harasser directly, so long as his/her conduct demonstrates that the harasser's behavior is unwelcome.

If an employee is a victim of unlawful harassment, Saratoga County affords the employee with the rights of redress and complaint resolution channels for incidents of unlawful harassment. All complaints shall be made to one of the following persons:

- A. the employee's Supervisor or Department Head
- B. the Director of Personnel
- C. the County Attorney

All complaints of unlawful harassment must be reported to the Personnel Department. If an employee reports alleged harassment to his/her supervisor, the supervisor will notify his/her department head or facility supervisor who will in turn report the allegation to the Personnel Department. The Director of Personnel will be responsible for conducting the investigation of a filed harassment complaint.

However, in the event a member of the Board of Supervisors believes that unlawful harassment has occurred by another member of the Board of Supervisors, the complaint should be made to the County Attorney or County Administrator. Outside legal counsel will be contacted to conduct the investigation. Outside legal counsel will report the results of the investigation to the Director of Personnel.

In the event an employee believes that unlawful harassment has occurred by the Director of Personnel, the complaint should be made to the County Attorney or County Administrator. Outside legal counsel will be contacted to conduct the investigation. Outside legal counsel will report the results of the investigation to the County Administrator.

2. While complaints may initially be made either orally or in writing, it is preferred that complaints be reduced to writing on a complaint form provided by the County for that purpose and is available by the Department Head, Personnel Director, the County Attorney or on the County's Intranet site.
3. The employee should be urged to sign the complaint form.
4. Within eight (8) working days from the notification of the alleged harassment, the Director of Personnel or designee will initiate an investigation and will inform the employee of such. The employee will be informed that confidentiality will be respected as much as possible but cannot be assured in order to investigate fully and properly; that the alleged offender will be questioned about his/her side of the story; that the witnesses and other employees of the Department may be questioned; and that appropriate action against the accused will occur if he or she is found to be guilty. The County's policy against unlawful harassment should be reiterated and the employee advised to report it should the conduct continue.
5. The employee shall be assured that retaliation for the reporting of complaints of unlawful harassment will not be tolerated, and that any such retaliatory conduct shall be treated in the same manner as the report of unlawful harassment. All claims of retaliation will be promptly investigated and appropriate action will be taken.

6. In recognition of the personal nature of complaints of unlawful harassment and the emotional impact of perceived discrimination, Saratoga County will attempt to maintain the confidentiality of all complaints and investigations in a manner which is consistent with the County's investigative procedures and other laws and regulations regarding employees. For the protection of all employees who make a complaint or are accused of prohibited unlawful harassment, all witnesses interviewed during an investigation will be advised of the confidentiality requirement and instructed not to discuss the complaint, the investigation, or the person involved. To the extent a complaint made under this Policy implicates criminal conduct, Saratoga County may be required by law to contact and cooperate with the appropriate law enforcement authorities or other governmental agencies.
- .7. The accused employee shall be notified privately of the charges against him or her and given an opportunity to respond to those charges.
8. The Director of Personnel or designee shall interview witnesses and other personnel who may have knowledge of the complaint or other instances of unlawful harassment.
9. The investigatory procedure shall be fully documented, including the date, time, place, and remarks about the incident. A confidential written report of the investigation including the final determination will be prepared.
10. Whether by admission by the accused employee or by the facts disclosed during the investigation, it is determined that conduct constituting unlawful harassment occurred, the offender will be advised of such determination and appropriate action shall be taken in accordance with Saratoga County's disciplinary procedures and under any applicable collective bargaining agreement or the New York State Civil Service Law. The victim will also be advised of the results of the investigation in writing and any action taken, to the extent permitted by law and the County's personnel policies and practices.

11. If the investigation is unable to determine whether the actions alleged in the complaint occurred, the accused employee will be informed that the investigation was inconclusive, but that if the complaint is later proven true, or if similar activity to that alleged in the complaint is found to occur, appropriate disciplinary action will occur. Other remedial or preventative steps may be implemented by the County. The accused employee will also be advised that it is against Saratoga County Policy for any acts of retaliation against the complaining employee to occur.
12. Saratoga County will not tolerate acts done in retaliation for reporting unlawful harassment, and retaliatory acts should be reported and will be investigated in the same way as complaints of unlawful harassment. Falsely reporting unlawful harassment is inappropriate. An employee conclusively found to have falsely reported unlawful harassment is subject to disciplinary action.

**INTERMUNICIPAL AGREEMENT  
SHERIFF'S OFFICE COOPERATION BETWEEN THE COUNTY OF SARATOGA  
AND THE COUNTY OF FULTON**

This agreement is made this 24th day of August, 2023 between the **COUNTY OF SARATOGA**, a municipal corporation with its principal place of business at 6012 County Farm Road, Ballston Spa, New York, **COUNTY OF FULTON**, a municipal corporation with its principal place of business at 2712 NY-29, Johnstown, NY 12095.

**RECITALS**

**WHEREAS**, Section 119-o of the General Municipal Law permits municipal corporations to enter into agreement for the performance amongst themselves or one for the other of their respective functions, powers and duties on a cooperative or contract basis or for the provision of a joint service, and

**WHEREAS**, the parties hereto have experienced within their jurisdictions a need for the joint response of both parties' police agency resources to deal with certain criminal acts or threats including but not limited to large scale protests, narcotics related crimes/investigations, unexpected circumstances warranting law enforcement response which overwhelms the daily staffing levels of a primary agency requiring a law enforcement response from surrounding agencies until the situation is mitigated or the primary agency can have their own resources respond and safely assume control, or other instances amounting to emergency circumstances that may be more effectively dealt with through the use of sharing resources for long term events such as natural disasters;

**NOW, THEREFORE**, the parties hereto do mutually agree pursuant to the terms and provisions of the Shared Services Cooperation Agreement as follows:

**ARTICLE 1:**

**Purpose of Agreement.** The purpose of this Agreement is to:

1. Formalize the relationship between the Saratoga County Sheriff's Office and the Fulton County Sheriff's Office and the use of their combined law enforcement resources.
2. Eliminate the need to follow the formal procedure set forth in General Municipal Law §209-m to request assistance from the other (party) (parties) in the form of personnel and/or equipment.

3. Provide for more efficient utilization of law enforcement resources and services; and
4. Make available to each participating entity, any resource necessary as determined by the Sheriff of Saratoga County and the Sheriff of Fulton County through mutual agreement in the event of an emergency in accordance with the provisions of this Agreement.

## ARTICLE 2:

**Personnel and Equipment.** Each party agrees that their police department may supply personnel, equipment, and other available resources to the other upon request in the event of an emergency or investigation, if their respective Sheriff, or his designee; or Chief, or his designee, deems it appropriate. The number of personnel, if any, and the amount or type of equipment to be dispatched by the responding party shall be determined by that agency's Sheriff, or his designee; or Chief, or his designee.

## ARTICLE 3:

**Retained Personnel and Equipment.** Each party agrees that the responding party may hold back sufficient personnel and equipment to provide adequate protection within the territory of the responding party. Should a need for the loaned personnel and equipment arise within the territory of the responding party, then the responding (party) (parties) may recall such personnel and equipment or any part thereof. The responding (party) (parties) shall inform the requesting party of its intent to withdraw from the situation.

## ARTICLE 4:

**Compensation.** In accordance with the provisions of General Municipal Law §119-o(3)(b) each party shall be liable for salaries and other compensation due to their own employees for the time the employees are undertaking services pursuant to this Intermunicipal Agreement.

Neither party, as a requesting party, shall be obligated to compensate the responding party for services rendered by or injuries to the responding parties' personnel, or for the use or damage to the responding parties' equipment. Specifically, and without limiting the foregoing, the requesting party shall have no obligation for payment of wages or withholding for unemployment, workers' compensation, or for the payment of any other benefits to the personnel of the responding party.

## ARTICLE 5:

**Control of Personnel and Equipment.** The Incident Commander of the requesting party shall be in command of the operation(s) under which the equipment and personnel sent by the responding party shall service; provided that the responding personnel and equipment shall be under the immediate supervision of the officer in charge of the responding party, if more than one officer responds. Command, however, may be relinquished to a ranking or senior officer of the party rendering assistance under the terms of this Agreement.

## ARTICLE 6:

Specifically, pursuant to General Municipal Law §119-n(c) and §119-o, police officers assisting another local government outside their normal territorial jurisdiction shall have all powers and authority of law enforcement officers in such other jurisdiction as provided by law, including, but not limited to, the power of arrest.

## ARTICLE 7:

**Line of Duty Death or Injury.** The effect of the death, injury, or disability of any officer who is killed, injured, or disabled outside the territorial limits of either party while in the performance of this Agreement, shall be the same as if they were killed, injured, or were to become disabled while that officer was functioning within its own territorial limits, and such injury or death shall be considered in the line of duty.

## ARTICLE 8:

**Liability and Indemnification.** Neither party shall incur any liability or responsibility for the failure to respond to any request for assistance made pursuant to this Agreement. This Agreement shall not be construed as or deemed to be an Agreement for the benefit of any third party or parties, and no third party or parties shall have any right of action whatsoever hereunder for any cause whatsoever.

Neither party shall be required to indemnify the other for any claim arising out of participating under this Agreement. Each party shall be responsible for defending its own respective entity in any action or dispute that arises in connection with or as a result of this Agreement and that each party will be responsible for bearing their own costs, damages, losses, expenses, and attorney's fees. Each party shall be obligated to notify the other of any claims or lawsuits received arising out of any shared service event.

Each party hereto hereby expressly waives all claims of whatever type or nature, except for gross negligence, against the other and its personnel, which may arise out of the performance of this Agreement.

#### **ARTICLE 9:**

**Administration.** It is the intention of the participants that no separate legal entity is created by this Agreement to carry out its provisions. To the extent this Agreement requires administration other than as set forth herein, it shall be administered by the governing bodies or an appointee of the governing bodies hereto acting as a joint board. No real or personal property shall be acquired by the participants because of this Agreement. Each party shall have equal access to the records created by the other party related to incidents responded to under this Agreement.

#### **ARTICLE 10:**

**Compliance with Laws.** Each participant agrees that each will comply with all applicable federal, state, and local laws, and rules and regulations applicable to the respective entities and employees in connection with the performance of this Agreement.

#### **ARTICLE 11:**
